Appendix 1 Definitions

INTRODUCTION

This version of KBC Group NV's Corporate Governance Charter has been drawn up in accordance with the provisions of the Companies and Associations Code, the Belgian Corporate Governance Code and the relevant Financial Supervisory Laws. This Charter qualifies as the 'internal regulation' in the meaning of Article 2:59 of the Companies and Associations Code.

In this Charter, KBC Group NV sets out the main aspects of its Corporate Governance policy.

The Board of Directors regularly checks whether the content of the Charter is in line with prevailing legislation and regulations and whether it is up to date.

More factual information relating to Corporate Governance policy, including reasons for any non-compliance with the Belgian Corporate Governance Code, the remuneration report, a description of the key features of the internal control and risk management systems and a description of the composition of the Board of Directors and how it functions, is included every year in a separate Corporate Governance statement appearing in a specific section of the Annual Report.

The latest version of the Charter (complete with appendices and indication of the last amendment date) can be consulted on the KBC group website (www.kbc.com). The latest Annual Report and Articles of Association are also available on that website.

1. KBC GROUP MISSION AND VISION

The KBC group is a bank-insurance group, which focuses on retail, small and medium-sized enterprises (SMEs) and midcap clients in its core markets of Belgium, the Czech Republic, Slovakia, Hungary and Bulgaria.

To remain –as a stand-alone group– among the best performing and trusted financial institutions in Europe, KBC Group developed its 'Differently, the next level'-strategy (2020-2023) resulting in

- a digital first bank-insurance model,
- customers' access to non-financial solutions or bank-insurance+,
- Kate, and
- the Kate Coin introduction.

In 2023-2026 we bring the created building blocks Digital first, Bank-insurance+, Kate and Kate Coin together into the updated KBC Group Strategy 'S.T.E.M., the Ecosphere'. This further implements the "Differently, the Next Level" strategy and uses the different building blocks to enable KBC Group to create extra power to meet customer expectations and to face the competition.

We still consider our Corporate Storyline as a valid way forward. With the "S.T.E.M.: the Ecosphere" strategy we come to the real purpose of the different building blocks which were part of the previous strategy exercises:

- We continue to focus on the fulfilment of the customer financial needs with high quality bank and insurance products (= core task of KBC Group).
- Driven by the basic principle, "zero hassle, zero friction" we continue to STP our bank/insurance sales, backoffice processes and also headquarters.
- Today, we fulfill the customer need in an end phase of the customer journey, i.e. when the customer needs money/assurance to realise his/her journey. We have to move up, appear earlier in the customer journey. This means that our products need to be developed with the entire customer journey in mind. Therefore, we will provide our customer with a new type of service whereby we put ourselves in the shoes of our customers for the fulfilment of the different steps in their search for solutions (broader than financial ones) for issues they are confronted with (= customer journey).
- Whereas the customer has the possibility to contact employees in the branch network (bank/insurance) of KBC for detailed and customized financial advice, the ultimate 24/7

guide in the different steps (E2E) of the customer journey will be Kate. Kate will be omnipresent and a fully customized solution driven assistant for every customer in (initially pre-defined, ultimately most) customer journeys part of various ecosystems.

- Ecosystems are considered as crucial to deliver a superior customer experience. The ecosystems have to deliver one-stop shop or full solutions that address all the stages of a customer journey. Data analytics and artificial intelligence (AI) will be used to proactively provide fully AI-enabled solutions (financial combined with non-financial) to our customers directly via mobile applications.
- The various ecosystems within KBC will be connected into a true KBC Ecosphere. The interaction between these ecosystems determines the growth of the Ecosphere. An Ecosphere has a shared agenda with respect to business development and is responsible for the connection between the various ecosystems.
- Solutions will be provided on the basis of KBC products and/or products/services of partners/suppliers, whereby Kate guides customers towards the different and subsequent steps in the journey.
- To reward customers for their loyalty and behaviour, Kate Coins are earned by/granted to customers. They allow customers to save money and earn money both inside and outside of the traditional KBC bank-insurance environment (in fulfilling their customer consumer needs). Or to say it differently, when Kate is the designated guide for our customers in the complex process of customers' need fulfilment, the Kate Coin is the glue which keeps the customers within the KBC ecosphere influence. And at the end, there is a win for the customer, for the supplier and for KBC.

2. STRUCTURE AND ORGANISATION OF KBC GROUP NV

2.1. Legal structure

Incorporated under Belgian law, KBC Group NV is a company with limited liability (*naamloze vennootschap*). The life of the company is indefinite.

The Main Subsidiaries of KBC Group NV are KBC Bank NV, KBC Insurance NV and KBC Global Services NV. In order to become a 'clean HoldCo' for resolution purposes, KBC Group NV only retained its capital and MREL issuing activities as well as the groupwide steering and control functions. The shared services and the other part of the group functions have been transferred by KBC Group NV to KBC Global Services NV (a non-regulated entity).

KBC Group NV holds all shares of KBC Bank NV and KBC Global Services NV. KBC Group NV holds all shares of KBC Insurance NV apart from 48 889 shares held by KBC Insurance NV itself.

2.2. Management structure

KBC Group NV applies a dual structure at both group level and at the level of its Main Subsidiaries. According to the Companies and Associations Code and the Financial Supervisory Laws, KBC Group NV and its Main Subsidiaries are administered by a Board of Directors (for KBC Group NV, KBC Bank NV and KBC Insurance NV) or Supervisory Board (for KBC Global Services NV) and an Executive Committee (for KBC Group NV, KBC Bank NV and KBC Insurance NV) or Management Committee (for KBC Global Services NV):

- The *Board of Directors/Supervisory Board* defines the strategy and general policy of the company. It decides on risk appetite, defining KBC's overall risk playing field and risk strategy. It supervises management and decides on the governance of the company with respect to such matters as fall within its remit.
- The *Executive Committee/Management Committee* is responsible for the operational management of the company within the confines of the strategy, general policy and risk policy approved by the Board of Directors/Supervisory Board. This operational management encompasses all management powers except those which, by law, are expressly reserved for the Board of Directors/Supervisory Board.

2.3. Internal governance of the KBC group

The KBC group has a specific group structure within which the various Group Companies – primarily credit institutions, investment companies, insurance companies, and management companies of undertakings for collective investment – are brought together operationally in one or more Business Units managed by KBC Group NV.

KBC Group NV sets the strategy for the whole group and seeks, within the operational framework of the Business Units, to create synergy among the various Group Companies, to use the full potential of the KBC group as financial conglomerate, to achieve unity and continuity of management, and to monitor and manage the risks of the KBC group as financial conglomerate efficiently and effectively. This is done in compliance with the laws and regulations governing the individual core activities of its subsidiaries.

The Business Units are managed as a whole by the Executive Committee of KBC Group NV. The Executive Committee is composed of a Group Chief Executive Officer (Group CEO), a Group Chief Financial Officer (Group CFO), a Group Chief Risk Officer (Group CRO), a Group Chief Innovation Officer (Group CIO), a Chief Executive Officer for the Belgium Business Unit, a Chief Executive Officer for the Czech Republic Business Unit and a Chief Executive Officer for the International Markets Business Unit. The Group CEO, Group CFO and Group CRO are members of the Board of Directors. The other members of the Executive Committee also attend Board of Directors' meetings.

2.4. Operational organisation

Operationally, the KBC group is made up of Business Units and general operational support units at group level. Management Committees are set up to run these units.

The KBC group's commercial operations are divided up into three Business Units, namely Belgium, the Czech Republic and International Markets. These Business Units comprise several Group Companies (primarily credit institutions, investment companies, insurance companies, and management companies of undertakings for collective investment). Certain activities of some Group Companies (such as KBC Bank NV) are managed from different Business Units. Each Business Unit is led by a CEO, who is a member of the Executive Committee of KBC Group NV.

