

KBC Bank NV

(incorporated with limited liability in Belgium)

EUR 17,500,000,000

Residential Mortgage Covered Bonds Programme

Under this Residential Mortgage Covered Bonds Programme (the **Programme**), KBC Bank NV (the **Issuer**) may from time to time issue *Belgische pandbrieven/lettres de gage belges* (**Covered Bonds**) in accordance with Articles 79 to 84 and Annex III of the Law of 25 April 2014 on the legal status and supervision of credit institutions and stockbroking firms (the **Banking Law**) and its implementing royal decrees and regulations. Notice of the aggregate nominal amount of the Covered Bonds, interest (if any) payable in respect of the Covered Bonds, the issue price of Covered Bonds and certain other information which is applicable to the relevant Covered Bonds will be set out in the final terms document (the **Final Terms**). The minimum specified denomination of each Covered Bond is EUR 100,000.

This document is a base prospectus (the **Base Prospectus**) for purposes of Regulation (EU) 2017/1129 (the **Prospectus Regulation**). Certain information is not set out in this document but is incorporated by reference and forms part of this Base Prospectus as set out in Section “*Documents incorporated by reference*” on page 192. The Issuer may also publish additional information from time to time in a supplement to this Base Prospectus in the event of certain significant new factors, material mistakes or material inaccuracies (as set out in Section “*Supplements to this Base Prospectus*” on page 195). Prospective investors should read this document together with all information incorporated by reference herein, any supplements to this Base Prospectus published by the Issuer, and the applicable Final Terms. See Section “*Where more information can be found*” on page 196.

This Base Prospectus has been approved by the Belgian Financial Services and Markets Authority (**FSMA**), as competent authority under the Prospectus Regulation. The FSMA only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the quality of the Covered Bonds. Investors should make their own assessment as to the suitability of investing in the Covered Bonds.

Application has been made to Euronext Brussels (**Euronext Brussels**) for Covered Bonds issued under the Programme during the period of 12 months from the date of approval of the Base Prospectus to be listed on Euronext Brussels and admitted to trading on the regulated market of Euronext Brussels. Further details regarding the listing and admission to trading of each issue of Covered Bonds will be set out in the applicable Final Terms.

The Covered Bonds issued will be in registered form (**Registered Covered Bonds**) or in dematerialised form (**Dematerialised Covered Bonds**). Dematerialised Covered Bonds will be represented by a book-entry in the records of the clearing system operated by the National Bank of Belgium (the **NBB**) or any successor thereto (the **Securities Settlement System**). Access to the Securities Settlement System is available through its participants, including Euroclear Bank SA/NV and Clearstream Banking Frankfurt and certain others.

The Covered Bonds have not been and will not be registered under the United States Securities Act of 1933, as amended (the **Securities Act**), or any U.S. state securities laws and, unless so registered, may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons as defined in Regulation S under the Securities Act (**Regulation S**) except pursuant to an exemption from or in a transaction not subject to the registration requirements of the Securities Act and applicable U.S. state securities laws.

Any investment in the Covered Bonds does not have the status of a bank deposit and does not fall under any deposit protection scheme. The Covered Bonds are solely the corporate liabilities of the Issuer. The Covered Bonds and (re)payment of principal, interest or any other amount due in connection with the Covered Bonds are not guaranteed by any person, including KBC Group NV.

Investing in the Covered Bonds involves certain risks and may not be a suitable investment for all investors. By subscribing to the Covered Bonds, investors lend money to the Issuer and risk losing all or part of their investment. Prospective investors should have regard to the factors described under the section headed “*Risk factors*” on pages 17 to 31 in this Base Prospectus, setting out certain risks specific to the Issuer or the Covered Bonds, and which are of material importance to take an informed investment decision.

Certain Covered Bonds may qualify as Green Bonds. Such qualification only relates to the use of proceeds of such Covered Bonds. There are no restrictions on the “green” or “sustainability” nature of the Cover Assets allocated to Green Bonds.

The date of this Base Prospectus is 27 October 2020. This Base Prospectus is valid for a period of one year from its date of approval, *i.e.* until 27 October 2021. The obligation to publish a supplement to this Base Prospectus (as referred to above) no longer applies after the expiry of the validity period of this Base Prospectus, even if important new factors, material mistakes or material imprecisions are discovered.

Arranger and Dealer

KBC Bank

IMPORTANT NOTICES

Restrictions on distribution

The distribution of this Base Prospectus and the offering or sale of the Covered Bonds in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction.

PRIIPS / EEA retail investors and UK retail investors

The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA or in the United Kingdom (the **UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling Covered Bonds or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling Covered Bonds or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

Consumers in Belgium

The Covered Bonds are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any consumer (*consument/consommateur*) within the meaning of the Belgian Code of Economic Law (*Wetboek van economisch recht/Code de droit économique*) in Belgium.

MiFID II product governance / target market

The Final Terms in respect of any Covered Bonds will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a **distributor**) should take into consideration the target market assessment. However, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Covered Bonds is a manufacturer in respect of such Covered Bonds, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore

All Covered Bonds issued or to be issued under the Programme shall be capital markets products other than prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Investment considerations

The Covered Bonds may not be a suitable or appropriate investment for all investors. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Covered Bonds, the merits and risks of investing in the relevant Covered Bonds and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement and all information contained in the applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Covered Bonds and the impact such investment will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Covered Bonds, including where the currency for principal and/or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the relevant Covered Bonds and be familiar with the behaviour of any relevant indices, interest rates and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation, by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Covered Bonds are legal investments for it, (b) Covered Bonds can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Covered Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Covered Bonds under any applicable risk-based capital or similar rules.

The above is without prejudice to the legal and regulatory obligations of the issuer and the financial intermediaries. These obligations may require the Issuer and relevant financial intermediaries to assess whether an investment is suitable or appropriate for an investor.

No guarantee

The Covered Bonds will be solely obligations of the Issuer and will not be obligations of or guaranteed by the Representative, the Cover Pool Monitor, the Cover Pool Administrator, the Liquidity Facility Provider, the Supervisor, the Agents, the Hedging Counterparties, the Arranger, the Dealers or the Listing Agent (as defined below). No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Covered Bonds shall be accepted by any of the Arranger, the Dealers, the Hedging Counterparties, the Representative, the Cover Pool Monitor, the Agents, the Cover Pool Administrator, the Liquidity Facility Provider, the Supervisor, any company in the same group of companies as such entities or any other party to the programme documents relating to the Programme.

The Covered Bonds will not represent an obligation or be the responsibility of any of the Arranger, the Dealers, the Representative or any other party to the Programme, their officers, members, directors, employees, security holders or incorporators, other than the Issuer. The Issuer will be liable solely in its corporate capacity for its obligations in respect of the Covered Bonds and such obligations will not be the obligations of its respective officers, members, directors, employees, security holders or incorporators.

Exempt Covered Bonds

The Issuer may issue Covered Bonds under the Programme that are not admitted to trading on a regulated market in the European Economic Area or in the UK, for which there is no requirement to publish a prospectus in accordance with the Prospectus Regulation (**Exempt Covered Bonds**). Such Exempt Covered Bonds may be issued in a form and subject to conditions not contemplated by the terms and conditions or the final terms set out herein or under a different prospectus or without prospectus. The Exempt Covered Bonds that may be issued under the Programme will be subject to the Programme Common Terms. The FSMA has not reviewed nor approved any Exempt Covered Bonds or any documents relating thereto.

Forward-looking statements

This Base Prospectus contains or incorporates by reference certain statements that constitute forward-looking statements. Such forward-looking statements may include, without limitation, statements relating to the Issuer's business strategies, trends in its business, competition and competitive advantage, regulatory changes, and restructuring plans.

Words such as believes, expects, projects, anticipates, seeks, estimates, intends, plans or similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. The Issuer does not intend to update these forward-looking statements except as may be required by applicable securities laws (see "*Supplements to this Base Prospectus*" on page 195).

By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks exist that predictions, forecasts, projections and other outcomes described or implied in forward-looking statements will not be achieved. A number of important factors could cause actual results, performance or achievements to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward-looking statements. See Section "*Risk factors*" on page 17 and following for a non-exhaustive overview of such factors.

Rounding

This Base Prospectus contains various amounts and percentages which have been rounded and, as a result, when those amounts and percentages are added up, they may not total.

Currencies

In this Base Prospectus, references to "euro", "EUR" and "€" are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union.

References to the Issuer, KBC Bank Group, KBC Group NV and KBC Group

In this Base Prospectus, the term **Issuer** refers to KBC Bank NV. The Issuer together with its subsidiaries are referred to in this Base Prospectus as **KBC Bank Group**. The Issuer is a wholly-owned subsidiary of **KBC Group NV**. KBC Group NV together with its subsidiaries (including the Issuer) are referred to as **KBC Group**. See Section "*Information relating to the Issuer*" on page 41 for more information regarding the Issuer's corporate and group structure, and the relationship between the Issuer and KBC Group NV and between KBC Bank Group and KBC Group.

GENERAL DESCRIPTION OF THE PROGRAMME

This section is the general description of the Programme referred to in Article 25(1)(b) of Commission Delegated Regulation (EU) No 2019/980 supplementing the Prospectus Regulation. This section is qualified in its entirety by the rest of this Base Prospectus, including the Terms and Conditions of the Covered Bonds as set out on page 102 and following.

The Issuer and any relevant Dealer may agree that Covered Bonds shall be issued in a form other than that contemplated in the Terms and Conditions. If such Covered Bonds are intended to be admitted to trading on a regulated market within the European Economic Area (EEA) or offered to the public in an EEA Member State in circumstances which require the publication of a prospectus under the Prospectus Regulation, if appropriate, a supplement to the Base Prospectus will be published.

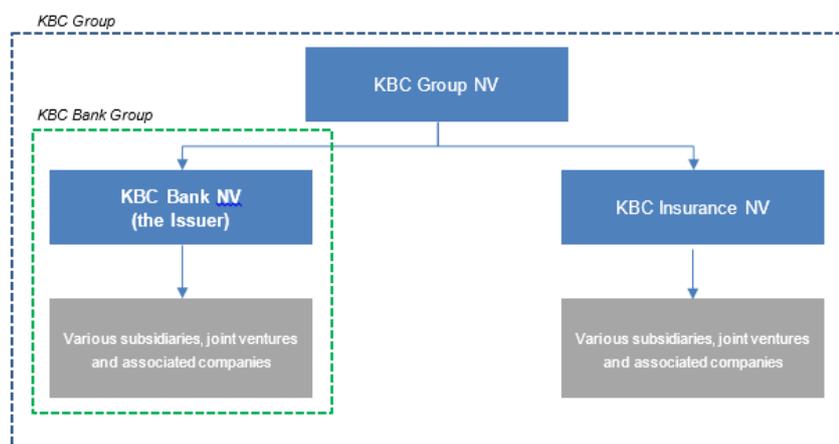

The Issuer may also from time to time issue Covered Bonds under the Programme which are subject to terms and conditions and/or final terms not contemplated by this Base Prospectus or under a different prospectus or without prospectus. The relevant (form of) terms and conditions will, in such circumstances, be set out in a schedule to the Programme Common Terms Agreement.

Information relating to the Issuer

Issuer: KBC Bank NV

Description of the Issuer: The Issuer is a registered as a credit institution with the National Bank of Belgium. It is a wholly-owned subsidiary of KBC Group NV and is part of the KBC Group. The Issuer's strategy is fully embedded in the strategy of KBC Group NV, which includes offering a unique bank-insurance experience combining the Issuer's banking activities and the Issuer's sister company KBC Insurance NV's insurance activities.

A simplified schematic of KBC Group's legal structure is provided below:

Principal activities of the Issuer: KBC Bank Group is a multi-channel banking group that caters primarily to private persons, small and medium-sized enterprises (SMEs) and midcaps. Its geographic focus is on Europe. In its "home" (or "core") markets Belgium, Czech Republic, Slovak Republic, Hungary, Bulgaria and Ireland, KBC Bank Group has important and (in some cases) even leading positions (based on internal data). KBC Bank Group is also present in other countries where the primary focus is on supporting the corporate clients of the home markets.

KBC Bank Group's core business is retail and private bank-insurance (including asset management), although it is also active in providing services to corporations and market activities. Across most of its home markets, KBC Bank Group is active in a large number of products and activities, ranging from the plain vanilla deposit, credit, asset management and insurance businesses (via the Issuer's sister company, KBC Insurance NV) to specialised activities such as, but not exclusively, payment services, dealing room activities (money and debt market activities), brokerage and corporate finance, foreign trade finance, international cash management, leasing, etc.

(See section "Information relating to the Issuer" on page 41 and following for more detailed information.)

Other principal parties

Arranger	KBC Bank NV (the Arranger).
Dealer	KBC Bank NV (the Dealer).
Cover Pool Monitor	<p>A reputable firm of independent auditors and accountants, not being the auditors of the Issuer for the time being, appointed by the Issuer in accordance with Article 16, §1 of Annex III to the Banking Law (as approved by the NBB, in its capacity as Supervisor, in accordance with the Belgian Covered Bonds Legislation) as an independent cover pool monitor (<i>portefeuillesurveillant/surveillant de portefeuille</i>), (a) to issue periodic reports to the NBB, in its capacity as Supervisor, on compliance by the Issuer with the legal and regulatory framework, and (b) to perform the Statutory Tests both as provided for in Belgian Covered Bonds Legislation and in accordance with the requirements of the NBB, in its capacity as Supervisor.</p> <p>KPMG Bedrijfsrevisoren] was appointed as initial Cover Pool Monitor, represented by Frans Simonetti, Accredited Auditor (the Cover Pool Monitor).</p> <p>For further information see "<i>Summary of the Belgian Covered Bonds Legislation</i>" below.</p>
Cover Pool Administrator	<p>In accordance with Article 8, §1 of Annex III to the Banking Law, the Supervisor may appoint a cover pool administrator (<i>portefeuillebeheerder/gestionnaire de portefeuille</i>) in certain circumstances including, (a) upon the adoption of a reorganisation measure under Article 236 of the Banking Law against the Issuer if such measure, in the opinion of the Supervisor, may negatively affect the Covered Bondholders, (b) upon the initiation of bankruptcy proceedings against the Issuer, (c) upon the removal of the Issuer from the list of Belgian covered bonds issuers; or (d) in circumstances where the situation of the Issuer is such that it may seriously affect the interests of the Covered Bondholders (the Cover Pool Administrator).</p> <p>For further information see "<i>Summary of the Belgian Covered Bonds Legislation</i>" below.</p>
Representative	Stichting KBC Residential Mortgage Covered Bonds Representative a foundation (<i>stichting</i>) incorporated under Dutch law on 16 November

2012 has been appointed as representative (*vertegenwoordiger/représentant*) of the Covered Bondholders in accordance with Article 14 §2 of Annex III to the Banking Law and Article 7:63 of the Belgian Code of Companies and Associations (the **Representative**). It has its registered office at Prins Bernhardplein 200, 1097 JB Amsterdam, the Netherlands and is registered in the trade register (*handelsregister*) of the chamber of commerce (*kamer van koophandel*) in the Netherlands under number 56487592. Its managing director is Amsterdamsch Trustee's Kantoor B.V.

For further information see “*Summary of the Belgian Covered Bonds Legislation*” below.

Hedging Counterparties	The Issuer may, from time to time during the Programme, enter into Hedging Agreements (the Hedging Agreements) with various swap providers to hedge certain risks (including, but not limited to, interest rate, liquidity and credit) related to the Cover Assets and/or the Covered Bonds (each a Hedging Counterparty).
Liquidity Facility Provider	The Issuer may, from time to time during the Programme, enter into Liquidity Facility Agreements (the Liquidity Facility Agreements) with one or more liquidity facility providers (each a Liquidity Facility Provider) in order to improve the liquidity of the Special Estate.
Paying Agent	KBC Bank NV (the Paying Agent).
Listing Agent	KBC Bank NV (the Listing Agent).
Statutory Auditor(s)	PricewaterhouseCoopers Bedrijfsrevisoren BV, represented by R. Jeanquart and G. Joos, with offices at Woluwedal 18, B-1932 Sint-Stevens-Woluwe, Belgium (PwC). PwC is a member of the <i>Instituut van de Bedrijfsrevisoren/Institut des Réviseurs d'Entreprises</i> .
Supervisor	The supervisor as defined in Article 3, 4° Banking Law in accordance with Council Regulation (EU) 1024/2013 of 15 October 2013 conferring specific tasks on the European Central Bank concerning policies relating to the prudential supervision of credit institutions (the SSM Regulation).
Registrar (for Registered Covered Bonds)	KBC Bank NV, unless otherwise specified in the applicable Final Terms (the Registrar).
Rating Agencies	<p>Moody's Investor Services Limited (Moody's) and Fitch Ratings Ltd. and Fitch France S.A.S. (Fitch) have, for the time being, been appointed to provide ratings for those Series of Covered Bonds which are to be rated. The Issuer may appoint or terminate the appointment of any internationally recognised rating agencies to rate the Covered Bonds issued under the Programme (the Rating Agencies).</p> <p>Moody's and Fitch are established in the European Union and are registered under Regulation 1060/2009 on credit rating agencies (the CRA Regulation).</p> <p>The Issuer has considered the appointment of one or more credit rating agencies (other than Moody's and Fitch) with no more than 10% of the total market share. However, whereas Moody's and Fitch have previously</p>

facilitated similar transactions in an efficient way, the Issuer is of the opinion that Moody's and Fitch will facilitate an efficient execution of the Covered Bonds documentation and will ensure accessing of the investor base in respect of the Covered Bonds in a prudent manner. Therefore, the Issuer has to date decided not to appoint one or more other credit rating agencies with no more than 10% of the total market share.

The parties listed above are appointed to act in respect of the Programme pursuant to the Programme Documents as further described in the Section "Programme Documents" on page 14. The relevant Programme Documents provide that other parties may be appointed from time to time and contain certain provisions in relation to the replacement of the above-mentioned parties.

Information relating to the Programme

Description The Programme is a programme for the continuous issue of Covered Bonds in accordance with the Belgian Covered Bonds Legislation.

The NBB, as Supervisor, has originally admitted the Programme to the list of authorised programmes for the issue of Belgian covered bonds on 6 November 2012. The Supervisor will regularly update such list upon notification by the Issuer with the Covered Bonds issued under the Programme and will indicate that the Covered Bonds constitute Belgian *pandbrieven/lettres de gage* under the Belgian Covered Bonds Legislation.

Programme Amount Euro 17,500,000,000 outstanding at any time as described herein.

The Issuer has the right to increase the amount of the Programme from time to time and in each case subject to the delivery of certain conditions precedent to the satisfaction of the Dealer(s) (which may include the production of a new Base Prospectus or a supplement to the Base Prospectus by the Issuer).

Status of the Covered Bonds The Covered Bonds will be issued as Belgian *pandbrieven (Belgische pandbrieven/lettres de gage belges)* in accordance with the Belgian Covered Bonds Legislation and will constitute direct, unconditional and unsubordinated obligations of the Issuer. The Covered Bonds will rank *pari passu* and rateably without any preference or priority among themselves, irrespective of their Series and at least *pari passu* with all other present and future outstanding unsecured obligations of the Issuer, save for such obligations as may be preferred by law that are both mandatory and of general application. In addition, the Covered Bonds will be covered in accordance with the Belgian Covered Bonds Legislation by the Special Estate and the Covered Bondholders and the Other Cover Pool Creditors will have an exclusive recourse to the Special Estate.

See also "*Summary of the Belgian Covered Bonds Legislation*" below.

Special Estate Since the first issue of Covered Bonds by the Issuer, the estate of the Issuer is legally composed of a general estate and of the Special Estate. All Covered Bonds to be issued under the Programme will be covered by the same Special Estate.

Special Estate means the special estate (*bijzonder vermogen/patrimoine special*) of the Issuer constituted pursuant to Article 3 of Annex III to the Banking Law in relation to the Programme.

See also “*Summary of the Belgian Covered Bonds Legislation*” (Section 4. *Special Estate and Protection in the Context of an Insolvency*).

Main Asset Class

The main asset class of the Special Estate will consist of Residential Mortgage Loans, their Related Security interests and all monies derived therefrom from time to time in accordance with the Belgian Covered Bonds Legislation.

Related Security means all security interests and sureties, guarantees or privileges under whichever form that have been granted in relation to Cover Assets as well as rights under insurance policies and other contracts in relation to the Cover Assets or the management of the Special Estate.

Residential Mortgage Loans means loans that are secured by a mortgage on residential real estate as defined in Article 2, 6° of the Covered Bonds Royal Decree and located in Belgium.

See also “*Summary of the Belgian Covered Bonds Legislation*” (Section 5. *Assets to be Included in the Special Estate*) and *Cover Assets of this Base Prospectus* for further information on the composition of the Special Estate.

Register of Cover Assets

The Issuer will maintain a Register of Cover Assets in which both the issued Covered Bonds and the Cover Assets will be registered.

Cover Assets means Residential Mortgage Loans that are registered in the Register of Cover Assets and all other assets listed in Article 80, § 3, 2° of the Banking Law that are included in the Special Estate pursuant to Article 3 of Annex III to the Banking Law.

Register of Cover Assets means the register of Cover Assets established by the Issuer for the Covered Bonds issued under the Programme in accordance with Article 15 of Annex III to the Banking Law.

See also “*Summary of the Belgian Covered Bonds Legislation*” (Section 4.2. *The Register of Cover Assets*).

Issuer Undertaking

The Issuer will undertake in favour of the Covered Bondholders and the Representative for so long as the Covered Bonds are outstanding, that it will ensure that:

- (a) it will comply with the obligations applicable to it under the Belgian Covered Bonds Legislation;
- (b) the value of the Residential Mortgage Loans registered as Cover Assets in the Register of Cover Assets calculated in accordance with the Belgian Covered Bonds Legislation (and all monies derived therefrom from time to time as reimbursement, collection or payment of interest on the Residential Mortgage Loans) will represent at least 105% of the Series Principal Amount Outstanding of the Covered Bonds of all Series; and

- (c) the Special Estate will at all times include liquid bonds meeting the criteria set out in Article 7 of the NBB Covered Bonds Regulation and which, (a) are eligible as collateral for Eurosystem monetary policy purposes and intra-day credit operations by the Eurosystem, (b) have a credit quality step 1 as determined in accordance with the Regulation 575/2013 of 26 June 2013 on prudential requirements, as amended and/or supplemented and/or restated from time to time (the CRR), (c) are subject to a daily mark-to-market and have a market value which, after applying the ECB haircut in accordance with the Guideline 2015/510 of the ECB of 19 December 2014 on the implementation of the Eurosystem monetary policy (as amended, supplemented, replaced and/or restated from time to time), is higher than the amount of interest due and payable on the outstanding Covered Bonds within a period of three months, (d) have a remaining maturity of more than three months, and (e) are not debt issued by the Issuer or residential mortgage backed securities (RMBS) of which the underlying assets have been originated by the Issuer or by a group related entity.

Moody's Committed OC Undertaking

The Programme Common Terms Agreement provides that for so long as Moody's provides a rating to a Series of Covered Bonds issued under the Programme and unless otherwise agreed with Moody's, the Issuer will ensure that the aggregate outstanding nominal amount of the Cover Assets (other than the hedging instruments registered as Cover Assets) will be at least equal to the sum of one plus Moody's Committed Over-collateralisation (OC), multiplied by the Series Principal Amount Outstanding of the Covered Bonds of all Series (the **Moody's Committed OC Undertaking**)

where:

Moody's Committed OC means the lower of

- (a) 28%, and
- (b) the percentage figure that is necessary to ensure that the Covered Bonds achieve an Aaa rating by Moody's using Moody's expected loss methodology (regardless of the actual Moody's rating of the Covered Bonds at the time).

Moody's Committed OC Undertaking only applies for so long as Moody's provides a rating to a Series of Covered Bonds under the Programme.

The Programme Common Terms Agreement (including the Moody's Committed OC Undertaking) may be amended in writing between the Issuer and the Representative, without the consent or sanction of the Covered Bondholders.

Over-Collateralisation and Cover Tests

At the time of the issuance and as long as any Covered Bonds remain outstanding, the Issuer must, in respect of the Special Estate, meet the following cover tests as provided for in the Belgian Covered Bonds Legislation.

The value of the Residential Mortgage Loans (and of the assets that form part of this category) registered as Cover Assets in the Special Estate must

represent at least 85% of the Series Principal Amount Outstanding of the Covered Bonds of all Series (the **85% Asset Coverage Test**).

The value of the Cover Assets must provide an excess cover such that their value exceeds the Principal Amount Outstanding of the Covered Bonds. The value of the Cover Assets must represent at least 105% of the Series Principal Amount Outstanding of the Covered Bonds of all Series (the **Over-Collateralisation Test**).

The Cover Assets composing the Special Estate must, for the duration of the Covered Bonds, provide a sufficient cover (i) for the payment of principal and interest on the Covered Bonds, (ii) for the obligations towards the Cover Pool Creditors and (iii) for the management of the Special Estate. With respect to the Special Estate, the sum of interest, principal and all other revenues generated by the Cover Assets must be sufficient to cover the sum of all interest, principal and charges linked to the Covered Bonds (the **Cover Asset Coverage Test**).

The 85% Asset Coverage Test, the Over-Collateralisation Test and the Cover Asset Coverage Test are hereinafter jointly referred to as the **Cover Tests**.

See also “*Summary of the Belgian Covered Bonds Legislation*” (Section 6. *Over-Collateralisation and Tests*).

Liquidity Test

The Belgian Covered Bonds Legislation provides that, with respect to the Special Estate, the Cover Assets must over a period of six months generate sufficient liquidity or include enough liquid assets in order to enable the Issuer to make all unconditional payments on the Covered Bonds (including principal, interest and other costs) falling due during the following six months (the **Liquidity Test**). As an Extended Final Maturity Date applies to all Series of Covered Bonds, payments of amounts due on the Final Maturity Date will not be considered as unconditional for the purpose of the Liquidity Test.

The Cover Tests and the Liquidity Test are hereinafter jointly referred to as the **Statutory Tests**.

See also “*Summary of the Belgian Covered Bonds Legislation*” (Section 8. *Liquidity Test*).

Management of the Special Estate

Until the appointment of a Cover Pool Administrator by the Supervisor, the Issuer will manage the Special Estate.

Upon designation, the Cover Pool Administrator will manage the Special Estate to the exclusion of the Issuer.

See also “*Summary of the Belgian Covered Bonds Legislation*” (Section 10.2. *Cover Pool Administrator*).

Changes to the Special Estate

Until the appointment of a Cover Pool Administrator by the Supervisor:

- (a) the Issuer may allocate additional assets to the Special Estate, among other things, for the purposes of issuing further Series of Covered Bonds and/or for the purpose of complying with the

Statutory Tests and/or maintaining the initial rating(s) assigned to the Covered Bonds; and

- (b) the Issuer may remove or substitute existing Cover Assets from the Special Estate, provided that no breach of the Statutory Tests would occur as a result of such removal or substitution.

Final Maturity Date The final maturity date for each Series (the **Final Maturity Date**) will be specified in the applicable Final Terms as agreed between the Issuer and the relevant Dealer(s). An Extended Final Maturity Date shall be specified in the applicable Final Terms as applying to each Series of Covered Bonds.

Extended Final Maturity Date The applicable Final Terms shall specify that the Issuer's obligations under the relevant Covered Bonds to pay the Final Redemption Amount on the relevant Final Maturity Date will be deferred past the Final Maturity Date until the extended final maturity date (as specified in the applicable Final Terms) (such date the **Extended Final Maturity Date**).

Such deferral will occur automatically if the Issuer fails to pay any amount representing the amount due within 14 Business Days after the Final Maturity Date as set out in the Final Terms (the **Final Redemption Amount**) in respect of the relevant Series of Covered Bonds, provided that any amount representing the Final Redemption Amount due and remaining unpaid within 14 Business Days after the Final Maturity Date may be paid by the Issuer on any Interest Payment Date thereafter up to (and including) the relevant Extended Final Maturity Date. Between the Final Maturity Date and the Extended Final Maturity Date, the Interest Payment Dates will occur monthly. Interest will continue to accrue and be payable on any unpaid amounts on each Interest Payment Date up to the Extended Final Maturity Date in accordance with Condition 4 (*Interest*) and the Issuer will make payments on each relevant Interest Payment Date and Extended Final Maturity Date.

Events of Default If any of the following events occurs and is continuing (each an **Event of Default**):

- (a) on the Extended Final Maturity Date in respect of any Series there is a failure to pay any amount of principal due on the Covered Bonds on such date and such default is not remedied within a period of 14 Business Days from the due date thereof; or
- (b) on any Interest Payment Date, a default in the payment of the amount of interest due on any Series occurs and such default is not remedied within a period of 14 Business Days from the due date thereof,

then the Representative may and shall upon direction of the relevant majority of Covered Bondholders or if so directed by a Programme Resolution (subject to being indemnified and/or secured and/or prefunded to its satisfaction) serve a notice (a **Notice of Default**) on the Issuer (copied to the Cover Pool Monitor, the Supervisor, the Rating Agencies and, if appointed, the Cover Pool Administrator).

Cross-acceleration	Following the service of a Notice of Default, (a) no further Covered Bonds will be issued, and (b) the Covered Bond of each Series shall become immediately due and payable, together with any accrued interest.
Liquidation of the Special Estate	<p>Upon the initiation of Winding-up Proceedings against the Issuer, the Cover Pool Administrator pursuant to Article 11, 6° or 7° of Annex III to the Banking Law:</p> <p>(a) may, in consultation with the Representative and subject to approval by the Supervisor, proceed with the liquidation of the Special Estate and with the early redemption of the Covered Bonds where the Cover Assets are not, or risk not being, sufficient to satisfy the obligations under the Covered Bonds; and</p> <p>(b) will, in consultation with the Representative and the Supervisor, proceed with the liquidation of the Special Estate and with the early redemption of the Covered Bonds when a majority decision has been taken to this effect at a meeting of Covered Bondholders at which at least two thirds of the Series Principal Amount Outstanding of the Covered Bonds of all Series is represented.</p> <p>See also ‘<i>Summary of the Belgian Covered Bonds Legislation</i>’ (Section 4. <i>Special Estate and Protection in the Context of an Insolvency</i>).</p>
Payments on the Covered Bonds	<p>Payments on the Covered Bonds will be direct and unconditional obligations of the Issuer.</p> <p>Following delivery of a Notice of Default all funds deriving from the Cover Assets or otherwise received or recovered by the Special Estate (whether in the administration, liquidation of the Special Estate or otherwise) (other than amounts or financial instruments standing to the credit of the swap collateral account (if any)) shall be applied on any Business Day in accordance with the Post Event of Default Priority of Payments provided in Condition 9.1 (<i>Post Event of Default Priority of Payments</i>).</p> <p>Following a decision by the Cover Pool Administrator to liquidate the Special Estate and early redeem the Covered Bonds of all Series pursuant to Article 11, 6° or 7° of Annex III to the Banking Law and as long as no Notice of Default has been delivered all funds deriving from the Cover Assets or otherwise received or recovered by the Special Estate (whether in the administration, liquidation of the Special Estate or otherwise) (other than amounts or financial instruments standing to the credit of the swap collateral account, if any) shall be applied on any Business Day in accordance with the Early Redemption Priority of Payments provided in Condition 9.2 (<i>Early Redemption Priority of Payments</i>).</p>
Monitoring	The Cover Pool Monitor has been appointed, (a) to issue periodic reports to the Supervisor on compliance by the Issuer with the legal and regulatory framework, and (b) to perform the Statutory Tests both as provided for in Belgian Covered Bonds Legislation and in accordance with the requirements of the Supervisor. The Supervisor can also request that the Cover Pool Monitor performs other tasks and verifications.

See also “*Summary of the Belgian Covered Bonds Legislation*” (Section 10.1 Cover Pool Monitor).

Sanctions in case of breach The Belgian Covered Bonds Legislation provides that, if the Issuer is (and remains) unable to meet the requirements which apply to it as issuing credit institution of Belgian covered bonds, the Supervisor can impose a grace period during which this situation must be resolved. If the situation is not resolved after expiry of this grace period, the Supervisor can remove the Issuer from the list of Belgian covered bonds Issuers and revoke the Issuer's licence to issue Belgian covered bonds.

The Supervisor can also publish warnings/statements indicating that a credit institution has failed to comply with the Supervisor's requests to meet the requirements of the Belgian Covered Bonds Legislation within a specified grace period. In addition, as part of its general supervisory function under the Banking Law, the Supervisor can impose fines and administrative penalties.

A removal of the Issuer from the list of Belgian covered bonds Issuers will have no impact on the Covered Bonds already issued by the Issuer.

In case of a breach of the Liquidity Test, the Banking Law provides that the Issuer shall within a period of 14 days take the necessary redress measures to again comply with the Liquidity Test. For so long as the required measures have not been taken, the Issuer shall not be allowed to issue new Belgian covered bonds.

See also “*Summary of the Belgian Covered Bonds Legislation*” (Section 10.4 The Supervisor).

Cross Default	None (other than cross-acceleration between Series of Covered Bonds).
Negative Pledge	None.
Belgian Covered Bonds Legislation	<p>The Covered Bonds are issued pursuant to the Belgian Covered Bonds Legislation as amended and/or supplemented and/or restated from time to time.</p> <p>For further information on the Belgian Covered Bonds Legislation, see “<i>Summary of the Belgian Covered Bonds Legislation</i>” below.</p>
Governing Law	The Covered Bonds are governed by and construed in accordance with Belgian law.

Information on the Covered Bonds that may be issued under the Programme

Distribution	Covered Bonds may be distributed on a syndicated or non-syndicated basis and subject to the terms set out in the section <i>Subscription and Sale</i> .
Issuance in Series	Covered Bonds will be issued in Series, subject to the terms set out in the applicable Final Terms in respect of such Series. The Covered Bonds will either be fungible with an existing Series of Covered Bonds or have different terms from an existing Series of Covered Bonds (in which case they will constitute a new Series). The Issuer may issue further Covered

Bonds without the prior consent of the Covered Bondholders pursuant to Condition 19 (*Further Issues*).

As used herein, **Tranche** means Covered Bonds which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Covered Bonds together with any further Tranche or Tranches of Covered Bonds which are, (a) expressed to be consolidated and form a single series, and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Final Terms	Final terms (the Final Terms) will be issued, executed by the Issuer and published in accordance with the terms and conditions set out herein under <i>Terms and Conditions of the Covered Bonds</i> (the Conditions) prior to the issue of each Series or Tranche detailing certain relevant terms thereof which, for the purposes of that Series only, complete the Conditions and the Base Prospectus and must be read in conjunction with the Conditions and the Base Prospectus. The terms and conditions applicable to any particular Series are the Conditions as completed by the applicable Final Terms.
Exempt Covered Bonds	The applicable Final Terms in relation to any Exempt Covered Bonds may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the terms and conditions included in this Base Prospectus, replace or modify the terms and conditions included in this Base Prospectus for the purpose of such Exempt Covered Bonds. The Exempt Covered Bonds that may be issued under the Programme will be subject to the Programme Common Terms. The FSMA has not reviewed nor approved Exempt Covered Bonds nor any information relating to Exempt Covered Bonds.
Form of Covered Bonds	<p>The Covered Bonds will be issued in such form as may be specified in the applicable Final Terms.</p> <p>The Covered Bonds can be issued, (a) in dematerialised form (Dematerialised Covered Bonds) in accordance with the Belgian Code of Companies and Associations via a book-entry system maintained in the records of the NBB as operator of the Securities Settlement System, or (b) in registered form (Registered Covered Bonds) in accordance with the Belgian Code of Companies and Associations. No physical documents of title will be issued in respect of Dematerialised Covered Bonds that will be delivered in the form of an inscription on a securities account. See "<i>Form of the Covered Bonds</i>".</p>
Issue Dates	The date of issue of a Series or Tranche as specified in the applicable Final Terms (each, the Issue Date in relation to such Series or Tranche).
Specified currency	Euro.
Denominations	In any case, the Covered Bonds will be in such denominations as may be specified in the applicable Final Terms with a minimum specified denomination of Euro 100,000.
Fixed Rate Covered Bonds	The applicable Final Terms may provide that certain Covered Bonds will bear interest at a fixed rate (Fixed Rate Covered Bonds), which will be payable on each Interest Payment Date and on the applicable redemption

date and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer(s) (as set out in the applicable Final Terms).

Floating Rate Covered Bonds The applicable Final Terms may provide that certain Covered Bonds bear interest at a floating rate (**Floating Rate Covered Bonds**). Floating Rate Covered Bonds will bear interest at a rate determined:

- (a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the ISDA Definitions; or
- (b) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service.

The margin (if any) relating to such floating rate (the **Margin**) will be agreed between the Issuer and the relevant Dealer(s) for each issue of Floating Rate Covered Bonds, as set out in the applicable Final Terms.

Other provisions in relation to Floating Rate Covered Bonds Floating Rate Covered Bonds may also have a Maximum Rate of Interest, a Minimum Rate of Interest or both (as indicated in the applicable Final Terms). Interest on Floating Rate Covered Bonds in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer(s), will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, in each case as may be agreed between the Issuer and the relevant Dealer(s) (as set out in the applicable Final Terms).

Zero Coupon Covered Bonds The applicable Final Terms may provide that certain Covered Bonds, bearing no interest (**Zero Coupon Covered Bonds**), may be offered and sold at a discount to their nominal amount.

Issue Price Covered Bonds of each Series may be issued at par or at a premium or discount to par on a fully-paid basis (in each case, the **Issue Price** for such Series or Tranche) as specified in the applicable Final Terms in respect of such Series.

Interest Payment Dates In relation to any Series of Covered Bonds, the Interest Payment Dates will be specified in the applicable Final Terms (if applicable).

Early Redemption The Covered Bonds can be redeemed prior to their stated maturity for taxation reasons in the manner set out in Condition 6.2 (*Redemption for taxation reasons*) and in the event of an illegality in the manner set out in Condition 6.4 (*Illegality*).

General information

Proceeds of the issue of Covered Bonds The net proceeds from each issue of Covered Bonds will be used by the Issuer to fund its general corporate purposes. If in respect of any particular issue there is a particular identified use of proceeds this will be stated in the applicable Final Terms.

Taxation All payments of principal, interest and other proceeds (if any) on the Covered Bonds will be made free and clear of any withholding or deduction for, or on account of, any taxes of Belgium, unless the Issuer or any

intermediary that intervenes in the collection of interest and other proceeds on the Covered Bonds is required by law to make such a withholding or deduction. In the event that such withholding or deduction is required by law, the Issuer will, except in certain limited circumstances provided in Condition 7, be required to pay additional amounts to cover the amounts so deducted. In such case and subject to certain conditions, the Issuer may also redeem the Covered Bonds in accordance with Condition 6.2 (*Redemption for taxation reasons*).

Ratings	Each Series issued under the Programme may be assigned a rating by the Rating Agencies. The applicable Final Terms will specify details of the ratings assigned to the relevant Covered Bonds and whether or not the relevant credit rating agency is established in the European Union and registered under the CRA Regulation.
Listing and admission to trading	<p>Application will be made to Euronext Brussels for the Covered Bonds issued under the Programme after the date hereof to be admitted to listing on the official list and trading on the regulated market of Euronext Brussels.</p> <p>Covered Bonds may be unlisted or may be listed or admitted to trading, as the case may be, on a regulated market (as defined in MiFID II), as may be agreed between the Issuer, the Representative of the Belgian Covered Bondholders and the relevant Dealer(s) in relation to each issue. The Final Terms relating to each Tranche of the Covered Bonds will state whether or not the Covered Bonds are to be listed and/or admitted to trading and, if so, on which regulated markets.</p>
Delivery of Covered Bonds	<p>Dematerialised Covered Bonds will be credited to the accounts held in the Securities Settlement System (and may be held through (sub-)participants to the Securities Settlement System in accounts held with those (sub-)participants).</p> <p>Registered Covered Bonds will be registered in a register maintained by the Issuer or by the Registrar in accordance with the Belgian of Companies and Associations.</p>
Securities Settlement Systems	The Dematerialised Covered Bonds will be created, cleared and settled in the Securities Settlement System currently operated by the National Bank of Belgium. Euroclear Bank, Clearstream Banking Frankfurt, SIX SIS, Monte Titoli and Euroclear France SA are participants in the Securities Settlement System through which Covered Bonds can be held. The clearing of the Covered Bonds through the Securities Settlement System is subject to prior approval of the NBB.
Selling Restrictions	<p>There are restrictions on the offer, sale and transfer of the Covered Bonds in the United States, the EEA, the United Kingdom, Japan, Hong Kong, the Republic of Singapore, Korea and the People's Republic of China and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Covered Bonds. See "<i>Subscription and Sale</i>" below.</p> <p>The Issuer is Category 2 for the purposes of Regulation S under the Securities Act.</p>

Programme Documents

Representative Appointment Agreement Pursuant to the terms of the representative appointment agreement between the Issuer and the Representative initially dated 21 November 2012 (such representative appointment agreement as amended and/or supplemented and/or restated from time to time and most recently on 27 October 2020, the **Representative Appointment Agreement**), the Representative has been appointed to act as representative (*vertegenwoordiger/représentant*) of the Belgian Covered Bondholders in accordance with the Belgian Covered Bonds Legislation and Article 7:63 of the Belgian Code of Companies and Associations.

Programme Common Terms Agreement Pursuant to terms of the programme common terms agreement entered into between the Issuer and the Representative initially dated 21 November 2012 (such programme common terms agreement as amended and/or supplemented and/or restated from time to time and most recently on 27 October 2020, the **Programme Common Terms Agreement**), all Covered Bonds issued under the Programme shall be subject to and have the benefit of certain programme common terms regardless of whether the Covered Bonds are issued under the Base Prospectus or not.

These Programme Common Terms specify that all Covered Bondholders will be represented by the Representative and will benefit from an exclusive right of recourse against the same Special Estate. These Programme Common Terms include in substance the following provisions of the Conditions: Condition 2.1 (Residential Mortgage Covered Bonds), Condition 2.6 (Issuer undertaking), Condition 3 (Status of the Covered Bonds), Condition 8.1 (*Events of Default*) except for the definition of the events of default which shall be defined in the conditions of the relevant Covered Bonds, Condition 8.3 (Covered Bondholders' Waiver), Condition 9 (Priorities of payments), Condition 12 (Covered Bond provisions), Condition 13 (Meeting Rules of Covered Bondholders) and Condition 14 (*The Representative*). The Programme Common Terms Agreement and the Meeting Rules of Covered Bondholders provide that these programme common terms may only be amended in accordance with the provisions of the Programme Common Terms Agreement and of the Meeting Rules of Covered Bondholders.