In addition, there are four general operational support units that operate on behalf of the KBC group. These are 'Corporate Staff', which comes under the Group CEO, 'CRO Services' under the Group CRO, 'CFO-Services' under the Group CFO and 'Innovation and Digital Transformation', which comes under the Group CIO.

3. SHARES, CAPITAL AND SHAREHOLDER STRUCTURE

3.1. Shares

3.1.1. *Types of shares*

The KBC Group NV shares exist in book-entry or registered form.

3.1.2. *Book-entry shares*

Book-entry shares are held and traded in electronic form on a custody account.

3.1.3. *Registered shares*

The name, address, identification number (in case of legal persons) and number of shares of the owners of registered shares, or of the holders of a right of usufruct or of a lien in respect of such shares, are entered in the shareholder register. By way of confirmation of this entry, the holder or beneficiary of registered shares receives a registration certificate.

The shareholder register is kept electronically at the registered office of KBC Group NV by its secretariat. The shareholders or other beneficiaries are required to notify the secretariat of any changes to their details (e-mail address: aandelenregister.groep@kbc.be).

Holders of shares have a right of access to the full shareholder register on written request addressed to the Group Secretary of KBC Group NV (e-mail address: aandelenregister.groep@kbc.be). They have to present a proof of their identity. The request for access, the identity of the relevant shareholder, the date of access, the purpose of the access and the data which were viewed, will be registered and retained in compliance with the law and regulations.

3.1.4. *Conversion of shares*

At the request and expense of the shareholder, book-entry shares may be converted into registered shares, and registered shares into book-entry shares.

In practice, book-entry shares are converted into registered shares by transferring them from KBC Group NV's issuers account at Euroclear Belgium to its registered issuers account. Other financial institutions or financial intermediaries will enter book-entry shares in KBC Group NV's custody account at Euroclear Belgium. Following their entry, the shares will be registered in the name of the shareholder in KBC Group NV's shareholder register, and a registration certificate issued and sent to the shareholder.

Registered shares may be converted into book-entry shares only by deleting the entry in the shareholders register and transferring the shares to the shareholder's custody account.

3.1.5. *Voting rights*

Each share gives entitlement to one vote.

The company recognises only one owner per share for the exercise of voting rights. Persons who, for one reason or another, have a joint right in rem to a share, sub-share

or other security, shall arrange to be represented by one and the same person. This representative must either be one of the persons co-entitled or must meet the requirements of Article 28 of the Articles of Association. Until such time as this provision has been met, the company shall be entitled to suspend the exercise of the rights attaching to these shares, sub-shares or other securities. In the event of usufruct, the usufructuary shall exercise all the rights attaching to the shares, sub-shares or other securities, unless stipulated otherwise in a will or an agreement of which the company has been notified in writing.

3.2. Capital

3.2.1. *Statement of capital*

On 1 December 2024, the issued share capital of KBC Group NV amounted to 1 461 017 750.26 euros, divided into 417 305 876 shares of no nominal value. The share capital is fully paid up. 20 980 823 shares are held by KBC Group NV itself as the result of the execution of a share buyback program.

3.2.2. *Capital increase and issue of shares*

The decision to increase share capital via the issue of new shares is taken by shareholders at the General Meeting in compliance with specific quorum and majority voting requirements.

The General Meeting also decides on whether to issue subordinated or unsubordinated convertible bonds or subscription rights, whether or not linked to subordinated or unsubordinated bonds, that could lead to increases in capital.

Authorised capital

On 4 May 2023, the General Meeting authorised the Board of Directors to increase, in one or more steps, the share capital, including by issuing subordinated or unsubordinated convertible bonds or subscription rights, whether or not linked to subordinated or unsubordinated bonds, that could lead to increases in capital. This authorisation is valid until 22 May 2028, and may be renewed.

This authorisation is granted for an amount of 146 000 000 euros, where the Board is entitled – in the company's interest – to restrict or suspend the preferential subscription rights of existing shareholders, and for an amount of 554 000 000 euros, without the Board having the power to restrict or suspend the preferential subscription rights.

On 8 November 2023, the Board of Directors decided to use its authorisation to increase capital by issuing shares to employees with suspension of the preferential subscription rights. On 15 December 2023, the issued share capital was increased by 478 981.62 euros, represented by 136 462 new shares.

Taking account of the current par value of the KBC Group NV share, a maximum of 199 293 737 shares can consequently still be issued under the limit by which capital may be increased by the Board of Directors, with the existing shareholders' preferential subscription rights for 41 458 979 of these shares being suspended or restricted.

3.2.3. *Preferential subscription rights*

On each capital increase carried out by means of a contribution in cash, the new shares must be offered first to the existing shareholders in proportion to the amount of capital that their shares represent at the time of issue.

However, the General Meeting may decide, within the confines of the law and the Articles of Association, that all new shares, or a portion thereof, will not be offered first to the existing shareholders. In that case, the General Meeting will itself establish the conditions and, in particular, the price of the share issue without preferential subscription rights. In the event of the suspension or restriction of the preferential

subscription rights, a right of precedence may be granted to shareholders on allotment of the new shares.

The Board of Directors may also suspend or restrict the preferential subscription rights under its authority to increase capital and within the confines of the law and the Articles of Association.

3.2.4. Capital reduction

The General Meeting may approve a reduction in capital, provided that specific quorum and majority voting requirements and other legal requirements are met. The purpose of the reduction, and the procedure to be followed, must be published in the notice convening the General Meeting.

3.2.5 Acquisition and disposal of KBC Group NV shares

Under the conditions laid down by law, the company and its direct and indirect subsidiaries may acquire, dispose of and cancel the shares of the company.

3.3. Shareholders

3.3.1. Core Shareholders

The shareholder structure – as appears from notifications based on the Act of 1 April 2007 on public takeover bids, the Transparency Act and voluntary notifications – is included each year in the Annual Report.

These disclosures show that the Core Shareholders of KBC Group are KBC Ancora NV, its parent company Cera CV, MRBB BV and a group of legal entities and individuals, referred to as the Other Core Shareholders.

3.3.2. Shareholder Agreement

A Shareholder Agreement was concluded between these Core Shareholders with a view to ensuring the shareholder stability and continuity of KBC Group and supporting and coordinating its general policy. To this end the Core Shareholders act in concert in the shareholders meeting of KBC Group NV and are represented in the Board of Directors of KBC Group NV.

The Shareholder Agreement provides for a contractual shareholder syndicate. It sets out the rules for the syndicated shares, management of the syndicate, syndicate meetings, voting rights within the syndicate, pre-emptive rights in the event of the transfer of certain syndicated shares, withdrawal from the agreement, and duration of the agreement. Except for a limited number of decisions, the syndicate's meeting decides, in the absence of a consensus, by a majority of two thirds, it being understood that no shareholder group can block a decision. The agreement was extended for a new ten-year period, with effect from 1 December 2024.

3.3.3. Equal treatment and information

The Board of Directors ensures that all shareholders are treated equally.

KBC Group NV attaches great importance to giving its shareholders, bondholders and other stakeholders equal access to information. It accordingly seeks to ensure that information it provides periodically or potential inside information it disseminates via various channels is disclosed simultaneously.

Periodic information (including quarterly, half-yearly and yearly earnings statements) is published on the KBC Group NV website (www.kbc.com) at pre-announced times. This information is e-mailed simultaneously to press agencies, European Information

Service Providers, financial websites (such as that of Euronext), financial analysts, institutional and private investors and other individuals who have requested it and the FSMA.

Inside information, as defined in the Dealing Code, must be disclosed without delay. In this case, the same distribution method is used as for periodic information.

However, KBC Group NV may, under its own responsibility, delay the publication of inside information on the following provisos:

- (i) if immediate disclosure is likely to prejudice the legitimate interests of the KBC group;
- (ii) if the delay is not likely to mislead the market;
- (iii) if the confidentiality of the information concerned is assured by KBC Group NV; and
- (iv) the FSMA is informed once the information is publicly disclosed.