Besides the programme common terms, the Programme Common Terms Agreement also includes certain confirmations and undertakings of the Issuer. These confirmations and undertakings include the confirmation of the appointment of the Cover Pool Monitor and the Moody's Committed OC Undertaking (see "*Information relating to the Programme – Moody's Committed OC Undertaking*" (page 6)).

Agency Agreement Pursuant to terms of the agency agreement between the Issuer, KBC Bank NV as Paying Agent, Listing Agent and Registrar and the Representative initially dated 21 November 2012 (such agency agreement as amended and/or supplemented and/or restated from time to time and most recently on 27 October 2020, the **Agency Agreement**), KBC Bank NV will respectively act as Paying Agent, Listing Agent and Registrar in relation to the Covered Bonds.

Pursuant to the Agency Agreement, the Paying Agent will undertake to ensure the payment of the sums due on the Covered Bonds and perform all other

obligations and duties imposed on it by the Conditions and the Agency Agreement.

In addition, the Paying Agent will perform the tasks described in the Clearing Services Agreement, which comprise, *inter alia*, providing the NBB as operator of the Securities Settlement System with information relating to the issue of the Covered Bonds, the Base Prospectus and other documents required by law.

The Listing Agent will cause an application to be made to Euronext Brussels for the admission to trading of the Covered Bonds.

The Registrar will maintain a register for the registration of Registered Covered Bonds.

The Issuer has reserved the right at any time to vary or terminate the appointment of any Agent, Registrar, Calculation Agent and to appoint a successor Agent, Registrar or Calculation Agent and additional or successor agents provided, however, that:

- (a) the Issuer shall at all times maintain a Paying Agent and the Paying Agent will at all times be a participant in the Securities Settlement System;
- (b) so long as the Covered Bonds are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of such stock exchange or other relevant authority;
- (c) so long as there are Registered Covered Bonds, the Issuer shall maintain a Registrar for the relevant Series of Registered Covered Bonds (which may be itself);
- (d) in the case of Floating Rate Covered Bonds, the Issuer shall at all times maintain a Calculation Agent for the relevant Series of Covered Bonds (which may be itself); and
- (e) the Issuer shall at all times maintain a paying agent in an EU member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings income (as amended, supplemented and/or replaced from time to time) or any law implementing or complying with, or introduced in order to conform to, this Directive.

Clearing Services Agreement

The Issuer, the Paying Agent and the NBB as operator of the Securities Settlement System entered into a clearing services agreement in relation to the clearing of the Covered Bonds on 4 November 2016 (the **Clearing Services Agreement**).

Hedging Agreements

The Issuer or, upon its appointment by the Supervisor, the Cover Pool Administrator may, from time to time during the Programme, enter into interest rate swap agreements, FX swap agreements and covered bonds swap agreements (each a **Hedging Agreement** and together the **Hedging Agreements**) with one or more Hedging Counterparties for the purpose of, *inter alia*, protecting itself against certain risks (including, but not limited to, interest rate, liquidity and credit) related to the Cover Assets and/or the Covered Bonds.

Any Hedging Agreement(s) will be included as part of the Special Estate at the Issuer's discretion.

The distribution or priority rules between the obligations towards Covered Bondholders and the Hedging Counterparties are determined in Condition 9 (*Priorities of payments*).

Liquidity Facility Agreements

The Issuer or, upon its appointment by the Supervisor, the Cover Pool Administrator may, from time to time during the Programme, enter into Liquidity Facility Agreements (each a **Liquidity Facility Agreement** and together the **Liquidity Facility Agreements**) with one or more Liquidity Facility Providers in order to improve the liquidity of the Special Estate.

Any Liquidity Facility Agreement(s) will be included as part of the Special Estate at the Issuer's discretion.

The distribution or priority rules between the obligations towards Covered Bondholders and the Liquidity Facility Providers are determined in the Condition 9 (*Priorities of payments*).

Programme Documents

The Agency Agreement, the Representative Appointment Agreement, the Programme Common Terms Agreement, the Clearing Services Agreement, each of the Final Terms, any Hedging Agreement, any Liquidity Facility Agreement and any additional document entered into in respect of the Covered Bonds and/or the Special Estate and designated as a Programme Document by the Issuer and the Representative (each a **Programme Document** and together the **Programme Documents**).

Pursuant to the terms of the Programme Documents, the Issuer shall be entitled to vary, approve or terminate the appointment of any agent or party thereto and/or appoint any additional or substitute agent or party (including (without limitation) in relation to the issue of any Covered Bond). The Issuer may also enter into any other agreement or document as it may from time to time deem necessary or appropriate in relation to the Programme or issuance of any Covered Bonds. Each of the Programme Documents shall further contain specific provisions for the amendment, supplement, replacement and/or restatement of such agreement and a reference to any Programme Document shall be deemed a reference to such agreement as the same may from time to time be amended, supplemented, replaced and/or restated.

Investor Report

Not later than on the day which falls on the fifteenth Business Day of each calendar quarter of each year, the Issuer will publish an investor report (the **Investor Report**), which will contain information regarding the Covered Bonds and the Cover Assets, including statistics relating to the financial performance of the Cover Assets. Such report will be available to the prospective investors in the Covered Bonds and to the Covered Bondholders at the offices of the Paying Agent, on Bloomberg and on the website at <https://www.kbc.com/en/euro-1000000000-residential-mortgage-covered-bonds-programme-issued-kbc-bank-nv>. This website and the information on Bloomberg are not incorporated by reference and does not form part of this Base Prospectus, and has not been scrutinised or approved by the FSMA.

RISK FACTORS

Text in italics below is an introduction to the “Risk Factors” section.

Which risks are described in this section and in how are they presented?

The Issuer believes that the risk factors described in this section are risks which are specific to the Issuer and/or to the Covered Bonds and which are material for taking an informed investment decision with respect to the Covered Bonds.

The risk factors are grouped in the following categories:

- *Risks relating to the Issuer and the KBC Bank Group (page 19 and following)*
- *Risks relating to the Covered Bonds (page 28 and following)*
- *Risks relating to the Special Estate and the Cover Assets (page 32 and following)*

In each category the most material risk factors are mentioned first. The materiality of a risk factor is assessed by its expected negative impact on the Issuer (including any relevant mitigation measures) and the probability of its occurrence.

Some risk factors can be grouped into more than one category. In that case, the Issuer has only mentioned that risk factor in the most appropriate category, and not in the other categories. Potential investors should consult the risk factors in all categories.

Does this section contain all risks that could result in adverse consequences for investors in the Covered Bonds?

No. This section does not contain risks:

- *that the Issuer does not consider material;*
- *that the Issuer does not consider to be specific to the Issuer or the Covered Bonds;*
- *of which the Issuer is not aware;*
- *that may arise in the future.*

Although not mentioned in this section, these risks could in the future still result in adverse consequences for investors in the Covered Bonds, for example an inability to pay interest, principal or any other amount on or in connection with the Covered Bonds.

In some cases, the Issuer will publish a supplement to this Base Prospectus if such risks become material or specific to the Issuer or the Covered Bonds, or when the Issuer becomes aware of them or when they arise, as explained in section “Supplements to this Base Prospectus” on page 195.

What is meant by risks that are “material” for taking an informed investment decision?

The Issuer has assessed the materiality of the risk factors, taking into account the expected negative impact of such risks on the Issuer (including any relevant mitigation measures) and the probability of their occurrence. For the risk factors relating to the Issuer and the KBC Bank Group, the result of this assessment is mentioned behind each risk factor using a scale of “low”, “medium” or “high”.

What does a “low”, “medium” or “high” expected materiality of a risk factor mean?

The qualitative scale of the expected materiality using the labels “low”, “medium” or “high” is only intended to compare the expected negative impact of such risks on the Issuer (including any relevant

mitigation measures) and the probability of their occurrence among the risk factors included in this section. These labels do not correspond to certain amounts or percentages, and are based on a good faith judgment of the Issuer.

RISKS RELATING TO THE ISSUER AND THE KBC BANK GROUP

The overall management responsibility of a financial institution can be defined as managing capital, liquidity, return (income versus costs) and risks, which in particular arise from the special situation of banks as risk transformers. Taking risks and transforming risks is an integral part – and hence an inevitable consequence of – the business of a financial institution. Therefore, the KBC Bank Group (together with the KBC Group) does not aim to eliminate all the risks involved (risk avoidance) but instead looks to identify, control and manage them in order to make optimal use of its available capital (i.e. risk-taking as a means of creating value). Ergo it may leave the KBC Bank Group exposed to unidentified, unanticipated or incorrectly quantified risks.

Coronavirus (COVID-19) pandemic (high risk)

Whilst the KBC Group thoroughly assesses and underpins its risk assessment of the risks related to the Issuer and the KBC Bank Group, the worldwide outbreak of the COVID-19 pandemic is an unprecedented event which has put this assessment and its underpinnings to the test.

The KBC Bank Group has handled the transition to new ways of working (e.g. remotely, from backup locations and home office) in an organised way and without major incidents. It is clear however that the coronavirus pandemic will have longer lasting consequences which open virtually all risk types to a re-assessment, including and most notably, but not limited to: credit risk in its all forms, market risk, liquidity risk, operational risk, performance and capital risk. At the date of this Base Prospectus, related uncertainty is still high, making it difficult to predict what the final outcome of the coronavirus crisis and its impact on the different risks related to the Issuer and the KBC Bank Group will be.

The economic challenges, worldwide but also in the European Union resulting from this crisis undoubtedly have an impact on credit losses in general, including credit losses incurred by the KBC Bank Group, both as at the date of this Base Prospectus and in the coming years. Such credit losses include but may not be limited to credit losses situated in the KBC Bank Group's loan portfolio (see also the section "*Credit risks (medium risk)*").

Next to credit risk in general, the coronavirus crisis will also have a negative impact on counterparty credit risk as certain counterparties will be negatively impacted by this crisis, preventing them from fulfilling their financial obligations towards the KBC Bank Group.

The Issuer may also face potential losses stemming from financial instruments to which the Issuer is exposed via its trading and non-trading activities (see also the sections "*Market risk in non-trading activities (medium risk)*" and "*Market risk in trading activities (low risk)*").

Funding and liquidity risk also increase during a crisis as trust between financial institutions might decrease or disappear, which can influence the KBC Bank Group's funding capabilities in the market as well as its liquidity position. As of the date of this Base Prospectus, the liquidity position of the KBC Bank Group is still solid (see also the section "*Liquidity risk (low risk)*").

The coronavirus crisis triggered heightened attention for operational risks, mainly with regard to ensuring operational continuity and safety of our customers and staff at all times. In response to the COVID-19 crisis, business continuity measures were taken, e.g. switch to (partial) homeworking and shift to remote banking and insurance. Related changes to processes and procedures (including also governmental relief measures) were implemented in a risk-conscious way and frequent crisis monitoring was installed for all subareas of operational risk. This included a.o.

- monitoring of IT systems performance and employee health to ensure operational continuity and critical services
- increased attention for COVID-19 related fraud and cyber-incidents to avoid that cyber criminals and other fraudsters might exploit COVID-19 and target employees and customers, for example by means of phishing/smishing, or through malicious COVID-19-like websites

- monitoring of performance of outsourced activities to prevent that KBC could be negatively impacted by COVID-19 related incidents at third parties
- monitoring of risk and control environment with specific attention to process changes (e.g. implementation of moratoria and relief measures)
- frequent follow up of loss registrations and trends

The KBC Bank Group continues to monitor operational risks in the context of COVID-19 going forward. As of the date of this Base Prospectus, due to appropriate actions being taken in all areas of operational risk no major issues or incidents have been reported and losses remain well under control (see also the section “*Operational risks (medium risk)*”).

The coronavirus pandemic has also led to regulatory developments in the jurisdictions in which the Issuer operates (see also the section “*Legal and regulatory risk*”). Examples of regulatory developments in response to the coronavirus crisis which may have an adverse effect on the Issuer’s business and operations include, without limitation, the measures and regulations adopted by the Belgian Federal Government regarding the granting of payment deferrals, additional lines of credit and other types of financial relief provided by the Belgian financial sector (see also the subsection “*Coronavirus (COVID-19) pandemic*” in the section “*Recent events*”).

All these risks have already had and may continue to have a negative impact on the profitability (performance) of the Issuer.

This might also finally be reflected in the credit ratings of the KBC Group, including the ratings of the Issuer, may be adversely affected by the coronavirus crisis. Such adverse effects may include but may not be limited to a downgrade in the credit ratings or the outlook currently assigned to the Issuer. There can thus be no assurance that the current credit ratings of the Issuer or the KBC Group will be maintained (see also the section “*Credit ratings (low risk)*”).

The Issuer also refers to the half-year report of the Issuer for 2020 (which is incorporated by reference in this Base Prospectus) in its entirety, for the financial reporting on the first half-year of 2020 (in which the COVID-19 crisis started).

Performance risk (medium risk)

Over the last years, the Issuer remained best in class in terms of performance¹, which underlines the resiliency of its business model in a challenging environment.

Going forward, the market environment is likely to remain challenging, especially taking into account the impact of the COVID-19 pandemic, both for the Issuer and its peers, which puts pressure on the Issuer’s profitability and/or credit ratings:

- (Longer than expected) low interest rates, negatively impacting the reinvestment yield and influencing client behavior.
- Increasing political uncertainty, both on a global and European level (e.g. rising protectionism, trade war, etc.). One of the factors that currently remain uncertain, is the structure of the future relationship of the United Kingdom with the European Union (the EU). Under the terms of an EU-UK agreement on the withdrawal of the United Kingdom from the European Union, a transition period applies which will last until 31 December 2020 and which may be extended once by up to two years. During this period, most EU rules and regulations will continue to apply

¹ *KBC measures performance based on the annual ROE (return on equity). When we consider page 6 of EBA’s Risk Dashboard (<https://eba.europa.eu/risk-analysis-and-data/risk-dashboard>), we can conclude that KBC is best in class amongst the European banks by showing a double digit ROE. Note that this website is not incorporated by reference in this Base Prospectus. The information on this website does not form part of this prospectus and has not been scrutinized or approved by the FSMA.*

to and in the United Kingdom and negotiations in relation to a free trade agreement will be ongoing. The Issuer is keeping track of possible consequences of several scenarios, with strategic contingency plans being developed. Domains that are expected to be affected most by an exit without agreement as to the EU-UK future relationship at the end of the transition period are: KBC Bank Ireland, the exposure to corporates and small and medium-sized enterprises (SMEs), net interest income and the our asset management activities. The risk linked to derivatives clearing activities has temporarily decreased thanks to the temporary recognition of LCH as a qualified central clearing counterparty. The Issuer has also become a direct clearing member of Eurex as an additional mitigation measure.

- Higher competition affected by consumer demand, technological changes (including the growth of digital banking), regulatory action and changes in competitive behaviours due to new entrants to the market (including potential non-traditional financial services providers, such as large retailers or technology conglomerates) and new lending models (such as, for example, peer-to-peer lending). These competitive pressures could result in increased pricing pressures on a number of the Issuer's products and services and in the loss of market share in one or more such markets.
- Volatility on financial markets, putting pressure on the sales of investment products.
- An increasingly digital world, which offers opportunities but also challenges in terms of more and new competitors and changing client behaviour. Due to investments in digital transformation and mitigation risk measures, operational costs are expected to increase over the coming years. For some of these risks, please refer to the risk factor entitled "*Operational risks (medium risk)*".
- Climate-related risks (and opportunities) remain high on the agenda. The Issuer has to deal with growing climate-related expectations of different stakeholders, such as institutional investors, governments and clients. These risks are expected to affect the activities and products of the Issuer in the coming years.
- Workforce mismatches due to the digital transformation and pressure on the labour market / war for talent making it more difficult to build a future-proof workforce. In addition, more staff needs to be involved in reporting towards regulators.

Credit risks (medium risk)

Credit risk is the potential negative deviation from the expected value of a financial instrument arising from the non-payment or non-performance by a contracting party (for instance a borrower), due to that party's insolvency, inability or lack of willingness to pay or perform, or to events or measures taken by the political or monetary authorities of a particular country (country risk). Credit risk thus encompasses default risk and country risk, but also includes migration risk, which is the risk for adverse changes in credit ratings.

The Issuer is subject to a wide range of credit risks, in particular taking into account the impact of the COVID-19 pandemic (see above). The main source of which is the Issuer's loan portfolio. It includes all the loans and guarantees that the Issuer has granted to individuals, companies, governments and banks (including debt securities if they are issued by companies or banks). The aggregate outstanding amount of our loan portfolio amounted to EUR 179 billion on 30 June 2020. Most counterparties are private individuals (40.9%) and corporates (46.9%). Most counterparties are located in Belgium (65.2%) or in the Czech Republic (17.3%). 3.4% of this portfolio constitute impaired loans (i.e., loans where it is unlikely that the full contractual principal and interest will be repaid/paid).

The main sources of other credit risks are trading book securities, counterparty risk of derivatives and government securities.

A more detailed breakdown of the Issuer's loan portfolio, including information on impairments, can be found on page 58 and following of the Issuer's 2019 annual report. More information on credit risks

relating to trading book securities, counterparty risk of derivatives and government securities can be found on page 57 of the Issuer's 2019 annual report. Our 2019 annual report is incorporated by reference into this Base Prospectus as set out in Section "Documents incorporated by reference" on page 192.

Operational risks (medium risk)

The Issuer is exposed to a large array of operational risks, which are defined as risk of loss resulting from inadequate or failed internal processes and systems, human errors or sudden man-made or natural external events, that could give rise to material losses in services to customer and to loss or liability to the Issuer. These events can potentially result in financial loss, liability to customers, administrative fines, penalties and/or reputational damages.

The Issuer endeavours to hedge such risks by implementing adequate systems, controls and processes tailored to its business. Nevertheless, it is possible that these measures prove to be ineffective in relation to operational risks to which the Issuer is exposed, also taking into account the potential impact of the COVID-19 pandemic (see above).

The main operational risks of the Issuer are as follows (in order of importance):

- *Information security risk*: The risk of losses due to an intentional or unintentional breach – originating from within or outside the institution – to the availability, confidentiality and integrity of the organization's information assets.
- *IT (Information Technology) risk*: The risk of losses due to unavailability of systems and data inappropriateness of systems (without threatening the normal continuation of business, which is a business continuity risk) or inability to change.
- *Process risk*: Risks of losses caused by insufficient, badly designed or poorly implemented processes and processing controls and unintentional human errors or omissions during normal (transaction) processing.
- *Model risk*: The Issuer is exposed to risks of losses or potential for adverse consequences arising from decisions based on incorrect or misused model outputs and model reports.
- *Outsourcing risk & third party risk*: Risks stemming from problems regarding continuity, integrity and/or quality of the activities outsourced to or partnered with third parties (whether or not within a group) or from the equipment or staff made available by these third parties.
- *Legal risk*: Risks of losses caused by bad management of disputes, the inability to protect our IP, failure to manage (non-)contractual obligations or failure to timely and correctly detect, assess and implement legislation and regulations.
- *Fraud risk*: Risks of deliberate abuse of procedures, systems, assets, products and/or services by one or more persons who intend to deceitfully or unlawfully benefit themselves or others.
- *Business continuity risk*: Risks of sudden (man-made or natural) external events (e.g. natural disasters, power outages, terrorism) leading to a situation that threatens the normal continuation of business of the Issuer.
- *Personal and physical security risk*: Risks of losses arising from acts inconsistent with employment, health or safety laws or agreements, from personal injury claims, or from diversity / discrimination events.

More information regarding operational risk can be found on pages 116 and following of the Issuer's 2019 annual report. The Issuer's 2019 annual report is incorporated by reference into this Base Prospectus as set out in the section entitled "*Documents incorporated by reference*".

Conduct and compliance risk (medium risk)

Conduct and compliance risk is defined as the risk of losses or sanctions due to failure (or the perceived failure) to comply with the statutory and regulatory codes of integrity and conduct or with the internal policy in this regard and with the institution's own values and codes of conduct in relation to the integrity of its activities. This also includes the current or prospective risk of losses arising from inappropriate supply of financial services, including cases of willful or negligent misconduct. Conduct risk covers many "hard" legal aspects, such as informing customers, providing the required transparency, avoiding misleading information and forced tying of products, selling the right product to the right customer and at the right time, conflicts of interest in doing business, manipulation of benchmarks, obstacles to changing financial products during their lifetime, automatic provision of products or unfair treatment of customers' complaints. There are also softer aspects to include in conduct risk. These are based specifically on behavior and are linked to people, culture and mindset.

More information regarding compliance and conduct risk can be found on pages 118 and following of the Issuer's 2019 annual report. The Issuer's 2019 annual report is incorporated by reference into this Base Prospectus as set out in the section entitled "*Documents incorporated by reference*".

Market risk in non-trading activities (medium risk)

Market risk is defined as the potential negative deviation from the expected value of a financial instrument (or portfolio of such instruments) due to changes in the level or in the volatility of market prices (e.g. interest rates, exchange rates and equity or commodity prices). Market risk is related to trading (which can be found in the section "*Market risk in trading activities (low risk)*" on page 25) and non-trading activities.

The Issuer is mainly exposed to interest rate risk, credit spread risk and equity price risk:

- Interest rate risk is the potential negative deviation from the expected value of a financial instrument or portfolio due to changes in the level or in the volatility of interest rates. The value of interest bearing positions will decrease when market interest rates increase and vice-versa, unless the position contains inherent protection against such decrease, such as a variable or floating interest rate mechanism. The Issuer estimates that, as at 30 June 2020, an increase of market interest rates by 10 basis points would lead to a decrease of the value of our total portfolio with EUR -72 million.
- Credit spread risk is the risk due to changes in the level or in the volatility of credit spreads. The value of our positions will decrease when credit spread increases, and vice-versa. This is mainly relevant for our portfolio of sovereign and non-sovereign bonds. As at 30 June 2020, the total carrying value (i.e., the amount at which an asset or liability is recognised in our accounts) of our sovereign and non-sovereign bond portfolio combined was EUR 49.1 billion. The Issuer estimates that an increase in credit spread of 100 basis points across the entire curve would lead to a theoretical negative economic impact of EUR 2.2 billion on the value of both portfolios combined.
- Equity risk is the risk due to changes in the level or in the volatility of equity prices. The total value of our equity portfolio as at 30 June 2020 was EUR 0.19 billion. The Issuer estimates that a 25% drop in equity prices would have a negative impact of EUR -47 million on the value of this portfolio.

More information regarding market risks in non-trading activities generally, and interest rate risk, credit spread risk and equity risk specifically, can be found on pages 58 and following of the Issuer's 2019 annual report. More information on credit risks relating to trading book securities, counterparty risk of derivatives and government securities can be found on page 57 of the Issuer's 2019 annual report. The Issuer's 2019 annual report is incorporated by reference into this Base Prospectus as set out in the

section entitled “*Documents incorporated by reference*”. See Section “*Where more information can be found*” on page 196 for information on where you can find the Issuer’s 2019 annual report.

Liquidity risk (low risk)

Liquidity risk is the risk that the Issuer will be unable to meet its liabilities and obligations as they come due, without incurring higher-than-expected costs.

Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC (**CRD IV**) requires the Issuer to meet targets set for the Basel III liquidity related ratios, i.e., (i) the liquidity coverage ratio (**LCR**) which requires banks to hold sufficient unencumbered high quality liquid assets to withstand a 30-day stressed funding scenario and (ii) the net stable funding ratio (**NSFR**) which is calculated as the ratio of an institution’s amount of available stable funding to its amount of required stable funding.

Any failure of the Issuer to meet the liquidity ratios could result in administrative actions or sanctions or it ultimately being subject to any resolution action.

Due to the challenges for the economy posed by the coronavirus crisis, the ECB decided in March 2020 to allow credit institutions to operate temporarily below the LCR targets. The KBC Bank Group participated in the targeted longer-term refinancing operations (TLTRO III operation) in June 2020, supporting its LCR and NSFR figures. In July 2020 the ECB updated its measures aiming at preserving banks’ capacity to absorb losses and to support the economy, announcing that banks are allowed to use their liquidity buffers until at least the end of 2021.

Please also refer to the section entitled “*Liquidity risk*” on pages 76 to 78 of the Issuer’s 2019 annual report. The Issuer’s 2019 annual report is incorporated by reference into this Base Prospectus as set out in the section entitled “*Documents incorporated by reference*”. See Section “*Where more information can be found*” on page 196 for information on where you can find the Issuer’s 2019 annual report.

A group-wide Liquidity Risk Management Framework is in place to define the risk playing field. Liquidity management itself is organised within the Group Treasury function, which acts as a first line of defence and is responsible for the overall liquidity and funding management of the KBC Group. The Group Treasury function monitors and steers the liquidity profile on a daily basis and sets the policies and steering mechanisms for funding management (intra-group funding, funds transfer pricing).

These policies ensure that local management has an incentive to work towards a sound funding profile. The Group Treasury function also actively monitors its collateral on a group-wide basis and is responsible for drafting the liquidity contingency plan that sets out the strategies for addressing liquidity shortfalls in emergency situations.

The second line of defence (which includes the Risk function) covers all independent Support & Oversight Functions. The Risk function:

- is responsible for identifying, measuring, monitoring, reporting and stress testing liquidity risk on a group-wide basis, independently from the first line of defence;
- sets the standards via the KBC Liquidity Risk Management Framework and supports the business with its implementation;
- challenges the business on their risk identification, measurement and response.

The third line of defence is provided by internal audit, assuring an independent review and challenge of the Group’s first- and second-line liquidity (risk) management processes.

The Liquidity Risk Management Framework is based on the following pillars: contingency liquidity risk, structural liquidity risk and operational liquidity risk.

Contingency liquidity risk is the risk occurring when the Issuer may not be able to attract additional funds or replace maturing liabilities under stressed market conditions. This risk, assessed on the basis of liquidity stress tests, relates to changes to the liquidity buffer of a bank under extreme stressed scenarios.

Structural liquidity risk is the risk occurring when the Issuer's long-term assets and liabilities might not be (re)financed on time or can only be refinanced at a higher-than-expected cost. Typical for banking operations, funding sources generally have a shorter maturity than the assets that are funded, leading to a negative net liquidity gap in the shorter time buckets and a positive net liquidity gap in the longer-term buckets. This creates liquidity risk if the Issuer would be unable to renew maturing short-term funding.

Operational liquidity risk is the risk occurring when the Issuer's operational liquidity management cannot ensure that a sufficient buffer is available at all times to deal with extreme liquidity events, in which no wholesale funding can be rolled over.

Stressed or extreme market conditions as mentioned above can be triggered for example by the COVID-19 pandemic. So far the liquidity position of the KBC Bank Group was able to withstand the stress of the crisis resulting from the COVID-19 pandemic and remains very strong. Please also refer to the risk factor entitled "*Coronavirus (COVID-19) pandemic (high risk)*".

Besides a liquidity risk management framework and a funding management framework, standards for stress testing and policies on ILAAP (the internal liquidity adequacy assessment process), collateral management, use of public funding sources and intraday liquidity management are also in place to steer the overall liquidity risk management process.

Market risk in trading activities (low risk)

The KBC Group is exposed to market risks via the trading activities of its dealing rooms in Belgium, the Czech Republic, Slovakia, Bulgaria and Hungary, as well as via a minor presence in the United Kingdom and Asia. Wherever possible and practical, the residual trading positions of the KBC Group's foreign entities are systematically transferred to the Issuer, reflecting that the KBC Group's trading activity is managed centrally both from a business and a risk management perspective. Consequently, the Issuer holds about 96% of the trading-book-related regulatory capital of the KBC Group.

Market risk exposures in the trading book are measured by the Historical Value-at-Risk (**HVaR**) method, which is defined as an estimate of the amount of economic value that might be lost due to market risk over a defined holding period. The Issuer uses the historical simulation method, based on patterns of experience over the previous two years. The Issuer's HVaR estimate, calculated on the basis of a one-day holding period, was EUR 9 million as at 30 June 2020, and varied between EUR 4 million and EUR 11 million during the financial year of 2020.

Credit ratings (low risk)

The credit ratings of the KBC Bank Group are important to maintain access to key markets and trading counterparties. Please also refer to the section entitled "*Credit ratings*" on page 25 of this Base Prospectus for an overview of the Issuer's current credit ratings.

Any failure by the Issuer to maintain its credit ratings could adversely impact the competitive position of the KBC Bank Group, make entering into hedging transactions more difficult and increase borrowing costs or limit access to the capital markets or the ability of the KBC Bank Group to engage in funding

transactions. In connection with certain trading agreements, the KBC Bank Group might also be required, if its current ratings are not maintained, to provide additional collateral.

Legal and regulatory risk

1. Recent regulatory and legislative developments may adversely impact the Issuer and/or its subsidiaries, its business, financial condition or results of operation (medium risk)

The Issuer's business activities are subject to substantial regulation and regulatory oversight in the jurisdictions in which it operates.

There have been significant regulatory developments in response to the global financial crisis of 2008-2009, including various initiatives, measures, stress tests and liquidity risk assessments taken at the level of the EU, national governments, the European Banking Authority and/or the European Central Bank (the **ECB**). This has led to the adoption of a new regulatory framework and the so-called "Banking Union", as a result of which the responsibility for the supervision of the major Eurozone credit institutions (including the Issuer) has been assumed at the European level.

Recent regulatory and legislative developments applicable to credit institutions such as the Issuer may adversely impact the Issuer and/or its subsidiaries, their business, financial condition or results of operation. A non-exhaustive overview of certain important regulatory and legislative developments, such as changes to the prudential requirements for credit institutions, capital adequacy rules, recovery and resolution mechanisms, is set out in Section "*Banking supervision and regulation*" and "*Bank recovery and resolution*" on pages 56 and following.

Also the regulatory measures in response to the COVID-19 pandemic that were taken in the different jurisdictions in which the Issuer operates had an impact on the Issuer.

Moreover, there seems to have been an increase in the level of scrutiny applied by governments and regulators to enforce applicable regulations and calls to impose further charges on the financial services industry in recent years. Such increased scrutiny or charges may require the Group to take additional measures which, in turn, may have adverse effects on its business, financial condition and results of operations.

Any failure of the Issuer to meet regulatory requirements could result in administrative actions or sanctions.

2. Capital adequacy (low risk)

The CRD IV requirements include a capital conservation buffer and, in certain circumstances, a systemic buffer and/or a countercyclical buffer which come on top of the minimum requirements. These additional requirements are being gradually phased in and have an impact on the Group and its operations, as it imposes higher capital requirements. Capital requirements will increase if economic conditions or trends in the financial markets worsen and such further capital increases may be difficult to achieve or only be raised at high costs in the context of adverse market circumstances.

Due to the challenges for the economy posed by the crisis resulting from the COVID-19 pandemic, the ECB decided in March 2020 to allow credit institutions to operate temporarily below the level of capital defined by the pillar 2 guidance (P2G), and the capital conservation buffer. These temporary measures were enhanced by the appropriate release of the countercyclical capital buffer by the National Bank of Belgium. Various local competent authorities in the Issuer's core markets also decided to release the countercyclical capital buffer.

So far the capital position of the Issuer remained very strong which was also influenced by the advice of the ECB to not to pay-out dividends until end of 2020.

Please refer to the section “*Banking supervision and regulation - Solvency supervision*” as from page 59 of this Base Prospectus in which a broader overview of the capital adequacy requirements is provided.

Any failure of the Issuer to meet the regulatory capital and liquidity ratios could result in administrative actions or sanctions or it ultimately being subject to any resolution action.

RISKS RELATING TO THE COVERED BONDS

The Issuer may redeem the Covered Bonds prior to their stated maturity, subject to certain conditions

In some cases, the Issuer may redeem the Covered Bonds prior to their stated maturity:

- When the Issuer becomes obliged to pay additional amounts (“gross-up”) on interests from the Covered Bonds (but not principal or any other amount) pursuant to Condition 7 (*Taxation*) or it can no longer deduct payments in respect of the Covered Bonds for Belgian income tax purposes (see Condition 6.2 (*Redemption for taxation reasons*)).
- Following a decision by the Cover Pool Administrator to early redeem the Covered Bonds of all Series pursuant to Article 11, 6° or 7° of Annex III to the Banking Law (see “*Summary of the Belgian Covered Bonds Legislation*”).
- In case of illegality (see Condition 6.4 (*Illegality*)).

In such case, there is no reimbursement for the difference between the interest that Covered Bondholders would have received if the Covered Bonds would remain outstanding until maturity, and the yield an investor may receive from reinvesting the redemption proceeds at that time until the original stated maturity of the Covered Bonds.

Additionally, during any period when the Issuer (or the Cover Pool Administrator, as the case may be) may elect or is perceived to be able to elect to redeem the Covered Bonds, the market value of the Covered Bonds generally will not rise substantially above the price at which they can be redeemed.

In case of redemption, the yields received may be lower than expected and the redeemed face amount of the Covered Bonds may be lower than the purchase price for the Covered Bonds paid by the Covered Bondholders. As a consequence, part of the capital invested by the Covered Bondholders may be lost, so that the Covered Bondholder in such case would not receive the total amount of their capital invested.

There can be no assurance that an active secondary market for the Covered Bonds will develop or provide sufficient liquidity

Even though application is made for the Covered Bonds to be admitted to listing on Euronext Brussels, there can be no assurance that an active secondary market for any of the Covered Bonds will develop, or, if a secondary market does develop, that it will provide the holders of the Covered Bonds with liquidity or that any such liquidity will continue for the life of the Covered Bonds. If any person begins making a market for the Covered Bonds, it is under no obligation to continue to do so and may stop making a market at any time.

A secondary market for certain Series of Covered Bonds may not apply to other Series of Covered Bonds. Investors may not be able to sell their Covered Bonds easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Covered Bonds that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Covered Bonds generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Covered Bonds. This may have a negative impact on the liquidity of the Covered Bonds and cause low trading volumes. In similar vein, liquidity is likely to be very limited if the relevant Covered Bonds are not listed or no listing is obtained. The degree of liquidity may have a severely adverse effect on the market value of Covered Bonds, especially if the investors would be willing to sell the Covered Bonds within a short timeframe. In such circumstances, it is more likely that the Covered Bondholders will have to sell the Covered Bonds at a discount in comparison with the nominal value of the Covered Bonds.

Moreover, although pursuant to Condition 6.5. (*Purchases*) the Issuer can purchase Covered Bonds at any time, the Issuer is not obliged to do so. Purchases made by the Issuer could affect the liquidity of the secondary market of the Covered Bonds and thus the price and the conditions under which investors can negotiate these Covered Bonds on the secondary market.

Amendments to or discontinuance of EURIBOR or other reference rates may adversely affect the value and liquidity of and return on certain Covered Bonds

Amounts payable with respect to certain Covered Bonds may be determined by reference to reference rates such as the Euro Interbank Offered Rate (**EURIBOR**). Amendments to the way in which these reference rates are calculated or discontinuations of these reference rates can adversely affect the value of and return on those Covered Bonds.

Various interest rate benchmarks (including EURIBOR) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective, including the EU Benchmark Regulation (Regulation (EU) 2016/1011) (the **Benchmarks Regulation**), whilst others are still to be implemented.

The implementation of the anticipated reforms may result in changes to a benchmark's administration, causing it to perform differently than in the past, or to be eliminated entirely, or resulting in other consequences which cannot be predicted as at the date of this Base Prospectus. Any such consequence could have an adverse effect on any Covered Bonds linked to such a benchmark.

Under the Benchmarks Regulation, which applies from 1 January 2018 in general, new requirements apply with respect to the provision of a wide range of benchmarks (including EURIBOR), the contribution of input data to a benchmark and the use of a benchmark within the European Union. In particular, the Benchmarks Regulation has imposed, among other things, the following conditions (i) a requirement on benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) restrict certain uses by EU-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU-based, deemed equivalent or recognised or endorsed).

On 10 April 2019, the European Money Markets Institute (formerly EURIBOR-EBF) (the **EMMI**) applied for authorisation as administrator of the EURIBOR. On 2 July 2019, following the positive advice of the EURIBOR College of Supervisors, the FSMA granted the requested authorisation to EMMI, by application of the Benchmarks Regulation. The fact that EMMI has obtained authorisation as administrator of the EURIBOR, confirms that the requirements contained in the Benchmarks Regulation are met. Consequently, the benchmark may also be used since 1 January 2020.

Reforms and other pressures may cause one or more interest rate benchmarks to disappear entirely, to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted.

Condition 4.2(h) (*Benchmark replacement*) provides for certain fall-back arrangements in case a Benchmark Event occurs, such as the event that a relevant reference rate, such as EURIBOR becomes unavailable, for purposes of replacing the original reference rate and determining amendments to the calculation method for amounts payable. A brief summary of this mechanism is included in Section "*Amounts payable by reference to reference rates*") on page 173.

Any significant change to the setting or existence of EURIBOR or any other relevant interest rate benchmark could adversely affect the value and liquidity of and return on the Covered Bonds. Additionally, this could affect the ability of the Issuer to meet its obligations under the Covered Bonds.

The Covered Bondholders may be bound by amendments to the (Conditions of) the Covered Bonds to which they did not consent, which may result in less favorable terms of the Covered Bonds for all or certain Covered Bondholders

The Covered Bonds are subject to certain provisions allowing for the calling of meetings of Covered Bondholders to consider matters affecting their interests. See Condition 16 (*Meetings of Covered Bondholders*). These provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority. Covered Bondholders may have diverging interests and amendments considered beneficial by the majority of Covered Bondholders could be considered detrimental by a minority of Covered Bondholders, who would still be bound by the decision of the relevant majority.

Tax laws of the investors' jurisdiction and of the Issuer's jurisdiction may have an impact on the value and liquidity of and return on the Covered Bonds

Withholding tax, income and capital gains tax, tax on stock exchange transactions, financial transaction taxes and other present and future taxes imposed in the investor's or the Issuer's jurisdiction may affect the value and liquidity of and return on the Covered Bonds. See "*Taxation of the Covered Bonds in Belgium*" on page 178 for an overview of certain Belgian tax aspects relating to the Covered Bonds (but note that such overview is not exhaustive and does not cover tax aspects of any other jurisdiction).

In certain cases, the Issuer will pay additional ("gross-up") amounts to certain Covered Bondholders to cover certain taxes in relation to the Covered Bonds, as set out in Condition 7 (*Taxation*) on page 129. However, the scope of this "gross-up" obligation is limited to certain taxes and certain categories of persons. Additionally, the Issuer will be entitled to redeem the Covered Bonds prior to maturity in case of such gross-up obligation.

The Issuer is not restricted from issuing additional debt, and any future debt may be on better terms than the Covered Bonds

There is no restriction on the amount of debt that the Issuer may issue, which may rank senior to or *pari passu* with the Covered Bonds and which may benefit from security or guarantees that are not offered to the holders of Covered Bonds. The Issuer may also create additional Special Estates, and the holders of Covered Bonds will not have recourse to such additional Special Estates.

The issue of any such additional debt or securities may reduce the amount recoverable by Covered Bondholders upon the Issuer's bankruptcy or resolution (without prejudice to the Special Estate and the Over-collateralisation Test).

Reliance on the procedures of the Agent, Securities Settlement System and its (sub)-participants

The Dematerialised Covered Bonds will be represented exclusively by book entries in the records of the Securities Settlement System. Access to the Securities Settlement System is available through its Securities Settlement System participants whose membership extends to securities such as the Covered Bonds. Anyone who is not a participant in the Securities Settlement System that wants to invest in the Dematerialised Covered Bonds, must do so through a participant or a sub-participant. The Issuer relies on the Agent to enter the Dematerialised Covered Bonds in the Securities Settlement System and to receive and make payments in respect of the Dematerialised Covered Bonds through the Securities Settlement System.

Failures in the procedures or operations of the Securities Settlement System and/or its (sub)-participants can affect (timely) completion of transactions relating to the Covered Bonds.

Additionally, holders of Dematerialised Covered Bonds may be subject to insolvency risks of the Securities Settlement System and/or its (sub)-participants through which it holds Dematerialised Covered Bonds.

Covered Bonds issued as Green Bonds may not be a suitable investment for all investors seeking exposure to green or sustainable assets. Any failure to use the net proceeds of any Series of Green Bonds in connection with green or sustainable projects, and/or any failure to meet, or to continue to meet, the investment requirements of certain environmentally focused investors with respect to such Green Bonds may affect the value and/or trading price of the Green Bonds, and/or may have consequences for certain investors with portfolio mandates to invest in green or sustainable assets.

Neither the Issuer nor the Dealers make any representation as to the suitability for any purpose of any Compliance Opinion or whether any Green Bonds fulfil the relevant environmental and sustainability criteria. Prospective investors should have regard to the eligible green bond or sustainable bond projects and eligibility criteria described in the relevant Final Terms. Each potential purchaser of any Series of Green Bonds should determine for itself the relevance of the information contained in this Base Prospectus and in the relevant Final Terms regarding the use of proceeds and its purchase of any Green Bonds should be based upon such investigation as it deems necessary.

Further, although the Issuer may agree at the Issue Date of any Green Bonds to certain allocation and/or impact reporting and to use the proceeds for the financing and/or refinancing of green or sustainable projects (as specified in the relevant Final Terms), it would not be an event of default under the Green Bonds if (i) the Issuer were to fail to comply with such obligations or were to fail to use the proceeds in the manner specified in the relevant Final Terms and/or (ii) the Compliance Opinion were to be withdrawn. Any failure to use the net proceeds of any Series of Green Bonds in connection with green or sustainable projects, and/or any failure to meet, or to continue to meet, the investment requirements of certain environmentally focused investors with respect to such Green Bonds may affect the value and/or trading price of the Green Bonds, and/or may have consequences for certain investors with portfolio mandates to invest in green or sustainable assets.

Refer to the Section “Green Bonds” on page 177 below for further information on Green Bonds.

Reliance on other third parties

The Issuer has entered into agreements with a number of third parties which have agreed to perform services for the Special Estate. Such counterparties may not perform their obligations under the Programme Documents, which may result in the Special Estate not being able to meet its obligations under the Covered Bonds. This may have an adverse effect on a Covered Bondholder’s investment in the Covered Bonds and its return.

None of the third parties will have any obligation itself to advance payments that Borrowers fail to make in a timely fashion. Covered Bondholders will have no right to consent to or approve of any actions taken by such third parties.

RISKS RELATING TO THE SPECIAL ESTATE AND THE COVER ASSETS

Liquidity risk

Mismatches are possible in the rates of interest received on the Cover Assets and the rates of interest payable under the Covered Bonds. Moreover, the maturity and amortisation profile of the Cover Assets may not match the repayment profile and maturities of the Covered Bonds.

The Issuer (or the Cover Pool Administrator, as the case may be) may enter into Hedging Agreements and Liquidity Facility Agreements to alleviate such mismatches and to comply with the Liquidity Test (as described in Section “*Liquidity Test*” on page 82). Under the Conditions, the Issuer has also undertaken that it will ensure that the Special Estate will at all times include liquid bonds that have a market value which is higher than the amount of interest due and payable on the outstanding Covered Bonds within a period of three months (see Condition 2.6 (*Issuer undertaking*)).

However, it is possible that these arrangements will not fully mitigate these mismatches, for example because of unexpected developments of market interest rates, differences in the actual versus expected timing and amount of payments of principal and interest on the Cover Assets or non-compliance by or insolvency of the relevant Hedging Counterparties or Liquidity Facility Providers.

If such mismatches arise, the Issuer is still bound to make payments on the Covered Bonds in accordance with the applicable Conditions, but such payments may need to be made out of the Issuer’s General Estate instead of the Special Estate. Payments out of the Issuer’s General Estate are subject to the Issuer’s normal insolvency, recovery and resolution regime and ranking of creditors in the General Estate. Such claim of a Covered Bondholder in the General Estate would rank *pari passu* with all other present and future outstanding unsecured obligations of the Issuer, save for such obligations as may be preferred by law that are both mandatory and of general application (which includes the deposit holders which, in accordance with Article 389 of the Banking Law, have a lien on all movable assets in the General Estate). As this will cause the risk in relation to the Covered Bonds to increase, the value of the Covered Bonds may be adversely impacted.

Reliance on Hedging Counterparties

To provide a hedge against interest rate and/or other risks in respect of amounts received by the Issuer under the Residential Mortgage Loans forming part of the Cover Assets and under the other Cover Assets and the interest rate and amounts payable by the Issuer under the Covered Bonds, the Issuer may enter into a Hedging Agreement with a Hedging Counterparty in respect of a Series of Covered Bonds under a Hedging Agreement.

If the Issuer fails to make timely payments of amounts due under any Hedging Agreement, then it will have defaulted under that Hedging Agreement. A Hedging Counterparty is only obliged to make payments to the Issuer as long as the Issuer complies with its payment obligations under the relevant Hedging Agreement. If the Hedging Counterparty is not obliged to make payments or if it defaults on its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the Issuer on the due date for payment under the relevant Hedging Agreement, the Issuer will be exposed to any changes in the relevant rates of interest. Unless a replacement swap is timely entered into (which may be at worse terms than the original Hedging Agreement or which may not be possible at all), the Issuer may have insufficient funds to make payments to the Covered Bondholders under the Covered Bonds.

If a Hedging Agreement terminates, then the Issuer may be obliged to make a termination payment to the relevant Hedging Counterparty. There can be no assurance for the Covered Bondholders that the Issuer will have sufficient funds available to make a termination payment under the relevant Hedging Agreement, nor can there be any assurance that the Issuer will be able to enter into a replacement swap agreement or, if one is entered into, that the credit rating of the replacement swap counterparty will be

sufficiently high to prevent a downgrade of the then current ratings of the Covered Bonds by a Rating Agency. Any such downgrade may have an adverse effect on the value of the Covered Bonds.

Following a decision of the Cover Pool Administrator to early redeem the Covered Bonds pursuant to Article 11, 6° and 7° of Annex III to the Banking Law or following the delivery of a Notice of Default and with respect to funds derived from the Special Estate, if the Issuer is obliged to pay a termination payment under any Hedging Agreement that constitutes a Cover Asset, such termination payment will rank *pari passu* with amounts due on the Covered Bonds, except where default by, or downgrade of, the relevant Hedging Counterparty has caused the relevant swap agreement to terminate (See Condition 9 (*Priorities of payments*)). Additionally, Covered Bondholders should consider reinvestment risk in light of other investments available at that time.

Factors that may affect the realisable value of the Special Estate or of the Cover Assets

The Covered Bondholders together with the Other Cover Pool Creditors will have an exclusive recourse against the Special Estate. Since the economic value of the Cover Assets may increase or decrease, the value of the Special Estate may decrease over time (for example, if there is a general decline in property values or default of Borrowers). Without prejudice to the obligation to comply with the Statutory Tests, the Issuer makes no representation, warranty or guarantee that the value of the Cover Assets will remain at the same level as it was on the date of the origination of the related Residential Mortgage Loan or at any other time.

The realisable value of Residential Mortgage Loans registered as Cover Assets and their Related Security comprising part of the Special Estate may be reduced by:

- default by borrowers (each borrower being, in respect of a Residential Mortgage Loan, the person specified as such in the relevant mortgage terms together with each person (if any) who assumes from time to time an obligation to repay such Loan (the **Borrower**) in payment of amounts due on their Residential Mortgage Loan;
- changes to the lending criteria of the Issuer; and
- decline in real estate values.

Each of these factors is considered in more detail below and may have an adverse effect on the Issuer's business, financial condition or obligations under the Covered Bonds.

Default by Borrowers in paying amounts due on their Residential Mortgage Loan

Borrowers may default on their obligations under the Residential Mortgage Loans. Defaults may occur for a variety of reasons. The Residential Mortgage Loans are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies. Other factors in Borrowers' individual, personal or financial circumstances may affect the ability of Borrowers to repay the Residential Mortgage Loans. Loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies or collective debt arrangements of Borrowers, and could ultimately have an adverse impact on the ability of Borrowers to repay the Residential Mortgage Loans. In addition, the ability of a Borrower to sell a property given as security for a Residential Mortgage Loan at a price sufficient to repay the amounts outstanding under that Residential Mortgage Loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property and property values in general at the time.

As Residential Mortgage Loans with respect to properties located in Belgium constitute the main asset category of the Special Estate, the above factors (or a combination of them) may have an adverse effect on mortgage borrowers' ability to meet their obligations under the Residential Mortgage Loans. This could reduce the value of the Residential Mortgage Loans and, ultimately, could result in losses for the Covered Bondholders if the Special Estate is liquidated. The ultimate effect of this could be to delay or reduce the payments on the Covered Bonds.

In addition, even though the Issuer is required to register additional assets (for example, Residential Mortgage Loans) in the Special Estate if the value of the Special Estate decreases to such an extent that the Cover Tests would no longer be met, there can be no assurance that the Issuer will be in a position to originate or add new assets to the Special Estate in the future (for a description of the Cover Tests see section 6 (*Over-Collateralisation and Tests*) under “*Summary of the Belgian Covered Bonds Legislation*”).

As mentioned above (see “*Credit risks (medium risk)*”), the adverse economic conditions related to the coronavirus pandemic above could affect the Borrowers’ willingness or ability to meet their obligations, resulting in increased defaults in the Residential Mortgage Loan. In particular, it is uncertain that the resumption of activity in Belgium and abroad will not be further compromised by new containment measures which would be dictated by a resurgence of the pandemic in the future. This possibility remains a significant risk and the resulting adverse impact on the economy could be deepened. The Belgian governmental measures in Belgium include, amongst others, a right for certain Borrowers that are in distress due to the COVID-19 outbreak to request a so-called “payment holiday”. Provided that certain conditions are satisfied under such “payment holiday” framework, such Borrowers have already been granted or may be granted an extension of scheduled repayments of principal with a maximum of, at the date of this Base Prospectus, 6 months (with a deferment end date of 31 October 2020 at the latest). This may result in payment disruptions and possibly increased default by Borrowers in paying amounts due on their Residential Mortgage Loan.

Changes to the lending criteria of the Issuer

Each of the Residential Mortgage Loans originated by the Issuer will have been originated in accordance with its lending criteria applicable at the time of origination. It is expected that the Issuer's lending criteria will generally consider, *inter alia*, type of property, term of loan, age of applicant, the loan-to-value ratio, status of applicant and credit history. The Issuer retains the right to revise its lending criteria from time to time but would do so only to the extent that such a change would be acceptable to a reasonable, prudent mortgage lender. If the lending criteria change in a manner that affects the creditworthiness of the Residential Mortgage Loans, that may lead to increased defaults by Borrowers and may affect the realisable value of the Special Estate, or part thereof, and the ability of the Issuer to make payments under the Covered Bonds.

Decline in real estate values and geographical concentration of the Residential Mortgage Loans

The Residential Mortgage Loans may be affected by, among other things, a decline in real estate values. Certain geographic regions will from time to time experience weaker regional economic conditions and housing markets than will other regions and, consequently, may experience higher rates of loss and delinquency on mortgage loans generally. Although borrowers are located throughout Belgium, the Borrowers may be concentrated in certain locations. Any deterioration in the economic condition of the areas in which the Borrowers are located, or any deterioration in the economic condition of other areas that causes an adverse effect on the ability of the Borrowers to repay the Residential Mortgage Loans could increase the risk of losses on the Residential Mortgage Loans. A concentration of Borrowers in such areas may therefore result in a greater risk of loss than would be the case if such concentration had not been present. Such losses, if they occur, could have an adverse effect on the yield to maturity of the Covered Bonds as well as on the repayment of principal and interest due on the Covered Bonds. Certain areas of Belgium may from time to time experience declines in real estate values. No assurance can be given that values of the underlying properties have remained or will remain at their levels on the dates

of origination of the related Residential Mortgage Loans. If the residential real estate market in Belgium in general, or in any particular region, should experience an overall decline in property values such that the outstanding balances of the Residential Mortgage Loans become equal to or greater than the value of the underlying properties, such a decline could in certain circumstances result in the value of the interest in the underlying property securing the Residential Mortgage Loans being significantly reduced and, ultimately, may affect the repayment of the Covered Bonds.

Sale of Residential Mortgage Loans and their Related Security by the Cover Pool Administrator

Following the appointment of a Cover Pool Administrator, the Cover Pool Administrator, or any person appointed by the Cover Pool Administrator, will be entitled to sell in whole or in part the Cover Assets in order to help satisfy the Issuer's obligations in respect of the Covered Bonds. Without prejudice to the powers of the Cover Pool Administrator to liquidate the Special Estate in the circumstances set out above (included in Article 11 of Annex III to the Banking Law), the Cover Pool Administrator needs the approval of the Supervisor and of the Representative for every transaction, including the sale of Cover Assets, that entails that the Cover Tests, the Liquidity Test or the contractual provisions can no longer be fulfilled.

There is no guarantee that the Cover Pool Administrator will be able to sell in whole or in part the Cover Assets as the Cover Pool Administrator may not be able to find a buyer at the time it chooses to sell. In such case, there may be insufficient funds to pay the amounts due to the Covered Bondholders.

Transfer of the Special Estate in a situation of distress

The Supervisor may appoint a Cover Pool Administrator in the circumstances set out in Article 8 of Annex III to the Banking Law. If in addition bankruptcy proceedings are initiated against the Issuer, the Cover Pool Administrator may, subject to the approval of the Supervisor and following consultation with the Representative, transfer the Special Estate (i.e. all assets and liabilities) and its management to an institution which will be entrusted with the continued performance of the obligations to the Covered Bondholders in accordance with the applicable Conditions.

Even though the rights of the Covered Bondholders against the Special Estate will be maintained and will follow the Special Estate on any such transfer, investors should be aware that in such circumstances the obligor under the Covered Bonds will be the institution to which the Special Estate is transferred. Any such transfer and change of debtor will be discussed with the Covered Bondholders' Representative but will not require the consent of the Covered Bondholders.

In a similar vein, within the framework of resolution measures taken in accordance with the provisions of the Banking Law, the Resolution Authority of the NBB may under certain conditions impose a transfer of all or part of the assets and/or liabilities of the Issuer to (a) a bridge institution (*instrument van de overbruggingsinstelling/instrument de l'établissement-relais*), (b) a specially created asset management vehicle (*instrument van afsplitsing van activa/instrument de séparation des actifs*), or (c) another acquirer (*instrument van verkoop van de onderneming/instrument de cession des activités*) (Article 255 and the following of the Banking Law). Such transfer may include the Special Estate. In such event, the rights of the Covered Bondholders will be maintained and transferred together with the cover assets that form the Special Estate. It can however not be guaranteed that any such transfer has no adverse effect on the value of the Covered Bonds.

Other Cover Pool Creditors and subordination

The Conditions provide, in accordance with the Belgian Covered Bonds Legislation, that the Other Cover Pool Creditors (as defined in Condition 1 (*Interpretation*)) also have recourse against the Special Estate. These include the Representative, any Hedging Counterparty, any Liquidity Facility Provider and the Cover Pool Administrator as well as the Other Cover Pool Creditors (each as defined in Condition 1 (*Interpretation*)).

Moreover, in accordance with the Post Event of Default Priority of Payments and the Early Redemption Priority of Payments (see Condition 9 (*Priorities of payments*)) the claims of the Covered Bondholders may be subordinated to the claims of the Representative, the Cover Pool Monitor, the Cover Pool Administrator and the Other Cover Pool Creditors and will rank *pari passu* with the claims of any Hedging Counterparty and any Liquidity Facility Provider (subject to certain exceptions).

As a result, it is possible that none or only part of the proceeds of the Special Estate are applied in satisfaction of amounts due and payable to the Covered Bondholders which may result in a loss to Covered Bondholders.

Covered Bondholders may not immediately accelerate the Covered Bonds upon a breach of the Statutory Tests or an Issuer's bankruptcy

Breach of the Statutory Tests and the opening of bankruptcy proceedings with respect to the Issuer will not give them the right to declare the Covered Bonds immediately due and payable. Covered Bonds which have not yet reached their maturity will not automatically accelerate as a result of a breach of the Statutory Tests or the opening of a bankruptcy procedure against the Issuer, without prejudice to an early repayment of the Covered Bonds and liquidation of the Special Estate pursuant to Article 11, 6° and 7° of Annex III to the Banking Law (see "*Summary of the Belgian Covered Bonds Legislation*").

The Supervisor may appoint a Cover Pool Administrator in certain circumstances including, (a) upon the adoption of a reorganisation measure against the Issuer if such measure, in the opinion of the Supervisor, may negatively affect the Covered Bondholders, (b) upon the initiation of bankruptcy proceedings against the Issuer, (c) upon the removal of the Issuer from the list of Belgian covered bonds issuers, or (d) in circumstances where the situation of the Issuer is such that it may seriously affect the interest of the Covered Bondholders.

Upon appointment, the Cover Pool Administrator will manage the Special Estate with a view to satisfying the obligations in relation to the Covered Bonds as provided for in the Conditions. The Cover Pool Administrator is legally entrusted with all necessary and relevant powers to manage the Special Estate.

On the initiation of bankruptcy proceedings against the Issuer, the Cover Pool Administrator may also in certain circumstances proceed with the liquidation of the Special Estate and with the early repayment of the Covered Bonds. This is where the Cover Assets are not sufficient or risk not being sufficient to satisfy the obligations under the Covered Bonds (subject to approval by the Supervisor) or when a decision to that effect has been taken at a Meeting of Covered Bondholders at which at least two thirds of the principal amount of all Covered Bonds of all Series is represented. Such early repayment may have an adverse effect on the value of the Covered Bonds, which is outlined in Section "*The Issuer may redeem the Covered Bonds prior to their stated maturity, subject to certain conditions*" on page 28.

Other than pursuant to an Event of Default under Condition 8 (*Events of Default and Enforcement*) or pursuant to Article 11, 7° of Annex III to the Banking Law, the Covered Bondholders cannot direct an acceleration of the Covered Bonds.

Belgian bankruptcy proceedings

Although any bankruptcy proceedings with respect to the Issuer would be limited to the General Estate, there may be some adverse consequences with respect to the Special Estate as well.

Pursuant to the Belgian Covered Bonds Legislation, an insolvency administrator has a legal obligation to cooperate with the Supervisor and the Cover Pool Administrator in order to enable them to manage the Special Estate in accordance with the Belgian Covered Bonds Legislation. There may be certain practical difficulties in this respect which may cause a delay in the execution of the obligations of the Special Estate towards the Covered Bondholders and the Other Cover Pool Creditors.

On the initiation of bankruptcy proceedings against the Issuer, an insolvency administrator is entitled, after consultation with the Supervisor, to require that the assets, which are with certainty no longer necessary as Cover Assets, return to the General Estate. The preparatory works of the Covered Bonds Law specify that the determination as to whether certain cover assets constitute a surplus that is not necessary for the payment of the covered bondholders must take place in consultation with the Supervisor and must take into account not only the regulatory requirements but also, as the case may be, the maintenance of the ratings assigned by external credit ratings agencies. Even so, this would affect the value of the Special Estate and there can be no assurance that it would not affect the repayment of the Covered Bonds.

Commingling risk

In the event of bankruptcy of the Issuer, the ability of the assets comprising the Special Estate to generate funds to make timely payments on the Covered Bonds will in part depend on whether the Special Estate has been maintained in compliance with the statutory requirements (see section headed “*Summary of the Belgian Covered Bonds Legislation*”). To the extent that the bank accounts into which collections in respect of the Special Estate are paid or where funds are otherwise held for the Special Estate are held with the Issuer, a commingling risk cannot, as a practical matter, be excluded. This risk is mitigated to some extent by the revindication mechanism provided in Article 3, second indent of Annex III to the Banking Law pursuant to which the property rights over any amounts that are part of the Special Estate but that cannot be identified as such in the General Estate are transferred by operation of law to other unencumbered assets in the General Estate selected in accordance with the criteria specified in Condition 12.1 (*Criteria for the transfer of assets by the General Estate to the Special Estate*).

Nevertheless, to the extent that certain underlying debtors are not notified on time or otherwise continue to make payments to the Issuer accounts or to the extent that cash may not be able to be withdrawn from such accounts in such circumstances, the Special Estate or the Cover Pool Administrator, as the case may be, may not be in a position to make timely payments. This risk is mitigated to some extent by the undertaking of the Issuer that it will ensure that the Special Estate will at all times include liquid bonds, meeting certain specified criteria, that have a market value which is higher than the amount of interest due and payable on the outstanding Covered Bonds within a period of three months (See Condition 2.6 (*Issuer undertaking*)).

However, to the extent that there are not enough unencumbered assets available for purposes of revindication as set out above, the Covered Bonds may be repaid later than expected or not at all.

Set-Off risk

Under Belgian law, legal set-off occurs where two persons hold claims against each other, provided, in general, that their debts exist, are fungible, liquid (*vaststaand/liquide*) and due (*opeisbaar/exigible*). As a result, set-off rights may arise in respect of cross-claims between an underlying debtor of a Residential Mortgage Loan and the Issuer, potentially reducing amounts receivable by the Special Estate.

Pursuant to the law of 3 August 2012 on various measures to facilitate the mobilisation of receivables in the financial sector (*Wet van 3 augustus 2012 betreffende diverse maatregelen ter vergemakkelijking van de mobilisering van schuldvorderingen in de financiële sector/Loi du 3 août 2012 relative à des mesures diverses pour faciliter la mobilisation de créances dans le secteur financier*), as amended and/or supplemented and/or restated from time to time (the **Mobilisation Law**), the underlying debtor may no longer invoke set-off of the debt with any claim that would arise after, or in respect of which the conditions for legal set-off would not met prior to, the earlier of, (a) the notification of the registration/transfer of the relevant loan to the underlying debtor (or acknowledgement thereof by the underlying debtor), to the extent the conditions for set-off are only satisfied after such notification (or acknowledgement), or (b) regardless of any notification or acknowledgement of the registration/transfer, following the start of insolvency proceedings or the occurrence of a situation of concurrence of creditors

(*samenloop/concours*) in relation to the Issuer, to the extent the conditions for set-off are only satisfied following or as a result of such insolvency proceedings or concurrence of creditors.

The Special Estate may nevertheless still be subject to the rights of the underlying debtors of Residential Mortgage Loans to invoke set-off against the Special Estate to the extent that the relevant claims against the Issuer arise, or the conditions for set-off against the Issuer are met, prior to the earlier of, (a) the notification (or acknowledgement) of the registration of the loan, or (b) the start of insolvency proceedings or the occurrence of a situation of concurrence of creditors in respect the Issuer. The exercise of set-off rights by underlying debtors may adversely affect the value of the Special Estate, may additionally affect any sale proceeds of the Special Estate and may ultimately affect the ability of the Issuer or the Cover Pool Administrator, as applicable, to make payments to the Covered Bondholders under the Covered Bonds.

Mortgage mandates

Pursuant to the Belgian Covered Bonds Legislation, a Residential Mortgage Loan which is partly secured by a mortgage mandate may be included in the Special Estate. Subject to certain valuation rules (see "*Summary of the Belgian Covered Bonds Legislation*"), the amounts secured by the mortgage mandate may be taken into account for the purposes of the Cover Tests.

Covered Bondholders should be aware that such mortgage mandate is not a security and that it will only provide a security interest once the mandate has been exercised and a mortgage has been registered. Accordingly, prior to such exercise, the Special Estate will not benefit from any security in respect of that portion of a Residential Mortgage Loan covered by the mortgage mandate. Moreover, in certain circumstances as further set out below, exercise of a mandate may no longer be possible or may no longer result in valid and effective security.

The following limitations, amongst others, exist in relation to the conversion of mortgage mandates:

- the Borrower or the third party collateral provider that has granted a mortgage mandate may grant a mortgage to a third party that will rank ahead of the mortgage to be created pursuant to the conversion of the mortgage mandate, although this would generally constitute a contractual breach of the standard loan documentation;
- if a conservatory or an executory attachment of the real property covered by the mortgage mandate has been filed by a third party creditor of the borrower or, as the case may be, of the third party collateral provider, a mortgage registered pursuant to the exercise of the mortgage mandate after the writ of attachment has been recorded at the mortgage register will not be enforceable against the creditor who filed the attachment;
- if the borrower or the third party collateral provider is a merchant:
 - the mortgage mandate can no longer be converted following the bankruptcy of the borrower or, as the case may be, the third party collateral provider and any mortgage registered at the mortgage register after the bankruptcy judgment is void; and
 - a mortgage registered at the mortgage register pursuant to the exercise of a mortgage mandate during the pre-bankruptcy investigation period (i.e., after the date of cessation of payments that may be fixed by the court) for a pre-existing loan will not be enforceable against the bankrupt estate. Under certain circumstances, the clawback rules are not limited in time, for example, where a mortgage has been granted pursuant to a mortgage mandate and in order to "fraudulently prejudice" creditors; and
 - mortgages registered after the day of cessation of payments of debt can be declared void by the bankruptcy court, if the registration was made more than fifteen days after the creation of the mortgage; and

- the effect of a judicial reorganisation (*gerechtelijke reorganisatie/réorganisation judiciaire*) of a borrower or of a third party collateral provider on the mortgage mandate is uncertain;
- if the borrower or the third party collateral provider, as the case may be, is an individual (non-merchant) and started collective debt settlement proceedings, a mortgage registered at the mortgage register after the court has declared the request admissible is not enforceable against the other creditors of the borrower or of the third party collateral provider;
- besides the possibility that the borrower or the third party collateral provider may grant a mortgage to another lender discussed above, the mortgage to be created pursuant to a mortgage mandate may also rank behind certain statutory mortgages (such as, for example, the statutory mortgage of the tax and the social security authorities) to the extent these mortgages are registered before the exercise of the mortgage mandate. In this respect, it should be noted that the notary involved in preparing the mortgage deed will need to notify the tax administration, and, as the case may be, the social security administration before finalising the mortgage deed pertaining to the creation of the mortgage;
- if the borrower or the third party collateral provider, as the case may be, is an individual, certain limitations apply to the conversion of the mortgage mandate into a mortgage if the Borrower or third party collateral provider dies before the conversion; certain limitations also apply in case of a dissolution of the borrower or third party collateral provider that is a legal person.

In addition, prior to such exercise, third parties acting in good faith may register prior-ranking mortgages.

Once a mandate is exercised, the ensuing mortgage will rank at the highest level available at the time of registration of such mortgage.

To the extent that the mortgage secures any other loans made by the Issuer to the same grantor that are not included in the Special Estate, all proceeds received out of the enforcement of the mortgage will be applied in priority in satisfaction of the obligations under the relevant loans that are included in the Special Estate (see also Condition 12.3 (*Priority Rules regarding security interest securing both Cover Assets and assets in the General Estate*)).

Limited description of the Special Estate

Other than receipt of the Investor Report, the Covered Bondholders will not receive detailed statistics or information in relation to the Cover Assets in the Special Estate. There is no assurance that the characteristics of the Cover Assets allocated to the Special Estate on the relevant Issue Date will be the same as those Cover Assets in the Special Estate as at any date thereafter. As such, it is possible that the composition of the Special Estate changes after the date of this Base Prospectus and these changes may have an adverse effect on the Issuer's financial position and its ability to perform its obligations under the Covered Bonds.

Credit ratings of the Covered Bonds

The Rating Agencies may assign ratings to an issue of Covered Bonds. The expected credit ratings of the Covered Bonds, if applicable, are set out in the applicable Final Terms for each Series of Covered Bonds. There is no guarantee that ratings will be assigned or maintained by the Issuer following the date of this Base Prospectus. A Rating Agency may lower its rating or withdraw its rating if, in the sole judgment of that Rating Agency, the credit quality of the Covered Bonds has declined or is in question. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal by the rating agency at any time.

If any credit rating assigned to the Covered Bonds is lowered or withdrawn, the market value of the Covered Bonds may reduce.

INFORMATION RELATING TO THE ISSUER

This section provides a description of the Issuer's business activities as well as certain financial information in respect of the Issuer. In this section, as in the rest of this Base Prospectus, the term **Issuer** refers to KBC Bank NV. The Issuer together with its subsidiaries are referred to in this Base Prospectus as **KBC Bank Group**. The Issuer is a wholly-owned subsidiary of **KBC Group NV**. KBC Group NV together with its subsidiaries (including the Issuer) are referred to as **KBC Group** or the **Group**.

Any documentation referred to in this Base Prospectus, but not incorporated by reference, shall not be part of this Base Prospectus and has not been scrutinised or approved by the FSMA.

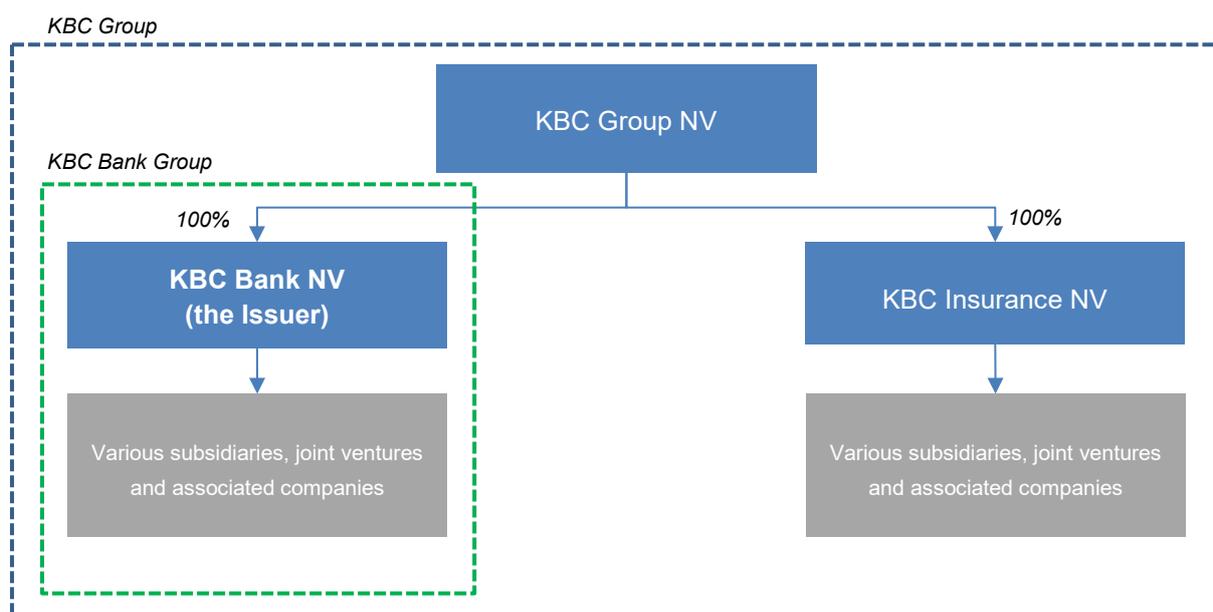

CORPORATE STRUCTURE, SHARE CAPITAL AND CREDIT RATINGS

General information

The Issuer was established in Belgium in 1998 as a bank in the form of a limited liability company (*naamloze vennootschap / société anonyme*) for an unlimited duration and operates under the laws of Belgium. The Issuer's Belgian enterprise number is 0462.920.226 and its LEI code is 6B2PBRV1FCJDMR45RZ53. The Issuer is registered in the register of legal persons (*rechtspersonenregister (RPR) / registre des personnes morales (RPM)*) of the Dutch-speaking enterprise court of Brussels. The Issuer's registered office is at Havenlaan 2, B-1080 Brussels, Belgium, its telephone number is (+32) (0) 2 429 11 11 and its website is www.kbc.com. The information on the Issuer's website does not form part of this Base Prospectus and has not been scrutinised or approved by the FSMA, except to the extent that such information is explicitly incorporated by reference in this Base Prospectus (see Section "Documents incorporated by reference" on page 192 of this Base Prospectus). The Issuer is registered as a credit institution with the National Bank of Belgium.

The Issuer as a wholly-owned subsidiary of KBC Group NV and part of the KBC Group

The Issuer is a wholly-owned subsidiary of KBC Group NV and is part of the KBC Group, on which it depends for certain group functions and because of the integrated regulatory and solvency supervision. A simplified schematic of KBC Group's legal structure is provided below.

The major other subsidiary of KBC Group NV is KBC Insurance NV. The Issuer co-operates closely with KBC Insurance NV, amongst others, in relation to distribution of insurance products and depends on it for the further implementation of the bank-insurance model.

The Issuer and KBC Insurance NV each have a number of subsidiaries. The Issuer's subsidiaries are mainly banking and other financial entities in Central and Eastern Europe and in other selected countries, such as Ireland. The Issuer also acts as funding provider for a number of its subsidiaries.

A list of the subsidiaries of the Issuer can be found on pages 170 and following of the Issuer's 2019 Annual Report.

Share capital and shareholder

As at the date of this Base Prospectus, the Issuer's share capital was EUR 9,732 million and consisted of 995,371,469 ordinary shares which are held by KBC Group NV. The share capital is fully paid up.

The shares of the Issuer's parent company, KBC Group NV, are listed on Euronext Brussels. An overview of the shareholding of KBC Group NV is available on the website at www.kbc.com. The core shareholders of KBC Group NV are KBC Ancora, CERA, MRBB and a group of legal entities and individuals referred to as 'Other core shareholders'. The overview of shareholding is not incorporated in and do not form part of this Base Prospectus and it has not been and will not be scrutinised or approved by the FSMA.

Credit ratings

As at the date of this Base Prospectus, the following long term credit ratings have been assigned to the Issuer with the cooperation of the Issuer in the rating process:

Fitch

A+

According to Fitch's Rating Definitions, an A rating is described as high credit quality. 'A' ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories.

Moody's

A1

According to Moody's Rating Symbols and Definitions, obligations rated A are judged to be upper-medium grade and are subject to low credit risk. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category

Standard and Poor's

A+

According to Standard and Poor's Global Ratings Definitions, an obligor rated 'A' has strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in higher-rated categories. The addition of a plus (+) or minus (-) sign shows relative standing within the rating categories.

More information regarding the Issuer's long term credit ratings can be found in the latest credit opinion from the relevant credit rating agencies, available at <https://www.kbc.com/en/credit-ratings> and in the applicable rating methodologies published by the relevant credit rating agencies. None of that website, those credit opinions or those rating methodologies are incorporated by reference in or form part of this Base Prospectus, and they have not been scrutinised or approved by the FSMA.

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. The Issuer does not represent that it will maintain any level of credit rating, or any credit rating at all, with any credit rating agency.

These credit ratings relate to the Issuer's financial obligations generally, and not to any specific financial obligation such as the Covered Bonds or any Series thereof. If a certain Series of Covered Bonds is assigned an issue-specific credit rating on or prior to the issuance with the cooperation of the Issuer in the rating process, this may be specified in the applicable Final Terms.

Each credit rating agency referred to above is established in the EEA and is listed on the "List of Registered and Certified CRA's" as published by ESMA in accordance with Article 18(3) of Regulation (EC) No. 1060/2009 on credit rating agencies (the **CRA Regulation**). If an issue-specific credit rating is specified in the applicable Final Terms, then those Final Terms will also specify whether that credit rating is (1) issued by a credit rating agency established in the EEA and registered under the CRA Regulation, or (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a credit rating agency which is established in the EEA and registered under the CRA Regulation or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation.

ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES

Board of directors and Executive Committee

The Issuer is administered by a Board of Directors and an Executive Committee in accordance with the relevant legal requirements.

The Issuer's Board of Directors is empowered to determine the company's general policy and strategy and to perform all acts which, by law, are reserved specifically for it. The Board of Directors is responsible for supervising the Executive Committee.

The Issuer's Executive Committee is empowered to perform all acts that are necessary or useful in achieving the company's object, apart from those that the General Meeting of Shareholders is empowered to perform by law and those reserved for the Board of Directors by law.

The Issuer's corporate purpose is set out in Article 2 of its Articles of Association. It includes the execution of all banking operations in the widest sense, as well as the exercise of all other activities which banks are or shall be permitted to pursue and all acts that contribute directly or indirectly thereto.

To the extent these laws and regulations apply to the Issuer, the Issuer complies with the laws and regulations of Belgium regarding corporate governance.

As at the date of this Base Prospectus, the members of the Board of Directors are the following:

Name and business address	Position	Expiry date of current term of office	External offices
DEBACKERE Koenraad Oude Markt 13 3000 Leuven	Non-executive director	2024	KBC Verzekeringen NV, non-executive director KBC Groep NV, non-executive director Umicore, non-executive director

Audit Committee

The Audit Committee has been set up by the Board of Directors and has – with some limited exceptions – an advisory role. The Audit Committee, among other things, monitors the financial reporting process and submits recommendations or proposals to ensure its integrity, and monitors the effectiveness of the internal control and the risk management in place.

The powers and composition of the Audit Committee, as well as its way of functioning, are extensively dealt with in the Corporate Governance Charter of the Issuer which is published on www.kbc.com. The Corporate Governance Charter is not incorporated by reference and does not form part of this Base Prospectus, and it has not been scrutinised or approved by the FSMA.

The members of the Issuer’s Audit Committee are:

- Marc Wittemans (chairman);

- Nabil Ariss (independent director); and
- Bo Magnusson (independent director).

Risk and compliance committee

The Risk and Compliance Committee has been set up by the Board of Directors and has an advisory role. The Risk and Compliance Committee, among other things, provides advice to the Board of Directors about the current and future risk appetite and risk strategy.

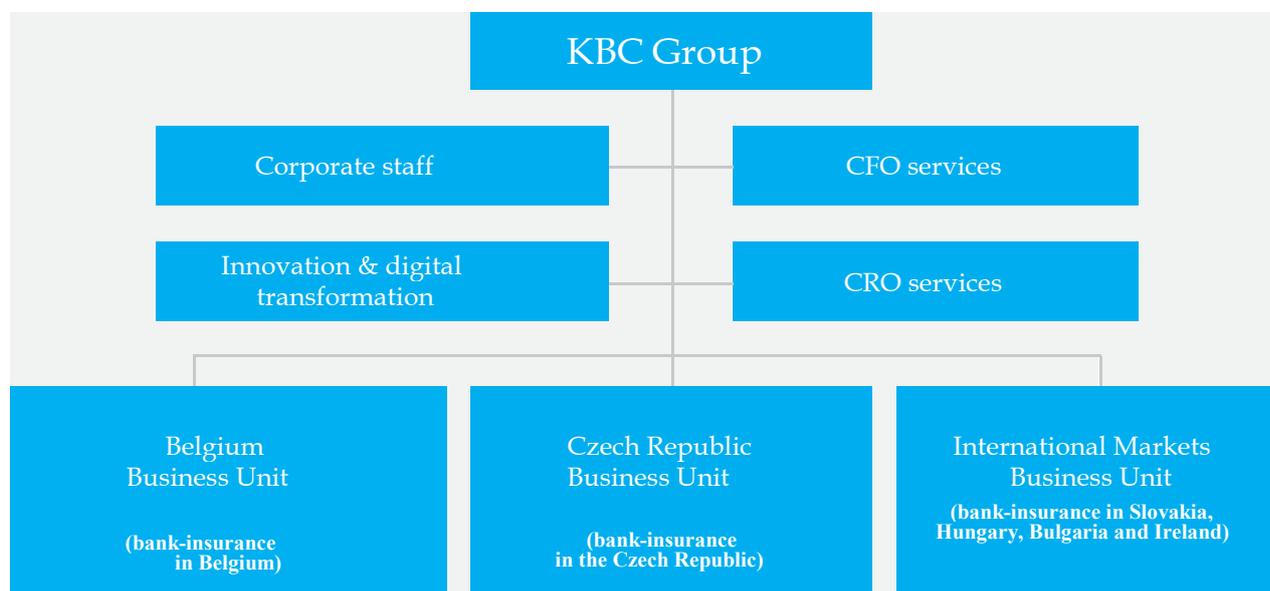

The powers and composition of the Risk and Compliance Committee, as well as its way of functioning, are extensively dealt with in the Issuer's Corporate Governance Charter, which is available on www.kbc.com. The Corporate Governance Charter is not incorporated by reference and does not form part of this Base Prospectus, and it has not been scrutinised or approved by the FSMA.

The members of the Issuer's Risk and Compliance Committee are:

- Franky Depickere (chairman);
- Nabil Ariss (independent director); and
- Bo Magnusson (independent director).

Management structure

The KBC Group's strategic choices are fully reflected in the group structure, which consists, as at the date of this Base Prospectus, of a number of business units and support services and which are presented in simplified form as follows:

The management structure of both the KBC Group and the KBC Bank Group essentially comprises:

- the three business units, which focus on local business and are expected to contribute to sustainable profit and growth:
 - Belgium Business Unit;
 - Czech Republic Business Unit; and

- International Markets Business Unit: this encompasses the other core countries in Central and Eastern Europe (the Slovak Republic, Hungary and Bulgaria) and Ireland;
- the pillars ‘CRO Services’ and ‘CFO Services’ (which act as an internal regulator, and whose main role is to support the business units), ‘Corporate Staff’ (which is a competence centre for strategic know-how and best practices in corporate organisation and communication) and ‘Innovation and digital transformation’.

Each business unit is headed by a Chief Executive Officer (CEO), and these CEOs, together with the CEO, the Chief Risk Officer (CRO), the Chief Innovation Officer (CIO) and the Chief Financial Officer (CFO) constitute the executive committee.

Conflicts of interest

The Issuer is not aware of any potential conflicts of interest between the duties to the Issuer of the members of the Board of Directors detailed above and their private interests or other duties.

THE ISSUER'S BUSINESS

The strategy of KBC Group

The Issuer's strategy is fully embedded in the strategy of its parent company, KBC Group NV. A summary is given below of the strategy of KBC Group, where the Issuer is essentially responsible for the banking business and KBC Insurance NV for the insurance business.

KBC Group's strategy rests on four principles:

- We place our clients at the centre of everything we do.
- We look to offer our clients a unique bank-insurance experience.
- We focus on our group's long-term development and aim to achieve sustainable and profitable growth.
- We meet our responsibility to society and local economies.

We implement our strategy within a strict risk, capital and liquidity management framework.

A summary of KBC Group's strategy is set out on pages 18 to 34 of the Issuer's 2019 Annual Report, which is incorporated by reference into this Base Prospectus as set out in Section "*Documents incorporated by reference*" on page 192. See Section "*Where more information can be found*" on page 196 for information on where you can find the Issuer's 2019 annual report.

More detailed information regarding KBC Group's strategy can be found on pages 32 to 67 of KBC Group's 2019 Annual Report, which is available at https://www.kbc.com/content/dam/kbccom/doc/investor-relations/Results/JVS-2019/JVS_2019_GRP_en.pdf. KBC Group's 2019 Annual Report is not incorporated by reference into and does not form part of this Base Prospectus, and it has not been scrutinised or approved by the FSMA for purposes of this Base Prospectus. On 6 August 2020, KBC Group NV announced that it would provide a strategy update together with the results for the third quarter of 2020 (12 November 2020), while new long-term guidance and the capital deployment plan will be updated when the results for full-year 2020 are published (11 February 2021).

General description of the Issuer's activities

The KBC Bank Group is a multi-channel banking group that caters primarily to private persons, small and medium-sized enterprises (SMEs) and midcaps. Its geographic focus is on Europe. In its "home" (or "core") markets Belgium, the Czech Republic, the Slovak Republic, Hungary, Bulgaria and Ireland, the KBC Bank Group has important and (in some cases) even leading positions (based on internal data). The KBC Bank Group is also present in other countries where the primary focus is on supporting the corporate clients of the home markets.

The KBC Bank Group's core business is retail and private bank-insurance (including asset management), although it is also active in providing services to corporations and market activities. Across most of its home markets, the KBC Bank Group is active in a large number of products and activities, ranging from the plain vanilla deposit, credit, asset management and insurance businesses (via the Issuer's sister company, KBC Insurance NV) to specialised activities such as, but not exclusively, payments services, dealing room activities (money and debt market activities), brokerage and corporate finance, foreign trade finance, international cash management, leasing, etc.

Activities in Belgium

Market position of the bank network in Belgium, end of 2019

Market share (estimates by the Issuer)	Banking products* 20% Investment funds 30%
Bank branches	518

* Average of the share in credits and the share in deposits.