In strictly exceptional circumstances KBC Group NV may also delay the disclosure of inside information under its own responsibility in order to maintain stability in the financial system, on the following provisos:

- (i) the disclosure risks undermining the stability of the issuer or the financial system;
- (ii) it is in the public interest to delay disclosure;
- (iii) confidentiality is assured;
- (iv) the FSMA is informed upfront about the delayed disclosure.

3.3.4. *Dialogue with shareholders and investors*

In addition to the provisions in 3.3.3, KBC Group NV strives to maintain a permanent dialogue with shareholders and investors. It does so primarily via its Investor Relations Office, which regularly organises information meetings for financial analysts and investors (whose presentations in this regard are, in many cases, made available on the website). The General Meetings offer good occasions at which to conduct a direct dialogue with the shareholders present at them.

Shareholder and investor information such as the Articles of Association of KBC Group NV, the agendas, participation formalities, proxy forms and other relevant information in respect of General Meetings, information with respect to the company's strategy and development, etc., can be found on the KBC group website (www.kbc.com) or is available from the company's registered office.

An e-mail-address of the company is made available on the KBC group website for the communication of the shareholders and holders of other securities issued by KBC with the company. The company will make available additional e-mail addresses for specific purposes, i.a. for the shareholders' meetings.

4. GENERAL MEETING

4.1. General

Each year, the Board of Directors convenes an ordinary General Meeting to be held at its registered office at Havenlaan 2, 1080 Brussels, at 10 a.m. on the first Thursday in May. The General Meeting may also be held elsewhere, as indicated in the convening notice. If this day falls on a statutory public holiday or bank holiday, then the General Meeting will be brought forward to 10 a.m. on the banking day immediately preceding that day.

Furthermore, the Board of Directors and statutory auditor may convene extraordinary and special General Meetings. They are required to do so if one or more shareholders, representing at least one-tenth of the share capital, request the Board of Directors to do so by registered letter. This letter must list and substantiate the case for the proposed agenda items and draft

resolutions. In this case, the General Meeting must be convened within three weeks of the date postmarked on the registered letter.

The General Meeting represents all shareholders. Its decisions are also binding on the shareholders who abstain or vote against a decision.

Each share gives entitlement to one vote.

Holders of convertible bonds are entitled to attend the General Meeting, but they only have advisory voting capacity.

4.2. Agenda items

The following agenda items, among others, will be submitted to the General Meeting:

- A. Ordinary General Meeting
- Presentation of the combined Annual Report of the Board of Directors on the company and consolidated financial statements;
 - Presentation of the statutory auditor's reports on the company and consolidated financial statements;
 - Presentation of the consolidated financial statements;
 - Approval of the company annual accounts and the allocation of profit (including the payment of a dividend);
 - Approval of the remuneration report (and, if applicable, of the remuneration policy);
 - Granting of discharge to the members of the Board of Directors and the statutory auditor;
 - Appointment and removal of directors and of the statutory auditor;
 - Renewal of the term of office of directors and of the mandate of the statutory auditor;
 - Establishment of the remuneration for directors and the statutory auditor.
- B. Extraordinary General Meeting
- All amendments to the Articles of Association due to, among other things:
- the issue of KBC Group NV shares (unless decided under the authorisation of the Board of Directors to increase capital);
 - a capital reduction;
 - decisions which concern the existence, object and form of the company.
- C. Special General Meeting
- All items not dealt with at an annual or extraordinary General Meeting and which fall under the authority of the General Meeting.

4.3. Convening notice and agenda

As stipulated by law, the General Meeting is convened by way of a notice. This convening notice contains, among other things, details of the place, date and time of the General Meeting, the agenda containing those items proposed for inclusion and draft resolutions, a clear description of how the shareholders can attend the General Meeting and exercise their voting rights and of the formalities they have to comply with, the record date, the place where and the way in which the documents required by law and the draft resolutions can be obtained, and the full address of the KBC group website where this and other legally required information on the General Meeting can be found.

The agenda is drawn up by the Board of Directors. The various agenda items are communicated as clearly as possible.

The notice convening the General Meeting is given at least thirty days prior to the General Meeting through publication of the convening notice in the Belgian Official Gazette and in one or more Belgian newspapers with national coverage and in other media as may reasonably be

assumed that they can ensure the effective dissemination of information to the public throughout the European Economic Area and which are quickly accessible in a non-discriminatory way.

Furthermore, for General Meetings, the holders of registered shares and/or registered convertible bonds, together with the directors and the statutory auditor, will be sent a convening notice at least thirty days prior to the General Meeting, either by ordinary post or by another means of communication to which they have expressly agreed. The holders of registered shares, the directors and the statutory auditor will also be sent the documents required by law.

Holders of book-entry shares and/or book-entry convertible bonds and/or bearer convertible bonds issued exclusively outside Belgium or governed by foreign law may – on presentation of a certificate drawn up by a recognised account holder or clearing house and attesting to the fact that the number of book-entry securities have been registered in the name of the holder or the intermediary on the date required for exercising this right, or upon presentation of the bearer convertible bonds – collect other documents required by law from the registered office of KBC Group NV as soon as the notice convening the General Meeting has been published.

Specific procedures exist for convening extraordinary and special General Meetings, depending on the agenda to be discussed.

One or more shareholders, who collectively own at least 3% of the share capital of KBC Group NV, may propose that one or more items be added to the agenda, and table draft resolutions on items already proposed or that will be proposed for inclusion on the agenda. KBC Group NV must receive such a proposal by letter addressed to the Board of Directors, or as an e-mail sent to secretariat.bod@kbc.be, by no later than the twenty-second day prior to the General Meeting. On the day they submit the proposal, the shareholders must demonstrate that they own 3% of the share capital, based on either the record of their name in the shareholder register, or a certificate drawn up by the recognised account holder or clearing house attesting to the fact that the relevant number of book-entry securities have been registered in their name on the accounts there. KBC Group NV will confirm receipt of the proposal within 48 hours. By no later than the fifteenth day prior to the date of the General Meeting, KBC Group NV must publish an agenda containing the proposed items and/or draft resolutions that have been added to the agenda by virtue of the shareholders' right to make such proposals. As of the same date, KBC Group NV will also provide a duly modified proxy form on its website. KBC Group NV will only deal with these newly proposed items and draft resolutions at the General Meeting, if – at midnight (Belgian time) on the record date – at least 3% of the share capital has been registered in the name of the shareholders that have drawn up the proposal.

Lastly, the convening notice and agenda, together with the other information and forms (proxy and other) required by law, will be made available on the KBC group website (www.kbc.com) from the date on which the notice and agenda is published until five years after the General Meeting.

4.4. Registration of securities and proxies

4.4.1. Securities

The right of a shareholder or convertible bond holder to attend and vote at the General Meeting is conferred solely on the basis of the accounting record of the shares or convertible bonds in the name of the shareholder or convertible bond holder on the record date, regardless of the number of shares or convertible bonds that the shareholder or convertible bond holder possesses on the day of the General Meeting. The record date is the 14th day prior to the General Meeting, at midnight Belgian time.

Every shareholder and convertible bond holder who wishes to attend the General Meeting must give notice thereof at the latest six days before the Annual General Meeting.

The formalities are further described in the convening notice mentioned in 4.3.

4.4.2. Proxies

Holders of shares and/or convertible bonds may arrange to be represented at the General Meeting by a proxy. To do this, they must sign an original proxy form and remit it to the registered office of KBC Group NV, or submit it electronically as an attachment to an e-mail to 'secretariat.bod@kbc.be', at least six days prior to the General Meeting. If sent by e-mail, the original proxy form must reach the company before the General Meeting starts.

Proxies representing two or more shareholders and/or convertible bond holders must also likewise submit the proxies signed by those shareholders and/or convertible bond holders. In the case of sub-delegation, each link in the chain of signatures must connect perfectly with the next and, for each link in the chain, KBC Group NV must be given a signed proxy in the manner stipulated above.

Blank copies of this form can be downloaded from the KBC group website (www.kbc.com). Alternatively, the company will send a blank copy to the relevant persons concerned, at their request.

Every shareholder and convertible bond holder who wishes to be represented must meet the admission requirements set out under 4.4.1.

4.5 Meeting proceedings

4.5.1. Participants

Holders of shares and/or convertible bonds, or their proxies, will be admitted to the General Meeting on presentation of proof of their identity.

They must sign the attendance register. In case of remote participation in the General Meeting, the login to the electronic system set up by or on behalf of KBC Group NV will count as a signature on the attendance roster.

4.5.2. Chair and officers

The Chair or, in the Chair's absence, a deputy Chair or a director designated by his/her colleagues, will preside over the General Meeting in accordance with the practices that apply in Belgium to general meetings of shareholders. The Chair will be assisted by a secretary, in principle the secretary to the Board of Directors, and two tellers. Together, they constitute the officers of the General Meeting.

4.5.3. Agenda

The shareholders receive comprehensive information on the resolutions to be passed and are given adequate opportunity to ask questions about the agenda items covered or to give their opinion. Answers may be refused in case of manifest misuse of the right to ask questions or, in the interest of the company, when the disclosure of certain information is likely to harm the company or is in breach of confidentiality commitments entered into.

4.5.4. Voting

Each share gives entitlement to one vote.

Except for resolutions for which the law requires a stricter quorum and/or voting majority, resolutions will be passed by a simple majority (50% + 1) of the votes validly cast by those present or represented by proxy, regardless of the number of shares participating in the voting. Invalid and blank votes will not be included in either the numerator or denominator.

Except for resolutions for which the law requires a larger or smaller majority, for amendments to the Articles of Association a quorum of 50% of the issued share capital and a majority of at least 75% of the votes validly cast by those present or represented by proxy is required. If this quorum is not reached, another General Meeting must be convened and held, which may then, regardless of the capital represented, adopt resolutions by a majority of at least 75% of the votes validly cast by those present or represented by proxy. Invalid and blank votes will not be included in either the numerator or denominator.

4.5.5. Reporting

The secretary to the General Meeting will take the minutes of the General Meeting, which will include the results of any votes. The minutes will be signed by the officers of the General Meeting and by the shareholders who so request and kept at the registered office.

The shareholders may, on request, obtain a copy of or an extract from the minutes signed by two directors, one of whom is required to be a member of the Executive Committee.

The minutes will be posted on the KBC group website (www.kbc.com) within fifteen days of the General Meeting being held.

5. CHARTER OF THE BOARD OF DIRECTORS

5.1. Powers

The Board of Directors is a collegiate body which is empowered to determine the company's general policy and strategy and to perform all acts which, by law, are reserved specifically for it. The Board of Directors is responsible for supervising the Executive Committee.

The Board of Directors pursues sustainable value creation by the company, by putting in place effective, responsible and ethical leadership (A), setting the company's strategy (B) and monitoring the company's performance (C). It develops an inclusive approach that balances the legitimate interests and expectations of the shareholders and other stakeholders.

The main tasks of the Board of Directors are:

A. Governance of KBC Group NV

- The Board of Directors executes the responsibilities laid down in the Companies and Associations Code, such as preparing the consolidated and company financial statements and the Annual Reports, setting the agenda for the General Meeting and proposing how profit should be allocated.
- To assist it in particular areas, it sets up specialised committees, whose members are drawn from the ranks of the Board of Directors. It appoints their members and their chairmen (except the chair of the Audit Committee).
- It proposes the nomination of directors to the General Meeting and has power to co-opt new directors in cases of vacancy, once the Nomination Committee's advice has been sought and subject, where required by statute, to the prior approval of the Competent Regulator.
- It decides on the appointment or removal of the chair and members of the Executive Committee after the Nomination Committee's advice has been sought and subject, where required by statute, to the prior approval of the Competent Regulator. It puts in place effective, responsible and ethical leadership.

- It decides on the removal from office of persons in charge of compliance, risk management and internal audit.
- It approves the Corporate Governance Charter, containing the charters of the Board of Directors and its advisory committees and of the Executive Committee, taking into account the advice of the advisory committees and the Executive Committee, respectively.

B. Determining and monitoring of the strategy, the main policies and the risk appetite of the KBC group

The Board's remit includes:

- the overall strategy of the KBC group and of its various main activities: it approves and regularly reviews the medium and long-term strategy;
- monitoring the operational plans and main policies developed to give effect to the approved strategy;
- strategic investments and divestments, the conclusion and dissolution of alliances and co-operation agreements deemed of significant importance by the Executive Committee and Chair;
- ensuring that the corporate culture is supportive to the realisation of the strategy and that it promotes responsible and ethical behaviour;
- capital allocation, key performance indicators and published performance targets;
- the risk appetite, defining the overall risk playing field and risk strategy;
- corporate sustainability policy;
- remuneration policy;
- the organisational structure of the KBC group;
- the governance memorandum of the KBC group.

The Executive Committee submits its proposals on all these matters to the Board of Directors, which, where applicable, takes into account the advice of the relevant advisory committees of the Board.

C. Supervision of management

The Board of Directors supervises:

- the performance of the Executive Committee and its management culture.
- the development of the KBC group, directly and via its advisory committees. To this end, at regular intervals, it discusses
 - the development of the business, in particular of the Business Units and business lines, and of the significant subsidiaries of the KBC group. The Board of Directors is informed whenever major developments occur within the KBC group or in the industries in which it operates;
 - the projects of a strategic nature;

- the financial reports of KBC Group NV, in particular the quarterly, half-yearly and annual financial statements of KBC Group NV (company and consolidated). It monitors performance against pre-set budgets and targets;
 - the digital strategy of the KBC group;
 - the integrated risk reports, the management of all significant risks and the use of external ratings and internal models.
- the integrity of the accounting and financial reporting systems and, at least once a year, the internal control procedures.
 - the independent control functions.

The Board ensures that there are processes in place for monitoring the company's compliance with laws and other regulations, as well as for the application of internal guidelines relating thereto. In this respect, the Board approves the Code of Conduct of KBC Group, the Acceptance Policy, the Compliance Charter & Integrity Policy, the Compliance Risk Appetite and content wise Strategy as well as a set of some other compliance policies and it ensures that there are processes in place to monitor compliance with these policies.

The Board of Directors can request specific reports from the Executive Committee or the statutory auditor on all matters that it deems relevant.

Within the limits of its authority, the Board of Directors may confer special powers on agents of its choice.

With regard to the powers of the Board of Directors and without prejudice to the representation of the company as specified in 7.1.2, the company may also be represented by two directors, one of whom is required to be a member of the Executive Committee.

Interaction between Non-Executive Directors and members of the Executive Committee should take place in a transparent way. The Chair should always be informed.

Directors may, at the company's expense, seek the advice of an independent expert, having gained prior authorisation to do so from the Chair.

5.2. Composition

5.2.1. Scope

KBC Group NV is administered by a Board of Directors of at least seven and not more than 18 members appointed by the General Meeting.

The Board of Directors is composed of a number of directors proposed by the Core Shareholders, at least three independent directors and, in compliance with the Financial Supervisory Laws, three Executive Directors (CEO, CFO and CRO) who are members of the Executive Committee.

In no case may Executive Directors constitute the majority on the Board of Directors.

5.2.2. Independent directors

As KBC Group NV is a listed company, its Board of Directors must include at least three independent directors, who meet the applicable statutory criteria.

Any independent director who no longer satisfies the criteria to qualify as independent, must immediately notify the Board of Directors accordingly.

5.2.3. Nominations

Candidates for vacant or additional Non-Executive Director seats are nominated by the Board of Directors at the General Meeting, after obtaining the advice of the Nomination Committee.

5.2.4. Conditions of appointment

The Board of Directors shall have a balanced composition, ensuring that the board members have adequate banking and insurance expertise, general corporate management experience and broader societal experience. The composition of the Board of Directors will also reflect diversity in terms of nationality, age and gender.