The KBC Bank Group had, at the end of 2019, a network of 518 bank branches in Belgium: KBC Bank branches in Flanders, CBC Banque branches in Wallonia and KBC Brussels branches in the Brussels area. The branches focus on providing clients with a broad area of credit (including mortgage loans), deposit, investment fund and other asset management products, insurance products (in cooperation with the Issuer's sister company, KBC Insurance NV) and other specialised financial banking products and services. The KBC Bank Group's bricks-and-mortar networks in Belgium are supplemented by electronic channels, such as ATMs, telephones and the Internet (including a mobile banking app). KBC Bank, CBC Banque and KBC Brussels serve, based on their own estimates, approximately 3.3 million clients.

KBC Group considers itself to be an integrated bank-insurer. Certain shared and support services are organised at KBC Group level, serving the entire KBC Group, and not just the bank or insurance businesses separately. It is the KBC Group's aim to continue to actively encourage the cross-selling of bank and insurance products. The success of KBC Group's integrated bank-insurance model is in part due to the cooperation that exists between the bank branches and the insurance agents of KBC Insurance NV and CBC Assurance, whereby the branches sell standard insurance products to retail customers and refer their customers to the insurance agents for non-standard products. Claims-handling is the responsibility of the insurance agents, the call centre and the head office departments at KBC Insurance NV.

At the end of 2019, the KBC Bank Group had, based on its own estimates (see table above), a 20% share of traditional banking activities in Belgium (the average of the share of the lending market and the deposit market). Over the past few years, the KBC Bank Group has built up a strong position in investment funds too, with an estimated market share of approximately 30%.

The KBC Bank Group believes in the power of a physical presence through a branch and agency network that is close to its clients. At the same time, however, it expects the importance of online and mobile bank-insurance to grow further and it is constantly developing new applications in these areas. That includes the various mobile banking apps for smartphones and tablets, which are being continuously improved and expanded.

With more and more customers opting for digital channels, the KBC Bank Group is gradually aligning its omni-channel distribution network with this changing customer behaviour. The KBC Bank Group is in the process of converting a number of smaller branches into unstaffed ones and closing some of the existing unstaffed branches in Flanders. At the same time, it continues to invest in its full-service branches, in KBC Live (online contact service with specialists from KBC) and in its digital channels. The KBC Group also optimised its group-wide governance model at management level and is in the process of further improving operational efficiency throughout the entire organisation in order to take customer service to an even higher level. This adaptation is essential in response to the new environment in which organisations are expected to be more agile, take decisions more quickly and thus continue to meet the expectations of customers and society.

In the KBC Bank Group's financial reporting, the Belgian activities are combined into a single Belgium Business Unit. The results of the Belgium Business Unit essentially comprise the activities of the Issuer, and its Belgian subsidiaries, the most important of which are CBC Banque, KBC Asset Management, KBC Lease Group (Belgium) and KBC Securities.

The KBC Group's aim in Belgium is:

- to focus on an omnichannel approach and invest in the seamless integration of the different distribution channels (bank branches, insurance agencies of KBC Insurance, regional advisory centres, websites and mobile apps). KBC Group is also investing specifically in the further digital development of its banking and insurance services and exploiting new technologies and data to provide clients with more targeted and proactive advice;
- to expand its service provision via own and other channels. KBC Bank collaborates to this end with partners through ‘ecosystems’ that enable it to offer its clients comprehensive solutions. To integrate a range of selected partners in its own mobile app (see further) and for its products and services to be present in the distribution channels of selected third parties (e.g., cycle loans and insurance at cycle dealers);
- to exploit the potential in Brussels more efficiently via the separate new brand, KBC Brussels, which reflects the capital’s specific cosmopolitan character and is designed to better meet the needs of the people living there;
- to grow bank-insurance further at CBC in specific market segments and to expand its presence and accessibility in Wallonia;
- to work on the ongoing optimisation of the bank-insurance model in Belgium;
- to continue the pursuit of becoming the reference bank for SME’s and mid-cap enterprises based on thorough knowledge of the client and a personal approach; and
- to express its commitment to Belgian society by taking initiatives in areas including environmental awareness, financial literacy, entrepreneurship and demographic ageing, and to actively participate in the mobility debate and develop solutions.

Activities in Central and Eastern Europe

Market position of the bank network in the home countries of Central and Eastern Europe, at the end of 2019			Czech Republic	Slovak Republic	Hungary	Bulgaria
Market share (estimates by the Issuer)	Banking products*		21%	10%	10%	10%
	Investment funds		24%	7%	13%	16%
Bank branches	Total		225**	117	208	183

* Average of the share in credits and the share in deposits

** ČSOB Bank branches + Postal Savings Bank financial centres.

In the Central and Eastern European region, the KBC Bank Group focuses on four home countries, being the Czech Republic, the Slovak Republic, Hungary and Bulgaria. The main KBC Bank Group Central and Eastern European entities in those home markets are United Bulgarian Bank in Bulgaria, ČSOB in the Slovak Republic, ČSOB in the Czech Republic and K&H Bank in Hungary.

In its four home countries, the KBC Bank Group caters to close to six million customers. This customer base, along with KBC Group’s insurance customers in the region (via KBC Insurance NV subsidiaries), make KBC Group one of the larger financial groups in the Central and Eastern European region. The KBC Bank Group companies focus on providing clients with a broad area of credit (including mortgage loans), deposit, investment fund and other asset management products, insurance products (in co-operation with KBC Insurance NV’s subsidiaries in each country) and other specialised financial banking products and services. As is the case in Belgium, the KBC Bank Group’s bricks-and-mortar

networks in Central and Eastern Europe are supplemented by electronic channels, such as ATMs, telephone and the Internet.

KBC Group's bank-insurance concept has over the past few years been exported to its Central and Eastern European entities. In order to be able to do so, KBC Group has built up a second home market in Central and Eastern Europe in insurance (via KBC Insurance NV). KBC Group has an insurance business in every Central and Eastern European home country: in the Czech Republic, KBC Group's insurer is ČSOB Pojist'ovňa, in the Slovak Republic it is ČSOB Poist'ovňa, in Hungary it is K&H Insurance and in Bulgaria it is DZI Insurance. Contrary to the situation of KBC Group in Belgium, KBC Group's insurance companies in Central and Eastern Europe operate not only via tied agents (and bank branches) but also via other distribution channels, such as insurance brokers and multi-agents.

The KBC Bank Group's estimated market share (the average of the share of the lending market and the deposit market, see table above) amounted to 21% in the Czech Republic, 10% in the Slovak Republic, 10% in Hungary, and 10% in Bulgaria (rounded figures). The KBC Bank Group also has a strong position in the investment fund market in Central and Eastern Europe (estimated at 24% in the Czech Republic, 7% in the Slovak Republic, 13% in Hungary and 16% in Bulgaria).

In the KBC Bank Group's financial reporting, the Czech activities are separated in a single Czech Republic Business Unit, whereas the activities in the other Central and Eastern European countries, together with Ireland (see further), are combined into the International Markets business unit. The Czech Republic Business Unit hence comprises all the KBC Bank Group's activities in the Czech Republic, consisting primarily of the activities of the ČSOB group (under the ČSOB, Postal Savings Bank, Hypoteční banka, Patria and ČMSS brands). The International Markets Business Unit comprises the activities conducted by entities in the other (non-Czech) Central and Eastern European core countries, namely ČSOB in the Slovak Republic, K&H Bank in Hungary and UBB in Bulgaria, plus KBC Bank Ireland's Irish operations.

The focus of the KBC Bank Group in the future is the following:

- in relation to the Czech Republic Business Unit:
 - to maintain its position as the reference for bank-insurance by offering integrated, client-centric solutions;
 - to continue to digitalise services and to introduce new innovative products and services, including open bank-insurance solutions;
 - to concentrate on further simplifying products, processes (including application of Robotic Process Automation and Intelligent Process Automation (RPA and IPA)), head office, distribution model and branding, with a view to achieving even greater cost efficiency;
 - to unlock business potential through advanced use of data and to leverage its position as market leader in home finance;
 - to strengthen its business culture, with the goal of becoming even more flexible, agile and diverse; and
 - to express its social engagement by focusing on environmental awareness, financial literacy, entrepreneurship and demographic ageing;
- in relation to the International Markets Business Unit (excluding Ireland):

- to pursue an omnichannel distribution model, with particular attention being paid to digital solutions. With a view to supporting commercial growth and enhancing the client experience, increased attention will also be paid to commercial leads;
- to simplify products and processes in all countries. This is being supported by a specific business transformation project and software. The KBC Group is also striving to achieve additional synergies via shared service centres, competence centres and group projects;
- to become the undisputed leader in the area of innovation in Hungary. It is aiming to raise profitability by targeting income through vigorous client acquisition in all banking segments and through more intensive cross-selling;
- to maintain its robust growth in strategic products in the Slovak Republic (i.e. home loans, consumer finance, SME funding and leasing), partly through cross-selling to ČSOB group and via digital clients. Other priorities include the sale funds and increased fee income;
- to focus on increasing its share of the lending market in all segments in Bulgaria, while applying a robust risk framework;
- to implement a socially responsible approach in all countries, with a particular focus on environmental awareness, financial literacy, entrepreneurship and health;

An overview of KBC Bank Group's recent acquisitions is set out in the "We focus on sustainable and profitable growth" section of the Issuer's 2019 Annual Report, which is incorporated by reference into this Base Prospectus as set out in Section "*Documents incorporated by reference*" on page 192.

Activities in the rest of the world

A number of companies belonging to the KBC Bank Group are also active in, or have outlets in, countries outside the home markets, among which the Issuer, which has a network of foreign branches and KBC Bank Ireland.

KBC Bank Ireland

As regards the KBC Group's strategy in Ireland, the main objective is to further implement the "Digital First" strategy in order to ensure an outstanding client experience. The aim is to differentiate ourselves through the instant and proactive delivery of products and services through a high level of accessibility (including mobile and contact centre). The KBC Group will further develop its strong position in home loans and is fully committed, as in the other core countries, to bank-insurance. The loan portfolio of KBC Bank Ireland plc stood at approximately EUR 10 billion as at the end of June 2020, almost entirely relating to mortgage loans. At the end of June 2020, approximately 15% (EUR 1.5 billion) of the total Irish loan portfolio was impaired (of which EUR 0.8 billion more than 90 days past due). For the impaired loans, approximately EUR 0.4 billion impairments have been booked (0.5 billion if stage 1 and 2 impairments are also taken into account). The KBC Bank Group estimates its share of the Irish retail market in 2019 at 9%. It caters to around 0.3 million clients there. KBC Bank Ireland has sixteen branches (hubs) in Ireland, next to its digital channels. A full profit and loss scheme for Ireland is available in the Issuer's segment reporting (see page 120 and following of the Issuer's 2019 Annual Report and page 26 of the Issuer's half-year report for the first six months ended on 30 June 2020, which are incorporated by reference into this Base Prospectus as set out in Section "*Documents incorporated by reference*" on page 192).

In the KBC Bank Group's financial reporting, KBC Bank Ireland is included in the International Markets Business Unit.

Foreign branches of the Issuer

The foreign branches of the Issuer are located mainly in Western Europe, Southeast Asia and the U.S. and focus on serving customers that already do business with the KBC Bank Group's Belgian or Central and Eastern European network. In the past years, many of the other (niche) activities of these branches have been built down, stopped or sold, and the pure international credit portfolio has been scaled down. In the KBC Bank Group's financial reporting, the foreign branches of the Issuer are part of the Belgium Business Unit.

Group Centre

The three business units (Belgium, Czech Republic and International Markets) are supplemented by the group centre. The group centre includes, among other things, costs related to the holding of participations and the results of the remaining companies or activities earmarked for divestment or in run-down.

Competition

All of the KBC Bank Group's operations face competition in the sectors they serve. Depending on the activity, competitor companies include other commercial banks, saving banks, loan institutions, consumer finance companies, investment banks, brokerage firms, specialised finance companies, asset managers, private bankers, investment companies, fintech and e-commerce companies, etc.

In both Belgium and Central and Eastern Europe, the KBC Bank Group has an extensive network of branches and the KBC Bank Group believes most of its companies have strong name brand recognition in their respective markets.

In Belgium, the KBC Bank Group is perceived as belonging to the top three (3) financial institutions. For certain products or activities, the KBC Bank Group estimates it has a leading position (e.g. in the area of investment funds). The main competitors in Belgium are BNP Paribas Fortis, Belfius and ING, although for certain products, services or markets, other financial institutions may also be important competitors.

In its Central and Eastern European home markets, the KBC Bank Group is one of the important financial groups, occupying significant positions in banking. In this respect, the KBC Bank Group competes, in each of these countries, against local financial institutions, as well as subsidiaries of other large foreign financial groups (such as Erste Bank, Unicredit and others).

In the rest of the world, the KBC Bank Group's presence mainly consists of KBC Bank Ireland plc, which is active in Ireland, and a limited number of branches and subsidiaries. In the latter case, the KBC Bank Group faces competition both from local companies and international financial groups.

KBC Bank Ireland plc is a challenger bank. Given that it has only launched its retail strategy in 2014, it has a small single digit market share of the outstanding stock in all products except mortgage loans, in which it has a market share of approximately 10% (KBC estimate). Its main competitors are the large domestic banks (such as Allied Irish Banks plc and Bank of Ireland plc).

Staff

In 2019, the KBC Bank Group had, on average and on a consolidated basis, about 29,500 employees (in full time or equivalent-numbers), the majority of whom were located in Belgium (largely employed by the Issuer) and Central and Eastern Europe. In addition to consultations, at works council meetings and at meetings with union representatives and with other consultative bodies, the KBC Bank Group also works closely in other areas with employee associations. There are various collective labour agreements in force.

Risk management

Mainly active in banking and asset management, the KBC Bank Group is exposed to a number of typical industry-specific risks such as – but certainly not exclusively – credit risk, market risks, movements in interest rates and exchange rates, currency risk, liquidity risk, operational risk, exposure to emerging markets, changes in regulations and customer litigation as well as the economy in general. Material risk factors affecting the Issuer are mentioned in the section “*Risks relating to the Issuer and the KBC Bank Group*” on page 19 and following of this Base Prospectus.

Risk management in the KBC Group is effected group-wide. As a consequence, the risk management for the Issuer and the KBC Bank Group is embedded in the KBC Group’s risk management and cannot be seen separately from it.

An overview of KBC (Bank) Group’s risk management approach is set out in the “Risk management” section on pages 46 to 78 of the Issuer’s 2019 Annual Report, which is incorporated by reference into this Base Prospectus as set out in Section “*Documents incorporated by reference*” on page 192. See Section “*Where more information can be found*” on page 196 for information on where you can find the Issuer’s 2019 annual report.

More detailed information can be found in KBC Group NV’s 2019 Risk Report, available at <https://www.kbc.com/content/dam/kbcom/doc/investor-relations/Results/JVS-2019/Risk-report-2019.pdf>. This document is not incorporated by reference and does not form part of this Base Prospectus, and it has not been scrutinised or approved by the FSMA.

Banking supervision and regulation

Introduction: supervision by the European Central Bank

The Issuer, a credit institution governed by the laws of Belgium, is subject to detailed and comprehensive regulation in Belgium, and is supervised by the European Central Bank (the **ECB**), acting as the supervisory authority for prudential supervision of significant financial institutions. The ECB exercises its prudential supervisory powers by means of application of EU rules and national (Belgian) legislation. The supervisory powers conferred to the ECB include, amongst others, the granting and withdrawal of authorisations to and from credit institutions, the assessment of acquisitions and disposals of qualifying holdings in credit institutions, ensuring compliance with the rules on equity, liquidity, statutory ratios and the carrying out of supervisory reviews (including stress tests) for credit institutions.

Since November 2014 the ECB holds certain supervisory responsibilities which were previously handled by the National Bank of Belgium (the **NBB**), pursuant to Council Regulation (EU) No 1024/2013 of 15 October 2013 conferring specific tasks on the ECB concerning policies relating to the prudential supervision of credit institutions (the **Single Supervision Mechanism** or **SSM**). Pursuant to Regulation (EU) n° 468/2014 of 16 April 2014 establishing a framework for cooperation within the Single Supervisory Mechanism between the ECB and national competent authorities, a joint supervisory team has been established for the prudential supervision of the Issuer (and KBC Group NV). This team is composed of staff members from the ECB and from the national supervisory authority (*in casu* the NBB) and working under the coordination of an ECB staff member.

EU directives (as implemented through legislation adopted in each Member State, including Belgium) and regulations have had and will continue to have a significant impact on the regulation of the banking business in the EU. The general objective of these EU directives and regulations is to promote the realisation of a unified internal market for banking services and to improve standards of prudential supervision and market efficiency through harmonisation of core regulatory standards and mutual recognition among EU Member States of regulatory supervision and, in particular, licensing.

Supervision and regulation in Belgium

The banking regime in Belgium is governed by the Law of 25 April 2014 on the legal status and supervision of credit institutions and stockbroking firms (the **Banking Law**). The Banking Law implements various EU directives, including, without limitation:

- (i) Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013, as amended by Directive (EU) 2019/878 of 20 May 2019, and as may be further amended or replaced from time to time (**CRD**) and, where applicable, Regulation (EU) n° 575/2013 of the European Parliament and of the Council of 26 June 2013, as amended by Regulation (EU) 2019/876 of 20 May 2019, and as may be further amended or replaced from time to time (**CRR**, and together with CRD, **CRD IV**), implementing the revised regulatory framework of Basel III in the European Union and
- (ii) Directive 2014/59 of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms, as amended by Directive (EU) 2019/879 of 20 May 2019 (**BRRD**).

CRD IV applies in Belgium since 1 January 2014, subject to certain requirements being phased in over a number of years, as set out therein. BRRD has formally been transposed into Belgian Law by amending the Banking Law with effect from 16 July 2016.

The Banking Law sets forth the conditions under which credit institutions may operate in Belgium and defines the regulatory and supervisory powers of the ECB and the NBB. The main objective of the Banking law is to protect public savings and the stability of the Belgian banking system in general.

The Financial Services and Markets Authority (the **FSMA**), an autonomous public agency, alongside the NBB, supervises the Belgian financial sector. The FSMA's competences fall within the following six domains:

- surveillance of the financial markets and supervision of the financial information disseminated by companies;
- supervision of compliance with conduct of business rules;
- product supervision;
- supervision of financial service providers and intermediaries;
- supervision of supplementary pensions; and
- contribution to improving financial education.

Supervision of credit institutions

All Belgian credit institutions must obtain a license from the ECB before they may commence operations. In order to obtain a license and maintain it, each credit institution must fulfil numerous conditions, including certain minimum paid-up capital requirements.

In addition, any shareholder holding 10% or more (directly or indirectly, alone, together with affiliated persons or in concert with third parties) of the capital or the voting rights of the institution must be of "fit and proper" character to ensure proper and prudent management of the credit institution. The ECB therefore requires the disclosure of the identity and participation of any shareholder with a 10% or greater capital or voting interest. If the ECB considers that the participation of a shareholder in a credit institution jeopardises its sound and prudent management, it may suspend the voting rights attached to this participation and, if necessary, request that the shareholder transfers to a third party its participation in the credit institution. Prior notification to and non-opposition by the ECB is required each time a person intends to acquire shares in a credit institution, resulting either in the direct or indirect ownership of a qualified holding of the capital or voting rights (i.e., 10% or more), or in an increase of such qualified holding thereby attaining or surpassing 20%, 30% or 50%, or when the credit institution would

become his subsidiary. Furthermore, a shareholder who wishes to directly or indirectly sell his participation or a part thereof, which would result in his shareholding dropping below any of the above-mentioned thresholds, must notify the ECB thereof. The Belgian credit institution itself is obliged to notify the ECB of any such transfer when it becomes aware thereof. Moreover, every shareholder acquiring, decreasing or increasing its holding (directly or indirectly, alone, together with affiliated persons or in concert with third parties) to 5% or more of voting rights or capital without reaching the qualifying holding threshold of 10%, must notify the ECB thereof within 10 working days.

The Banking Law requires credit institutions to provide detailed periodic financial information to the ECB and, under certain circumstances, the FSMA.

The ECB also supervises the enforcement of laws and regulations with respect to the accounting principles applicable to credit institutions.

The ECB sets the minimum capital adequacy ratios applicable to credit institutions. The ECB may also set other ratios, for example, with respect to the liquidity and gearing of credit institutions. It also sets the standards regarding solvency, liquidity, risk concentration and other limitations applicable to credit institutions and the publication of this information. The NBB may in addition impose capital requirements for capital buffers (including countercyclical buffer rates and any other measures aimed at addressing systemic or macro-prudential risks).

In order to exercise its prudential supervision, the ECB may require that all information with respect to the organisation, the functioning, the position and the transactions of a credit institution be provided to it. Further, the ECB supervises, among other things, the management structure, the administrative organisation, the accounting and the internal control mechanisms of a credit institution. In addition, the ECB may conduct on-site inspections (with or without the assistance of NBB staff).

The comprehensive supervision of credit institutions is also exercised through statutory auditors who cooperate with the supervisor in its prudential supervision. A credit institution selects its statutory auditor from the list of auditors or audit firms accredited by the NBB.

Within the context of the European System of Central Banks, the NBB issues certain recommendations regarding monetary controls.

The Banking Law has introduced a prohibition in principle on proprietary trading as from 1 January 2015. However, certain proprietary trading activities are excluded from this prohibition. Permitted proprietary trading activities (including certified market-making, hedging, treasury management, and long-term investments) are capped, and these types of activities must comply with strict requirements on reporting, internal governance and risk management.

Bank governance

The Banking Law also puts a lot of emphasis on the solid and efficient organisation of credit institutions and introduces to that effect a dual governance structure at management level, specialised advisory committees within the Board of Directors (Audit Committee, Risk Committee, Remuneration Committee and Nomination Committee), independent control functions, and strict remuneration policies (including limits on the amount of variable remuneration, the form and timing for vesting and payment of variable remuneration, as well as Claw-Back Mechanics).

The Banking Law makes a fundamental distinction between the management of banking activities, which is within the competence of the Executive Committee, and the supervision of management and the definition of the credit institution's general and risk policy, which is entrusted to the Board of Directors. In accordance with the Banking Law, the Issuer has an Executive Committee of which each member is also a member of the Board of Directors.

Pursuant to the Banking Law, the members of the Executive Committee and the Board of Directors need to permanently have the required professional reliability and appropriate experience. The same goes for the responsible persons of the independent control functions.

The NBB Governance Manual for the Banking Sector (the **Governance Manual**) contains recommendations to assure the suitability of shareholders, management and independent control functions and the appropriate organisation of the business.

As required by the Banking Law and the Governance Manual, KBC Group has drafted a Group Internal Governance Memorandum³ (the **Governance Memorandum**), which sets out the corporate governance policy applying to KBC Group and its subsidiaries and of which the governance memorandum of the Issuer forms part. The corporate governance policy of a credit institution must meet the principles set out in the law and the Governance Manual. The most recent version of the Governance Memorandum was approved on 19 December 2019 by the Board of Directors of KBC Group NV, KBC Bank NV and KBC Insurance NV.

The Issuer also has a Corporate Governance Charter which is published on www.kbc.com. This Corporate Governance Charter is not incorporated by reference and does not form part of this Base Prospectus, and has not been scrutinised or approved by the FSMA.

Solvency supervision

Capital requirements and capital adequacy ratios are provided for in the CRR, transposing the Basel III regulation into European law. CRR requires that credit institutions must comply with several minimum solvency ratios. These ratios are defined as Common Equity Tier 1, Tier 1 or Total Capital divided by risk weighted assets. Risk weighted assets are the sum of all assets and off-balance sheet items weighted according to the degree of credit risk inherent in them. The solvency ratios also take into account market risk with respect to the bank's trading book (including interest rate and foreign currency exposure) and operational risk in the calculation of the weighted risk. On top of the capital requirements defined by the solvency ratios, the regulation imposes a capital conservation buffer and, in certain cases a systemic risk buffer and/or a countercyclical buffer.

Solvency is also limited by the leverage ratio, which compares Tier 1 capital to non-risk weighted assets.

The minimum solvency ratios required under CRD IV/CRR are 4.5% for the common equity tier-1 (CET1) ratio, 6.0% for the tier-1 capital ratio and 8.0% for the total capital ratio (i.e., the pillar 1 minimum ratios). As a result of its supervisory review and evaluation process (SREP), the competent supervisory authority (in KBC Group's case, the ECB) can require KBC Group to maintain higher minimum ratios (i.e., the pillar 2 requirements which in 2016 have been split by the ECB in a pillar 2 requirement and a pillar 2 guidance) because, for instance, not all risks are properly reflected in the regulatory pillar 1 calculations. On top of this, a number of additional buffers have to be put in place, including a capital conservation buffer of 2.5%, a buffer for systemically important banks (**O-SII buffer**, to be determined by the national competent authority) and a countercyclical buffer in times of credit growth (between 0% and 2.5%, likewise to be determined by the national competent authority).

Due to the challenges for the economy posed by the coronavirus crisis, the ECB decided in March 2020 to allow banks to operate temporarily below the level of capital defined by the pillar 2 guidance (P2G), the capital conservation buffer and the liquidity coverage ratio. These temporary measures were enhanced by the appropriate release of the countercyclical capital buffer by the NBB. Various local competent authorities in the KBC Group's core markets have also decided to release the countercyclical capital buffer.

³ This document is not incorporated by reference and does not form part of the base prospectus, and has hence not been scrutinised or approved by the FSMA.

For an overview of the regulatory capital requirements at the level of KBC Bank for 2020, as well as a breakdown of the total regulatory capital and solvency ratios at the level of KBC Bank as at 30 June 2020, please refer to page 79 of the Issuer's 2019 Annual Report and to page 41 of the Issuer's half-year report for the first six months ended 30 June 2020, respectively, both of which are incorporated by reference into this Base Prospectus as set out in Section "*Documents incorporated by reference*" on page 192.

The payment of dividends by Belgian credit institutions is not limited by Belgian banking regulations, except indirectly through capital adequacy and solvency requirements when capital ratios fall below certain thresholds. The pay-out is further limited by the general provisions of Belgian company law.

In March 2020, ECB published a 'Recommendation on dividend distributions during the COVID-19 pandemic' in which the ECB recommends that at least until 1 October 2020 no dividends are paid out and no irrevocable commitment to pay out dividends is undertaken by institutions (on a consolidated level) for the financial year 2019 and 2020 and that institutions refrain from share buy-backs aimed at remunerating shareholders. In July 2020, ECB decided to extend this recommendation until 1 January 2021.

For completeness, we note that in 2020 the Issuer has paid a dividend of EUR 1.1 bio to its parent company KBC Group NV (intragroup payment).

Large exposure supervision

European regulations ensure the solvency of credit institutions by imposing limits on the concentration of risk in order to limit the impact of failure on the part of a large debtor. For this purpose, credit institutions must limit the amount of risk exposure to any single counterparty to 25% of the total capital. European regulations also require that the credit institutions establish procedures to contain concentrations on economic activity sectors and geographic areas.

Anti Money laundering

Belgium has implemented Directive (EU) 2015/849 of the European Parliament and of the Council of 20 May 2015 on the prevention of the use of the financial system for the purposes of money laundering or terrorist financing by the law of 18 September 2017 on the prevention of money laundering, terrorist financing and on the limitation of the use of cash (the **Law of 18 September 2017**, which has since been amended several times to implement various European anti-money laundering directives). This legislation contains a preventive system imposing a number of obligations in relation to money laundering and the financing of terrorism. These obligations are related, among other things, to the identification of the client, special attention for unusual transactions, internal reporting, processing and compliance mechanisms with the appointment of a compliance officer, and employee training requirements. Legal entities and individuals subject to the Law of 18 September 2017 (known as "obliged entities") must carry out an overall risk assessment to identify the money laundering and terrorism financing risks they are facing and manage these risks in an appropriate manner. Belgium has also set up a central register which identifies the ultimate beneficial owner of companies and other legal entities. Moreover, the legislation provides restrictions on the use of cash, for example payments or donations in cash are capped at EUR 3,000. Obligated entities must also provide for enhanced customer due diligence measures in certain cases that intrinsically entail a high risk, for example when dealing with a politically exposed person, or with natural persons or legal entities established in high-risk third countries.

When, after investigation, an obliged entity suspects or has reasonable grounds to suspect that funds or transactions are linked to money laundering or financing of terrorism, they must promptly notify an independent administrative authority, the Financial Intelligence Unit. This Unit is designated to receive reports on suspicious transactions, to investigate them and, if necessary, to report to the criminal prosecutors to initiate proceedings.

The NBB has issued guidelines for credit and financial institutions and supervises their compliance with the legislation.

Belgian criminal law specifically addresses criminal offences of money-laundering (Article 505, subsection 1, 2°-4° of the Criminal Code) and sanctions them with a jail term of a minimum of fifteen days and a maximum of five years and/or a fine of a minimum of EUR 26 and a maximum of EUR 100,000 (to be multiplied by 8) or, for legal entities, a fine of a minimum of EUR 500 and a maximum of EUR 200,000 (to be multiplied by 8).

Consolidated supervision – supplementary supervision

The Issuer is subject to consolidated supervision by the ECB on the basis of the consolidated financial situation of KBC Group NV, which covers, among other things, solvency as described above, pursuant to Articles 165 and following of the Banking Law. As a subsidiary of a Belgian mixed financial holding company (KBC Group NV) and part of a financial conglomerate, the Issuer is also subject to the supplementary supervision by the ECB, according to Directive 2011/89/EU of 16 November 2011 amending Directives 98/78/EC, 2002/87/EC, 2006/48/EC and 2009/138/EC as regards the supplementary supervision of financial entities in a financial conglomerate (implemented in Articles 185 and following of the Banking Law). The supplementary supervision relates to, among other things, solvency, risk concentration and intra-group transactions and to enhanced reporting obligations.

The consolidated supervision and the supplementary supervision will be aligned as much as possible, as described in Article 170 of the Banking Law.

Bank recovery and resolution

The Banking Law establishes a range of instruments to tackle potential crises of credit institutions at three stages:

Preparation and prevention

Credit institutions have to draw up recovery plans, setting out the measures they would take to restore their financial position in the event of a significant deterioration to their financial position. These recovery plans must be updated at least annually or after a change to the legal or organisational structure of the institution, its business or its financial situation, which could have a material effect on, or necessitates a change to, the recovery plans. In its review of the recovery plan, the ECB pays particular attention to the appropriateness of the capital and financing structure of the institution in relation to the degree of complexity of its organisational structure and its risk profile.

The SRB will have to prepare a resolution plan for each significant Belgian credit institution, laying out the actions it may take if it were to meet the conditions for resolution. The resolution college of the NBB has the same powers with regard to the non-significant Belgian credit institutions. If the SRB or the Resolution College identifies material impediments to resolvability during the course of this planning process, it can require a credit institution to take appropriate measures, including changes to corporate and legal structures.

Early intervention

The ECB/NBB disposes of a set of powers to intervene if a credit institution faces financial distress (e.g. when a credit institution is not operating in accordance with the provisions of the Banking Law or CRD IV), but before its financial situation deteriorates irreparably. These powers include the ability to dismiss the management and appoint a special commissioner, to convene a meeting of shareholders to adopt urgent reforms, to suspend or prohibit all or part of the credit institution's activities (including a partial or complete suspension of the execution of current contracts), to order the disposal of all or part of the credit institution's shareholdings, and finally, to revoke the license of the credit institution.

Resolution

Pursuant to the Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Bank Resolution Fund and amending the Regulation (EU) No 1093/2010 of the European Parliament and of the Council (the **Single Resolution Mechanism** or **SRM**), as amended by Regulation (EU) 2019/877 of 20 May 2019⁴, the Single Resolution Mechanism entered into force on 19 August 2014 and applies to credit institutions which fall under the supervision of the ECB. It established a Single Resolution Board (**SRB**), a resolution decision-making authority replacing national resolution authorities (such as the Resolution College of the NBB) for resolution decisions with regard to significant credit institutions. The SRB is responsible since 1 January 2016 of vetting resolution plans and carrying out any resolution in cooperation with the national resolution authorities (the SRB together with the resolution college of the NBB is hereinafter referred to as the **Resolution Authority**).

The Issuer and KBC Group NV are credit institutions falling within the scope of the Single Supervisory Mechanism.

The resolution authority can decide to take resolution measures if it considers that all of the following circumstances are present: (i) the determination has been made by the resolution authority, after consulting the competent authority, that a credit institution is failing or is likely to fail, (ii) there is no reasonable prospect that any alternative private sector measures or supervisory action can be taken to prevent the failure of the institution, and (iii) resolving the credit institution is necessary from a public interest perspective. The resolution tools are: (i) the sale of (a part of) the assets/liabilities or the shares of the credit institution without the consent of shareholders, (ii) the transfer of business to a temporary structure (“bridge bank”), (iii) the separation of clean and toxic assets and the transfer of toxic assets to an asset management vehicle and (iv) bail-in. Each decision will be subject to prior judicial control.

The fourth resolution tool, i.e. the bail-in tool, entered into force on 1 January 2016. It was implemented into Belgian law through the Royal Decree of 18 December 2015 implementing the Banking Law. Bail-in is a mechanism to write down the eligible liabilities (subordinated debt, senior debt and eligible deposits) or to convert debt into equity, as a means of restoring the institution’s capital position. The resolution authority is also empowered (and in certain circumstances required) to write down or convert capital instruments (such as Common Equity Tier 1-, Additional Tier 1- and Tier 2-instruments), before or together with the use of any resolution tools, if it determines that a credit institution becomes non-viable, that the conditions for the exercise of the resolution powers are fulfilled and/or that a credit institution has asked for public support.

The applicability of the resolution tools and measures to credit institutions that are part of a cross-border group are regulated by the Royal Decree of 26 December 2015 amending the Banking Law, which entered into force on 1 January 2016.

Material contracts

No member of the KBC Bank Group has entered into any material contracts outside the ordinary course of its business which could result in any member of the KBC Bank Group being under an obligation or entitlement that is material to the Issuer’s ability to meet its obligations under the Covered Bonds.

Recent events

Coronavirus (COVID-19) pandemic

Since December 2019, a significant increase of cases of pneumonia associated with the coronavirus (COVID-19) has been reported worldwide. Initially reported in the province of Hubei in the People’s

⁴ This Regulation will apply from 28 December 2020.

Republic of China, it has spread across other countries, resulting in reported infections and deaths in numerous countries and leading to a global pandemic.

In addition to the human suffering caused by the pandemic itself, the coronavirus crisis has also triggered unprecedented economic consequences. It has become clear that the coronavirus crisis will have a significant impact, especially in particular sectors. The long-term impact on the economy will also depend on the occurrence and intensity of new outbreaks of the coronavirus, both as at the date of this Base Prospectus as in the foreseeable future.

As the coronavirus pandemic and the ensuing global health crisis have led to a massive impact on economic activity, the Belgian Federal Government, the NBB and Febelfin (the Belgian banking federation) reached an agreement at the end of March 2020 on a number of measures for banks. As set out in a charter on the payment moratorium for corporate credits, the Belgian financial sector committed to providing viable (i.e., if there were no payment arrears on 1 February 2020 or payment arrears of less than 30 days on 29 February 2020) non-financial companies, self-employed persons and individuals with mortgage credit which have payment problems due to the coronavirus crisis with a temporary deferment of payment until 30 September 2020 without charge. Non-financial companies are required to have a permanent establishment in Belgium. Borrowers are required to evidence the fact that they are in distress because of the coronavirus crisis and request their bank for a postponement of payment. Pursuant to the Belgian Royal Decree of 14 April 2020 granting a State guarantee for certain credits in the combat against the consequences of the corona virus, qualifying short-term credits granted by credit institutions to viable non-financial companies could benefit from a State guarantee. The regime extends to new credits granted by either Belgian credit institutions or Belgian branches of foreign credit institutions between 1 April 2020 and 30 September 2020 with a maturity of up to twelve months. Only companies which are deemed viable (i.e., which do not have pre-existing financial difficulties) could benefit from the State guarantee. Furthermore, the Royal Decree requires that the companies are registered in the Belgian Crossroads Bank for Enterprises, covering both Belgian companies as well as foreign companies which have activities in Belgium. In addition, Belgium's four largest banks (Belfius, BNP Paribas Fortis, ING and the Issuer), as well as certain other banks, agreed on measures to support companies facing difficulties due to the coronavirus crisis, such as the granting of extensions for the repayment of interest and/or capital and the granting of additional credit. Each bank will act on a case-by-case basis and will invite its client companies to contact it to find the appropriate solution.

The measures taken by the Belgian federal authorities are part of a series of measures taken in countries all over Europe and are also supported by the response of the ECB in reaction to the coronavirus pandemic. These are meant to protect the economy and the most vulnerable sectors and individuals. The economic impact of the coronavirus pandemic on the Belgian economy is still uncertain.

As stated in the section "Risk statement, economic views and guidance" on page 10 of the Issuer's half-year report for the first six months ended on 30 June 2020 which is incorporated by reference into this Base Prospectus as set out in Section "*Documents incorporated by reference*" on pages 192 and following, the Issuer estimates loan loss impairment charges of approximately 5 billion euro for full-year 2020. Depending on a number of events such as the length and depth of the economic downturn, the significant number of government measures in each of the KBC Group's core countries, and the unknown number of customers who will call upon these mitigating actions, the Issuer estimates loan loss impairment for full-year 2020 to range between approximately 0.8 billion euro (optimistic scenario) and approximately 10 billion euro (pessimistic scenario). For more information on the financial impact of the coronavirus pandemic on the KBC Bank Group, as well as a status overview of the different government and sector measures in each of the KBC Bank Group's core countries, please refer to pages 20 to 25 of the Issuer's half-year report for the first six months ended on 30 June 2020.

Although it is not possible at this stage to make a comprehensive and definitive assessment of the financial impact of the coronavirus pandemic, the KBC Group continues to closely monitor the situation on a daily basis.

Trend information

The main sources for this section are the European Banking Authority, ECB and the European Commission.

Banking sector

Although the banking sector in some EU countries is still dealing with a legacy of non-performing loans dating from the global financial crisis of 2008-2009 (GFC), the European banking sector is in much better shape to deal with the economic harm of the COVID-19 pandemic than on the eve of the GFC. Despite differences across countries, the capital ratio of the banking sector is now significantly higher than a decade ago. A vulnerability analysis of 86 euro area banks directly supervised within the ECB shows that, overall, “the euro area banking sector can withstand the pandemic-induced stress”.

Looking forward, enhanced economic governance and the banking union, which still needs to be completed, significantly strengthened the Eurozone architecture and offer a more stable banking sector environment than in the pre-crisis years. Amid a very uncertain macroeconomic environment with the impact of the coronavirus crisis lingering on, bank profitability faces significant challenges to enhance cost efficiency in a competitive environment and to withstand ongoing pressure on revenue growth. At the same time new technologies trigger new challenges to business models. Banks with a large customer and diversified income base are likely best suited to cope with these challenges.

General economic environment and risks

The world economy remains under the spell of the COVID-19 pandemic. It has caused not only a historically unprecedented decline in economic activity, but also an exceptional degree of uncertainty about the economic recovery in the second half of 2020 and in 2021. The downside risks remain significant.

Globally, the peak of the economic downturn caused by COVID-19 was probably reached in the second quarter of 2020. Economic growth already fell in all major economies in the first quarter of 2020, but as expected, this downturn only foreshadowed a much more drastic economic downturn in the second quarter.

An important exception was China. As the first hotspot of the COVID-19 virus, China saw a relatively much weaker Q1, and then experienced a strong economic recovery in the second quarter of 2020. An entirely different picture can be seen in the large western economies. Compared to the first quarter, real GDP fell by 12.1% in the euro area and 9.5% in the US in the second quarter. Such economic shocks obviously leave their traces, also in the longer term. Western economies also started to recover strongly in the second half of the second quarter, following the lifting or easing of lockdown measures, but the contraction was still substantial.

After an economic rebound during the third quarter of 2020, the recent evolution of the pandemic suggests a weaker outlook during the fourth quarter of 2020 and the first quarter of 2021. The expectation for a nevertheless continued economic recovery through 2021 is based on the crucial assumption that the COVID-19 pandemic will remain more or less manageable. Under this assumption, it is unlikely that the economy will return to a standstill of the same magnitude as in the second quarter of 2020. The possible availability of a workable vaccine in the course of 2021 increases the plausibility of that assumption.

The economic recovery from the COVID-19 shock is crucially determined by the behaviour of consumers and producers. The increased unemployment rate and uncertainty about the final impact of the pandemic on employment may prevent private consumption from experiencing the hoped-for V-shaped recovery. Fears of contagion while shopping also play a role in this. Support measures such as temporary unemployment benefits cannot neutralise these fears. Even without a new formal lockdown, such consumer reluctance may weigh on the recovery. The great uncertainty about the further development of the pandemic also weigh on business investment. It remains to be seen to what extent

all these factors will lead to pent-up demand coming from consumption and investment as the pandemic becomes more manageable.

The COVID-19 pandemic and the policy measures taken to deal with it are both negative supply and demand shocks to the economy. In the short term, the demand-side effect is likely to prevail, leading to persistently low core inflation for the rest of 2020. The negative supply shock is likely to become more noticeable in 2021. However, we assume that the pandemic will remain manageable overall, and will therefore not require new drastic measures, as was the case in March 2020. As a result, these negative supply-side effects and their potential inflationary effect are likely to remain limited. In 2021, economic capacity will remain largely under-utilised, keeping underlying core inflation low. On the other hand, headline inflation, which also takes into account more volatile energy prices, will face temporary upward pressure in 2021. However, this upward oil price effect on inflation will gradually fade out in the course of 2021. Nevertheless, a number of potentially inflationary trends, already visible before the pandemic, are still present. This is particularly true for protectionism and deglobalisation.

The strength and speed of economic recovery is also determined by the macroeconomic policy response. In the first phase of the crisis, it was mainly the economic shock that had to be absorbed. After that, support for the recovery will take centre stage. After all, we assume that the COVID-19 shock is temporary. As a result, it is important for policy measures to prevent temporary liquidity problems from leading to bankruptcies or credit repayment problems for private individuals in the first instance. Such measures exist in many, but not all, European countries.