All directors, whether Executive Directors or Non-Executive Directors, and with respect to the latter, regardless of whether or not they are independent, must have the necessary independence of mind.

When a position on the Board of Directors becomes vacant, the Chair will, together with the Nomination Committee that he/she chairs, define the specific profile to be met by candidate directors. The Nomination Committee ensures that it has all the information required to make an objective assessment of whether the candidates' competences, knowledge and experience meet the stated profile. Candidate directors must also undertake to make the necessary time available to fulfil their obligations as a director of KBC Group NV. With that aim in mind, the number of offices that the candidate directors hold in other companies, together with any other major commitments, will be checked.

Having assessed the suitability of the candidate director or directors for the vacant seat on the Board of Directors, the Nomination Committee will advise the Board of Directors in this regard on the basis of the information provided.

5.2.5. Appointments

Proposals to appoint directors (after first being approved by the Competent Regulator), or to re-appoint directors are submitted by the Board of Directors to the General Meeting for approval. Each proposal is accompanied by a recommendation (including the proposed term of office, relevant information on the candidate's professional qualifications and a list of the positions the candidate already holds) of the Board of Directors, based on the advice of the Nomination Committee.

It is a legal requirement that nominations are communicated as a separate agenda item for the General Meeting at least 30 days before it is held.

The law contains the independence criteria for independent directors. Where the Board of Directors submits to the General Meeting the nomination of an independent director whose independence could be in doubt, it shall explain the reasons why it considers that the candidate is genuinely independent. If no such doubt exists, the Board confirms having no indication of any element that would call the independence into question.

The General Meeting appoints the directors by a simple majority of votes validly cast by those present or represented by proxy.

The Chair and deputy chair of the Board of Directors are selected by the Board of Directors from among the Non-Executive Directors.

If, during the course of a financial year, a directorship becomes vacant, the remaining directors may arrange for a replacement and appoint a new director. In that case, the next General Meeting will make a definitive appointment. In the absence of such appointment, the office of the new director shall end following the General Meeting.

A director appointed to replace a director whose term of office had not yet come to an end will complete this term of office unless, at the time of the definitive appointment, the General Meeting indicates a different term of office.

5.2.6. Training

Newly appointed directors receive appropriate training that provides them with adequate information and documentation on the business activity, strategy, management, principal policy guidelines, risk-management and internal control systems, the various challenges facing the KBC group, and an update of the legal and regulatory environment.

Based on their individual needs, directors joining the Board of Directors' committees receive initial training that is focused on the specific role, responsibilities and functioning of these committees.

Directors are expected to keep their skills and knowledge of KBC Group NV up to date. At the Chair's initiative, separate training sessions may be organised to examine specific topics in more depth.

5.2.7. Term of office

Directors may be appointed for a renewable term of up to four years.

The General Meeting may at any time remove a director from office.

5.2.8. Policy regarding offices held

5.2.8.1. Offices held on nomination by KBC Group NV

Offices which are accepted on the nomination of KBC Group NV, may be assigned solely to members of the Executive Committee or to persons appointed on an *ad hoc* basis by the Executive Committee. The latter category may include Non-Executive Directors. Unless such an office is taken up by a Non-Executive Director, it may not be paid by the company or organisation where it has been taken up, except in strictly exceptional cases.

5.2.8.2. Offices held within the KBC group

- Non-Executive Directors of KBC Group NV may not hold executive directorships in other KBC group companies.
- The members of the Executive Committee of KBC Group NV may fill executive directorships in a number of clearly defined categories of other financial companies that are also members of the KBC group.

5.2.8.3. Offices held outside the KBC group

- Non-Executive Directors of KBC Group NV may hold no more than five directorships in listed companies. Taking up such a position must not give rise to any actual or potential significant conflict of interest.

The Non-Executive Directors must inform the Chair of any relevant commitments outside the KBC group, and any changes to those commitments. Non-Executive Directors require the approval of the Board of Directors before taking up directorships in other companies or undertakings with industrial, commercial or financial activities.

- The members of the Executive Committee of KBC Group NV may hold executive or non-executive directorships in listed or unlisted companies outside the KBC group, albeit under certain conditions. The Board of Directors decides in the case of directorships held in listed companies, the Executive Committee in all other cases.

5.2.9. Age limit

Save in exceptional circumstances, Non-Executive Directors will relinquish their seats at the Annual General Meeting following their 70th birthday. The reasons for allowing any exceptions will be provided at the General Meeting.

Save in exceptional circumstances, the term of office of Executive Directors will end at the Annual General Meeting following the date on which they turn the Belgian statutory retirement age.

5.2.10. Remuneration

The remuneration awarded to Non-Executive Directors consists solely of an annual fixed component and a fee for each Board of Directors' meeting attended. An additional remuneration can be awarded to the chairmen and the members of the advisory committees of the Board of Directors in accordance with the remuneration policy. The level of remuneration is set by the General Meeting on the basis of legal requirements and of the KBC group remuneration policy set by the Board of Directors, on the advice of the Remuneration Committee.

The Chairperson receives a different remuneration package. The Chairperson is paid a fixed emolument, which is set separately by the Remuneration Committee and approved by the Board of Directors.

[More information on the remuneration of Executive Directors can be found under '7.2.8. of the Charter of the Executive Committee']

5.3. Chair

The Chairperson is elected by the Board of Directors from among the Non-Executive Directors and removed from office on the recommendation of the Nomination Committee, where appropriate on the prior approval of the Competent Regulator.

The office of chair of the Board of Directors cannot be held simultaneously with that of the office of chair of the Executive Committee.

The Chair presides over the Board of Directors and is responsible for ensuring that it functions effectively and efficiently in compliance with the charter of the Board of Directors. The Chair will endeavour to develop and preserve a climate of trust among the members of the Board of Directors, with a view to contributing to open and fair dialogue, and facilitating constructive criticism and responsible decision-making.

More specifically, the Chair assumes the following tasks:

- A. The Chair ensures that KBC Group NV's management structure is appropriate and, where necessary, makes proposals in this regard to the Board of Directors. In light of this, the Chair, with the assistance of the Nomination Committee, takes the necessary initiatives regarding the appointment and removal of members of the Executive Committee.
- B. The Chair ensures a balanced composition of the Board of Directors and is assisted in this task by the Nomination Committee, which he/she chairs. To achieve this, the Chair takes the necessary initiatives and directs activities with regard to:

- (a) determining what competences and qualifications are required for the appointment of members of the Board of Directors;
 - (b) gathering information in advance on candidate directors;
 - (c) the appointment or re-appointment procedure for members of the Board of Directors and its committees;
 - (d) the self-appraisal procedure of the Board of Directors as a whole and its committees.
- C. The Chair is responsible for ensuring the effective and efficient functioning of the Board of Directors by:
- (a) drawing up the annual calendar of Board of Directors' meetings in consultation with the chair of the Executive Committee, and taking account of the fixed, annually recurring agenda items;
 - (b) supervising the correct observance of the procedures regarding the preparation, deliberation and approval of resolutions, and the implementation of the resolutions passed. More specifically, the Chair ensures that the directors receive accurate, timely and clear information prior to and, if necessary, between Board of Directors' meetings;
 - (c) presiding over deliberations by the Board of Directors, and ensuring sufficient time is allocated for them;
 - (d) ensuring that the Board of Directors appoints members and a chair for each Board of Directors' committee (except: the members of the Audit Committee appoint the chair of that committee);
 - (e) as chair of the Nomination Committee, to make provision for suitable initial training for new directors, bearing in mind the individual needs of each director;
 - (f) organising separate training sessions for the Board of Directors, based on specific requirements.
- D. The Chair holds regular discussions with the chair of the Executive Committee on subjects and projects that could be of strategic importance, such as possible mergers, investments and divestments and other important operations.
- E. The Chair ensures effective communication with the shareholders and that the directors develop and maintain an understanding of the views of the shareholders and other significant stakeholders. The Chair and the chair of the Executive Committee make arrangements in this respect.
- E. The Chair chairs the General Meeting and, if required, answers shareholders' questions on the meeting's agenda.
- F. In consultation with the chair of the Executive Committee, the Chair personally represents the KBC group and promotes its interests at important meetings, events and forums.

The deputy chair of the Board of Directors is also selected by the Board of Directors from among the Non-Executive Directors. The deputy chair's primary task is to replace the Chair in that person's absence or in case matters will be discussed where the Chair has a conflict of interest. In that case, the deputy chair temporarily assumes the aforementioned tasks. The deputy chair is also consulted by the Chair whenever the latter deems it necessary in order to execute his/her tasks effectively and efficiently.

5.4. Secretariat

The Board of Directors appoints a secretary who does not have to be a director.

The secretary assists the Board of Directors, its Nomination Committee and the Chair as well as the individual members of the Board of Directors.

Under the supervision of the Chair of the Board of Directors, the secretary is responsible for implementing the initial training and the professional development of directors, ensuring a

proper flow of information, organising the Board of Directors' meetings and compiling the minutes. The minutes summarise the deliberations, detail the resolutions passed and report any reservations that the directors have.

Together with the Chair of the Board of Directors, the secretary ensures that the Board of Directors and its committees comply with the law, the Articles of Association, and their charters and procedures. The secretary keeps up-to-date on practices and developments in the financial and legal worlds and introduces them as necessary, commensurate with the needs that arise with respect to the governance of KBC Group. The secretary prepares the update of the Charter and procedures and the Corporate Governance Statement.

Under the supervision of the Chair of the Board of Directors, the secretary is also responsible for the practical organisation of the General Meetings.

The secretary to the Executive Committee acts as deputy secretary.

5.5. Procedures

On the basis of an agenda approved by the Board of Directors at the end of the previous financial year, the Board of Directors meets at least ten times each calendar year at the invitation of its Chair, its deputy chair or two of its directors. Additional meetings may be held whenever this is in the company's interest.

Between meetings, members of the Board of Directors are kept informed of any major events that might influence the course of business in the KBC group.

Meetings can be held via all technical means of communication, such as video, phone and internet-based means, provided that the security and confidentiality guidelines are respected.

No later than one and a half week before a Board of Directors' meeting, a director may ask the Chair to add an item to the agenda.

Generally one week before the meeting, the meeting agenda together with all documents explaining the various agenda items is sent under the supervision of the Chair by post, courier, fax, e-mail or other electronic means to the members of the Board of Directors. Directors who wish to do so can request clarification from the Chair before the meeting. Urgent additional agenda items and documents may be sent electronically to the directors up to one day prior to the meeting taking place.

In cases of extreme urgency, the invitation and agenda may be communicated by phone.

A director who is unable to attend a meeting may – by means of a signed proxy sent by post or by other means of communication which contains the signed proxy in documentary form – authorise another member of the Board of Directors to represent him/her.

The Board of Directors' meeting is chaired by the Chair and, in the Chair's absence or in case matters will be discussed where the Chair has a conflict of interest, by the deputy chair or a director appointed by those directors present.

A Board of Directors' meeting is valid if at least half of the directors are present or represented by proxy. Directors who, in accordance with the law or this Charter, may not participate in deliberations and the vote, are included when determining whether the attendance quorum has been reached, but shall not be counted (either in the numerator or in the denominator) when determining the voting majority.

At the Board of Directors' meeting, explanations regarding certain agenda items may be given by the Chair or other members of the Executive Committee or the Board of Directors' committees. If they should consider it necessary, they may be assisted by a member of management or by internal or external specialists, or both.

When passing resolutions, the Board of Directors strives for consensus. Where consensus cannot be reached, resolutions are passed by a simple majority of the votes cast. In the case of a tied vote, the Chair of the Board of Director's meeting has the casting vote.

The resolutions of the Board of Directors may also be passed by unanimous written agreement of the directors, without the need to hold a meeting. The directors will then each sign a single document, or several copies of that document, whose date will be the date on which the last signature is appended.

The Board of Directors should act in such a manner that a conflict of interests, or the appearance of such a conflict, is avoided. Possible conflicts of interest (personal or intragroup) are put as a separate item on the agenda of the meeting. In the possible case of a conflict of interests, and without prejudice to statutory requirements, the Board of Directors should, under the lead of the Chair, decide which procedure it will follow to protect the interests of the company and all its shareholders. In the next Annual Report, the Board of Directors explains why it chose this procedure. However, where there is a substantial conflict of interests, the Board of Directors should carefully consider communicating as soon as possible on the procedure followed, the most important considerations and the conclusions.

The Non-Executive Directors will at least once a year hold (at least part of) a meeting in the absence of the Group CEO and the other members of the Executive Committee.

The minutes of Board of Directors' meetings are approved by the Board and shall be signed by the acting chairperson and by the other members of the Board of Directors who so request.

To be valid, copies of and extracts from the minutes must be signed by the Chair, by two directors, by the secretary to the Board of Directors, by the secretary to the Executive Committee or by the Group Secretary.

5.6. Rules of conduct

Members of the Board of Directors are expected to attend Board of Directors' meetings regularly and to stay for the duration of the meeting.

Exceptionally, a director may, with the consent of the Chair, take part in all or part of the meeting by phone, video or internet-based means.

The directors should engage actively in their duties and should be able to make their own sound, objective and independent judgements when discharging their responsibilities.

The directors should spend sufficient time studying the information so as to acquire a clear understanding of the key issues relevant to the business of the company and of the KBC group. The directors should seek clarification whenever they deem it necessary.

When the Board of Directors takes a decision, the directors should disregard their personal interests. They should not use business opportunities intended for the company for their own benefit.

Each director should place the company's interests above their own. The directors have the duty to look after the interests of all shareholders on an equivalent basis. Each director should act according to the principles of reasonableness and fairness.

Each director should, in particular, be attentive to conflicts of interests that may arise between the company, its directors, its significant shareholders and other shareholders. The directors who are proposed by significant shareholder(s) ensure that the interests and intentions of these shareholder(s) are sufficiently clear and communicated to the Board of Directors in a timely manner. In this respect it is referred to the role of the Core Shareholders as specified in Section 3.3.2 of this Charter.

Directors should not use the information obtained in their capacity as director for purposes other than for the exercise of their mandate. They must handle the confidential information received in their capacity as director with utmost care.

5.7. Evaluation

At least every three years the Board of Directors assesses, under the leadership of its Chair and assisted by the Nomination Committee, its performance and its interaction with the Executive Committee, as well its size, composition and functioning and that of its advisory committees.

Directors who are nominated for re-appointment are subject to an individual evaluation that focuses on their presence at the Board or committee meetings, their commitment and their constructive involvement in discussions and decision-making. This evaluation is performed by the Nomination Committee.

On the basis of the result of these assessments, the Board of Directors will, if necessary, take any measure deemed appropriate for the effective operation of the Board of Directors.

5.8. Transactions in financial instruments carried out by directors

Directors of KBC Group NV can, whether regularly or occasionally, have access to information deemed by law to be inside information. The Board of Directors wishes to avoid situations in which directors might misuse any inside information, or consciously or otherwise deal in such a way as could be regarded as market abuse.

Therefore any dealing by directors on their own account needs to adhere to the Dealing Code.

The Dealing Code applies to all dealing concerning listed financial instruments issued by KBC Group NV, KBC Bank NV, another group company or KBC Ancora NV that is done by directors on their own account.

The Dealing Code restates the regulatory prohibitions against insider dealing and market manipulation. It also sets out the precautions to be taken in order to avoid unlawful disclosure of inside information. Furthermore it provides for the following preventive measures:

- 'Blocking periods': during 30 calendar days immediately preceding the announcement of interim or annual results and ending a half hour after such announcement, dealings in financial instruments by directors on their own account are in principle prohibited. Dealings under discretionary asset management are exempted.
- 'Reporting duty': directors (and their Persons Closely Associated) are under a duty to report their dealings in Financial Instruments to the FSMA, which in turn makes these dealings public.
- The Dealing Code contains specific prohibitions and requirements aimed at precluding speculative behaviour.