The political agreement for an EU recovery fund to tackle the effects of the pandemic is encouraging. It must now be approved by the national parliaments and the European Parliament. This means that its effective economic boost will not come until 2021 at the earliest. In the US, on the other hand, the protracted political debate on the specifics of extending temporary budgetary support measures creates considerable uncertainty.

In addition to the fiscal authorities, the major central banks are also contributing to the recovery. Such tandem efforts are essential for tackling a crisis of this magnitude. On the basis of central bankers' forward guidance, we assume that this will continue to be the case for a long time to come. The Fed is already taking their quantitative easing a step further. It announced in March 2020 that it is prepared, if necessary, to buy government bonds without restriction in order to safeguard the functioning of the financial markets and to provide the necessary stimulus to the real economy.

Policy rates of both the ECB and the Fed will therefore remain around their current levels for an extended period of time. As a result, there is hardly any upward potential for government bond yields especially as continued quantitative easing by both central banks will keep the yield curve relatively flat.

Litigation

This section sets out material litigation to which the Issuer or any of its companies (or certain individuals in their capacity as current or former employees or officers of the Issuer or any of its companies) are party. It describes all claims, quantified or not, that could lead to the impairment of the company's reputation or to a sanction by an external regulator or governmental authority, or that could present a risk of criminal conviction for the company, the members of the board or the management.

Although the outcome of these matters is uncertain and some of the claims concern relatively substantial amounts in damages, the management does not believe that the liabilities arising from these claims will adversely affect the Issuer's consolidated financial position or results, given the provisions that, where necessary, have been set aside for these disputes.

Lazare Kaplan International Inc.

Lazare Kaplan International Inc. is a U.S. based diamond company (**LKI**). Lazare Kaplan Belgium NV is LKI's Belgian affiliate (**LKB**). LKI and LKB together are hereinafter referred to as "LK". The merger

between the Issuer and *Antwerpse Diamantbank NV (ADB)* on 1 July 2015 entails that the Issuer is now a party to the proceedings below, both in its own name and in its capacity as legal successor to ADB. However, for the sake of clarity, further reference is made to ADB on the one hand and the Issuer on the other hand as they existed at the time of the facts described.

Fact summary

Since 2008, LKB has been involved in a serious dispute with its former business partners, DD Manufacturing NV and KT Collection BVBA (“Daleyot”), Antwerp based diamond companies belonging to Mr. Erez Daleyot. This dispute relates to a joint venture LK and Daleyot set up in Dubai (called “Gulfdiam”).

LKB and Daleyot became entangled in a complex litigation in Belgium, each claiming that the other party is their debtor. Daleyot initiated proceedings before the Commercial Court of Antwerp for payment of commercial invoices for an amount of (initially) approximately USD 9 million. LKB launched separate proceedings for payment of commercial invoices for (initially) an amount of approximately USD 38 million.

At the end of 2009, ADB terminated LK’s credit facilities. After LK failed to repay the amount outstanding of approximately USD 45,000,000 in principal, ADB started proceedings before the Commercial Court of Antwerp, section Antwerp, for the recovery of said amount. In a bid to prevent having to pay back the amount owed, LK in turn initiated several legal proceedings against ADB and/or the Issuer in Belgium and the USA. These proceedings, which are summarised below, relate to, inter alia, the dispute between ADB and LKI with regard to the termination of the credit facility and the recovery of all the monies LKI owes under the terminated credit facility as well as allegations that LK was deprived out of circa USD 140 million by DD Manufacturing and other Daleyot entities in cooperation with ADB.

Overview Legal Proceedings

A. Belgian proceedings (overview per court entity)

A.1. Company Court of Antwerp, section Antwerp

On 16 March 2010, proceedings were initiated by ADB against LKI in order to recover the monies owed to it under the terminated credit facility (approximately USD 45 million in principal). LKB voluntarily intervened in this proceeding and claimed an amount of USD 350 million from ADB. LKI launched a counterclaim of USD 500 million against ADB (from which it claims any amount awarded to LKB must be deducted).

LKI and /or LKB started numerous satellite proceedings with the sole aim to delay the decision of the Company Court of Antwerp, section Antwerp regarding ADB’s recovery claim. (see also proceedings described under point A.2., A.3., A.4. and B.)

Numerous times LKI and /or LKB were convicted for reckless and vexatious legal actions and were ordered to pay the Issuer in damages for a total amount of EUR 595,000 and legal expenses (including the legal representation costs) of EUR 222,015.51 (including the amounts granted by the decisions described under A.3 below).

All decisions (45) regarding these proceedings rejected LKI and /or LKB’s claims / legal actions. Only two decision were rendered in favor of LKI. The first was a decision of the United States Court of Appeals for the Second Circuit in 2013 whereby the RICO case was reversed and remanded back to the District Court on legal technical grounds. (see further below under point B).

The second decision was the ruling of Court of Cassation dated 19 December 2019 which only partially annulled the Antwerp Court of Appeal decision of 13 December 2018 regarding the lack of reasoning

in relation to the order of LKI and LKB to pay the Issuer damages for vexatious reckless proceedings. The case was only sent to the Brussel Court of Appeal on this aspect.

As of today after almost 10 years of litigation the Company Court of Antwerp, section Antwerp has still not been able to decide on the merits of the case.

A.2. Company Court of Antwerp, section Antwerp

On 28 July 2014, LK launched proceedings against ADB and certain Daleyot entities. This claim is aimed at having certain transactions of the Daleyot entities declared null and void or at least not opposable against LK.

LK also filed a damage claim against ADB for a provisional amount of USD 60 million based on the alleged third party complicity of ADB. This case is still pending. The court postponed the case sine die.

A.3. Company Court of Antwerp, section Antwerp

On 10 December 2014, LKB filed a proceeding against ADB and the Issuer claiming an amount of approximately 77 million USD, based on the allegedly wrongful grant and maintenance of credit facilities by ADB and the Issuer to the Daleyot entities. In its last court brief LK claims an additional amount of approximately 5 million USD.

By decision of 7 February 2017, the Commercial Court of Antwerp, section Antwerp (now Company Court of Antwerp, section Antwerp) dismissed LKB's claim. Moreover, the Court decided that the proceedings initiated by LKB were reckless and vexatious and ordered LKB to pay EUR 250,000 in damages, as well as the maximum legal representation cost of EUR 72,000.

LKB appealed against the decision of 7 February 2017. On 28 February 2019, the Antwerp Court of Appeals dismissed LKB's appeal. LKB was ordered to pay the legal representation cost for the appeal proceedings of EUR 18,000. On 18 June 2019 LKB initiated proceedings before the Court of Cassation against the decision of the Antwerp Court of Appeals dated 28 February 2019. These proceedings are still pending.

LKI – which was not a party to the first instance proceedings – commenced third-party opposition proceedings against the same decision with the Commercial Court (now Company Court). By decision of 7 May 2019, the Company Court dismissed the third-party opposition proceedings initiated by LKI. The Court ordered LKI to pay the legal representation cost of EUR 1,440.

A.4. Criminal complaint

On 13 October 2016 LK filed a criminal complaint with the Investigating Magistrate at the Dutch speaking Court of First Instance of Brussels against the Issuer. The criminal complaint is based on: embezzlement, theft and money-laundering.

Although this investigation started at the initiative of LK, it follows its own course and will be submitted at the end of it to the chambers section of the criminal court for a judgment (either dismissal of charges or referral to the criminal court).

B. US proceedings

A complaint of USD 500 million was initiated by LKI against both ADB and the Issuer in 2011, alleging violations of the RICO Act (which provides for trebling of any damage award) and numerous other claims under state law. This complaint is, in fact, a non-cumulative duplicate of the one LKI brought before the Commercial Court of Antwerp, section Antwerp. The United States District Court for the Southern District of New York granted ADB's and the Issuer's motions to dismiss in 2012 on the basis of the doctrine of forum non conveniens, holding that the case should be heard in Belgium. In 2013, the United States Court of Appeals for the Second Circuit reversed and remanded the case back to the District Court for further proceedings. The Court of Appeals ordered the District Court to first resolve

which of two contested forum selection clauses applied to LKI's claims prior to ruling on forum non conveniens or any other grounds on which ADB and the Issuer moved to dismiss.

By Opinion and Order of 29 August 2018, the District Court granted the Issuer / ADB's motion to dismiss, ruling that the case must be heard in Belgium. This ruling is based on an analysis of the forum selection clauses and a forum non conveniens analysis.

On 27 September 2018, LKI filed a notice of appeal against the Opinion and Order of 29 August 2018. On 19 November 2019 the US Court of Appeals dismissed LKI's appeal and affirmed the decision of the District Court of 29 August 2018.

On 27 September 2018, LKI also requested a pre-motion conference before the District Court to file a motion in order to vacate its judgement Dated 29 August 2018. Following the decision of the District Court dated 4 February 2020 allowing LKI to file a motion to seek relief from its judgement, LKI decided not to file a motion to reopen the case.

Bernard L. Madoff Investments Securities LLC and Bernard L. Madoff

On 6 October 2011, Irving H. Picard, trustee for the substantively consolidated SIPA (Securities Investor Protection Corporation Act) liquidation of Bernard L. Madoff Investments Securities LLC and Bernard L. Madoff, sued KBC Investments Ltd (a wholly-owned subsidiary of KBC Bank) before the bankruptcy court in New York to recover approximately USD 110,000,000 worth of transfers made to KBC entities. The basis for this claim were the subsequent transfers that KBC Investments Ltd had received from Harley International, a Madoff feeder fund established under the laws of the Cayman Islands. This claim is one of a whole set made by the trustee against several banks, hedge funds, feeder funds and investors. In addition to the issues addressed by the district court, briefings were held on the applicability of the Bankruptcy Code's 'safe harbor' and 'good defenses' rules to subsequent transferees (as is the case for KBC Investments Ltd). KBC Investments Ltd, together with numerous other defendants, filed motions for dismissal. District court Judge Jed Rakoff has made several intermediate rulings in this matter, the most important of which are the rulings on extraterritoriality and good faith defences.

On 27 April 2014, Judge Rakoff issued an opinion and order regarding the 'good faith' standard and pleading burden to be applied in the Picard/SIPA proceeding based on sections 548(b) and 559(b) of the Bankruptcy Code. As such, the burden of proof that lies on Picard/SIPA is that KBC Investments Ltd should have been aware of the fraud perpetrated by Madoff. On 7 July 2014, Judge Rakoff ruled that Picard/SIPA's reliance on section 550(a) does not allow for the recovery of subsequent transfers received abroad by a foreign transferee from a foreign transferor (as is the case for KBC Investments Ltd.). Therefore, the trustee's recovery claims have been dismissed to the extent that they seek to recover purely foreign transfers. In June 2015, the trustee filed a petition against KBC Investments Ltd to overturn the ruling that the claim fails on extraterritoriality grounds. In this petition, the trustee also amended the original claim including the sum sought. The amount has been increased to USD 196,000,000.

On 21 November 2016, Judge Bernstein issued a memorandum decision regarding claims to recover foreign subsequent transfers, including the transfers which the trustee seeks to recover from KBC Investments Ltd. In this memorandum decision, Judge Bernstein concluded that the trustee's claims based on foreign transfers should be dismissed out of concern for international comity and ordered a dismissal of the action against KBC Investments Ltd. and on 3 March 2017, the Bankruptcy Court issued an appealable order denying the Madoff Trustee's request for leave to amend his Complaint and dismissing the Complaint. On 16 March 2017 the trustee Picard filed an appeal of dismissal, on 27 September 2017 the Second Circuit granted trustee Picard's petition for a direct appeal, on 10 January 2018 trustee Picard filed his opening brief in appeal to Second Circuit.

On 28 February 2019 the Second Circuit reversed the Bankruptcy Court's dismissal of the actions against KBC Investments Ltd on extraterritoriality and international comity grounds. The action against

KBC Investments Ltd has therefore been remanded back to the Bankruptcy Court for further proceedings.

In April 2019 a request for rehearing was denied.

On 30 August 2019, a petition for writ of Certiorari was filed with the U.S. Supreme Court to consider the appeal and reverse the Second Circuit decision by the joint defence group.

On 10 December 2019, the U.S. Supreme Court entered a brief order inviting the U.S. Solicitor General to file a brief expressing the views of the United States Government.

On 10 April 2020, the United States Solicitor General filed a brief recommending that the Supreme Court deny the Madoff defendants' petition for a writ of certiorari.

On 2 June 2020, the U.S. Supreme Court denied the petition. As a consequence the merits of the case will be handled by the Bankruptcy Court.

KBC Investments Ltd still believes there is a strong basis to get the action against KBC Investments Ltd dismissed as there are a number of other defenses that can be raised together with the joint defense group. The procedure may still take several years.

FINANCIAL INFORMATION OF THE ISSUER

Financial statements

The Issuer's 2018 and 2019 annual reports contain:

- the Issuer's audited consolidated financial statements drawn up in accordance with International Financial Reporting Standards (IFRS) for the last two financial years (2018 and 2019); and
- the Issuer's audited non-consolidated financial statements drawn up in accordance with Belgian Generally Accepted Accounting Principles (GAAP) for the last two financial years (2018 and 2019).

Additionally, the Issuer has published unaudited semi-annual consolidated financial statements for the six months ended on 30 June 2020, drawn up in accordance with IFRS, in its semi-annual report for the first half of 2020.

These (semi)-annual reports of the Issuer are incorporated by reference into this Base Prospectus as set out in Section "*Documents incorporated by reference*" on page 192. See Section "*Where more information can be found*" on page 196 for information on where you can find these reports.

Audit and review by the Issuer's statutory auditors

PricewaterhouseCoopers Bedrijfsrevisoren BV (*erkend revisor/réviseur agréé*), represented by R. Jeanquart and G. Joos, with offices at Woluwedal 18, B-1932 Sint-Stevens-Woluwe, Belgium (**PwC**), has been appointed as auditor of the Issuer for the financial years 2016-2018 and this appointment has been extended for the financial years 2019-2021. The financial statements of the Issuer have been audited in accordance with International Standards on Auditing by PwC for the financial years ended 31 December 2018 and 31 December 2019 and resulted in an unqualified audit opinion, with an emphasis of matter paragraph on the financial statements for the financial year ended on 31 December 2019.

PwC is a member of the *Instituut van de Bedrijfsrevisoren/Institut des Réviseurs d'Entreprises*.

The report of the Issuer's auditor on (i) the audited consolidated annual financial statements of the Issuer and its consolidated subsidiaries for the financial years ended 31 December 2018 and 31 December 2019, (ii) the audited non-consolidated annual financial statements of the Issuer for the financial years ended 31 December 2018 and 31 December 2019, and (iii) the unaudited consolidated interim financial statements of the Issuer and its consolidated subsidiaries for the first six months ended 30 June 2020 are incorporated by reference in this Base Prospectus (as set out in Section "*Documents incorporated by reference*" on page 192), with the consent of the auditor.

Changes since the most recent published financial statements

Save as disclosed in this Base Prospectus, there has been no material adverse change in the prospects of the Issuer since 31 December 2019, i.e. the date of its last published audited financial statements.

There has been no significant change in the financial position of the group nor in the insolvency of the Issuer since 30 June 2020, i.e. the end of the last financial period for which financial information has been published.

INFORMATION RELATING TO THE COVERED BONDS

SUMMARY OF THE BELGIAN COVERED BONDS LEGISLATION

The following is a brief summary of certain features of the Belgian Covered Bonds Legislation governing the issuance of Belgian covered bonds as at the date of this Base Prospectus, which legislation may be supplemented, amended, modified or varied whether by legislative enactment or by way of judicial decisions and administrative pronouncements including, possibly, with retroactive effect. This summary does not purport to be, and is not, a complete description of all aspects of the Belgian legislative and regulatory framework pertaining to Belgian covered bonds and prospective Covered Bondholders should also read the detailed information set out elsewhere in this Base Prospectus. The original language of the Belgian Covered Bonds Legislation is Dutch and French. The following summary is provided in English only for the sake of convenience. In the event of any doubt, the original Dutch or French language version of the Belgian Covered Bonds Legislation should be consulted.

1. INTRODUCTION

The transactions described in this Base Prospectus are the subject of specific legislation, the Belgian Covered Bonds Legislation. As mentioned elsewhere in this Base Prospectus, the Belgian Covered Bonds Legislation includes the Covered Bonds Law as incorporated in the Banking Law, the Mobilisation Law, the Covered Bonds Royal Decree, the Cover Pool Administrator Royal Decree, the NBB Covered Bonds Regulation, the NBB Cover Pool Monitor Regulation and any other law, royal decree, regulation or order that may be passed or taken in relation to Belgian covered bonds, as amended, supplemented and/or replaced from time to time.

The Belgian Covered Bonds Legislation has been enacted, with a view, *inter alia*, to introducing a legal framework for the issue of Belgian covered bonds complying with the standards of Article 52, § 4 of Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (**UCITS**) (recast), as amended, supplemented and/or replaced from time to time, by Belgian credit institutions.

The Belgian Covered Bonds Legislation contemplates a full on balance structure with a right of dual recourse for Covered Bondholders (an exclusive claim against the Special Estate (together with the Cover Pool Creditors) and an unsecured claim against the General Estate of the Issuer).

The Covered Bonds Law was initially incorporated in the Law on the Legal Status and Supervision of Credit Institutions of 22 March 1993, but has now been included in the Banking Law. The implementing decrees and regulations were however not updated at the occasion of the inclusion of the Covered Bonds Law in the Banking Law. As a result, certain cross-references within the implementing decrees and regulations still refer to older versions of rules and regulations that were in the meantime updated or replaced (especially certain provisions in relation to capital adequacy regulations).

The provisions of the Belgian Covered Bonds Legislation that are relevant to the Programme may be summarised as described in the sections below.

It should also be noted that at the end of 2019, the European Parliament and the Council finalised the legislative package on covered bond reforms made up of a new covered bond directive (**Directive (EU) 2019/2162**) and a new regulation (**Regulation (EU) 2019/2160**), which entered into force on 7 January 2020 with the deadline for application of 8 July 2022 (both texts have relevance for the EEA and are to be implemented in due course in other countries in the EEA). The new covered bond directive replaces current article 52(4) of the UCITS Directive, establishes a revised common base-line for issue of covered bonds for EU regulatory purposes (subject to various options that members states may choose to exercise when implementing the new directive through national laws). The new regulation will be

directly applicable in the EU from 8 July 2022 and it amends article 129 of the Capital Requirements Regulation (CRR) (and certain related provisions) and further strengthens the criteria for covered bonds that benefit from preferential capital treatment under the CRR regime. Given that the aspects of the new regime will require transposition through national laws, the final position is not yet known. Therefore, there can be no predictions made as to the precise effect of the new regime on the Belgian Covered Bonds Regulations.

In addition, it should be noted that the new covered bond directive provides for permanent grandfathering with respect to certain requirements of the new regime for article 52(4) UCITS Directive-compliant covered bonds issued before 8 July 2022 and includes an option for the EU member states to allow tap issues with respect to grandfathered covered bonds (for up to 24 months after 8 July 2022), provided such tap issues comply with certain prescribed requirements.

2. BELGIAN PANDBRIEVEN (BELGISCHE PANDBRIEVEN/LETTRES DE GAGE BELGES)

Pursuant to Article 1, 1° of Annex III to the Banking Law, Belgian covered bonds are debt instruments which:

- are issued by a credit institution governed by Belgian law which is authorised to issue Belgian covered bonds;
- are included in the list of Belgian covered bonds, or are subject to a Belgian covered bond programme approved by the Supervisor; and
- are covered by a special estate on the balance sheet of the issuing credit institution.

Pursuant to Article 6, §1 of the Banking Law and Article 2, §1 of Annex III to the Banking Law, Belgian covered bonds which comply with the specific conditions for obtaining a beneficial risk weight as implemented in the Belgian capital adequacy regulations adopted in the framework of the transposition of the Directive 2013/36/EU of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (**CRD**), which now include the provisions of the Regulation 575/2013 of 26 June 2013 on prudential requirements for credit institutions and investment firms (**CRR** together with the CRD, the **CRD IV**), may be referred to as Belgian pandbrieven (*Belgische pandbrieven/lettres de gage belges*). Pursuant to Article 13 of the Covered Bonds Royal Decree, Belgian covered bonds which comply with the requirements set out in the Covered Bonds Royal Decree will be deemed to comply with the CRD IV and may therefore be referred to as Belgian pandbrieven (*Belgische pandbrieven/lettres de gage belges*). The Covered Bonds issued under the Programme will comply with the requirements set out in the Covered Bonds Royal Decree and will therefore be deemed to comply with CRD IV.

3. DUAL AUTHORISATION BY THE SUPERVISOR

(a) Introduction

A Belgian credit institution requires specific authorisation from the Supervisor to issue Belgian covered bonds.

The prior authorisation of the Supervisor comprises:

- a general authorisation in relation to its organisational capacity to issue Belgian covered bonds and to provide the follow up (the **General Authorisation**); and
- a special authorisation as to whether a particular issue or issue programme complies with the legal requirements (the **Specific Authorisation**).

On its website, the Supervisor publishes:

- a list of credit institutions that are authorised to issue Belgian covered bonds (currently at <https://www.nbb.be>); and
- a list that specifies, per credit institution, the programmes or issuances that have been authorised. This list is divided into a list of Belgian covered bonds and a list of Belgian pandbrieven (currently at <https://www.nbb.be>).

The information contained on the website of the National Bank of Belgium (www.nbb.be) does not form part of this Base Prospectus and has not been scrutinised or approved by the FSMA.

The Issuer is on the Supervisor's list of credit institutions that are authorised to issue Belgian covered bonds. The Programme is on the Supervisor's list of Belgian covered bonds that are compliant with CRD IV.

(b) General Authorisation

To obtain a General Authorisation, the credit institution must, among other things, provide information on its financial position, long-term strategy, tasks and responsibilities in relation to the issue of Belgian covered bonds, risk management policy, internal audit and IT systems. The financial position must demonstrate that the interests of its creditors other than the holders of Belgian covered bonds will be protected. The credit institution's statutory auditor must report on the credit institution's organisational capacity to issue Belgian covered bonds.

The Supervisor will only grant the General Authorisation to the extent that, on the basis of the above information, it is satisfied:

- that the administrative and accounting organisation of the Issuer allows it to operate in accordance with the Belgian Covered Bonds Legislation, in particular as regards its capacity to segregate the Cover Assets from its General Estate; and
- that the financial position of the Issuer, specifically with respect to its solvency, is sufficient to safeguard the interests of its creditors, other than the Covered Bondholders and Other Cover Pool Creditors.

The Issuer obtained the General Authorisation from the Supervisor in relation to its organisational capacity to issue Belgian covered bonds on 6 November 2012.

(c) Specific Authorisation

To obtain the Specific Authorisation, the credit institution must, among others things, provide information on the impact of the issue on the liquidity position of the issuing credit institution, the quality of the cover assets and the extent to which the maturity dates of the Belgian covered bonds coincide with those of the cover assets. The credit institution will also have to demonstrate that it continues to comply with the requirements of the General Authorisation.

The Supervisor will only grant the Specific Authorisation to the extent that, on the basis of the above information, it is satisfied that the following conditions have been met:

- the Issuer has obtained a General Authorisation; and
- the Cover Assets meet the requirements set out in the Belgian Covered Bonds Legislation.

The Issuer obtained the Specific Authorisation from the Supervisor in relation to the Programme on 6 November 2012.

(d) Sanctions in case of breach

If the issuing credit institution is (and remains) unable to meet the requirements which apply to it as issuing credit institution of Belgian covered bonds, the Supervisor can grant a grace period during which this situation must be resolved. If the situation is not resolved after expiry of this grace period, the Supervisor can remove the credit institution from the list of Belgian covered bond issuers and revoke the issuing credit institution's authorisation to issue Belgian covered bonds. For so long as the issuing credit institution is in breach of the Liquidity Test or Cover Test, it shall not be allowed to issue new Belgian covered bonds, regardless of the granting of any grace period by the Supervisor. In urgent circumstances, the Supervisor can remove an issuing credit institution from the list of credit institutions that are authorised to issue Belgian covered bonds, without any grace period. The Belgian Covered Bonds Regulations provide that this will not affect the registration of outstanding Cover Assets.

The Supervisor can also publish warnings to indicate that a credit institution has failed to comply with the Supervisor's requests to meet the requirements of the Belgian Covered Bonds Legislation within a specified grace period. In addition, as part of its general supervisory function under the Banking Law, the Supervisor can – after hearing or inviting the issuing credit institution for a hearing – impose a fine of maximum EUR 2,500,000 per breach or EUR 50,000 per day of non-compliance. The Supervisor has the power to impose administrative penalties on issuing credit institutions. Such administrative penalties may range from EUR 2,500 to EUR 2,500,000 (please also refer to Section 10.4 below – “*The Supervisor*”).

4. SPECIAL ESTATE AND PROTECTION IN THE CONTEXT OF AN INSOLVENCY

4.1. Composition of the Special Estate

The Belgian Covered Bonds Legislation contemplates a full on balance sheet structure.

The estate of an issuing credit institution that has issued Belgian covered bonds is legally composed of a general estate and of one or more special estates.

The issuing credit institution must maintain a cover register for all Belgian covered bonds issued in which all Belgian covered bonds and the cover assets are registered (the **Register of Cover Assets**).

The special estate by operation of law includes:

- all assets registered in the Register of Cover Assets;
- the assets (cash or financial instruments) received as collateral in the context of hedging agreements which are part of the special estate;
- all security interests and sureties, guarantees or privileges, in whatever form, that have been granted in relation to cover assets, as well as rights under insurance policies and other contracts in relation to the cover assets or the management of the special estate;
- all sums that the issuing credit institution holds as a result of the recovery (reimbursement, payment) of assets or of the rights mentioned above for the account of the special estate or otherwise held for the special estate; and
- the mandatory reserves with the NBB, to the extent that these are linked to the special estate.

Pursuant to a revindication mechanism provided by Article 3, §2, second indent of Annex III to the Banking Law, if the Issuer holds amounts as provided for in Article 3, § 2, 4° for the account of a Special Estate, and these amounts cannot be identified in the General Estate when the delivery of these assets is requested on behalf of the Special Estate, the ownership right in relation to these amounts that are part of the Special Estate will be transferred for a corresponding value to other unencumbered assets

in the General Estate of the Issuer that will be selected by taking into account criteria specified in the terms and conditions of the relevant issuance (hereinafter referred to as the “*issue conditions*”).

4.2. The Register of Cover Assets

The issuing credit institution must maintain a Register of Cover Assets. The issuing credit institution may have more than one Register of Cover Assets. The assets included in the Register of Cover Assets are included on, and are a part of, the issuing credit institution's balance sheet. Each item in the Register of Cover Assets must be clearly identified and the Register of Cover Assets must be updated on a regular basis to include any changes in the relevant information.

As from their registration in the Register of Cover Assets, the assets listed in Article 80 §3, 2° of the Banking Law (see Section 5 below), including the relevant hedging instruments, that are part of the relevant Special Estate, constitute the cover assets. Such registration and allocation to the cover assets is valid and enforceable against third parties.

The amounts that are paid by way of repayment, recovery or payment of interest on the cover assets may be applied as cover assets that form part of their respective category, until the point at which such amounts are used for other purposes.

Upon their removal from the Register of Cover Assets, cover assets will no longer be part of the special estate.

The Register of Cover Assets must at least contain the following information:

- the characteristics per series of issued Belgian covered bonds, including their nominal value, maturity date and interest rate(s); and
- the characteristics of assets that constitute the Cover Assets, including the category, the type of contract, the nominal value, the currency, the issue date or origination date and the maturity date of the assets, the date of registration in the Register of Cover Assets, the identity of the counterparties, information regarding redemption, interest rates, guarantees and the value of the assets.

If any of the above characteristics of an asset changes, this must be reflected in the Register of Cover Assets as soon as possible.

The assets, hedging instruments and the outstanding debt instruments that are part of the special estate must be registered in accordance with the following principles:

- the cover assets, which are registered in the Register of Cover Assets, must at all times be identifiable in the accounts and systems of the issuing credit institution;
- each transaction regarding cover assets must be immediately registered in the Register of Cover Assets and at the latest on the same day by close of business;
- each registration in and/or amendment to the Register of Cover Assets must be traceable;
- the issuing credit institution must be able to copy the content of the Register of Cover Assets at all times; and
- at the end of each month, the content of the Register of Cover Assets must be copied to a durable medium and kept for a period of five years after the maturity date of the Belgian covered bonds. The standard procedures of the issuing credit institution for back-up and archiving can be used to this end, provided that the relevant storage method is acceptable to the statutory auditor, the cover pool monitor and the NBB.

Protective measures must be taken to prevent unauthorised persons from making modifications to the Register of Cover Assets, or to prevent damages to or destruction of the Register of Cover Assets. To this end, the issuing credit institution must keep an updated (back-up) copy of the Register of Cover Assets at a different location to that where the original copy is kept.

4.3. Allocation of the Special Estate

Each special estate is exclusively allocated to satisfy the obligations towards the Belgian covered bondholders and creditors that are or can be determined based on the issue conditions. The distribution or priority rules between the obligations towards the holders of Belgian covered bonds and the other creditors of the special estate must be determined in the issue conditions and in the agreements that are entered into in the context of the issue of Belgian covered bonds or the relevant issue programme. The Conditions (see Condition 9 (*Priorities of payments*)) contain specific provisions regarding the distribution of payments between the Covered Bondholders and the Other Cover Pool Creditors with respect to funds derived from the Special Estate following an acceleration of the Covered Bonds or following a decision of the Cover Pool Administrator to early redeem the Covered Bonds of all Series pursuant to Article 11, 6° or 7° of Annex III to the Banking Law.

Creditors of the issuing credit institution (other than Belgian covered bondholders and creditors that are or can be determined based on the issue conditions) may not exercise any rights against or attach the special estate.

The Belgian covered bondholders and the creditors that are or can be determined based on the issue conditions also maintain a recourse against the general estate of the issuing credit institution. The Belgian covered bondholders and creditors that are or can be determined based on the issue conditions consequently have a dual right of recourse against, (a) the general estate, and (b) the special estate of the issuing credit institution.

The holders of Covered Bonds issued by the Issuer under the Programme and the Other Cover Pool Creditors will consequently have an exclusive recourse against the Special Estate while maintaining a recourse against the General Estate of the Issuer. As indicated above, the Conditions (see Condition 9 (*Priorities of payments*)) contain specific provisions regarding the distribution of payments between the Cover Pool Creditors with respect to funds derived from the Special Estate following an acceleration of the Covered Bonds or following a decision of the Cover Pool Administrator to early redeem the Covered Bonds of all Series pursuant to Article 11, 6° or 7° of Annex III to the Banking Law.

4.4. Protection in the context of insolvency – no acceleration

The Belgian Covered Bonds Legislation also contains provisions relating to the protection of holders of Belgian covered bonds and of creditors that are or can be determined based on the issue conditions upon the insolvency of the issuing credit institution.

If bankruptcy proceedings are initiated against the issuing credit institution, the proceedings are limited to the general estate of the issuing credit institution; the special estate and the debts and obligations it covers do not form part of the bankruptcy estate. The proceedings do not cause the obligations and debts of the special estate to become due and payable. Accordingly, the Belgian covered bonds (can) remain outstanding until their stated maturity, notwithstanding a bankruptcy of the issuing credit institution.

The special estate will be run separately from the bankruptcy procedure applicable to the general estate of the issuing credit institution (i.e., on a bankruptcy remote basis).

Cover assets that are part of the special estate will only return to the general estate once all Belgian covered bonds have been repaid in full. The insolvency administrator (*curator/curateur*) will have no rights on the special estate. However, on the initiation of bankruptcy proceedings against the issuing credit institution, the insolvency administrator is entitled, after consultation with the Supervisor, to

require that the cover assets, that are with certainty no longer necessary as cover assets, are retransferred to the general estate.

The insolvency administrator has a legal obligation to co-operate with the Supervisor and the cover pool administrator in order to enable them to manage the special estate in accordance with the Belgian Covered Bonds Legislation.

A special (legal) mechanism has been created to protect cash held by the issuing credit institution on account of the special estate. Pursuant to this (legal) mechanism, the ownership rights of the special estate as regards cash that cannot be identified in the general estate, will be transferred to unencumbered assets of the general estate that will be selected by taking into account criteria specified in the issue conditions. With respect to the Programme, these criteria are specified in Condition 12 (*Covered Bond provisions*).

In addition, upon a bankruptcy of the issuing credit institution, all sums and payments relating to the assets constituting the special estate that are collected by or for the account of the special estate are automatically excluded from the bankrupt estate of the issuing credit institution and exclusively allocated to the special estate.

4.5. Transfer and liquidation of the special estate

As indicated above, bankruptcy proceedings against the issuing credit institution do not cause the obligations and debts covered by the special estate to become due and payable. Upon the initiation of bankruptcy proceedings against the issuing credit institution, the cover pool administrator may, in the interest of the holders of Belgian covered bonds, in consultation with the representative of the holders of Belgian covered bonds and subject to approval by the Supervisor, transfer the special estate (assets and liabilities) and its management to an institution entrusted with performing obligations to the holders of Belgian covered bonds in accordance with the initial issue conditions.

Upon the initiation of bankruptcy proceedings against the issuing credit institution, the cover pool administrator:

- (a) may, in consultation with the representative of the holders of Belgian covered bonds and subject to approval by the Supervisor, proceed with the liquidation of the special estate and with the early redemption of the Belgian covered bonds where the cover assets are not, or risk not being, sufficient to satisfy the obligations under the Belgian covered bonds; and
- (b) will, in consultation with the representative of the holders of Belgian covered bonds and the Supervisor, proceed with the liquidation of the special estate and with the early redemption of the Belgian covered bonds when a majority decision has been taken to this effect at a bondholders meeting at which at least two thirds of the principal amount of Belgian covered bonds is represented.

If the Cover Tests and the Liquidity Test are no longer met, the cover pool administrator must consult the representative of the covered bondholders for the purposes of considering the liquidation of the special estate and the early repayment of the Belgian covered bonds, as contemplated under (a) above.

Reference is also made to Condition 8 (*Events of Default and Enforcement*) in relation to the events that trigger an acceleration of the Covered Bonds.

The rights of Belgian covered bondholders and of the creditors that are or can be determined based on the issue conditions against the special estate will also be maintained and will follow the special estate on a disposal of assets of the issuing credit institution in the context of redress measures taken by the Belgian authorities against the issuing credit institution.

The Special Estate could be transferred to a third party, either as a result of (i) the application of the resolution tools (*afwikkelingsinstrumenten/instruments de résolution*) taken in accordance with Book II, Title VIII of the Banking Law, or (ii) following the commencement of bankruptcy proceedings or recovery measures, if the Cover Pool Administrator decides to transfer in accordance with Article 11, 5° of Annex III to the Banking Law. The Banking Law provides that, in the case of such a transfer, the rights of the holder of the Belgian covered bonds against the special estate will be maintained and will follow the special estate.

5. ASSETS TO BE INCLUDED IN THE SPECIAL ESTATE

The special estate may be composed of assets falling within any of the following five categories: Residential Mortgage Loans (including Residential Mortgage Backed Securities (**RMBS**)) (**category 1**), Commercial Mortgage Loans (including Commercial Mortgage Backed Securities (**CMBS**)) (**category 2**), Public Exposures (including Public Asset Backed Securities (**ABS**)) (**category 3**), exposures to credit institutions (**category 4**) and hedging instruments (**category 5**).

(a) Mortgage Loans

The special estate may include residential mortgage loans or commercial mortgage loans:

- **Residential mortgage loans (category 1):** mortgage receivables secured by a mortgage on Residential Real Estate located in the European Economic Area (EEA) (Residential Mortgage Loans). Mortgage receivables relating to residential real estate under construction or in development can only be included in the special estate if they do not represent more than 15% of all the residential mortgage loans included in the special estate; and
- **Commercial mortgage loans (category 2):** mortgage receivables secured by a mortgage on Commercial Real Estate located in the EEA (Commercial Mortgage Loans). Mortgage receivables relating to commercial real estate under construction or in development may not be included in the special estate.

In order to qualify for residential and commercial mortgage loans, the credit institution must be the beneficiary of a first-ranking mortgage.

Residential Real Estate is real property that is destined for housing or for renting (*huur/location*) as housing by the owner.

Commercial Real Estate is real property that is primarily used for industrial or commercial purposes or for other professional activities, such as offices or other premises intended for the exercise of a commercial or services activity.

- (b) **Exposures to public sector entities (category 3):** receivables on or guaranteed or insured by, (i) central, regional or local authorities of member states of the Organisation for Economic Co-operation and Development (**OECD**), (ii) central banks of these member states, (iii) public sector entities of these member states, or (iv) multilateral development banks or international organisations that qualify for a 0% risk weighting as set out in Article 117 CRR (**Public Exposures**).
- (c) **RMBS, CMBS and ABS issued by securitisation vehicles that securitise exposures on assets primarily composed of the assets sub (a) and/or (b) above and that meet the following conditions:**
 - (i) the securitisation vehicle is governed by the laws of a member state of the EEA;

- (ii) the securitisation positions qualify for credit quality step 1 as set out in Article 251 CRR and are part of the most senior tranche of securitisation positions;
- (iii) at least 90% of the underlying assets are composed of only one of the categories of residential mortgage loans, commercial mortgage loans or public sector exposures;
- (iv) the underlying assets have been originated by a group-related entity of the issuing credit institution; and
- (v) the most subordinated tranche is fully retained by the issuing credit institution or a group-related entity.

Securities issued by securitisation vehicles are only recognised as cover assets within the limits imposed by CRD IV (which permits Belgian covered bonds to benefit from a favourable weighting in the context of the "own funds" regulation applicable to credit institutions).

- (d) **Exposures to credit institutions (category 4):** claims against credit institutions that have the status of credit institution under the law of a member state of the OECD and cash held on account with these credit institutions, as well as sums held by the issuing credit institution for the benefit of the special estate.
- (e) **Hedging instruments (category 5):** positions resulting from one or more hedging instruments linked to one or more cover assets or Belgian covered bonds concerned, as well as sums paid under these positions. The counterparty of these instruments must have the status of a credit institution under an OECD member state.

The hedging instruments may only cover interest rate risk, currency exchange risk or other risks linked to the cover assets or the Belgian covered bonds.

The hedging instruments may only be included in the special estate if recovery measures or bankruptcy proceedings opened against the issuing credit institution do not automatically result in the early termination (close-out) of these instruments and if the relevant hedge counterparty cannot invoke an early termination (close-out) in such circumstances. The issuing credit institution may not include hedging instruments in one of the novation or netting agreements to which it is a party.

The credit institution must be able to demonstrate that the default risk of the counterparty is limited. The NBB Covered Bonds Regulation specifies that the limited default risk of the counterparty will be established if the counterparty qualifies for:

- credit quality step 1 according to Article 120 CRR; or
- credit quality step 2 according to Article 120 CRR and that the duration of the hedging contract does not exceed 12 months as from the time it was registered in the Register of Cover Assets.

If the hedge counterparty is a group-related entity of the issuing credit institution, it must have the status of credit institution in an EEA Member State and must benefit from credit quality step 1 (as defined in Article 120 CRR). In addition, the net risk positions arising from these hedging instruments towards these counterparties have to be covered by financial instruments or values as contemplated by Article 197 CRR.

Furthermore, the issuing credit institution must establish risk management policies in relation to interest rate and currency exchange risks. The issuing credit institution must ensure that the liquidity generated by such hedging instruments is sufficient to meet the applicable tests in the

case of sudden and unexpected movements and/or, as the case may be, dispose of other assets that can be sold or mobilised quickly in order to provide relevant coverage.

Amounts paid as reimbursement, collection or payment of interest on cover assets included in the special estate may be applied as cover assets that are a part of their respective category.

6. OVER-COLLATERALISATION AND TESTS

At the time of the issuance and as long as any Belgian covered bonds remain outstanding, the issuing credit institution must, in respect of each special estate, meet the following cover tests.

6.1. 85% Asset Coverage Test

The value of the assets out of one of the first three categories (Residential Mortgage Loans (including RMBS), Commercial Mortgage Loans (including CMBS) or Public Exposures (including ABS)) must represent at least 85% of the nominal amount of the Belgian covered bonds outstanding (the **85% Asset Coverage Test**).

For the purposes of this Programme, the main asset class of the Special Estate will consist of Residential Mortgage Loans, their Related Security interests and all monies derived therefrom from time to time in accordance with the Belgian Covered Bonds Legislation.

6.2. Over-Collateralisation Test

The value of the cover assets must provide an excess cover such that their value exceeds the principal amount outstanding of the Belgian covered bonds. Per special estate, the value of the cover assets must represent at least 105% of the principal amount of the Belgian covered bonds issued (the **Over-Collateralisation Test**).

In order to meet the continuous requirements of the Over-Collateralisation Test, the issuing credit institution has the legal obligation to maintain an active collateral management policy. Accordingly, the composition of the cover assets included in the special estate is dynamic. As long as Belgian covered bonds are outstanding, the issuing credit institution may be required to add, remove and/or replace cover assets in order to meet the requirements of the Over-Collateralisation Test.

6.3. Cover Asset Coverage Test

The cover assets composing the special estate must, for the duration of the Belgian covered bonds, provide a sufficient cover, (a) for the payment of principal and interest on the Belgian covered bonds, (b) for the obligations towards the creditors that are or can be determined based on the issue conditions, and (c) for the management of the special estate. Per special estate, the sum of interest, principal and all other revenues generated by the cover assets must be sufficient to cover the sum of all interest, principal and charges linked to the Belgian covered bonds (the **Cover Asset Coverage Test**).

The 85% Asset Coverage Test, the Over-Collateralisation Test and the Cover Asset Coverage Test are hereinafter jointly referred to as the **Cover Tests**.

7. COVER TESTS – VALUATION METHODOLOGY

The value of the cover assets of each category is determined in the following manner for the purpose of the 85% Asset Coverage Test and the Over-Collateralisation Test:

- (a) **Residential Mortgage Loans:** the lesser of, (i) the outstanding loan amount, (ii) 80% of the market value of the Residential Real Estate, and (iii) the value of the mortgage.