The compliance officer performs the necessary controls of compliance with the Dealing Code. The main tool for controls are the insider lists. These lists can be requested by the FSMA for investigatory purposes.

6. ADVISORY COMMITTEES OF THE BOARD OF DIRECTORS

6.1. INTRODUCTION

The following advisory committees have been established: the Audit Committee, the Risk & Compliance Committee, the Nomination Committee and the Remuneration Committee. The Nomination Committee and the Remuneration Committee also function as such for the Main

Subsidiaries of KBC Group NV. The Audit Committee and the Risk & Compliance Committee also function as such for KBC Global Services NV.

These committees comprise exclusively non-executive members of the Board of Directors of KBC Group NV, and at least one of their members must be independent within the meaning of the applicable statutory provisions. No member may sit on more than three of the aforementioned committees.

The meetings of the advisory committees are held in accordance with the rules applying to the Board of Directors' meetings.

The Board of Directors may set up other committees, whose remit, composition and functioning it will determine.

Only the Board of Directors has the authority to pass resolutions. Unless specific decision authority has been granted, the committees have an advisory role.

All committees have the power to employ, in reasonable measure, the means necessary to ensure they function effectively and efficiently. They may, for instance, seek the advice of external specialists at the company's expense, after having presented their intended course of action to the Chair. They are accountable to the Board of Directors for the proper performance of their duties.

6.2. CHARTER OF THE AUDIT COMMITTEE

It assists the Board of Directors by ensuring that necessary remedial actions are taken.

The Audit Committee steers the internal audit function and oversees the external audit function.

6.2.2.2 Authority

The Audit Committee has no other powers and responsibilities than those delegated by the Board. Only the Board has the authority to decide and keeps full responsibility. The Audit Committee has an advisory role unless specific decision authority has been delegated by the Board or given by law.

The Audit Committee has unrestricted access to all information. It is entitled to meet with all members of management and members of staff as well as with external parties without any executive manager present. In the case that an individual Audit Committee member wants to meet separately with the people mentioned above, he/she is allowed to do so after prior consultation with the chair of the Audit Committee.

The Audit Committee can initiate special investigations in all areas for which it is responsible. The chair of the Executive Committee must be apprised of such investigations, which may be performed by either internal or external parties. KBC Group NV will provide the necessary resources for these investigations.

The Audit Committee is responsible for oversight of the financial and -where applicable- the sustainability reporting and the internal control and risk management processes of all entities within the KBC group. In order to give effect to this oversight role, and without impacting the responsibilities of the supervisory bodies and committees of the various subsidiaries within the group, the Audit Committee has authority to define governance rules for the organisation and functioning of the various audit committees within the KBC group entities. This entails – but is not limited to – drawing up rules for communication between those audit committees and the Audit Committee. In this regard, the chair of the Audit Committee is always invited to attend the meetings of local audit committees.

6.2.3. Organisation

6.2.3.1. Composition

- h. to report as required on a periodic basis to the Competent Regulator, the statutory auditor and the Board of Directors, on the financial position and state of the management structure, the organisation, the internal control system and the independent control functions.

The Executive Committee reports to the Board of Directors on the exercise of its responsibilities.

The Executive Committee has the general representation power. As such, KBC Group NV shall always be validly represented by (i) two members of the Executive Committee, or (ii) by one member of the Executive Committee acting together with either a senior general manager, or with the secretary to the Board of Directors, the secretary to the Executive Committee or the Group Secretary, or (iii) by persons especially empowered for that purpose.

The Executive Committee is entitled to seek external professional advice, at the company's expense, on matters that fall within its competence.

7.1.3. Risk management

The Executive Committee is responsible for implementing the risk appetite, including the risk strategy, outlining the structure and making the necessary resources available to effectively fulfil its risk management responsibilities.

At KBC Group NV level, there is strong and centralised risk management under the leadership of the Group CRO. In his/her capacity as Executive Director, the Group CRO regularly reports to the Board of Directors on the integrated risk profile and risk management of the KBC group and seeks approval for the overall risk appetite.

Furthermore, the Group CRO is authorised to put items that fall within the scope of his/her responsibilities on the meeting agendas of the relevant decision-making bodies within the KBC group (including the Board of Directors and the Executive Committee). In addition, the Group CRO is authorised to demand the implementation in all relevant subsidiaries of decisions taken within the Group CRO's area of responsibility at KBC Group NV level. Lastly, the Group CRO is a guest participant at every meeting of the Audit Committee and the Risk & Compliance Committee.

7.1.4. Financial policy

From its ranks, the Executive Committee has appointed a Group CFO to be responsible for the financial policy of the KBC group. The Group CFO's responsibilities are wide and, besides financial planning and forecasts, include capital management, budget

preparation and management, analysis of financial data, and internal and external financial reporting, as well as a number of KBC group functions. In the contacts the KBC group has with the supervisory authorities, the Group CFO is responsible for providing complete financial transparency. Lastly, the Group CFO is a guest participant at every meeting of the Audit Committee and the Risk & Compliance Committee.

7.2. Composition

7.2.1. Scope

In accordance with the Articles of Association, the Executive Committee comprises no more than ten members, who together form a collegiate body.

7.2.2. Competence requirements - Diversity

Candidates put forward for membership of the Executive Committee must have the necessary financial expertise, professional integrity, management talent and broad experience to take on the effective leadership of the group. In addition, they must have the competences specific to the relevant profile and the necessary independence of mind.

The composition of the Executive Committee will reflect sufficient diversity of skills, background and age. At least one member of the Executive Committee should be of a different gender than the other members, with the aim to achieve a more balanced gender composition.

Moreover, Executive Directors must also meet the conditions of appointment for the position of director of KBC Group NV [see '5.2.4 of the Charter of the Board of Directors'].

7.2.3. Appointments

The chair and other members of the Executive Committee are nominated, appointed and removed by the Board of Directors, after receiving advice from the Nomination Committee [see '6.4.1 of the Charter of the Nomination Committee'].

The appointment and removal of the chair and other members of the Executive Committee is subject, where required by statute, to the prior approval of the Competent Regulator.

7.2.4. Training

Newly appointed members of the Executive Committee will receive appropriate training, based on their individual needs.

Moreover, the provisions of the Rules for the Board of Directors [see '5.2.6 of the Charter of the Board of Directors'] apply to the new Executive Directors.

In addition, the members of the Executive Committee are expected to keep their competences and knowledge concerning the company and the markets in which it operates up to date on an ongoing and in-depth basis. This can be done e.g. by means of independent study, specific internal sessions and specialised external workshops and conferences.

7.2.5. Term of office

Members of the Executive Committee who are Executive Directors are appointed as directors by the General Meeting for a renewable term of up to four years. The other members of the Executive Committee are appointed by the Board of Directors for an indefinite period.

The term of office of a member of the Executive Committee ends:

- 1) for both Executive Directors and the other members:
 - upon the relevant age limit being attained (see point 7.2.7. below);
 - upon the member resigning;
 - upon revocation of their office at any time by the Board of Directors, after obtaining the advice of the Nomination Committee and after notifying the Competent Regulator.
- 2) for Executive Directors:
 - upon the General Meeting deciding to revoke or not to renew the director's term of office and after the Competent Regulator has been notified.

7.2.6. Policy regarding offices held

Reference is made to 5.2.8. of the Charter of the Board of Directors.

7.2.7. Age limit

Save in exceptional circumstances, the term of office of a member of the Executive Committee will expire at the Annual General Meeting following the date on which the member turns the Belgian statutory retirement age.

7.2.8. Remuneration

The members of the Executive Committee also form the executive committees of KBC Bank NV and KBC Insurance NV and the Management Board of KBC Global Services NV. In this capacity, they receive a total remuneration package that covers the performance of these offices.