If the Residential Real estate over which a mortgage has been created is located in Belgium, the value of the mortgage in respect of a residential mortgage loan will be equal to the amount of

the mortgage registration in first rank, plus any amounts of mortgages in subsequent ranks provided that there are no other creditors with prior-ranking mortgage rights (*zonder dat andere schuldeisers zich in een tussenpositie bevinden/sans interposition d'autres créanciers*).

If the mortgage is supplemented with a mortgage mandate, the value of the mortgage will be equal to the lesser of, (i) the sum of the amount of the mortgage registration in first rank, plus any amounts of mortgages in sequentially lower ranks provided that there are no other creditors with prior-ranking mortgage rights (*zonder dat andere schuldeisers zich in een tussenpositie bevinden/sans interposition d'autres créanciers*) and the amount for which a mortgage mandate has been granted, and (ii) the amount of the mortgage registration in first rank, plus the amount of any mortgage in sequentially lower ranks provided that there are no other creditors with prior-ranking mortgage rights (*zonder dat andere schuldeisers zich in een tussenpositie bevinden/sans interposition d'autres créanciers*), divided by 0.6.

If the Residential Real Estate over which the mortgage has been created is located outside Belgium, the value of the mortgage in respect of such residential mortgage loan will be equal to the amount of the mortgage registration in first rank, plus the amount of any mortgages in sequentially lower ranks provided that there are no other creditors with prior-ranking mortgage rights (*zonder dat andere schuldeisers zich in een tussenpositie bevinden/sans interposition d'autres créanciers*). Mortgage mandates are not taken into consideration.

Residential Real Estate may only be taken into consideration for the purposes of the valuation calculations of the cover assets if the requirements set out Article 208 CRR and the valuation rules set out in Article 229 CRR, as implemented in Belgium, have been complied with. This does not prejudice the possibility to take into account the value of mortgage mandates, as set out above. If deemed necessary, the Supervisor can impose further requirements with respect to the valuation of residential real estate.

The valuation of Residential Real Estate is subject to periodic review. The valuation rules in relation to residential real estate are further specified in the NBB Covered Bonds Regulation.

- (b) **Commercial Mortgage Loans:** the lesser of, (i) the outstanding loan amount, (ii) 60% of the sales value of the Commercial Real Estate, and (iii) the value of the mortgage.

The value of the mortgage in respect of a commercial mortgage loan equals the amount of the mortgage registration in first rank, accrued (if applicable) with the amount of the mortgages in sequentially lower ranks provided that there are no other creditors with prior-ranking mortgage rights (*zonder dat andere schuldeisers zich in een tussenpositie bevinden/sans interposition d'autres créanciers*). Mortgage mandates are not taken into consideration.

Commercial Real Estate may only be taken into consideration for the purposes of the valuation calculations if the eligibility requirements that apply to Residential Mortgage Loans have been met.

The valuation of Commercial Real Estate is subject to periodic review.

- (c) **Public Exposures:** to the extent that the counterparty is a member of the European Union, the value is equal to the book value in the books of the issuing credit institution (or limited to the amount guaranteed or insured by the relevant entities). If the counterparties of the receivables are not members of the European Union, the value of the receivables will be zero unless:
- (i) the counterparties benefit from a credit quality step 1 as defined in Article 129 CRR; or
 - (ii) the counterparties benefit from a credit quality step 2 as defined in Article 129 CRR and these receivables do not exceed 20% of the amount of Belgian covered bonds.

- (d) **RMBS, CMBS and ABS issued by securitisation vehicles:** the value of the receivables corresponds to the lesser of, (i) the amount at which the assets are registered in the accounting statements, and (ii) the amount of the assets that are underlying to the securitisation, applying the valuation rules set forth above per analogy.
- (e) **Hedging instruments:** no value is given to that category for the purpose of the 85% Asset Coverage Test and the Over-Collateralisation Test.
- (f) **Exposures to credit institutions:** no valuation is given to this category for the purpose of the 85% Asset Coverage Test. No valuation is given to this category for the purposes of the Over-Collateralisation Test unless:
- (i) the counterparty benefits from a credit quality step 1 as defined in Article 120 CRR. Receivables which are deposits can only be taken into account for the Over-Collateralisation Test, provided that their maturity date does not exceed 12 months from the date on which they are recorded in the Register of Cover Assets; or
 - (ii) the counterparty benefits from a credit quality step 2 and the maturity does not exceed 100 days from their registration in the Register of Cover Assets; and

in both cases, the value will be equal to the amount at which the assets are registered in the accounting statements of the issuing credit institution.

In all circumstances, the value of an asset that is 90 days past due is zero. The value of an asset that is 30 days past due will only be taken into account for 50% of the value as set out above.

(Belgian) regulatory impact of COVID-19

To attenuate the financial impact of the coronavirus pandemic, the Belgian financial sector and the Belgian federal government have agreed to a moratorium on the repayment of residential mortgage loans for borrowers that meet the applicable eligibility conditions (including that their income has decreased as a consequence of the coronavirus pandemic).

By reference to the Guidelines of the European Banking Authority on the application of the definition of default under Article 178 of Regulation (EU) No 575/2013, the NBB has clarified the following with respect to exposures that fall under the COVID-19 moratorium and that are at the same time part of the cover pool of a Belgian covered bond:

- Exposures with less than 30 days past due, at the date the moratorium measures are applied to them, can be taken into account for 100% of their coverage value.
- Exposures with more than 30 days past due at the date the moratorium measures are applied to them, should be valued at 50% of their coverage value.
- Exposures which are defaulted, at the date the moratorium measures apply to them, shall be valued at 0% of their coverage value.

8. LIQUIDITY TEST

Per special estate, the cover assets must over a period of six months generate sufficient liquidity or include enough liquid assets in order to enable the issuing credit institution to make all unconditional payments on the Belgian covered bonds (including principal, interest and other costs) falling due during the following six months (the **Liquidity Test**). As an Extended Final Maturity will be specified for each Series of Covered Bonds, payments of amounts due on the Final Maturity Date will not be considered as unconditional for the purpose of the Liquidity Test.

To comply with the Liquidity Test, the issuing credit institution will be entitled to enter into a liquidity facility provided that the counterparty is a credit institution outside the group that satisfies certain credit quality requirements. The Issuer currently does not have the intention to enter into a liquidity facility agreement in relation to the Special Estate but has the ability to do so pursuant to the Belgian Covered Bonds Legislation.

The liquidity that is made available pursuant to a liquidity facility is taken into account for the calculation of the Liquidity Test, provided that:

- (a) the liquidity facility can be used only for payment on the Belgian covered bonds; and
- (b) the funds drawn under the liquidity facility cannot be used for any other activities.

The funds drawn under the liquidity facility will be part of the special estate by operation of law.

If an issuing credit institution fails to meet the requirements of the Liquidity Test, it will have 14 days to take the necessary redress measures to meet the relevant requirements. As long as an issuing credit institution has not taken the necessary redress measures, it is not allowed to issue new Belgian covered bonds (under a programme or on a stand-alone basis).

9. LIMITATIONS ON ISSUE OF BELGIAN COVERED BONDS BY AN ISSUING CREDIT INSTITUTION AND SUBSCRIPTION OF OWN COVERED BONDS

9.1. Limitation of the amount of Belgian covered bonds

An issuing credit institution may no longer issue further Belgian covered bonds if the amount of the cover assets exceeds 8% of the total assets of such credit institution, except with the prior consent of the Supervisor. The Supervisor can specify which assets are to be taken into account for the purpose of calculating this 8% limit and how such assets should be valued.

The Supervisor can only temporarily authorise an issuing credit institution to issue covered bonds beyond the 8% limit when justified by exceptional circumstances on the financial markets which affect the issuing credit institution and which justify an increased use of such financing. The report to the Covered Bonds Royal Decree clarifies that these exceptional circumstances may be circumstances where the issuing credit institution would not have access to the unsecured funding markets.

On 19 May 2020, in the context of the exceptional circumstances created by the coronavirus (COVID-19) pandemic and the exceptional measures set up to confine its impact on the economic activity and on the financial markets, the Supervisor has temporarily authorised the Issuer to issue covered bonds beyond the 8% limit originally in place. As from this date, the Issuer is allowed to issue Belgian covered bonds if the amount of the cover assets does not exceed 12.5% of the Issuer's total assets, for a period up to 31 May 2021 (included).

In addition, for each credit institution issuing Belgian covered bonds, the Supervisor may determine a maximum percentage of Belgian covered bonds that may be issued by such institution compared to its balance sheet total. The Supervisor may request that a credit institution that issues Belgian covered bonds limits the issue volume of Belgian covered bonds in order to protect the credit institution's other creditors.

9.2. Conditions to issuance of Belgian covered bonds

As set out in Section 3 above, an issuer can only issue Belgian covered bonds after having obtained a general licence from the Supervisor authorising it to issue covered bonds as well as a specific licence in relation to the programme (or standalone issue, as the case may be). Subsequently, an issuer may be restricted from issuing further Belgian covered bonds in certain circumstances. In particular, this could be the case if the Supervisor removes the issuer from the list of Belgian covered bond issuers and

revokes its licence (see Section 3(d) above) or if the Supervisor imposes a certain limit on the aggregate amount of Belgian covered bonds that can be issued and the issuer would exceed such limit with a new issue (see Section 9.1 above). Moreover, if the issuer fails to meet the Liquidity Test and is not able to remedy thereto within fourteen (14) days, it will be prevented from further issuing Belgian covered bonds as long the Liquidity Test is not met (see Section 8 above).

9.3. Subscription of own Belgian covered bonds

The issuing credit institution may subscribe to or invest in its own Belgian covered bonds. However, to the extent that these Belgian covered bonds are held by the issuing credit institution, such credit institution will not be able to exercise the rights set out in Articles 7:161 to 7:173 of the Belgian Code on Companies and Associations (to the extent applicable) or similar rights set out in the articles of association of the issuing credit institution or in the issue conditions, unless otherwise provided in the issue conditions.

10. PARTIES

10.1. Cover Pool Monitor

For each Belgian covered bonds issue or issue programme, the issuing credit institution must appoint a cover pool monitor (*portefeuillesurveillant/surveillant de portefeuille*) approved by the Supervisor. The cover pool monitor is an auditor who is not the statutory auditor of the issuing credit institution.

Before the issue of Belgian covered bonds the cover pool monitor will need to take all reasonable measures to ensure that the issuing credit institution meets the following requirements:

- (a) the cover assets meet the qualitative requirements that apply to cover assets registered in the Register of Cover Assets and limits set out in the Belgian Covered Bonds Legislation (see Section 5 above);
- (b) the cover assets meet the Cover Tests (see Sections 6 and 7 above);
- (c) the cover assets meet the Liquidity Test (see Section 8 above); and
- (d) the requirements that apply to the cover register and the correct registration of cover assets in the cover register are complied with (see Section 4.2 above).

The cover pool monitor must be able to verify all information which is recorded in the Register of Cover Assets.

After the issue of Belgian covered bonds, the cover pool monitor must perform these verifications at least once a year. However, the cover pool monitor will verify at least once a month that the Cover Tests, the Liquidity Test and the requirements for the cover register are complied with. The NBB Cover Pool Monitor Regulation contains provisions that specify how the cover pool monitor must perform its task.

The Supervisor can also request that the cover pool monitor performs other tasks and verifications.

The fees and cost of the cover pool monitor must be borne by the issuing credit institution.

KPMG Bedrijfsrevisoren represented by Frans Simonetti, Accredited Auditor, Luchthaven Brussel Nationaal 1K, 1930 Zaventem has been appointed as initial Cover Pool Monitor in relation to the Special Estate pursuant to Article 16, §1 of Annex III to the Banking Law by the Issuer on 21 November 2012. The appointment of KPMG Bedrijfsrevisoren represented by Frans Simonetti, Accredited Auditor as Cover Pool Monitor was approved by the Supervisor. The tasks and duties of the Cover Pool Monitor are further described in the Belgian Covered Bonds Legislation.

10.2. Cover Pool Administrator

Unless a cover pool administrator (*portefeuillebeheerder/gestionnaire de portefeuille*) is appointed by the Supervisor in the circumstances set out below, the issuing credit institution manages the special estate.

The Supervisor appoints a cover pool administrator for each special estate:

- (a) upon the adoption of a recovery measure as set out in Article 236 of the Banking Law against the issuing credit institution if such measure, in the opinion of the Supervisor, may negatively affect (*negatieve impact/impact négatif*) the Belgian covered bonds;
- (b) upon the initiation of winding-up proceedings (*liquidatieprocedure/procédure de liquidation*) against the issuing credit institution; or
- (c) where the Supervisor is of the opinion that the assessment of the situation of the issuing credit institution is such that it may seriously affect (*ernstig in gevaar kan brengen/de nature à mettre gravement en péril*) the interest of the Belgian covered bondholders.

The Supervisor may also appoint a cover pool administrator upon the removal of the issuing credit institution from the list of Belgian covered bonds issuers.

Winding-up proceedings within the meaning of Article 3, 59° of the Banking Law currently refer, in relation to the Issuer, to a bankruptcy within the meaning of the bankruptcy law of 8 August 1997.

In order to be appointed, the cover pool administrator must have the required expertise and experience and professional reliability. A number of further conditions apply as specified in the Cover Pool Administrator Royal Decree. Credit institutions established in the European Economic Area which are licensed to issue covered bonds with respect to similar assets or manage portfolios of mortgage loans or other assets which qualify as cover assets are deemed to satisfy such criteria.

It is not possible for the same party to perform both roles as cover pool administrator and insolvency administrator.

On designation, the cover pool administrator manages the special estate to the exclusion of the issuing credit institution. The cover pool administrator is legally entrusted with all necessary and relevant powers to manage the special estate. The purpose of such management is to ensure compliance with the obligations under the Belgian covered bonds in accordance with the issue conditions.

The cover pool administrator is allowed to enter into additional agreements on behalf of the special estate in order to improve the liquidity of the special estate.

The cover pool administrator can, among other things, perform the following tasks:

- (a) ensure the payment of interest and principal on the Belgian covered bonds based on the amounts that are collected from the cover assets and, as the case may be, by making use of the available liquidity lines;
- (b) ensure the collection of amounts that are due from the cover assets that constitute the special estate for the benefit of the covered bondholders and amend the cover register in order to take into account these payments;
- (c) ensure the collection of overdue payments concerning cover assets, also by executing the guarantees, including the mortgages;
- (d) without prejudice to Article 11 of Annex III to the Banking Law and the contractual provisions that apply to the relevant covered bonds, sell the cover assets;

- (e) invest the amounts collected from the cover assets in other eligible assets, pending payment of the interest and principal on the relevant covered bonds. Provided that the NBB has granted its consent, the 85% Asset Coverage Test will not be applied when the special estate is managed by the cover pool administrator;
- (f) in the interest of the covered bondholders renegotiate the contractual terms of the receivables that are in default, provided that this is not prohibited pursuant to the contractual terms of the relevant covered bonds;
- (g) execute transactions that relate to hedging instruments, provided that these hedging instruments exclusively purport to cover the interest rate risk and the other risks that are related to the cover assets or the relevant covered bonds;
- (h) enter into additional obligations, in particular making use of liquidity lines, in order to guarantee compliance with the contractual conditions of the relevant covered bonds; and
- (i) perform administrative tasks that the issuing credit institution has to perform pursuant to the contractual conditions of the relevant covered bonds.

The Cover Pool Administrator Royal Decree specifies that the Cover Pool Administrator will be required to consult with the representative in circumstances where, following an insolvency of the issuing credit institution, it deems it necessary to liquidate the special estate and redeem the covered bonds because it is of the view that the cover assets are no longer sufficient to cover the obligations under the covered bonds. Such consultation with the representative will be required if the Cover Tests and/or Liquidity Test are no longer met.

Without prejudice to its powers under Article 11 of Annex III to the Banking Law, the cover pool administrator must obtain the approval of the Supervisor and of the representative of the Belgian covered bondholders for every transaction, including the sale of cover assets, if it would imply that the Cover Tests, the Liquidity Test or the contractual provisions would no longer be met or if there is a risk that they would no longer be met.

The cover pool administrator must:

- (a) verify whether the Cover Tests, the Liquidity Test and the contractual provisions regarding the relevant covered bonds are met;
- (b) inform the Supervisor and the representative(s) of the covered bondholders on, (I) the outcome of the tests under (A) on a quarterly basis, and (II) the measures that have been taken if these tests have not been met; and
- (c) ensure that the periodic reports (required under the Covered Bonds Royal Decree) are sent to the Supervisor.

10.3. Representative of the holders of Belgian covered bonds

A representative may be appointed for holders of Belgian covered bonds that are part of the same issue or issue programme, provided that the issue conditions contain rules regarding the organisation of meetings of holders of Belgian covered bonds. These representatives may, within the limit of the missions that are entrusted to them, bind the holders of Belgian covered bonds of the relevant issue or issue programme towards third parties. The representative may act and represent the holders of Belgian covered bonds in any bankruptcy or analogous proceeding, without having to disclose the identity of the holders of Belgian covered bonds.

The representative performs its duties in the sole interest of the holders of Belgian covered bonds and, as the case may be, of other creditors of the special estate it represents.

Stichting KBC Residential Mortgage Covered Bonds Representative has been appointed as representative of the Covered Bondholders in relation to the Programme pursuant to Article 1, 4° of Annex III and Article 14, §2 of Annex III to the Banking Law and Article 7:63 of the Belgian Code of Companies and Associations by the Issuer pursuant to the Representative Appointment Agreement. Its managing director is Amsterdamsch Trustee's Kantoor B.V. The tasks and duties of Stichting KBC Residential Mortgage Covered Bonds Representative as representative of the Covered Bondholders (the **Representative**) are further described in the Belgian Covered Bonds Legislation, the Conditions and the Representative Appointment Agreement.

The Representative may represent and bind the Covered Bondholders within the limits of the powers that are assigned to it (as specified in the Conditions (see Condition 14 (*The Representative*))) and in the Representative Appointment Agreement.

10.4. The Supervisor

The NBB is responsible for supervising compliance with the Belgian Covered Bonds Legislation by issuing credit institutions.

As noted above, a Belgian credit institution requires a General Authorisation and a Specific Authorisation from the Supervisor to issue Belgian covered bonds. The prior authorisations of the Supervisor relate to, (a) the organisational capacity of the credit institution to issue Belgian covered bonds and to provide the follow up, and (b) whether a particular issue or issue programme complies with the legal requirements.

The appointment of the cover pool monitor must be approved by the Supervisor and the Supervisor appoints the cover pool administrator.

The Supervisor has an important role in the administration of the Belgian Covered Bonds Legislation. For instance the Supervisor:

- (a) determines the policy in relation to the Belgian Covered Bonds Legislation and can amend the regulations of the Supervisor in relation to Belgian covered bonds;
- (b) gives guidance under the Belgian Covered Bonds Legislation;
- (c) maintains a register of issuers and Belgian covered bonds regulated under the Belgian Covered Bonds Legislation;
- (d) will undertake an on-going supervisory role with respect to Belgian covered bond issuers; and
- (e) has the power to give directions and impose sanctions.

The issuing credit institution and the cover pool monitor have ongoing obligations to provide to the Supervisor periodic information on compliance with the Belgian Covered Bonds Legislation and to inform the Supervisor if the Cover Tests and the Liquidity Test are not or are not likely to be met.

The issuing credit institution must also provide the Supervisor with all information concerning the registration of assets in the cover register and the steps that it has undertaken to ensure that records are kept of the special estate, that the special estate is capable of satisfying the claims in respect of the Belgian covered bonds and certain other expenses for the maintenance, administration and liquidation of the special estate and that obligations under the Belgian covered bonds are timely paid.

The issuing credit institution must also inform the Supervisor if material changes are made to the programme.

If the issuing credit institution is (and remains) unable to meet the requirements of the Liquidity Test or any other specific requirements which applies to it as issuing credit institution of Belgian covered bonds,

the Supervisor can impose a grace period during which this situation must be resolved. If the situation is not resolved after expiry of this grace period, the Supervisor can remove the issuing credit institution from the list of Belgian covered bonds issuers and revoke the issuing credit institution's licence to issue Belgian covered bonds. In extremely urgent circumstances, the Supervisor can remove an issuing credit institution from the list of credit institutions that are authorised to issue Belgian covered bonds, without imposing a grace period.

The Supervisor can also publish warnings/statements indicating that a credit institution has failed to comply with the Supervisor's requests to meet the requirements of the Belgian Covered Bonds Legislation within a specified grace period. In addition, as part of its general supervisory function under the Banking Law, the Supervisor can – after hearing or inviting the issuing credit institution for a hearing – impose a fine of maximum Euro 2,500,000 per breach or Euro 50,000 per day of non-compliance.

The Supervisor has the power to impose administrative penalties on issuing credit institutions. Such administrative penalties may range from Euro 2,500 to Euro 2,500,000.

COVER ASSETS

Main category of Cover Asset – Residential Mortgage Loans

The Special Estate may be composed of assets of each of the five categories (residential mortgage loans (including Residential Mortgage Backed Securities (**RMBS**)) (category 1), commercial mortgage loans (including Commercial Mortgage Backed Securities (**CMBS**)) (category 2), public exposures (including Public Asset Backed Securities) (category 3), exposures to credit institutions (category 4) and Hedging Agreements (category 5)). See Section 5 (“*Assets to be Included in the Special Estate*”) under “*Summary of the Belgian Covered Bonds Legislation*”.

Please see the “*Summary of the Belgian Covered Bonds Legislation*” for a description of the valuation criteria and the Statutory Tests.

The main asset category of the Special Estate will consist of category 1, i.e., Residential Mortgage Loans (excluding RMBS) where the mortgage receivables are secured by a mortgage on residential real estate located in Belgium.

The value of Cover Assets out of this category 1 (Residential Mortgage Loans including RMBS) must represent at least 85% of the aggregate Principal Amount Outstanding of all Covered Bonds of all Series outstanding (the **85% Asset Coverage Test**). In exceptional circumstances the Supervisor may decrease the minimum percentage of 85% of the 85% Asset Coverage Test.

In addition, the Issuer has undertaken that for so long as the Covered Bonds are outstanding, the Issuer will ensure that the value of the Residential Mortgage Loans registered as Cover Assets in the Register of Cover Assets calculated in accordance with the Belgian Covered Bonds Legislation (and all monies derived therefrom from time to time as reimbursement, collection or payment of interest on the Residential Mortgage Loans) will represent at least 105% of the Series Principal Amount Outstanding of the Covered Bonds of all Series (See Condition 2.6 (*Issuer undertaking*)).

Description of the Residential Mortgage Loans

Interest Rates

The interest rate on each Residential Mortgage Loan has been fixed for an interest period as of the date of the origination of the relevant Residential Mortgage Loan.

The interest period can be equal to the term of the Residential Mortgage Loan, in which case the interest rate is called a fixed interest rate.

If the interest period is not equal to the term of the Residential Mortgage Loan, the interest rate will change at the end of the relevant interest period. The interest period can vary from one to 20 years. In this case, the interest rate is called a variable interest rate. The change to the interest rate is based on the change in an underlying reference index. Changes to the interest rate are subject to a maximum increase and decrease agreed upon origination of the relevant Residential Mortgage Loan. The maximum increase of the interest rate may not exceed the maximum decrease. Furthermore, if the first interest revising period lasts less than 3 years, a variation of the interest cannot have the effect (i) that the interest variation applicable to the second year is higher than 1 percentage point of the initial interest rate; or (ii) that the interest variation applicable to the third year is higher than 2 percentage point of the initial interest rate. In case the initial rate of the loan is lower than the applicable reference index, the rate of the loan cannot be more than doubled.

Upon origination of the relevant Residential Mortgage Loan, the Issuer may grant certain discounts on the initial (fixed or variable) interest rate. Such discounts may be granted depending on, among other things, customer loyalty. The discounts are often granted if the Borrower satisfies and continues to satisfy the conditions for the discount. If the Borrower would no longer satisfy the conditions for the

discount, the Issuer may revoke such discount ("conditional" discounts). Beside "conditional" discounts, the Issuer may grant "commercial" discounts which are granted for commercial reasons and which can under no circumstance be withdrawn from the customer.

Types of Residential Mortgage Loans

The Residential Mortgage Loans can be categorised according to their repayment schedules. The two most commonly used are:

- (a) Linear Residential Mortgage Loans (no longer available since February 2017); and
- (b) Annuity Residential Mortgage Loans.

The types of Residential Mortgage Loans set forth under (a) and (b) are fully amortising, which means that the repayment schedules are designed so that the amount of the outstanding balance of the Residential Mortgage Loans is zero after the last scheduled periodical payment has been made.

A Linear Residential Mortgage Loan is a Residential Mortgage Loan under which the Borrower (re)pays periodically a fixed amount of principal plus interest. Due to the gradually decreasing outstanding principal balance, the interest payments decrease proportionally. As a result, the gross mortgage payments (repayment of principal plus interests) decrease over time.

An Annuity Residential Mortgage Loan is a Residential Mortgage Loan under which the Borrower repays periodically and degressively a fixed gross (repayment of principal plus interests) payment. With an Annuity Residential Mortgage Loan, the interest payments decrease over time, whereas the repayments of principal increases over time.

Residential Mortgage Loans with other repayment schedules such as Residential Mortgage Loans with progressive repayments (this type of repayment is no longer sold since February 2015) and with monthly interest-only instalments are also possible.

Loan Security

Each Residential Mortgage Loan is secured by:

- (c) a first ranking mortgage; and/or
- (d) a lower ranking mortgage provided that the Issuer also has the benefit of all higher ranking mortgages on the same real estate and, as the case may be, a mandate to create mortgages (mortgage mandate).

Mortgage

A mortgage creates a priority right to payment out of the mortgaged assets, subject to mandatory statutory priorities (including beneficiaries of prior ranking mortgages).

Each Residential Mortgage Loan is secured by a mortgage which is used to also secure all other amounts which the Borrower owes or in the future may owe to the Issuer, a so-called all sums mortgage (*alle sommen hypotheek/hypothèque pour toute somme*) (**All Sums Mortgage**). Part of the Residential Mortgage Loans relate to facilities which have the form of a revolving facility (*kredietopening/ouverture de crédit*). The mortgage that is granted as security for this type of loan is used to secure all advances (*voorschotten/avances*) made available under such revolving facility.

Pursuant to Article 81quater and 81quinquies of the Law of 16 December 1851 on mortgages (the **Mortgage Law**) a receivable secured by an All Sums Mortgage which is registered in the Register of Cover Assets shall rank in priority to any receivable which arises after the date of the registration and which is also secured by the same All Sums Mortgage. Whereas the receivable registered in the Register

of Cover Assets ranks in priority to further loans, it will have equal ranking with loans or debts which existed at the time of the registration and which were secured by the same All Sums Mortgage, unless stipulated otherwise in the issue conditions.

Pursuant to Article 81quater §2 of the Mortgage Law, advances granted under a revolving facility secured by a mortgage can be registered in the Register of Cover Assets. The advance will benefit from the privileges and mortgages securing the revolving facility. The advance registered in the Register of Cover Assets will rank in priority to further advances that are granted after the date of registration. However, an advance registered in the Register of Cover Assets will have equal ranking with other advances which existed at the time of the registration transfer and which were secured by the same Mortgage, unless stipulated otherwise in the issue conditions.

Condition 12.3 of the Conditions provides that if a security interest (including any mortgage and mortgage mandate) secures both Cover Assets and assets in the General Estate, all sums received out of the enforcement of the security interest will be applied in priority to satisfy the obligations in relation to the Cover Assets. Any proceeds of enforcement of such security interest can only be applied in satisfaction of the obligations of the relevant assets in the General Estate once all sums owed to the Special Estate in respect of the relevant Cover Assets are irrevocably repaid in full.

Mortgage Mandate

A mortgage mandate is often used in addition to a mortgage to limit registration duties payable by the Borrower.

A mortgage mandate does not create an actual security interest and does not therefore create an actual priority right of payment out of the proceeds of a sale of the mortgaged assets. The mortgage mandate is an irrevocable mandate granted by a Borrower or a third party collateral provider to certain attorneys to create a mortgage as security for the Residential Mortgage Loan and all other amounts which the Borrower owes or in the future may owe to the Issuer. Only after creation of the mortgage, the beneficiary of the mortgage will have a priority right to payment out of the proceeds of a sale of the mortgaged assets. See further *Risk Factors – Mortgage Mandates*.

The mortgage loans may, as the case may be, be further secured by:

- (e) life insurance policies and hazard insurance policies;
- (f) an assignment of salary by the Borrower; and/or
- (g) any pledge, set-off or unicity of account rights of the Issuer pursuant to its applicable general banking terms and conditions.

Pursuant to Article 3, §2, 3° of Annex III to the Banking Law all security interests and sureties, guarantees or privileges under whichever form that have been granted in relation to Cover Assets as well as rights under insurance policies and other contracts in relation to the Cover Assets or the management of the Special Estate are automatically part of the Special Estate.

Origination process of the assets

1. UNDERWRITING AND APPROVAL PROCESS

1.1. Application process

The Issuer has 3 channels to introduce a home loan application:

- (a) Through its **local branch** network (around 72% of home loan applications start in a local branch of the Issuer) where the loan application must be registered by the Home

loan expert in the Issuer's electronic registration system "KPD" (*Kredieten Particuliere Doeleinden*, transl. Retail purpose loans).

- (b) Through the Issuer's **contact centers** which sell KBC products by phone, chat or videochat ("KBC Live") (around 11% of the Issuer's home loans start in these contact centers) where the loan application must be registered by the Home loan expert in the contact center in the Issuer's electronic registration system "KPD".
- (c) Through the Issuer's **digital channels** KBC Touch (for customers on desktop or tablet), KBC Mobile (for customers on smartphones) and internet for prospects (around 17% starts in one of these digital channels). These digital applications are also automatically registered in KPD. They are handled by the Home loan expert in the Issuer's contact centers ("KBC Live").

The applicant must provide, with documentary evidence where necessary, information on the project, personal data (income, family situation, etc) as well as information on assets and liabilities. Since May 2015 this information is digitally stored. A financing scheme and the terms of the mortgage are agreed between the borrower and the bank. The borrower certifies the accuracy of the information by signing the application form.

The local branches take a decision in more than 80 % of the applications. The remainder of applications are decided at headquarters.

1.2. Debt-service-to-income ratio (DSTI)

To estimate the repayment capacity of the borrowers the Issuer uses a double guideline:

- (a) minimum household-budget (= income after deduction of loan-payments):

In case of 1 borrower the minimum household budget must be at least 800 euro, in case, of 2 or more borrowers 1100 euro. This amount is increased by 350 euro in case of children.

- (b) DSTI

Since May 2018, the Issuer also takes into account the DSTI, which is calculated as total monthly debt of the borrowers / total monthly net income.

In case of a high DSTI the application is refused or the decision is taken at head office of the Issuer.

1.3. Loan-to-value ratio (LTV)

Loan-To-Value:

- Loan = new loan + outstanding home loan(s)
- Value = selling value of all immovable assets as collateral

Customers can apply over time for different loans; each application can consist of different agreements which leads to different calculations.

According to internal guidelines of the Issuer, the maximum LTV should not exceed 100%. Since January 2019, the maximum LTV has been decreased to 90%. In case of a second residence or investment property the maximum LTV is 80%. In case of a bullet loan (i.e. a loan where only interest is paid on a monthly basis, and the principal is repaid at maturity of the loan), the LTV is maximum 70%. For some target groups (i.e. private and premium banking customers, Top MVB (Medical free profession), young customers with high potential and EU employees) exceptions can be made

The LTV is integrated as a policy rule in the application process. In case the LTV exceeds the above mentioned standard percentages, the outcome of the decision engine is a formal refusal. In case the customer is eligible for an exception, the decision is taken at headquarters.

1.4. Property valuation

The Issuer requires no official appraisal. Exceptionally, an external appraisal can be requested.

1.5. Credit History

Before taking a decision, the KPD registration system automatically checks the borrower in the internal Risk and Damage database (*Risico en Schade Bestand* or RSB) and the external Retail Loan database (*Centrale voor Kredieten aan Particulieren* or CKP). This external database contains negative and positive external information. The information from the CKP database is compared with the information the borrower has provided to the Issuer. When negative information is available in CKP, the loan will automatically be declined. If a loan is declined on the basis of this negative information, the applicant can file a new application with the Head Office directly, and can, exceptionally, still be granted a loan if there is proof that the financial problems are solved.

1.6. Income check

The borrower's income is verified from an original pay stub or bank statement or other means deemed appropriate. The income must be registered in the KPD registration system. A proof of the income (pay stub or bank statement) has to be kept in the (electronic) credit application file (at the head office) (unless the salary is collected on a KBC bank account). The Issuer's head office checks whether it has received these documents in the file.

For existing customers we calculate, if possible, an average monthly income, based on the transactions on their KBC-account (exception: self-employed borrowers). If the income declared by the borrowers in the loan application equals the calculated average income, no pay stub is needed.

1.7. Approval process

The collected information that is registered in the KPD registration system is used for a first risk assessment. On the basis of the risk assessment and the analysis of the guarantees, the KPD registration system automatically delivers a "decision advice". Delegation authority restrictions are based on this advice. The decision advice provides the loan manager with an indication as to whether a loan can be, given or not. In some cases a home loan expert with more decision delegation has to take the decision. In other cases (approx. 10%) the decision must be taken at the head offices of the Issuer. There are two categories of home loan experts: home loan experts for employees and home loan experts for self-employed borrowers and business managers.

2. PROPERTY VALUATION

The Issuer requires an in-house appraisal for every property to be financed. The relevant staff members at the local branches of the Issuer use a desk-top approach for the valuation⁵.

⁵ A desk-top valuation is a process performed using publicly available information or sale contracts in order to assess the value of a property. The bank will evaluate comparable sales in the area or budget estimates from an architect to determine the value of the property. Desk-top valuation does not include a physical inspection of the property.

For the **purchase of an existing home or building plot**, the sale price of that property (as registered in the sales agreement) is used as a proxy for the market value of the home at the time of purchase.

For **new properties**, the plans and the cost estimate made by the architect (the specifications) are reviewed by the Issuer. The property is valued as follows:

- 100% of the value of the building plot (valuation as described above); and
- 90% of the specifications (inclusive of VAT).

For **renovating an existing property**, the plans and the cost estimate by the architect (the specifications) will be reviewed by the Issuer. The property is valued as follows:

- 100% of the estimated value of the existing property; and
- 75% of the specifications (inclusive of VAT).

Since end October 2013 a physical proof for the value (sales agreement, cost estimation of the architect, ...) is an obligatory document in the (electronic) loan file.

3. DISBURSEMENT OF FUNDS

For the purchase of a home, full disbursement (by bank cheque or by transfer) is made following the execution of the (notarial) deed.

If the loan is used for building or renovating a home, funds can only be drawn down by presenting bills showing the purpose of the loan granted. The funds are transferred to the borrower's account and the borrower has to pay the supplier or furnisher. The funds must be drawn down within 24 months after the date of the (notarial) deed. The borrower only pays interest on the portion of the loan which has been drawn. From the beginning of the sixth month after the (notarial) deed has been executed, the borrower must pay a commitment fee on the amount of the loan which has not yet been drawn down.

4. COLLECTION OF PAYMENTS

Payments of interest and principal are made by direct debit from bank account or savings account held with the Issuer on a monthly basis.

5. SALES CHANNELS

Mortgage loans are originated entirely through the Issuer's office network and its digital applications. No agents or brokers are used.

6. CHARACTERISTICS

Credit facility agreement (*kredietopening*)

The Issuer enters into a "credit facility agreement" with the borrower, under which the borrower has the right to draw down one or more advances up to the agreed maximum amount of the facility. Each "advance" is a loan with its own characteristics. The mortgage secures all the advances made pursuant to the credit facility.

There are two kinds of credit facility agreements in the Issuer's portfolio:

- (a) From 1 September 1998 to 5 December 2004: a credit facility agreement under which the borrower had the right to draw down from time to time one or more advances up to

the agreed maximum amount of the facility. Each advance was a loan with its own characteristics. The mortgage secured all the advances made pursuant to the credit facility. The borrower could ask for one or more advances up to the agreed maximum amount of the facility (the bank had to agree on every advance). The term of the credit facility agreement was unlimited.

- (b) From 6 December 2004: a credit facility agreement under which the borrower has the right to draw down one or more advances within a limited period (30 years) after granting the credit facility agreement. Thereafter no more advances can be drawn down. The term of the credit facility agreement is limited to the term of the advance with the longest duration.

Characteristics of the Advances

Characteristics	Possibilities
Repayment schemes	<p>equal instalments ("annuity" method)</p> <p>equal principal repayments ("linear" method) (no new loans since February 2017)</p> <p>progressive repayments (no new loans since February 2015)</p> <p>monthly interest only instalments (not frequent) (not included in the Cover Assets)</p> <p>bridging loans (not included in the Cover Assets)</p>
Formulae of "variability"	<p>annually (1-1-1)</p> <p>every three years (3-3-3)</p> <p>every five years (5-5-5)</p> <p>every five years after an initial period of ten years (10-5-5) (only in portfolio- no new loans since February 2015)</p> <p>every five years after an initial period of 20 years (20-5-5) (only in portfolio- no new loans since February 2015)</p> <p>fixed rates (from 3 to 25 years)</p>
Caps and Floors	<p>cap and floor for variable rate loans:</p> <ol style="list-style-type: none"> 1. +5%/-5% pa 2. +2%/- unlimited downward 3. +0%/- unlimited downward (only in portfolio) 4. +3%/-3%
Formula of revision	<p>for advances under the mortgage law from 1998:</p> $MR_1 = MR_0(I_1 - I_0)$

Characteristics	Possibilities
	<p>where:</p> <p>I_0 is the monthly based reference index as specified in the original contract</p> <p>I_1 is the monthly based reference index of the month preceding the month of the interest rate review</p> <p>The reference indexes are official indexes specified on a monthly basis by the Belgian government and published in the Belgian Official Gazette</p> <p>MR_1 is the new monthly interest rate</p> <p>MR_0 is the monthly interest rate originally agreed for the first period.</p> <p>For advances under the mortgage law from 1992:</p> $MR_1 = \frac{MR_0 \times I_1}{I_0}$ <p>where:</p> <p>I_0 is the yearly based reference index as specified in the original contract</p> <p>I_1 is the yearly based reference index of the second month preceding the month of the interest rate review</p> <p>The reference indexes are official indexes specified on a monthly basis by the Belgian government and published in the Belgian Official Gazette</p> <p>MR_1 is the new monthly interest rate</p> <p>MR_0 is the monthly interest rate originally agreed for the first period.</p>
Amount (size of the advance)	<p>minimum Euro 2,500</p> <p>maximum depending on purpose, guarantees and DTI</p>
Maturity	maximum 25 years

The Issuer also provides bridge loans to finance the period between the purchase of a new home and the sale of the previous home. Bridge loans have a maturity of a maximum of one year. Principal and interest are paid at the same time when the funds of the new mortgage loan are available. A prepayment penalty (a reinvestment fee) is not paid by the borrower in case of early repayment on a bridge loan.

Security and insurance

A right to attach the customer's salary in case of default can be granted to the Issuer at the time of the loan origination. This clause is part of the contract, which the customer signs at the

inception of the loan. In the event the customer is married, Belgian law requires that both spouses sign the loan documentation, including the above mentioned clause.

A mortgage is a security that is often used in Belgium because of the benefit of a tax deduction or tax credit with respect to interest and principal which only exists if a home loan is accompanied by a mortgage. The majority of the residential mortgage loans of the Issuer are secured by a mortgage. For new home loans since 1 January 2020, the tax deduction options have been drastically reduced. A very limited portion of the Issuer's residential mortgage loans are granted without a mortgage. In that case, a "power of attorney" or "mortgage mandate" (in the form of a notarial deed) to create a mortgage is granted by the customer to the Issuer. This process can be used for very creditworthy customers to reduce the mortgage registration costs. A combination of a mortgage (for a limited amount) and a mortgage mandate is becoming the norm in the current market .

Since 1995 a "negative pledge agreement" is included in the home loan documentation of the Issuer. This clause generally stipulates that the customer, (a) promises not to grant another mortgage on the same property to another bank, and (b) promises not to sell the property.

The Issuer does not require credit insurance in connection with its mortgages. However, most borrowers understand the advantage of maintaining a life insurance policy. Neither the life insurance nor the hazard insurance policy is annexed to the notary deed.

Discounts

Most financial institutions apply a basic rate for their mortgage loans. Loyal and/or lower-risk customers can be granted a more favourable arrangement.

A distinction is made between "conditional" discounts and "commercial" discounts.

A "conditional" discount is a discount that depends on one or more conditions (i.e., taking out a life or hazard insurance policy). As long as the conditions are fulfilled, the conditional discount is granted. From the moment one of the conditions is no longer satisfied, the discount no longer applies.

A "commercial" discount is a discount that is granted to the customer for commercial reasons, i.e. to convince him to take the loan with the Issuer. Once a "commercial" discount is granted, it can under no circumstances be withdrawn from the customer.

Until 5 December 2006, the Issuer had only applied commercial discounts. From 5 December 2006, a combination of conditional and commercial discounts is possible.

Prepayments

A borrower may repay his/her mortgage loan in part or in full at any time (see Article VII.145 of the Belgian Code of Economic Law).

In case of a partial repayment, the borrower can choose either to shorten the maturity of the mortgage loan (and thus keep the same monthly payments as scheduled) or reduce the amount of the monthly payments (and thus keep the maturity as scheduled).

The borrower must pay a prepayment penalty (a reinvestment fee) equivalent to three months of interest on the amount of principal prepaid.

Monitoring of the performance of the Cover Assets (delinquencies, LTV)

(a) Credit risk monitoring and follow-up: various phases

Credit risk management of delinquent borrowers (i.e., borrowers who are in arrears on their mortgage loan or on any other credit product) can be divided into a number of phases:

- (i) the Monitoring Phase;
- (ii) the Special Mention Phase;
- (iii) the Possible Loss Phase;
- (iv) the Irrecoverable Phase; and
- (v) the Write-off Phase.

(b) Separation of responsibilities between local offices and head office

In the Monitoring Phase, the local office is responsible for the credit risk supervision and is the point of contact for the borrower.

As soon as the credit risk is in the Special Mention Phase, the head office is responsible for supervision. As from that moment, the responsibility of the local office is limited to providing relevant information to the head office.

(c) Start of credit risk monitoring – automatic processes

Credit risk monitoring and follow-up is triggered by risk warning signals. For mortgage loans, these signals arise primarily from the detection of arrears in payment.

Supervision is backed up by automatic processes. The main automatic processes are:

- (i) the monthly review of the credit portfolio: at the end of the month, the entire credit portfolio is scanned. If a borrower is more than five days in arrears with at least one credit product, an electronic file is created and sent to the Monitoring Phase;
- (ii) the daily review of the credit portfolio: each day, the entire credit portfolio is scanned. If a borrower is a certain number of days overdue on at least one credit product, the file is allocated to the head office and transferred to the Special Follow-up Phase. For mortgage loans, this occurs automatically after the borrower is 45 days in arrears; and
- (iii) the dunning procedure: borrowers are sent reminders about their delinquent credit situation. The letters are individualised per credit product. For mortgage loans, 15 days after non-payment of the instalment, a friendly reminder is sent. If the borrower fails to pay the arrears, a notice of default is sent to the borrower by registered mail after he/she has been in arrears for 35 days. This notice of default is repeated every month until the arrears are paid or the credit product becomes due and payable.

(d) The Monitoring Phase

At the beginning of each month, the local office has to screen those customers for whom a new electronic file has been created. The local office can check the status of the followed-up customers in a special IT application.

Each month, a list of borrowers who are monitored is sent to the relevant local office. Based on this selection, the local office can take a number of measures:

- (i) contact the borrower personally (by telephone);
- (ii) set-off the arrears against credit balances on the borrower's accounts, subject to certain legal limits;
- (iii) make arrangements with the customer to clear the arrears or change the repayment schedule of the mortgage loan;
- (iv) create an additional mortgage by exercising the mortgage mandate, if any;
- (v) encourage the borrower to sell his property voluntarily;
- (vi) encourage the borrower to transfer his credit to another financial institution; and
- (vii) transfer the responsibility of the follow-up to the head office.

The local office records the actions taken in the electronic file of the customer.

If it is not possible to normalise the delinquent credit situation, the borrower's file is transferred to the next follow-up phase.

(e) The Special Mention Phase

The borrower's file is automatically transferred to the Special Mention Phase when he/she becomes delinquent on at least one credit product for a certain number of days. For mortgage loans, the transfer to the Special Mention Phase occurs after the borrower is 45 days in arrears.

The files of the borrowers can also be transferred to the Special Mention Phase sooner:

- (i) at the request of the local office;
- (ii) if the local office makes arrangements with the borrower to clear the arrears on his/her mortgage loan; and
- (iii) if serious credit events occur (for example, fraud).

In this phase, the head office will endeavour to have the borrower regularise his/her delinquent status. The measures that the head office may take are similar to those listed for the monitoring phase. Head office can consult the electronic file in order to know which measure the local office has already taken.

As from this phase, the local office loses all decision authority. All accounts of the borrower (with or without an overdraft facility) are automatically blocked in order to avoid additional limit overruns.

(f) The Possible Loss Phase

The borrower is transferred to the Possible Loss Phase if, at the end of the month, he/she has been delinquent on at least one credit product for at least 90 days.

This phase is an extension of the Special Mention Phase.

In this phase the head office tries to normalise the borrower's status. If it does not succeed, the credit products on which the borrower is in arrears are accelerated to the extent contractually and legally possible.

(g) Conciliation proceeding

For mortgage loans, as a rule, legal conciliation proceedings are initiated before the loan is accelerated. The conciliation proceedings are initiated once the borrower has missed three complete repayment instalments. The conciliation phase can last for three months.

In the conciliation proceeding, the borrower is required to appear before the competent court (Court of first instance) in order to provide the Issuer with the possibility to foreclose the mortgaged assets.

If the court rules that no conciliation is possible, the Issuer accelerates the loan without delay. If the court rules in favour of conciliation, the borrower has a certain period in which to pay the instalments that are in arrears. If the borrower subsequently fails to comply with the payment arrangements, the Issuer is entitled to accelerate the loan immediately.

(h) The Irrecoverable Phase

A borrower is transferred to the Irrecoverable Phase when the Issuer is required to terminate the credit agreement or when there is no possibility of recovering the debt via the usual procedures.

For mortgage loans, the rule is that the loan is accelerated if the court rules that no conciliation is possible or if the borrower fails to comply with the payment arrangements imposed by the court (see paragraph ((g))).

The consequences of the irrecoverable classification are:

- (i) the credit is transferred from the normal accounting system to default claims accounting;
- (ii) a special debt recovery account is opened. All future repayments are transferred to this account; and
- (iii) specific provisions are booked.

The head office has a number of alternatives to recover these mortgage loans. Procedures are conducted as a matter of principle at the lowest expense for both the Issuer and the borrower:

- (A) payment arrangements may be allowed;
- (B) an application can be submitted to exercise the mortgage mandate, if any, to create a mortgage;
- (C) the borrower can be encouraged to sell his/her property voluntarily;
- (D) the borrower can be encouraged to transfer his/her loan to another financial institution;

- (E) notice can be served on the borrower's employer with a view to assigning the borrower's salary; and
- (F) the file can be transferred to an attorney to commence the forced sale of the property.

The repayment of these mortgage loans generally occurs through a voluntary or forced sale of the mortgaged property. If the proceeds of the foreclosed property do not cover the outstanding amount of the mortgage loan, payment arrangements are discussed with the borrower.

A property is foreclosed on average after two to three years.

(i) The Write-off Phase

A borrower's file is transferred to the Write-off Phase if there is no longer any possibility of recovering the debt via the usual procedures. The claims outstanding in this case are written off. For mortgage loans, this is the balance remaining after the mortgaged property has been sold.

The Issuer must be able to justify the write-off to the tax authorities:

- (i) the Issuer holds a certificate of uncollectibility (from a bailiff);
- (ii) the payments received are not sufficient to pay accruing interest (these are perpetual payment arrangements);
- (iii) the borrower's name has been officially removed from registers of births, deaths and marriages (in other words, has gone missing);
- (iv) the amount of the claim is not significant enough to justify the expense of active follow-up;
- (v) the claim is forgiven by law (for example, under a collective debt settlement or if a bankrupt's debts are excused);
- (vi) the borrower has died and left no heirs; or
- (vii) the Issuer has reached a compromise settlement with the borrower.

In this phase it is still possible to make new payment arrangements on demand of the customer.

(j) Collective debt settlements

The Act of 5 July 1998 on collective debt settlement for private persons has been in effect since 1 January 1999. This legislation is designed to enable individuals with excessive and structural debt problems to clear this debt. If a borrower starts such proceedings, this affects credit risk supervision. All ongoing legal procedures are suspended immediately. The competent court will in principle allow an out of- court settlement. If this is not possible, it imposes a court settlement (with a maximum term of five years). If the borrower has a mortgage loan, the court will generally decide that the credit repayments must continue to be made on the relevant due dates to enable the borrower to continue to occupy the home. In this case, the mortgage loan is not treated as irrecoverable, but will continue to be considered a normal credit.

TERMS AND CONDITIONS OF THE COVERED BONDS

The following are the Terms and Conditions of the Covered Bonds which, as completed by the applicable Final Terms in relation to any Tranche of Covered Bonds, will apply to the Covered Bonds. Reference should be made to Form of the Final Terms for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Tranche of Covered Bonds.

*The applicable Final Terms in relation to any Tranche of Covered Bonds may, in the case of any Covered Bonds which are neither to be admitted to trading on a regulated market within the European Economic Area nor offered to the public in an EEA State in circumstances which require the publication of a prospectus under the Prospectus Regulation (**Exempt Covered Bonds**), specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Exempt Covered Bonds. The Exempt Covered Bonds that may be issued under the Programme (as defined below) will be subject to the Programme Common Terms (as defined below).*

The Issuer may also issue from time to time Covered Bonds under the Programme which shall be subject to terms and conditions and/or final terms not contemplated by this Base Prospectus. In such circumstances, the relevant forms of terms of such Covered Bonds will be set out in a schedule to the Programme Common Terms Agreement (as defined below).

KBC Bank NV (**KBC Bank** or the **Issuer**) has established a Residential Mortgage Covered Bonds Programme (the **Programme**) for the issuance of Belgian *pandbrieven/lettres de gage* governed by the Law of 3 August 2012 on the legal framework of Belgian covered bonds (*Wet van 3 augustus 2012 tot invoering van een wettelijke regeling voor Belgische covered bonds / Loi du 3 août 2012 instaurant un regime legal pour les covered bonds belges*) (as implemented in Articles 79 to 84 of the Banking Law and in Annex III to the Banking Law) as subsequently amended and/or supplemented from time to time.

The National Bank of Belgium (*Nationale Bank van België/Banque nationale de Belgique*) (the **NBB**), as Supervisor has admitted the Issuer to the list of credit institutions that have obtained the authorisation to issue Belgian covered bonds pursuant to Article 80, §1 of the Banking Law on 6 November 2012. The Programme has been admitted by the NBB to the list of authorised programmes for issue of *Belgische pandbrieven/lettres de gage* pursuant to Article 80, §2 of the Banking Law on 6 November 2012. Upon so being notified by the Issuer, the NBB shall regularly update such list with the Covered Bonds issued under the Programme and shall indicate that the Covered Bonds constitute Belgian *pandbrieven/lettres de gage* under the Belgian Covered Bonds Legislation.

As used herein, **Tranche** means Covered Bonds which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Covered Bonds together with any further Tranche or Tranches of Covered Bonds which are, (a) expressed to be consolidated and form a single series, and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Each Tranche is the subject of a Final Terms (hereinafter the **Final Terms**) which completes these terms and conditions (hereinafter the **Conditions**). The terms and conditions applicable to any particular Tranche of Covered Bonds are these Conditions as completed by the applicable Final Terms.

All subsequent references in these Conditions to **Covered Bonds** are, unless the context otherwise requires, to the Covered Bonds of the relevant Series.

The relationship between the Issuer and KBC Bank as paying agent, listing agent and registrar (hereinafter the **Paying Agent**, the **Listing Agent** and the **Registrar** which expression includes any successor agent or registrar appointed from time to time in connection with the Covered Bonds) and the other paying agents named in the agency agreement (together with the Paying Agent, the Listing Agent

and the Registrar, the **Agents**, which expression includes any successor agent appointed from time to time in connection with the Covered Bonds) is determined in accordance with an agency agreement made between the Issuer, KBC Bank and the Representative initially dated 21 November 2012 (such agency agreement as modified and/or supplemented and/or restated from time to time and most recently on 27 October 2020, the **Agency Agreement**).

The Representative acts as representative of the Covered Bondholders (and of any other creditors that are holders of claims covered by the Special Estate and that have agreed to be so represented) within the meaning of Article 1, 4° of Annex III to the Banking Law in accordance with the provisions of the representative appointment agreement initially dated on 21 November 2012 (such representative appointment agreement as modified and/or supplemented and/or restated from time to time and most recently on 27 October 2020, the **Representative Appointment Agreement**) made between the Issuer and Stichting KBC Residential Mortgage Covered Bonds Representative as representative (in such capacity the **Representative**, which expression shall include any successor Representative) under the Belgian Covered Bonds Legislation.

The Cover Pool Monitor has been appointed as cover pool monitor in relation to the Special Estate (as defined below) pursuant to Article 16, §1 of Annex III to the Banking Law and the Belgian Covered Bonds Legislation.

Pursuant to a programme common terms agreement entered into between the Issuer and the Representative initially dated 21 November 2012 (such programme common terms agreement as modified and/or supplemented and/or restated from time to time and most recently on 27 October 2020, the **Programme Common Terms Agreement**), all Covered Bonds issued under the Programme shall be subject to and have the benefit of certain programme common terms regardless of whether the Covered Bonds are issued under the Base Prospectus or not.

The relationship between the Issuer and the NBB as operator of the Securities Settlement System (as hereinafter defined) in relation to the clearing of the Dematerialised Covered Bonds is governed by a clearing services agreement (such clearing services agreement as modified and/or supplemented and/or restated from time to time, the **Clearing Services Agreement**) entered into between the Issuer, the Paying Agent and the NBB on 4 November 2016 and the Settlement System Regulations (as hereinafter defined).

The Issuer may, from time to time during the Programme, enter into interest rate swap agreements and covered bonds swap agreements (each a **Hedging Agreement** and together the **Hedging Agreements**) with one or more hedging counterparties (each a **Hedging Counterparty** and together the **Hedging Counterparties**) for the purpose of, *inter alia*, protecting itself against certain risks (including, but not limited to, interest rate, liquidity and credit) related to the Cover Assets (as defined below) and/or the Covered Bonds.

The Issuer may, from time to time during the Programme, enter into liquidity facility agreements (each a **Liquidity Facility Agreement** and together the **Liquidity Facility Agreements**) in relation to the Special Estate with one or more liquidity facility providers (each a **Liquidity Facility Provider** and together the **Liquidity Facility Providers**) in order to improve the liquidity of the Special Estate.

The statements in these Conditions include summaries of, and are subject to, the detailed provisions of:

- (a) the Agency Agreement;
- (b) the Representative Appointment Agreement;
- (c) the Programme Common Terms Agreement; and
- (d) the Clearing Services Agreement.

The Agency Agreement, the Representative Appointment Agreement, the Programme Common Terms Agreement, the Clearing Services Agreement, each of the Final Terms, any Hedging Agreement, any Liquidity Facility Agreement and any additional document entered into in respect of the Covered Bonds and/or the Special Estate and designated as a Programme Document by the Issuer and the Representative, are together referred to as the **Programme Documents**.

Copies of the Programme Documents are available for inspection during normal business hours at the registered office of the Issuer and at the Specified Office of the Paying Agent and copies may be obtained from those offices save that, if the relevant Covered Bond is an Exempt Covered Bond, the applicable Final Terms will only be obtainable by a Covered Bondholder holding one or more Covered Bonds and such Covered Bondholder must produce evidence satisfactory to the Issuer and the Paying Agent as to its holding of such Covered Bonds and identity. The Covered Bondholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement and the applicable Final Terms which are applicable to them. By subscribing for or otherwise acquiring the Covered Bonds, the Covered Bondholders will also be deemed to have knowledge of, accept and be bound by all the provisions of, the other Programme Documents.

1. INTERPRETATION

Definitions

In these Conditions the following expressions have the following meanings:

Accrual Yield has, in relation to a Zero Coupon Covered Bond, the meaning given in the applicable Final Terms.

Banking Law means the law of 25 April 2014 regarding the status of and supervision on credit institutions and stockbroking firms, published in the Belgian Official Journal on 7 May 2014 (*Wet van 25 april 2014 op het statuut van en het toezicht op de kredietinstellingen en beursvennootschappen/Loi du 25 avril 2014 relative au statut et au contrôle des établissements de crédit et des sociétés de bourse*) as subsequently amended and/or supplemented.

Base Prospectus means the base prospectus in relation to the Programme dated 27 October 2020, as amended/supplemented from time to time.

Belgian Code of Companies and Associations means the Belgian *Wetboek van Vennootschappen en Verenigingen / Code des Sociétés et des Associations* of 23 March 1919, as further amended, supplemented and/or replaced from time to time.

Belgian Covered Bonds Legislation means the Covered Bonds Law as incorporated in the Banking Law, the Mobilisation Law, the Covered Bonds Royal Decree, the Cover Pool Administrator Royal Decree, the NBB Covered Bonds Regulation, the NBB Cover Pool Monitor Regulation and any other law, royal decree, regulation or order that may be passed or taken in relation to Belgian covered bonds.

Business Day means:

- (a) in relation to any payment to be made or action to be taken in or through the Securities Settlement System: a day (other than a Saturday or Sunday) on which the Securities Settlement System is operating;
- (b) for any other purpose: a day (other than a Saturday or Sunday) on which:
 - (i) commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign

currency deposits) in Belgium and in each Additional Business Centre specified in the applicable Final Terms; and

- (ii) either (1) in relation to any sum payable in a currency other than euro, commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant currency or (2) in relation to any sum payable in euro, the TransEuropean Automated Real-Time Gross Settlement Express Transfer (TARGET2) System or any successor thereto (the **TARGET2 System**) is open.

Calculation Agency Agreement means any calculation agency agreement that may be entered into by the Issuer with a third party in relation to the Covered Bonds.

Calculation Agent means the Issuer or any calculation agent appointed by the Issuer pursuant to a Calculation Agency Agreement, as specified in the applicable Final Terms.

Cover Assets means Residential Mortgage Loans that are registered in the Register of Cover Assets and all other assets listed in Article 80, § 3, 2° of the Banking Law that are included in the Special Estate pursuant to Article 3 of Annex III to the Banking Law.

Cover Pool Administrator means any person or persons appointed (and any additional person or persons appointed or substituted) as a cover pool administrator (*portefeuillebeheerder/gestionnaire de portefeuille*) by the Supervisor pursuant to Article 8, §1 of Annex III to the Banking Law.

Cover Pool Administrator Royal Decree means the Royal Decree of 11 October 2012 on the cover pool administrator in the context of the issue of Belgian covered bonds by a Belgian credit institution (*Koninklijk Besluit van 11 oktober 2012 betreffende de portefeuillebeheerder in het kader van de uitgifte van Belgische covered bonds door kredietinstellingen naar Belgisch recht/Arrêté Royal du 11 octobre 2012 relatif au gestionnaire de portefeuille dans le cadre de l'émission de covered bonds belges par un établissement de crédit de droit belge*) as subsequently amended and/or supplemented.

Cover Pool Creditors means the Covered Bondholders and the Other Cover Pool Creditors.

Cover Pool Monitor means a cover pool monitor (*portefeuilesurveillant/surveillant de portefeuille*) appointed in accordance with Article 16, §1 of Annex III to the Banking Law and its representative (as approved by the NBB, in its capacity as Supervisor, in accordance with the Belgian Covered Bonds Legislation).

Covered Bondholders or holders of Covered Bonds means the person in whose name a Registered Covered Bond is registered or, as the case may be, the holders from time to time of Dematerialised Covered Bonds as determined by reference to the records of the relevant clearing systems or financial intermediaries and the affidavits referred to in Condition 2 (*Type, Form, Denomination and Title*).

Covered Bonds Royal Decree means the Royal Decree of 11 October 2012 on the issue of Belgian covered bonds by Belgian credit institutions (*Koninklijk Besluit van 11 oktober 2012 betreffende de uitgifte van Belgische covered bonds door kredietinstellingen naar Belgisch recht/Arrêté Royal du 11 octobre 2012 relatif à l'émission de covered bonds belges par des établissements de crédit de droit belge*) as subsequently amended and/or supplemented.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Interest Period in accordance with Condition 4.2 (*Interest on Floating Rate Covered Bonds*):

- (a) if **Actual/Actual** or **Actual/Actual (ISDA)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (i) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (ii) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (b) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (c) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (d) if **30/360**, **360/360** or **Bond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (e) if **30E/360** or **Eurobond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (f) if **30E/360 (ISDA)** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless that day is the last day of February or such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless that day is the last day of February but not the Final Maturity Date or such number would be 31, in which case D₂ will be 30; and

- (g) if **1/1** is specified in the applicable Final Terms, 1.

Dematerialised Covered Bonds has the meaning given in Condition 2.2 (*Form*).

Determination Date has the meaning given in the applicable Final Terms.

Determination Period means the period from (and including) a Determination Date to (but excluding) the next Determination Date (including where either the Interest Commencement Date or if the final Interest Period End Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

Early Redemption Amount means the amount calculated in accordance with Condition 6.3 (*Early Redemption Amounts*).

Eligible Investor means a person who is entitled to hold securities through a so-called "X-account" (being an account exempted from withholding tax) in a settlement system in accordance with Article 4 of the Belgian Royal Decree of 26 May 1994 on the collection and refund of withholding tax (as amended, supplemented and/or replaced from time to time).

Euro or **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty, as amended, supplemented and/or replaced from time to time.

Eurozone means the region comprised of member states of the European Union that adopt or have adopted the single currency in accordance with the Treaty establishing the European Community, as amended.

Event of Default has the meaning given in Condition 8.1 (*Events of Default*).

Excess Swap Collateral means an amount equal to the value of any collateral transferred to the Issuer by the Hedging Counterparty under the Hedging Agreement that is in excess of the Hedging Counterparty's liability to the Issuer thereunder, (a) as at the termination date of the transaction entered into under such Hedging Agreement, or (b) as at any other date of valuation in accordance with the terms of the Hedging Agreement.

Exempt Investor has the meaning given in Condition 7 (*Taxation*).

Extraordinary Resolution has the meaning given in the Meeting Rules of Covered Bondholders.

Final Redemption Amount has the meaning given in the applicable Final Terms.

Fixed Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with Condition 4.1 (*Interest on Fixed Rate Covered Bonds*):

- (a) if **Actual/Actual (ICMA)** is specified in the applicable Final Terms:
 - (i) in the case of Covered Bonds where the number of days in the relevant period from (and including) the most recent Interest Period End Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of, (A) the number of days in such Determination Period, and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Covered Bonds where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of, (I) the number of days in such Determination Period, and (II) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of, (I) the number of days in such Determination Period, and (II) the number of Determination Dates that would occur in one calendar year;

- (b) if **Actual/Actual** or **Actual/Actual (ISDA)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of, (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366, and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (c) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (d) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (e) if **30/360**, **360/360** or **Bond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Fixed Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (f) if **30E/360** or **Eurobond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Fixed Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (g) if **30E/360 (ISDA)** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Fixed Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless that day is the last day of February or such number would be 31, in which case D₁ will be 30;

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless that day is the last day of February but not the Final Maturity Date or such number would be 31, in which case D₂ will be 30; and

- (h) if **1/1** is specified in the applicable Final Terms, 1.

General Estate means the estate of the Issuer excluding any special estate(s) of the Issuer constituted pursuant to Article 3 of Annex III to the Banking Law.

Interest Commencement Date means, in the case of interest-bearing Covered Bonds, the date specified in the applicable Final Terms from (and including) which the relevant Covered Bonds will accrue interest.

Interest Determination Date has the meaning specified in the applicable Final Terms.

Interest Payment Date means, in the case of interest-bearing Covered Bonds, the Interest Payment Date(s) in each year specified in the applicable Final Terms.

Interest Period means, in the case of interest-bearing Covered Bonds, the period from (and including) an Interest Period End Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Period End Date.

Interest Period End Date means, in the case of interest-bearing Covered Bonds, the Interest Period End Date(s) in each year specified in the applicable Final Terms.

Issue Date has the meaning given in the applicable Final Terms.

Margin has the meaning given in the applicable Final Terms.

Maximum Rate of Interest means, in the case of Floating Rate Covered Bonds, the Rate of Interest (if any) specified as such in the applicable Final Terms.

Meeting Rules of Covered Bondholders has the meaning assigned to it in Condition 13 (*Meeting Rules of Covered Bondholders*).

Minimum Rate of Interest means, in the case of Floating Rate Covered Bonds, the Rate of Interest (if any) specified as such in the applicable Final Terms.

Mobilisation Law means the Law of 3 August 2012 on various measures to facilitate the mobilisation of receivables in the financial sector (*Wet van 3 augustus 2012 betreffende diverse maatregelen ter vergemakkelijking van de mobilisering van schuldvorderingen in de financiële sector/Loi du 3 août 2012 relative à des mesures diverses pour faciliter la mobilisation de créances dans le secteur financier*) as subsequently amended and/or supplemented.

NBB Cover Pool Monitor Regulation means the Regulation of the National Bank of Belgium addressed to the cover pool monitors of Belgian credit institutions that issue Belgian covered bonds dated 29 October 2012 (*Circulaire aan de portefeuillesurveillanten van kredietinstellingen naar Belgisch recht die Belgische covered bonds uitgeven/Circulaire aux surveillants de portefeuille auprès d'établissements de crédit de droit belge qui émettent des covered bonds belges*) as subsequently amended and/or supplemented.

NBB Covered Bonds Regulation means the Regulation of the National Bank of Belgium concerning the practical modalities for the application of the law of 3 August 2012 that establishes a legal regime for Belgian covered bonds dated 29 October 2012 (*Circulaire over de praktische regels voor de toepassing van de wet van 3 augustus 2012 tot invoering van een wettelijke regeling voor Belgische covered bonds/Circulaire sur les modalités pratiques d'application de la loi du 3 août 2012 instaurant un régime légal pour les covered bonds*) as subsequently amended and/or supplemented.

Notice of Default has the meaning given to it in Condition 8 (*Events of Default and Enforcement*).

Operational Creditors means, (a) any servicer appointed to service the Cover Assets, (b) any account bank holding accounts or assets of the Issuer in relation to the Special Estate, (c) any stock exchange on which the Covered Bonds are listed and/or admitted to trading, (d) any auditor, legal counsel and tax advisor of the Issuer in relation to the Special Estate or the Programme, (e) any custodian of Cover Assets or assets in the Special Estate, (f) any rating agency appointed by the Issuer to rate the Programme or the Covered Bonds, (g) any agent or party appointed in accordance with the Programme Documents, (h) any other creditor of amounts due in connection with the management or administration of the Special Estate, and (i) any other creditor of the Issuer pursuant to any services provided or any transaction entered into in connection with the Covered Bonds, the Special Estate or the Programme, as notified by the Issuer to the Representative or as may from time to time be specified in the Conditions of any Covered Bonds issued under the Programme.

Ordinary Resolution has the meaning given in the Meeting Rules of Covered Bondholders.

Other Cover Pool Creditors means the Representative, any Cover Pool Administrator, the Cover Pool Monitor, the Agents, the Registrar, the Hedging Counterparties to Hedging Agreements constituting Cover Assets (if any), any Liquidity Facility Providers (if any) and any Operational Creditors.

Principal Amount Outstanding means, in respect of a Covered Bond on any day, the principal amount of that Covered Bond on the Issue Date thereof less principal amounts received by the relevant Covered Bondholder in respect thereof on or prior to that day, provided that the Principal Amount Outstanding in respect of a Covered Bond that has been purchased and cancelled by the Issuer shall be zero.

Programme Resolution has the meaning given in the Meeting Rules of Covered Bondholders.

Rate of Interest means, in the case of interest-bearing Covered Bonds, the rate of interest payable from time to time as described in Condition 4 (*Interest*).

Rating Agency means any rating agency (or its successor) who, at the request of the Issuer, assigns and for as long as it assigns, one or more ratings to the Covered Bonds under the Programme from time to time, which may include Moody's and Fitch.

Record Date has the meaning given in Condition 5.1(b) (*Payments in relation to Registered Covered Bonds*).

Reference Banks means the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Calculation Agent in its sole discretion.

Reference Price has, in respect of a Zero Coupon Covered Bond, the meaning given in the applicable Final Terms.

Reference Rate has the meaning given in the applicable Final Terms.

Register of Cover Assets means the register of Cover Assets established by the Issuer for the Covered Bonds issued under the Programme in accordance with Article 15, §2 of Annex III to the Banking Law.

Registered Covered Bonds has the meaning given in Condition 2.2 (*Form*).

Related Security means all security interests and sureties, guarantees or privileges under whichever form that have been granted in relation to Cover Assets as well as rights under insurance policies and other contracts in relation to the Cover Assets or the management of the Special Estate.

Residential Mortgage Loans means loans that are secured by a mortgage on residential real estate as defined in Article 2, 6° of the Covered Bonds Royal Decree.

Resolution means an Ordinary Resolution, an Extraordinary Resolution or a Programme Resolution.

Screen Rate Determination means, if specified as applicable in the applicable Final Terms, the manner in which the Rate of Interest on Floating Rate Covered Bonds is to be determined in accordance with Condition 4.2 (*Interest on Floating Rate Covered Bonds*).

Securities Settlement System has the meaning given in Condition 2.2 (*Form*).

Series Principal Amount Outstanding means, in respect of a Series of Covered Bonds on any day, the aggregate of the Principal Amount Outstanding of each of the Covered Bonds comprised in that Series.

Settlement System Regulations means Belgian clearing regulations, including the Belgian law of 6 August 1993 on transactions in certain securities, its implementing Belgian Royal Decrees of 26 May 1994 and 14 June 1994 and the rules of the Securities Settlement System and its annexes, as issued or modified by the NBB from time to time.

Special Estate means the special estate (*bijzonder vermogen/patrimoine spécial*) of the Issuer constituted pursuant to Article 3 of Annex III to the Banking Law in relation to the Programme.

Specified Currency means the euro.

Specified Office means Havenlaan 2, B-1080 Brussels, Belgium or such office as notified to the Covered Bondholders by the Paying Agent in accordance with Condition 18 (*Notices*).

Specified Time means 11am (Brussels time) in the case of EURIBOR.

Statutory Tests means the tests provided for in Article 2, §2 and §3 of Annex III to the Banking Law as further specified in Articles 5 and 7 of the Covered Bonds Royal Decree.

Subordinated Termination Payment means, subject as set out below, any termination payments due and payable to any Hedging Counterparty under a Hedging Agreement where such termination results from, (a) an Additional Termination Event "*Ratings Event*" as specified in the schedule to the relevant Hedging Agreement, (b) the bankruptcy of the relevant Hedging Counterparty, or (c) any default and/or failure to perform by such Hedging Counterparty under the relevant Hedging Agreement, other than, in the event of (a) or (b) above, the amount of any termination payment due and payable to such Hedging Counterparty in relation to the termination of such transaction to the extent of any premium received by the Issuer from a replacement hedging counterparty.

Sub-unit with respect to euro, means, one cent.

Target2 System means the Trans-European Automated Real-Time Gross Settlement Express Transfer (known as **TARGET2**) System which was launched on 19 November 2007 or any successor thereto.

Treaty means the Treaty establishing the European Community, as amended, supplemented and/or replaced from time to time.

Winding-up Proceedings means winding-up proceedings (*liquidatieprocedures/procédures de liquidation*) within the meaning of Article 3, 59° of the Banking Law.

2. TYPE, FORM, DENOMINATION AND TITLE

2.1. Residential Mortgage Covered Bonds

The Covered Bonds under the Programme are issued as Belgian pandbrieven (*Belgische pandbrieven/lettres de gage belges*) in accordance with the Belgian Covered Bonds Legislation. The Covered Bonds will be covered in accordance with the Belgian Covered Bonds Legislation by the same Special Estate of which the main asset category will consist of Residential Mortgage Loans, their Related Security and all monies derived therefrom from time to time in accordance with the Belgian Covered Bonds Legislation.

2.2. Form

The Covered Bonds can be issued in dematerialised form in accordance with the Belgian Code of Companies and Associations (**Dematerialised Covered Bonds**) or in registered form in accordance with the Belgian Code of Companies and Associations (**Registered Covered Bonds**).

Registered Covered Bonds will be registered in a register maintained by the Issuer or by the Registrar on behalf of the Issuer in accordance with the Belgian Code of Companies and Associations. Holders of Registered Covered Bonds can obtain a certificate demonstrating the registration of the Registered Covered Bonds in the register.

The Dematerialised Covered Bonds are issued in dematerialised form in accordance with the Belgian Code of Companies and Associations. The Dematerialised Covered Bonds will be represented by a book entry in the records of the clearing system operated by the NBB or any successor thereto (the **Securities Settlement System**). The Dematerialised Covered Bonds can be held by their holders through the participants in the Securities Settlement System, including Euroclear Bank SA/NV (**Euroclear**), Clearstream Banking Frankfurt (**Clearstream**), SIX SIS Ltd, Switzerland (**SIX SIS, Switzerland**), Monte Titoli S.p.A., Italy (**Monte Titoli, Italy**) and any other national or international NBB investors central securities depository (**NBB investor (I)CSDs**)⁶, and through other financial intermediaries which in turn hold the Dematerialised Covered Bonds through Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs or other participants in the Securities Settlement System. The Dematerialised Covered Bonds are transferred by account transfer. Payments of principal, interest and other sums due under the Dematerialised Covered Bonds will be made in accordance with the rules of the Securities Settlement System through the NBB. Holders of Dematerialised Covered Bonds are entitled to exercise the rights they have, including exercising their voting rights and other associative rights (as defined for the purposes of Article 7:41 of the Belgian Code of Companies and Associations) against the Issuer in accordance with the Conditions and without prejudice to the powers of the Representative, upon submission of an affidavit drawn up by the NBB, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs, or any other participant duly licensed in Belgium to keep dematerialised securities accounts showing their position in the Dematerialised Covered Bonds (or the position held by the financial institution through which their Dematerialised Covered Bonds are held with the NBB, Euroclear, Clearstream, SIX SIS, Switzerland and Monte Titoli, Italy or such other participant, in which case an affidavit drawn up by that financial institution will also be required).

References to the Securities Settlement System, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer and the Paying Agent.

The Dematerialised Covered Bonds and the Registered Covered Bonds may not be exchanged for Covered Bonds in bearer form. Registered Covered Bonds may not be exchanged for Dematerialised Covered Bonds.

2.3. Title and transfer

(a) Title

Title to and transfer of Registered Covered Bonds shall pass by registration of the transfer by the Issuer or by the Registrar in a register in accordance with the Belgian Code of Companies and Associations.

Title to and transfer of Dematerialised Covered Bonds will be evidenced only by records maintained by the Securities Settlement System, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs, or other Securities Settlement System

⁶ The official list of participants as amended, supplemented and/or replaced from time to time can be consulted on the website of the NBB on <http://www.nbb.be>. The information contained on the website of the National Bank of Belgium (www.nbb.be) does not form part of this Base Prospectus and has not been scrutinised or approved by the FSMA.

participants and in accordance with the applicable rules and procedures for the time being of the Securities Settlement System, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs, or other Securities Settlement System participants, as the case may be.

Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Covered Bond shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, or its theft or loss and no person shall be liable for so treating the holder.

(b) Transfer

(i) Transfer documents and certificates

Upon a sale or transfer of Registered Covered Bonds, the seller thereof will be required to complete the relevant transfer documents and certificates which can be found on the website at www.kbc.com or obtained from the Registrar. The transfer documents and other information on www.kbc.com are not incorporated in and do not form part of this Base Prospectus and they have not been and will not be scrutinised or approved by the FSMA.

(ii) Transfer free of charge

Transfer of Covered Bonds on registration, transfer, partial redemption or exercise of an option shall be effected without charge by or on behalf of the Issuer and/or the Registrar, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar may require).

(iii) Closed Period

No Covered Bondholder may require the transfer of a Registered Covered Bond to be registered, (A) during the period of 15 calendar days ending on the due date for redemption of that Registered Covered Bond, (B) after any such Registered Covered Bond has been called for redemption, or (C) during the period of 15 calendar days ending on (and including) the due date for payment of principal and/or interest in respect of Registered Covered Bonds.

2.4. Denomination

The Covered Bonds will be issued in such denomination as may be agreed between the Issuer and the relevant Dealer(s) and set out in the applicable Final Terms (the **Specified Denomination**) with a minimum specified denomination of Euro 100,000.

All Covered Bonds of the same Series will have the same Specified Denomination shown in the applicable Final Terms in relation to each Tranche comprising such Series.

2.5. Fixed Rate Covered Bonds, Floating Rate Covered Bonds or Zero Coupon Covered Bonds

The applicable Final Terms will indicate whether the Covered Bonds are Fixed Rate Covered Bonds, Floating Rate Covered Bonds or Zero Coupon Covered Bonds, or a combination of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

2.6. Issuer undertaking

For so long as the Covered Bonds are outstanding, the Issuer will ensure that:

- (a) it will comply with the obligations applicable to it under the Belgian Covered Bonds Legislation;
- (b) the value of the Residential Mortgage Loans registered as Cover Assets in the Register of Cover Assets calculated in accordance with the Belgian Covered Bonds Legislation (and all monies derived therefrom from time to time as reimbursement, collection or payment of interest on the Residential Mortgage Loans) will represent at least 105% of the Series Principal Amount Outstanding of the Covered Bonds of all Series; and
- (c) the Special Estate will at all times include liquid bonds meeting the criteria set out in Article 7 of the NBB Covered Bonds Regulation and which, (i) are eligible as collateral for Eurosystem monetary policy purposes and intra-day credit operations by the Eurosystem, (ii) have a credit quality step 1 as defined in the CRR, (iii) are subject to a daily mark-to-market and have a market value which, after applying the ECB haircut in accordance with the Guidelines of the ECB of 19 December 2014 on the implementation of the Eurosystem monetary policy (as may be amended, supplemented, replaced and/or restated from time to time), is higher than the amount of interest due and payable on the outstanding Covered Bonds within a period of three months, (iv) have a remaining maturity of more than three months, and (v) are not debt issued by the Issuer or residential mortgage backed securities (RMBS) of which the underlying assets have been originated by the Issuer or by a group related entity.

3. STATUS OF THE COVERED BONDS

The Covered Bonds under the Programme are issued as Belgian *pandbrieven* (*Belgische pandbrieven/lettres de gage belges*) in accordance with the Belgian Covered Bonds Legislation and will constitute direct, unconditional and unsubordinated obligations of the Issuer. The Covered Bonds rank *pari passu* and rateably without any preference or priority among themselves, irrespective of their Series, and at least *pari passu* with all other present and future outstanding unsecured obligations of the Issuer, save for such obligations as may be preferred by law that are both mandatory and of general application. In addition, the Covered Bonds will be covered in accordance with the Belgian Covered Bonds Legislation by the Special Estate and the Covered Bondholders and the Other Cover Pool Creditors will have an exclusive right of recourse to the Special Estate.

4. INTEREST

4.1. Interest on Fixed Rate Covered Bonds

Each Fixed Rate Covered Bond bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest determined in accordance with this Condition 4.1. Interest will accrue in respect of each Interest Period and will be payable in arrear on the Interest Payment Date(s).

Interest shall be calculated in respect of any period by applying the Rate of Interest to, in the case of Dematerialised Covered Bonds, the relevant Series Principal Amount Outstanding or, in the case of a Registered Covered Bond, the Principal Amount Outstanding of such Registered Covered Bond and, in either case, multiplying such sum by the applicable Fixed Day Count Fraction, and rounding the resultant figure to the nearest Sub-unit, half of any such Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

4.2. Interest on Floating Rate Covered Bonds

(a) Interest Period End Dates and Interest Payment Date

Each Floating Rate Covered Bond bears interest at the rate per annum (expressed as a percentage) equal to the Rate of Interest (determined in accordance with Condition 4.2(b) (*Rate of Interest*)), from (and including) the Interest Commencement Date. Interest will accrue in respect of each Interest Period and will be payable in arrear on the Interest Payment Date(s). The amount of interest payable shall be calculated in accordance with Condition 4.2(d) (*Determination of Rate of Interest and calculation of Interest Amounts*). In the case of Fixed/Floating Rate Covered Bonds the applicable Final Terms shall specify during which Interest Periods interest will be applied in accordance with the provisions of Fixed Rate Covered Bonds and during which Interest Periods Interest shall be applied in accordance with the provisions on Floating Rate Covered Bonds. The Final Terms shall not provide an option for the Issuer to convert Fixed Rate Covered Bonds into Floating Rate Covered Bonds or vice versa.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Covered Bonds will be equal to the rate of interest determined in the following manner, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Covered Bonds

Where **ISDA Determination** is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph 4.2(b)(i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Issuer or other person specified in the applicable Final Terms under an interest rate swap transaction if the Issuer or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated at the Issue Date of the first Tranche of the Covered Bonds (the **ISDA Definitions**), and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is the period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either, (I) if the applicable Floating Rate Option is based on the Euro-zone inter-bank offered rate (**EURIBOR**), the first day of that Interest Period, or (II) in any other case, as specified in the applicable Final Terms.

For the purposes of this subparagraph 4.2(b)(i), (1) **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions, and (2) **Euro-zone** means the region comprising the member states of the European Union that adopt or have adopted the single currency in accordance with the Treaty establishing the European Community, as amended, supplemented and/or replaced from time to time.

When this Condition 4.2(b)(i) (*ISDA Determination for Floating Rate Covered Bonds*) applies, in respect of each relevant Interest Period the Calculation Agent will be deemed to have discharged its obligations under Condition 4.2(d) (*Determination of Rate of*

Interest and calculation of Interest Amounts) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this subparagraph 4.2(b)(i).

(ii) Screen Rate Determination

(A) Where **Screen Rate Determination** is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (I) the offered quotation (if there is only one quotation appearing on the relevant Screen Page); or
- (II) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page at the Specified Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

(B) If the Reference Rate is EURIBOR, and

(I) the Relevant Screen Page is not available or if, in the case of (I) above, no such offered quotation appears or, in the case of (II) above, fewer than three such offered quotations appear, in each case as at the Specified Time on the Interest Determination Date in question, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question;

(II) on any Interest Determination Date,

(1) two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent; or

(2) fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the Rate of Interest for the relevant Interest Period shall be the offered rate for deposits in euro for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in euro for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent

suitable for such purpose) inform(s) the Calculation Agent it is quoting to leading banks in the Euro-zone inter bank market, as the case may be, plus or minus (as appropriate) the Margin (if any);

- (III) five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations; and
- (IV) the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph ((b)) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph ((b)) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

Where the Rate of Interest for any Interest Period is negative (whether by operation of a negative Margin or otherwise), then such Rate of Interest shall be deemed to be zero.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Calculation Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. The Calculation Agent will notify the Paying Agent and the Issuer, as applicable, of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the Covered Bonds for the relevant Interest Period by applying the Rate of Interest to, in the case of Dematerialised Covered Bonds, the relevant Series Principal Amount Outstanding or, in the case of a Registered Covered Bond, the Principal Amount Outstanding of such Registered Covered Bond and, in either case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest Sub-unit, half of any such Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(e) Notification of Rate of Interest and Interest Amounts

The Calculation Agent will promptly notify the Paying Agent and the Issuer, as applicable, of each Interest Amount and the Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the

other Agents and any stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and notice thereof to be published in accordance with Condition 18 (*Notices*) as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and to the Covered Bondholders in accordance with Condition 18 (*Notices*).