The Board of Directors determines the remuneration of the members of the Executive Committee on the basis of the advice of the Remuneration Committee and after obtaining the advice of the chair of the Executive Committee. To this end, regular comparisons are made with remuneration levels prevailing in the market.

The remuneration of individual Executive Committee members is made up of the following components:

- a fixed monthly emolument;
- an annual, performance-related variable emolument.

No advance payments will be made in relation to the variable emolument. In accordance with the prevailing provisions in this regard, half of the variable emolument will be awarded in the form of equity-related instruments that are to be retained for a period of one year. If the variable remuneration amounts to $\geq 200\,000$ euros, 40% of that emolument (both cash and equity-related instruments) in respect of a particular financial year will be paid out during the following financial year and, in principle, the awarding and payment of the remainder spread equally over the next five financial years.

In specified circumstances, it may be decided not to pay out the deferred portion of the variable emolument and in exceptional circumstances it may even be decided to claw back this emolument.

Any remuneration paid exceptionally for offices held at the behest of KBC Group NV or a KBC group company in a company of the KBC group or external companies will be offset against the above-mentioned remuneration components.

Members also benefit from a retirement and survivor's pension scheme which comprises a supplementary retirement pension or – if the insured person dies and

leaves a spouse – a survivor’s pension and, as the case may be, an orphan’s pension. It also provides cover in the event of disability.

7.3. Chair

The chair of the Executive Committee is appointed by the Board of Directors, after having received the advice of the Nomination Committee, and subject to the prior approval of the Competent Regulator.

The office of chair of the Executive Committee cannot be held simultaneously with the office of Chair of the Board of Directors.

The chair heads the Executive Committee and is responsible for ensuring it functions effectively and efficiently in compliance with the charter of the Executive Committee. This entails:

- organising, chairing and leading the meetings of the Executive Committee;
- guiding and supporting the members of the Executive Committee in the performance of their individual responsibilities;
- determining the objectives of the Executive Committee and assessing its performance in conjunction with the other Executive Committee members.

Where the Board of Directors is concerned, the chair of the Executive Committee is responsible for:

- maintaining a continual dialogue with the Chair in a climate of mutual trust and openness;
- accounting to the Board of Directors for the functioning of the Executive Committee.

The chair ensures effective communication with the shareholders and that the members of the Executive Committee develop and maintain an understanding of the views of the shareholders and other significant stakeholders. The Chair and the chair of the Executive Committee make arrangements in this respect.

The chair of the Executive Committee, together with the other members of the Executive Committee, is the flag-bearer of the KBC group values.

To the outside world, the chair of the Executive Committee is the main spokesman for the KBC group.

7.4. Secretariat

The Executive Committee will appoint a secretary who does not have to be a member of that committee. The secretary will assist the Executive Committee and its chair, as well as the individual members of the Executive Committee. The secretary to the Board of Directors acts as deputy secretary.

Under the supervision of the chair of the Executive Committee, the secretary will be responsible for organising the Executive Committee meetings and compiling the minutes. The minutes summarise the deliberations, detail the resolutions passed and report any reservations that the members have.

7.5. Procedures

7.5.1. *Division of responsibilities*

The Executive Committee divides its duties up among its members, without detracting from their collective responsibility.

7.5.2. Meetings

The Executive Committee meets regularly at the invitation of its chair. Additional meetings may be held – also at the request of an Executive Committee member – whenever it is in the company's interest to do so.

Meetings can be held via all technical means of communication, such as video, phone and internet-based means, provided that the security and confidentiality guidelines are respected.

At least four days before each meeting, save in cases of extreme urgency, the meeting agenda, together with all documents explaining the various agenda items will, under the supervision of the chair of the Executive Committee, be handed over or sent by post, courier, fax, e-mail or other electronic means to the members of the Executive Committee.

In cases of extreme urgency, the invitation and agenda may, exceptionally, be communicated by phone.

Executive Committee meetings will be chaired by the chair and, in his/her absence or in case matters will be discussed where the chair has a conflict of interest, by another member appointed by the members of the Executive Committee present.

An Executive Committee meeting will be valid if at least half of the members are present or represented. Executive Committee members who, pursuant to the law and this Charter may not participate in the deliberations and the vote, are included when determining whether the attendance quorum has been reached, but shall not be counted (either in the numerator or in the denominator) when determining the voting majority.

At the meeting, explanations regarding certain agenda items may be given by members of management or by internal or external specialists.

When passing resolutions, the Executive Committee aims for consensus. If no consensus can be reached, the resolutions will be passed by a simple majority of the votes cast. In the case of a tied vote, the chair of the meeting will have the casting vote.

The resolutions of the Executive Committee may be passed by unanimous written agreement of its members, without the need to hold a meeting.

The Executive Committee should act in such a manner that a conflict of interests, or the appearance of such a conflict, is avoided. In the possible case of a conflict of interests, and without prejudice to statutory requirements, the Executive Committee should, under the lead of the chair, decide which procedure it will follow to protect the interests of the company and all its shareholders. In the next Annual Report, it is explained why the Executive Committee chose this procedure. However, where there is a substantial conflict of interests, it should be considered carefully communicating as soon as possible on the procedure followed, the most important considerations and the conclusions. The chair of the Executive Committee will consult with the Chair in this respect.

If all or all but one of the members of the Executive Committee have a direct or indirect interest of a financial nature that is incompatible with a decision or transaction that falls within the competence of the Executive Committee, the members of the Executive Committee shall inform the Board of Directors which shall pass the resolution according to the procedure prescribed by law.

7.5.3. Reporting to the Board of Directors

The chair of the Executive Committee reports to the Board of Directors on the activities and resolutions of the Executive Committee, and submits those of its proposals that require a Board of Directors' decision to the Board of Directors.

7.5.4. Delegation

The Executive Committee may, within the limits of its authority, delegate special powers to agents of its choice. In this way, the Executive Committee delegates some of its powers to committees such as the group risk committees, Asset/Liability Management Committee (ALCO), the Management Committees of the Business Units, the management committees covering two or more companies or directorates and that are important for steering a Business Unit or the KBC group. Other committees are set up at the level of one or more subsidiaries of KBC Group NV or to manage the Business Units and ensure they function properly.

7.6. Rules of Conduct

The members of the Executive Committee should engage actively in their duties and should be able to make their own sound, objective and independent judgements when discharging their responsibilities.

When the Executive Committee takes a decision, the members of the Executive Committee should disregard their personal interests. They should not use business opportunities intended for the company for their own benefit.

Each member of the Executive Committee should place the company's interests above their own. The members of the Executive Committee have the duty to look after the interests of all shareholders on an equivalent basis. Each director should act according to the principles of reasonableness and fairness.

Each member of the Executive Committee should, in particular, be attentive to conflicts of interests that may arise between the company, its directors, its members of the Executive Committee and its significant shareholders and other shareholders.

The members of the Executive Committee should not use the information obtained in their capacity as a member of the Executive Committee for purposes other than for the exercise of their mandate. They must handle the confidential information received in their capacity as member of the Executive Committee with utmost care.

7.7 Evaluation

On the initiative of its chair, the full Executive Committee will discuss the Executive Committee's objectives and assess its performance once a year.

Each year, the chair of the Executive Committee will evaluate each member of the Executive Committee. The individual evaluation of the chair of the Executive Committee must be performed by the Chair of the Board of Directors.

The Remuneration Committee meets annually with the chair of the Executive Committee to discuss the functioning and performance of the Executive Committee [see 6.5.1.2 (e) of the Charter of the Remuneration Committee].

7.8 Transactions in financial instruments carried out by members of the Executive Committee

Members of the Executive Committee can, whether regularly or occasionally, have access to information deemed by law to be inside information. The Board of Directors wishes to avoid

situations in which members of the Executive Committee might misuse any inside information, or consciously or otherwise deal in such a way that could be regarded as market abuse.

Therefore any dealing by Members of the Executive Committee on their own account needs to adhere to the Dealing Code.

Members of the Executive Committee need to adhere to the Dealing Code in exactly the same terms as directors (see section 5.8).