(f) Calculation Agent

If for any reason at any relevant time after the Issue Date, the Calculation Agent defaults in its obligation to determine the Rate of Interest and any Interest Amount in accordance with Conditions 4.2(b)(i) (*ISDA Determination for Floating Rate Covered Bonds*) or 4.2(b)(ii) above (Screen Rate Determination), and in each case in accordance with Condition 4.2(d) (*Determination of Rate of Interest and calculation of Interest Amounts*), the Issuer or upon the opening of Winding-up Proceedings against the Issuer, the Cover Pool Administrator, if the Calculation Agent is not the Issuer or the Representative, if the Calculation Agent is the Issuer may determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it may think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Issuer, the Cover Pool Administrator or the Representative, as applicable, may calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances but taking into account the provisions of the applicable Final Terms. In making any such determination or calculation, the Issuer, the Cover Pool Administrator or the Representative, as applicable, may appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). If such determination or calculation is made, the Issuer, the Cover Pool Administrator or the Representative, as applicable, shall as soon as reasonably practicable notify the Issuer, the Paying Agent, the other Agents, the Issuer or the Representative, as applicable, and such stock exchange of such determination or calculation and each such determination or calculation shall be deemed to have been made by the Calculation Agent.

(g) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4.2 (*Interest on Floating Rate Covered Bonds*), whether by the Issuer or the Representative shall (in the absence of wilful default, gross negligence, fraud or manifest error) be binding on the Issuer, the Paying Agent, the other Agents and all Covered Bondholders and (in the absence as aforesaid) no liability to the Issuer or the Covered Bondholders, as applicable, shall attach to the Issuer or the Representative, as applicable, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(h) Benchmark replacement

Without prejudice to the other provisions in this Condition 4, if the Issuer determines that a Benchmark Event occurs in relation to the relevant Reference Rate specified in the applicable Final Terms when any Rate of Interest (or the relevant component part thereof) remains to be

determined by reference to such Reference Rate, then the following provisions shall apply to the relevant Covered Bonds:

- (i) the Issuer shall use reasonable endeavours, as soon as reasonably practicable, to appoint and consult with an Independent Adviser with a view to the Issuer determining (without any requirement for the consent or approval of the Covered Bondholders) (A) a Successor Rate or, failing which, an Alternative Reference Rate, for purposes of determining the Rate of Interest (or the relevant component part thereof) applicable to the Covered Bonds and (B) in either case, an Adjustment Spread;
- (ii) if the Issuer is unable to appoint an Independent Adviser prior to the IA Determination Cut-Off Date, the Issuer (acting in good faith and in a commercially reasonable manner) may still determine (A) a Successor Rate or, failing which, an Alternative Reference Rate and (B) in either case, an Adjustment Spread in accordance with this Condition 4.2(h);
- (iii) if a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with paragraphs (i) or (ii) above, such Successor Rate or, failing which, Alternative Reference Rate (as applicable) shall be the Reference Rate for each of the future Interest Periods or Reset Periods (as applicable) (subject to the subsequent operation of, and to adjustment as provided in, this Condition 4.2(h));
- (iv) if the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Reference Rate (as applicable). If the Issuer is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the Successor Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread;
- (v) if the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) in accordance with the above provisions, the Issuer may (without any requirement for the consent or approval of the Covered Bondholders) also specify changes to these Conditions and/or the Agency Agreement in order to ensure the proper operation of such Successor Rate or Alternative Reference Rate or any Adjustment Spread (as applicable), including, but not limited to, (A) the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Interest Determination Date, Reset Determination Date and/or the definition of Reference Rate applicable to the Covered Bonds and (B) the method for determining the fall-back rate in relation to the Covered Bonds. For the avoidance of doubt, the Agent and any other agents party to the Agency Agreement shall, at the direction and expense of the Issuer, effect such consequential amendments to the Agency Agreement and these Conditions as may be required in order to give effect to the application of this Condition 4.2(h). No consent shall be required from the Covered Bondholders in connection with determining or giving effect to the Successor Rate or Alternative Reference Rate (as applicable) or such other changes, including for the execution of any documents or other steps to be taken by the Agent and any other agents party to the Agency Agreement (if required or useful); and
- (vi) the Issuer shall promptly, following the determination of any Successor Rate, Alternative Reference Rate or Adjustment Spread (as applicable), give notice thereof to the Agent, the Calculation Agent and, in accordance with Condition 18 (*Notices*), the

Covered Bondholders. Such notice shall specify the effective date(s) for such Successor Rate or Alternative Reference Rate (as applicable), the Adjustment Spread (if any) and any consequential changes made to the Agency Agreement and these Conditions (if any),

provided that the determination of any Successor Rate, Alternative Reference Rate or Adjustment Spread (as applicable) and any other related changes to the Covered Bonds, shall be made in accordance with the relevant Applicable Banking Regulations (if applicable).

An Independent Adviser appointed pursuant to this Condition 4.2(h) shall act in good faith as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Agent, the Calculation Agent or the Covered Bondholders for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 4.2(h).

Without prejudice to the obligations of the Issuer under this Condition 4.2(h), the Reference Rate and the other provisions in this Condition 4 will continue to apply unless and until the Calculation Agent has been notified of the Successor Rate or Alternative Reference Rate (as applicable), the Adjustment Spread (if any) and any consequential changes made to the Agency Agreement and the Conditions (if any).

For the purposes of this Condition 4.2(h):

Adjustment Spread means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the relevant circumstances, any economic prejudice or benefit (as applicable) to the Covered Bondholders as a result of the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate or the Alternative Reference Rate (as applicable) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as applicable); or
- (c) if no such customary market usage is recognised or acknowledged, the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as applicable); or
- (d) if no such industry standard is recognised or acknowledged, the Issuer, in its discretion, following consultation with the Independent Adviser (if any) and acting in good faith, determines to be appropriate.

Alternative Reference Rate means the rate that the Issuer determines has replaced the relevant Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) in respect of bonds denominated in the Specified Currency of the Covered Bonds and of a comparable

duration to the relevant Interest Period or Reset Period (as applicable), or, if the Issuer determines that there is no such rate, such other rate as the Issuer determines in its discretion is most comparable to the relevant Reference Rate.

Benchmark Event means:

- (a) the relevant Reference Rate ceasing to be published for a period of at least five Business Days or ceasing to exist; or
- (b) a public statement by the administrator of the relevant Reference Rate stating that it will, by a specified date within the following six months, cease to publish the relevant Reference Rate, permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the relevant Reference Rate); or
- (c) a public statement by the supervisor of the administrator of the relevant Reference Rate stating that the relevant Reference Rate has been or will be, by a specified date within the following six months, permanently or indefinitely discontinued; or
- (d) a public statement by the supervisor or the administrator of the relevant Reference Rate that means that the relevant Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months;
- (e) a public statement by the administrator of the relevant Reference Rate stating that, in the view of such administrator, the methodology to calculate such Reference has materially changed; or
- (f) it has become unlawful for the Agent, the Calculation Agent or any other agents party to the Agency Agreement to calculate any payments due to be made to any Covered Bondholders using the relevant Reference Rate.

IA Determination Cut-Off Date means no later than five Business Days prior to the relevant Interest Determination Date or Reset Determination Date (as applicable) relating to the next succeeding Interest Period or Reset Period (as applicable).

Independent Adviser means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case selected and appointed by the Issuer at its own expense.

Relevant Nominating Body means, in respect of a Reference Rate:

- (a) the central bank for the currency to which the Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Reference Rate; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (A) the central bank for the currency to which the Reference Rate relates, (B) any central bank or other supervisory authority which is responsible for supervising the administrator of the Reference Rate, (C) a group of the aforementioned central banks or other supervisory authorities or (D) the Financial Stability Board or any part thereof.

Successor Rate means the rate that the Issuer determines is a successor to, or replacement of, the Reference Rate which is formally recommended by any Relevant Nominating Body.

4.3. Accrual of Interest

Each Covered Bond (or in the case of the redemption of part only of a Covered Bond, that part only of such Covered Bond) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of: (a) the date on which all amounts due in respect of such Covered Bond have been paid; and (b) five days after the date on which the full amount of the moneys payable has been received by the Paying Agent and notice to that effect has been given to the Covered Bondholders in accordance with Condition 18 (*Notices*).

4.4. Interest on Zero Coupon Covered Bonds

Zero Coupon Covered Bonds will be offered and sold at a discount to their nominal amount and will, subject to Condition 4.5 (*Interest Payments up to the Extended Final Maturity Date*), not bear periodic interest. When a Zero Coupon Covered Bond becomes repayable prior to its Final Maturity Date, it will be redeemed at the Early Redemption Amount calculated in accordance with Condition 6.3 (*Early Redemption Amounts*). In the case of late payment the amount due and repayable shall be calculated in accordance with Condition 6.8 (*Late Payment for Zero Coupon Covered Bonds*).

4.5. Interest Payments up to the Extended Final Maturity Date

If the maturity of the Covered Bonds is extended beyond the Final Maturity Date in accordance with Condition 6.1(c) (*Final redemption*):

- (a) the Covered Bonds then outstanding shall bear interest from (and including) the Final Maturity Date to (but excluding) the Extended Final Maturity Date or, if earlier, the relevant Interest Payment Date after the Final Maturity Date on which the Covered Bonds are redeemed, subject to Condition 4.3 (*Accrual of Interest*). In that event, interest shall be payable on the Covered Bonds at the rate determined in accordance with Condition 4.5(b) below on each Covered Bond then outstanding on each Interest Payment Date after the Final Maturity Date in respect of the Interest Period ending immediately prior to the relevant Interest Payment Date, subject as otherwise provided in the applicable Final Terms. The final Interest Payment Date shall fall no later than the Extended Final Maturity Date;
- (b) the rate of interest payable from time to time under Condition 4.5(a) above will be as specified in the applicable Final Terms and, where applicable, determined by the Calculation Agent 14 Business Days after the Final Maturity Date in respect of the first such Interest Period and thereafter as specified in the applicable Final Terms; and
- (c) in the case of Covered Bonds which are Zero Coupon Covered Bonds, for the purposes of this Condition 4.5, the principal amount outstanding of each Covered Bond shall be the total amount otherwise payable by the Issuer on the Final Maturity Date in respect of such Covered Bond less any payments made by the Issuer in respect of such amount in accordance with the Conditions.

4.6. Business Day Conventions

If a **Business Day Convention** is specified in the applicable Final Terms in relation to any date (including, for the avoidance of doubt, any Final Maturity Date or Extended Final Maturity Date) and, (a) if there is no numerically corresponding day in the calendar month in which such

date should occur, or (b) if such date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (a) in the case of Floating Rate Covered Bonds, the **Floating Rate Convention**, the relevant Interest Period End Date, (A) in the case of (a) above, shall be the last day that is a Business Day in the relevant month and the provisions of, (II) below shall apply *mutatis mutandis*, or (B) in the case of (b) above, shall be postponed to the next day which is a Business Day, unless it would thereby fall into the next calendar month, in which event (I) such Interest Period End Date shall be brought forward to the immediately preceding Business Day and (II) each subsequent Interest Period End Date shall be the last Business Day in the month;
- (b) the **Following Business Day Convention**, such date shall be postponed to the next day which is a Business Day;
- (c) the **Preceding Business Day Convention**, such date shall be brought forward to the immediately preceding Business Day.

5. PAYMENTS

5.1. Method of payment

(a) Payments in relation to Dematerialised Covered Bonds

Subject as provided below, all payments of principal or interest owing under the Dematerialised Covered Bonds shall be made through the Paying Agent and the Securities Settlement System in accordance with the Settlement System Regulations and the Clearing Services Agreement.

(b) Payments in relation to Registered Covered Bonds

Payments of principal and interest in respect of Registered Covered Bonds shall be paid to the person shown on the register of the Registered Covered Bonds at the close of business on the fifteenth calendar day before the due date for payment thereof (the **Record Date**).

5.2. Payments subject to fiscal laws

Payments will be subject in all cases to, (a) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7 (*Taxation*) as applicable, and (b) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the **Code**) or otherwise imposed pursuant to Sections 1471 to 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto (**FATCA**).

No commissions or expenses shall be charged to the Covered Bondholders in respect of such payments.

5.3. Payment Day

If the date for payment of any amount in respect of any Covered Bond is not a Payment Day (as defined below), the holder thereof shall not be entitled to payment of the relevant amount due until the next following Payment Day and shall not be entitled to any interest or other payment in respect of any delay. For these purposes, **Payment Day** means any day which (subject to Condition 10 (*Prescription*)) is:

- (a) a day on which the TARGET2 System is open; and

- (b) a day (other than Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms.

5.4. Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Covered Bonds shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 7 (*Taxation*) or under any undertakings or covenants given in addition thereto, or in substitution therefore, pursuant to the Agency Agreement;
- (b) the Final Redemption Amount;
- (c) the Early Redemption Amount; and
- (d) in relation to Zero Coupon Covered Bonds, the Amortised Face Amount (as defined in Condition 6.3(c)).

Any reference in these Conditions to interest in respect of the Covered Bonds shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 (*Taxation*) or under any undertakings given in addition thereto, or in substitution therefore, pursuant to the Agency Agreement.

6. REDEMPTION AND PURCHASE

6.1. Final redemption

- (a) Unless previously redeemed or purchased and cancelled as specified below, each Covered Bond will be redeemed by the Issuer at the Final Redemption Amount specified in the applicable Final Terms in the Specified Currency on the Final Maturity Date.
- (b) An Extended Final Maturity Date shall be specified in the applicable Final Terms as applying to each Series of Covered Bonds.
- (c) Only if the Issuer has failed to pay the Final Redemption Amount in full within 14 Business Days after the Final Maturity Date, then (subject as provided below) payment of the unpaid amount by the Issuer shall be deferred until the Extended Final Maturity Date and in such case the Final Redemption Amount will not be considered to have been due and payable on the Final Maturity Date, provided that any amount representing the Final Redemption Amount due and remaining unpaid on the Final Maturity Date may be paid by the Issuer on any Interest Payment Date occurring thereafter up to (and including) the Extended Final Maturity Date.
- (d) If, following the extension of the Final Maturity Date in accordance with Condition 6.1(c), the Issuer has, in the same month, the obligation to pay principal on two or more Series of Covered Bonds, it will make payments in respect of the Series of Covered Bonds where the Final Maturity Date has been extended prior to paying Series of Covered Bonds where the Final Maturity Date has not been extended. If the Issuer fails to pay the Final Redemption Amount in respect of such Covered Bonds with a later Final Maturity Date, payments of unpaid amounts shall be deferred in accordance with Condition 6.1(c).
- (e) An extension of one Series shall not automatically result in an extension of any other Series.

- (f) Any payments which shall be subject to an extension in accordance with this Condition 6.1 shall not be considered as unconditional for the purpose of Article 7, §1 of the Covered Bonds Royal Decree.
- (g) The Issuer shall confirm to the Cover Pool Monitor, the Rating Agencies, any relevant Hedging Counterparty, the Representative, the Paying Agent and any relevant stock exchange as soon as reasonably practicable and in any event at least four Business Days prior to the Final Maturity Date of any inability of the Issuer to pay in full the Final Redemption Amount in respect of a Series of Covered Bonds within 14 Business Days after the Final Maturity Date. The Issuer shall give notice of the extension of the Final Maturity Date to the Extended Final Maturity Date to the Covered Bondholders of such Series as soon as reasonably practicable. Any failure by the Issuer to notify such parties shall not affect the validity or effectiveness of the extension nor give rise to any rights in any such party.
- (h) Failure to pay in full by the Issuer on the Final Maturity Date shall not constitute an Event of Default. However, failure by the Issuer to pay the Final Redemption Amount on the Extended Final Maturity Date will constitute an Event of Default.
- (i) If the maturity of any Covered Bonds is extended up to the Extended Final Maturity Date in accordance with this Condition 6.1, for so long as any of those Covered Bonds remains outstanding, the Issuer shall not issue any further Covered Bonds, unless the proceeds of issuance of such further Covered Bonds are applied by the Issuer on issuance in redeeming in whole or in part the relevant Covered Bonds in accordance with the terms hereof.
- (j) This Condition 6.1 shall only apply if the Issuer has insufficient funds available to redeem Covered Bonds in full on the relevant Final Maturity Date (or within 14 Business Days thereafter).

6.2. Redemption for taxation reasons

If, on the occasion of the next payment due under the Covered Bonds, and as a result of any change in, or amendment to, the laws or regulations of Belgium or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Covered Bonds, the Issuer:

- (a) has or will become obliged to pay additional amounts as provided or referred to in Condition 7 (*Taxation*), or can no longer deduct payments in respect of the Covered Bonds for Belgian income tax purposes; and
- (b) cannot avoid such obligation by taking reasonable measures available to it,

the Issuer may at its option redeem all, but not some only, of the Covered Bonds at any time (if the relevant Covered Bond is not a Floating Rate Covered Bonds) or on any Interest Payment Date (if the relevant Covered Bond is a Floating Rate Covered Bond), on giving not less than 30 nor more than 60 days' notice to the Paying Agent and the Representative and, in accordance with Condition 18 (*Notices*), the Covered Bondholders (which notice shall be irrevocable), provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Covered Bonds then due. Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Paying Agent and the Representative a certificate signed by two directors of the Issuer, stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of

independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Covered Bonds redeemed pursuant to this Condition 6.2 (*Redemption for taxation reasons*) will be redeemed at their Early Redemption Amount referred to in Condition 6.3 (*Early Redemption Amounts*) together (if appropriate) with interest accrued to (but excluding) the date of redemption.

6.3. Early Redemption Amounts

For the purpose of Condition 5.4 (*Interpretation of principal and interest*), Condition 6.2 (*Redemption for taxation reasons*), Condition 6.4 (*Illegality*) and Condition 8 (*Events of Default and Enforcement*), the Early Redemption Amount in respect of any Covered Bonds shall be calculated as follows:

- (a) in the case of a Covered Bond with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (b) in the case of a Covered Bond (other than a Zero Coupon Covered Bond) with a Final Redemption Amount which is or may be less or greater than the Issue Price, at the amount specified in the applicable Final Terms or, if no such amount is so specified in the applicable Final Terms, at its Principal Amount Outstanding; and
- (c) in the case of a Zero Coupon Covered Bond, at an amount (the Amortised Face Amount) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Covered Bonds to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Covered Bond becomes due and repayable and the denominator of which is 360.

6.4. Illegality

In the event that the Issuer determines that the performance of the Issuer's obligations under the Covered Bonds has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, the Issuer having given not less than ten nor more than 30 days' notice to Covered Bondholders and the Representative in accordance with Condition 16 (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not some only, of the Covered Bonds of the relevant Series, each Covered Bond being redeemed at the Early Redemption Amount together (if appropriate) with interest accrued to (but excluding) the date of redemption.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Paying Agent and the Representative a certificate signed by two directors of the

Issuer, stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred.

6.5. Purchases

The Issuer or any subsidiary, affiliate or holding company of the Issuer may at any time purchase or otherwise acquire Covered Bonds at any price in the open market either by tender or private agreement or otherwise.

Such Covered Bonds acquired by the Issuer may be held, reissued, resold or, at the option of the Issuer, transferred to the Paying Agent for cancellation.

Unless otherwise indicated in the applicable Final Terms, Covered Bonds so acquired by the Issuer may be held in accordance with Article 12, §1 of Annex III to the Banking Law or cancelled in accordance with this Condition 6.5.

6.6. Subscription to own Covered Bonds

The Issuer may subscribe to its own Covered Bonds in accordance with Article 12, §1 of Annex III to the Banking Law.

Covered Bonds so subscribed by the Issuer may be held in accordance with Article 12, §1 of Annex III to the Banking Law or cancelled in accordance with Condition 6.5.

6.7. Cancellation

All Covered Bonds which are redeemed will forthwith be cancelled.

6.8. Late Payment for Zero Coupon Covered Bonds

If the amount payable in respect of any Zero Coupon Covered Bond upon redemption of such Covered Bond pursuant to Conditions 6.1, 6.2 or 6.4 or upon its becoming due and repayable as provided in Condition 8 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Covered Bond shall be the amount calculated as provided in Condition 6.3 above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Covered Bond becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Covered Bond have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Covered Bonds has been received by the Paying Agent and notice to that effect has been given to the Covered Bondholders in accordance with Condition 18 (*Notices*).

7. TAXATION

All payments of principal and interest in respect of the Covered Bonds by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (Taxes) imposed, levied, collected, withheld or assessed by or on behalf of Belgium or any political subdivision thereof or any authority therein or thereof having power to tax, unless the withholding or deduction of such Taxes is required by law. In that event the Issuer shall pay such additional amounts as will result in receipt by the Covered Bondholders of such amounts after such withholding or deduction as would have been received by them had no such

withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Covered Bond:

- (a) with respect to any payment in respect of any Dematerialised Covered Bond:
 - (i) held by a holder of a Dematerialised Covered Bond which is liable to Taxes in respect of such Dematerialised Covered Bond by reason of its having some connection with the jurisdiction by which such Taxes have been imposed, levied, collected, withheld or assessed other than the mere holding of the Dematerialised Covered Bond; or
 - (ii) where such withholding or deduction is imposed on a payment and is required to be made pursuant to FATCA; or
 - (iii) held by a holder of a Dematerialised Covered Bond who would have been able to avoid such withholding or deduction by arranging to receive the relevant payment through another paying agent of the Issuer in a member state of the European Union; or
 - (iv) where such withholding or deduction is imposed because the holder of the Dematerialised Covered Bonds is not an Eligible Investor (unless that person was an Eligible Investor at the time of its acquisition of the relevant Bond but has since ceased (as such term is defined from time to time under Belgian law) being an Eligible Investor by reason of a change in the Belgian tax laws or regulations or in the interpretation or application thereof or by reason of another change which was outside that person's control), or is an Eligible Investor but is not holding the relevant Dematerialised Covered Bond in an exempt securities account with a qualifying clearing system in accordance with the Belgian law of 6 August 1993 relating to transactions in certain securities and its implementation decrees; or
 - (v) to a holder who is liable to such Taxes because the Dematerialised Covered Bonds were converted into registered Covered Bonds upon his/her request and could no longer be cleared through the Securities Settlement System; or
 - (vi) to a holder who is entitled to avoid such deduction or withholding by making a declaration of non-residence or other similar claim for exemption.
- (b) with respect to any payment in respect of any Registered Covered Bond:
 - (i) held by a holder of a Registered Covered Bond which is liable to Taxes in respect of such Covered Bond by reason of its having some connection with the jurisdiction by which such Taxes have been imposed, levied, collected, withheld or assessed other than the mere holding of the Registered Covered Bond; or
 - (ii) where such withholding or deduction is imposed on a payment and is required to be made pursuant to FATCA; or
 - (iii) held by a holder of a Registered Covered Bond who would have been able to avoid such withholding or deduction by arranging to receive the relevant payment through another paying agent of the Issuer in a member state of the European Union; or
 - (iv) where such withholding or deduction is imposed because the holder of the Registered Covered Bonds is not a holder who is an Exempt Investor (as

defined below) (unless that person was an Exempt Investor at the time of its acquisition of the relevant Bond but has since ceased (as such term is defined from time to time under Belgian law) being an Exempt Investor by reason of a change in the Belgian tax laws or regulations or in the interpretation or application thereof or by reason of another change which was outside that person's control); or

- (v) to a holder who is entitled to avoid such deduction or withholding by making a declaration of non-residence or other similar claim for exemption; or
- (vi) presented for payment more than 30 calendar days after the Relevant Date (as defined below) except to the extent that the holder of the Registered Covered Bond would have been entitled to an additional amount on presenting the same for payment on the expiry of such period of 30 calendar days; or
- (vii) which is issued as a Zero Coupon Covered Bond or any other Registered Covered Bond which provides for the capitalisation of interest.

As used in this Condition:

Exempt Investor means a holder of a Registered Covered Bond that, as of the relevant interest payment date, (A) is not resident for tax purposes in Belgium and does not use the income producing assets to exercise a business or professional activity in Belgium, (B) has been the legal owner (*eigenaar/propriétaire*) or usufructuary (*vruchtgebruiker/usufruitier*) of the Registered Covered Bond during the entire relevant interest period, (C) has been registered with the Issuer as the holder of the Registered Covered Bond during the entire relevant interest period, (D) has provided the Issuer with an affidavit in which it is certified that the conditions mentioned in points (A) and (B) are complied with, with respect to such interest payment on or before the date such affidavit is required to be delivered to the Issuer and (E) complies with any further requirement imposed by any successor provision to the current relevant Belgian tax provisions.

Relevant Date in respect of any payment means the date on which such payment first becomes due.

8. EVENTS OF DEFAULT AND ENFORCEMENT

8.1. Events of Default

If any of the following events occurs and is continuing (each an **Event of Default**):

- (a) on the Extended Final Maturity Date in respect of any Series there is a failure to pay any amount of principal due on the Covered Bonds on such date and such default is not remedied within a period of 14 Business Days from the due date thereof; or
- (b) on any Interest Payment Date, a default in the payment of the amount of interest due on any Series occurs and such default is not remedied within a period of 14 Business Days from the due date thereof,

then the Representative may or shall, if it has been so directed by a request in writing by the holders of not less than 25% of the aggregate of the Series Principal Amount Outstanding of the Covered Bonds of all Series then outstanding but excluding the Covered Bonds held by the Issuer for the calculation of the percentage (with the Covered Bonds of all Series taken together as a single Series) or if so directed by a Programme Resolution (subject to being indemnified and/or secured and/or prefunded to its satisfaction), serve a notice (a Notice of Default) on the Issuer (copied to the Cover Pool Monitor, the Supervisor, the Rating Agencies and, if appointed,

the Cover Pool Administrator). Following the service of a Notice of Default, (i) no further Covered Bonds will be issued, and (ii) the Covered Bonds of each Series shall become immediately due and repayable on the date specified in the Notice of Default at the Early Redemption Amount, together with accrued interest thereon to the date of repayment.

8.2. Enforcement

The Representative may at any time, at its discretion and without further notice, take such proceedings against the Issuer and/or any other person as it may think fit to enforce the provisions of the Covered Bonds or any Programme Document.

No Covered Bondholder shall be entitled to proceed directly against the Issuer or to take any action with respect to the Programme Documents, the Covered Bonds, or the Cover Assets unless the Representative, having become bound so to proceed pursuant to a Resolution or a direction of the Covered Bondholders in accordance with the Conditions, as applicable, fails so to do within a reasonable period, 14 Business Days being considered reasonable in this respect, and such failure shall be continuing.

8.3. Covered Bondholders' Waiver

For the avoidance of doubt, the Covered Bondholders waive, to the fullest extent permitted by law, (a) all their rights whatsoever pursuant to Article 1184 of the Belgian Civil Code to rescind (*ontbinden/résoudre*), or demand in legal proceedings the rescission (*ontbinding/résolution*) of, the Covered Bonds, and (b) all their rights whatsoever in respect of Covered Bonds pursuant to Article 7:64 of the Belgian Code of Companies and Associations (right to rescind (*ontbinding/résolution*)).

9. PRIORITIES OF PAYMENTS

9.1. Post Event of Default Priority of Payments

Following delivery of a Notice of Default all funds deriving from the Cover Assets or otherwise received or recovered by the Special Estate (whether in the administration, liquidation of the Special Estate or otherwise) (other than amounts or financial instruments standing to the credit of the swap collateral account (if any)) shall be applied on any Business Day in accordance with the following order of priority of payments (the **Post Event of Default Priority of Payments**) (in each case only if and to the extent that payments of a higher priority have been made in full) provided that any such amount that is due to be paid hereunder has not been paid by the Issuer using funds not forming part of the Special Estate:

- (a) first, *pari passu* and pro rata according to the respective amounts thereof, (i) to pay all amounts then due and payable to the Representative (including remuneration or amounts by way of indemnity payable to it) under the provisions of the Representative Appointment Agreement or any other Programme Document together with interest and applicable VAT (or other similar taxes) thereon to the extent provided therein, (ii) to pay all amounts then due and payable to the Cover Pool Monitor together with interest and applicable VAT (or other similar taxes) thereon, and (iii) upon its appointment in accordance with the Belgian Covered Bonds Legislation, to pay all amounts then due to any Cover Pool Administrator (including any of its representatives or delegates) pursuant to the conditions of its appointment and any costs and expenses incurred by or on behalf of the Special Estate;
- (b) second, *pari passu* and pro rata according to the respective amounts thereof, to pay any amounts, fees, costs, charges, liabilities, expenses and taxes due and payable by the Issuer or the Special Estate to the Operational Creditors;

- (c) third, *pari passu* and pro rata according to the respective amounts thereof, (i) to pay all amounts of interest and principal then due and payable on any Covered Bonds, (ii) any amounts due and payable under any Hedging Agreement that constitutes a Cover Asset other than the Subordinated Termination Payments to any Hedging Counterparties under any such Hedging Agreements, and (iii) to pay all amounts due and payable under any Liquidity Facility Agreement to any Liquidity Facility Provider;
- (d) fourth, *pari passu* and pro rata, according to the respective amounts thereof, to pay any amount due and payable to any Hedging Counterparties under any Hedging Agreement that constitutes a Cover Asset arising out of any Subordinated Termination Payment; and
- (e) fifth, once all Covered Bonds have been redeemed and following the payment in full of all items under (a) to (d) above, to pay any excess to the General Estate of the Issuer.

9.2. Early Redemption Priority of Payments

Following a decision by the Cover Pool Administrator to early redeem the Covered Bonds of all Series pursuant to Article 11, 6° or 7° of Annex III to the Banking Law and as long as no Notice of Default has been delivered all funds deriving from the Cover Assets or otherwise received or recovered by the Special Estate (whether in the administration, liquidation of the Special Estate or otherwise) (other than amounts or financial instruments standing to the credit of the swap collateral account (if any)) shall be applied on any Business Day in accordance with the following order of priority of payments (the **Early Redemption Priority of Payments**) (in each case only if and to the extent that payments of a higher priority have been made in full) provided that any such amount that is due to be paid hereunder has not been paid by the Issuer using funds not forming part of the Special Estate:

- (a) first, *pari passu* and pro rata according to the respective amounts thereof, (i) to pay all amounts then due and payable to the Representative (including remuneration or amounts by way of indemnity payable to it) under the provisions of the Representative Appointment Agreement or any other Programme Document together with interest and applicable VAT (or other similar taxes) thereon to the extent provided therein, (ii) to pay all amounts then due and payable to the Cover Pool Monitor together with interest and applicable VAT (or other similar taxes) thereon, (iii) upon its appointment in accordance with the Belgian Covered Bonds Legislation, to pay all amounts then due to any Cover Pool Administrator (including any of its representatives or delegates) pursuant to the conditions of its appointment and any costs and expenses incurred by or on behalf of the Special Estate, and (iv) to pay any amounts, fees, costs, charges, liabilities, expenses and taxes due and payable by the Issuer or the Special Estate to the Operational Creditors;
- (b) second, *pari passu* and pro rata according to the respective amounts thereof, (i) to pay all amounts of interest and principal then due and payable on any Covered Bonds, (ii) any amounts due and payable under any Hedging Agreement that constitutes a Cover Asset other than the Subordinated Termination Payments to any Hedging Counterparties under any such Hedging Agreements, and (iii) to pay all amounts due and payable under any Liquidity Facility Agreement to any Liquidity Facility Provider;
- (c) third, *pari passu* and pro rata, according to the respective amounts thereof, to pay any amount due and payable to any Hedging Counterparties under any Hedging Agreement that constitutes a Cover Asset arising out of any Subordinated Termination Payment; and

- (d) fourth, once all Covered Bonds have been redeemed and following the payment in full of all items under (a) to (c) above, to pay any excess to the General Estate of the Issuer.

10. PRESCRIPTION

Claims against the Issuer for payment of principal and interest in respect of the Covered Bonds will be prescribed and become void unless made, in the case of principal, within ten years or, in the case of interest, five years after their due date, unless application to a court of law for such payment has been initiated on or before such respective time. The due date for Covered Bonds of which the Final Maturity Date has been extended shall be the Extended Final Maturity Date.

11. AGENTS

- (a) In acting under the Agency Agreement and in connection with the Covered Bonds, the Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Covered Bondholders.
- (b) The initial Agents, the Registrar and their initial specified offices are set forth in the Base Prospectus. The Issuer reserves the right at any time to vary or terminate the appointment of any Agent, Registrar or Calculation Agent and to appoint a successor Agent, Registrar or Calculation Agent and additional or successor paying agents provided, however, that:
 - (i) the Issuer shall at all times maintain a Paying Agent and the Paying Agent will at all times be a participant in the Securities Settlement System;
 - (ii) so long as the Covered Bonds are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of such stock exchange or other relevant authority;
 - (iii) so long as there are Registered Covered Bonds, the Issuer shall maintain a Registrar for the relevant Series of Registered Covered Bonds (which may be itself);
 - (iv) in the case of Floating Rate Covered Bonds, the Issuer shall at all times maintain a Calculation Agent for the relevant Series of Covered Bonds (which may be itself); and
 - (v) the Issuer shall at all times maintain a paying agent in an EU member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings income, as amended from time to time, or any law implementing or complying with, or introduced in order to conform to, this Directive.

Notice of any change in any of the Agents, the Registrar or the Calculation Agent or in their specified offices shall promptly be given to the Covered Bondholders in accordance with Condition 18 (*Notices*).

12. COVERED BOND PROVISIONS

12.1. Criteria for the transfer of assets by the General Estate to the Special Estate

If the Issuer holds amounts as provided for in Article 3, § 2, 1, 4° of Annex III to the Banking Law, for the account of a Special Estate, and these amounts cannot be identified in the General Estate when the delivery of these assets is requested on behalf of the Special Estate, the ownership right in relation to these amounts that are part of the Special Estate will be transferred for a corresponding value to other unencumbered assets in the General Estate of the Issuer

pursuant to Article 3, §2, second indent of Annex III to the Banking Law. These assets will be identified in accordance with the following criteria to be applied in the following order of priority:

- (a) bonds that are ECB eligible (**ECB Eligible Bonds**);
- (b) failing which, bonds other than ECB Eligible Bonds mentioned under (a) above;
- (c) failing any of the above, such assets as the representative of the Special Estate (the Cover Pool Administrator, failing which the Cover Pool Monitor) may select in its own discretion.

12.2. Use of swap collateral

Any collateral provided to the Issuer in the context of a Hedging Agreement that constitutes a Cover Asset, may only be used in order to satisfy the obligations that relate to the Special Estate and in accordance with the provisions of the relevant Hedging Agreement.

12.3. Priority Rules regarding security interest securing both Cover Assets and assets in the General Estate

If a security interest (including any mortgage and mortgage mandate) secures both Cover Assets and assets in the General Estate, all sums received out of the enforcement of the security interest will be applied in priority to satisfy the obligations in relation to the relevant Cover Assets. Any proceeds of enforcement of such security interest can only be applied in satisfaction of the obligations of the relevant assets in the General Estate once all sums owed to the Special Estate in respect of the relevant Cover Assets are irrevocably repaid in full.

13. MEETING RULES OF COVERED BONDHOLDERS

The Meeting Rules of Covered Bondholders (the **Meeting Rules of Covered Bondholders**) are attached to, and form an integral part of, these Conditions. References in these Conditions to the Meeting Rules of Covered Bondholders include such rules as from time to time modified in accordance with the provisions contained therein and any agreement or other document expressed to be supplemental thereto.

Articles 7:161 to 7:176 of the Belgian Code of Companies and Associations relating to the bondholders' meetings shall not apply to any Covered Bonds.

14. THE REPRESENTATIVE

The Representative has been appointed by the Issuer as representative of the Covered Bondholders (and of any other creditors that are holders of claims covered by the Special Estate and that have agreed to be so represented) in accordance with Article 14, §2 of Annex III to the Banking Law and Article 7:63 of the Belgian Code of Companies and Associations upon the terms and conditions set out in the Representative Appointment Agreement and herein.

As long as the Covered Bonds are outstanding, there shall at all times be a representative of the Covered Bondholders in accordance with Article 14, §2 of Annex III to the Banking Law and Article 7:63 of the Belgian Code of Companies and Associations, which has the power to exercise the rights conferred on it by these Conditions, the Meeting Rules of Covered Bondholders, the Representative Appointment Agreement and the Covered Bond Legislation in order to protect the interests of the Covered Bondholders.

By reason of holding Covered Bonds, each Covered Bondholder:

- (a) recognises the Representative as its representative and (to the fullest extent permitted by law) agrees to be bound by any agreement entered into from time to time by the Representative in such capacity as if such Covered Bondholder were a signatory thereto; and
- (b) acknowledges and accepts that the Issuer shall not be liable, except in case of fraud, in respect of any loss, liability, claim, expenses or damage suffered or incurred by any of the Covered Bondholders as a result of the performance by the Representative of its duties or the exercise of any of its rights under these Conditions (including the Meeting Rules of Covered Bondholders).

The Representative may also be appointed to represent Other Cover Pool Creditors provided that such Other Cover Pool Creditors agree with such representation.

15. CONFLICTS OF INTEREST

In exercising any of its powers, and the authorities and discretions vested in it, the Representative shall have regard to the overall interests of the Covered Bondholders of all Series taken together and of the Other Cover Pool Creditors that have agreed to be represented by the Representative. The Representative shall not be obliged to have regard to any interests arising from circumstances particular to individual Covered Bondholders or such Other Cover Pool Creditors.

The Representative shall, as regards the powers, authorities and discretions vested in it, except where expressly provided otherwise, have regard to the interests of both the Covered Bondholders and the Other Cover Pool Creditors that have agreed to be represented by the Representative but if, in the opinion of the Representative, there is a conflict between the interests the Covered Bondholders and those Other Cover Pool Creditors, the Representative will have regard solely to the interest of the Covered Bondholders.

16. MEETINGS OF COVERED BONDHOLDERS

16.1. Meetings of Covered Bondholders

The Meeting Rules of Covered Bondholders contain provisions for convening meetings of the Covered Bondholders of each Series to consider matters relating to the Covered Bonds, including the modification or waiver of any provision of the Conditions. For the avoidance of doubt any such modification or waiver shall be subject to the consent of the Issuer or, upon the opening of Winding-up Proceedings against the Issuer, the Cover Pool Administrator on behalf of the Special Estate, except as provided otherwise in the Meeting Rules of the Covered Bondholders.

All meetings of Covered Bondholders will be held in accordance with the Meeting Rules of Covered Bondholders. Articles 7:161 to 7:176 of the Belgian Code of Companies and Associations shall not apply to any issuance of Covered Bonds.

16.2. Written Resolution

Except in relation to a Programme Resolution to direct the Cover Pool Administrator to proceed with the liquidation of the Special Estate and with the early redemption of the Covered Bonds pursuant to Article 11, 7° of Annex III to the Banking Law, a resolution in writing signed by or on behalf of holders of 50% of the aggregate of the Series Principal Amount Outstanding of the Covered Bonds of all Series then outstanding shall take effect as a Programme Resolution. A resolution in writing signed by or on behalf of holders of two thirds of the Series Principal

Amount Outstanding of the relevant Series of Covered Bonds outstanding shall take effect as an Extraordinary Resolution. A written resolution signed by the holders of 50% of the Series Principal Amount Outstanding of the relevant Series of the Covered Bonds outstanding shall take effect as if it were an Ordinary Resolution. Such resolutions in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Covered Bondholders.

17. AMENDMENTS TO THE CONDITIONS AND WAIVERS

Amendments to and waivers of the Conditions shall be made in accordance with the Meeting Rules of Covered Bondholders.

18. NOTICES

Notices to be given by any holder of Covered Bonds (including notices to convene a meeting of Covered Bondholders) shall be in writing and given by lodging the same with the Paying Agent and the Representative. Notices to be given to the holders of Dematerialised Covered Bonds (including notices to convene a meeting of Covered Bondholders) shall be deemed to have been duly given to the relevant Covered Bondholders if sent to the Securities Settlement System, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (ICSDs) for communication by them to the holders of the Dematerialised Covered Bonds and shall be deemed to be given on the date on which it was so sent.

All notices to holders of Registered Covered Bonds (including notices to convene a meeting of Covered Bondholders) will be mailed by regular post or by fax to the holders at their respective addresses or fax numbers appearing in the register of Registered Covered Bonds.

If sent by post, notices will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. If sent by fax, notices will be deemed to have been given upon receipt of a confirmation of the transmission.

So long as the Covered Bonds are listed on any stock exchange or admitted to listing by any other relevant authority and if the rules of the exchange so require, any notice shall also be published in accordance with the rules and regulations of such stock exchange or other relevant authority.

No notifications in any such form will be required for convening meetings of Covered Bondholders if all Covered Bondholders have been identified and have been given an appropriate notice by registered mail.

Notwithstanding the above, the Representative shall be at liberty to approve any other method of giving notice to Covered Bondholders if, in its opinion, such other method is reasonable having regard to the then-prevailing market practice and rules of the competent authority, stock exchange, clearing system or, as the case may be, quotation system on which the Covered Bonds are then admitted to trading.

19. FURTHER ISSUES

The Issuer may from time to time, subject to Condition 6.1(i), without the consent of the Covered Bondholders, create and issue further Covered Bonds having the same terms and conditions as the Covered Bonds in all respects (or in all respects except for the first payment of interest thereon, issue date and/or issue price) so as to form a single series with the Covered Bonds and provided that, (a) the Rating Agencies have been notified of such issuance, and (b) if applicable, in respect of any Series or Tranche, a Hedging Agreement is entered into.

20. GOVERNING LAW AND JURISDICTION

20.1. Governing Law

The Covered Bonds and all matters arising from or connected with the Covered Bonds (and any non-contractual obligations arising out of or in connection with the Covered Bonds) are governed by, and shall be construed in accordance with, Belgian law.

20.2. Jurisdiction

The Dutch speaking (*Nederlandstalige/néerlandophone*) courts of Brussels, Belgium are to have exclusive jurisdiction to settle any dispute, arising from or connected with the Covered Bonds (including any disputes relating to any non-contractual obligations arising out of or in connection with the Covered Bonds).

MEETING RULES OF THE COVERED BONDHOLDERS

PART 1 – GENERAL PROVISIONS

1. INTRODUCTION

- (a) The purpose of these meeting rules of the Covered Bondholders (the Meeting Rules) is to coordinate the exercise of the rights of the Covered Bondholders and, more generally, to take any action necessary or desirable to protect the interest of the Covered Bondholders.
- (b) The Meeting Rules in respect of each Series of Covered Bonds issued under the Programme by the Issuer apply concurrently with the issuance and subscription of the Covered Bonds and each such Series is governed by these Meeting Rules.
- (c) The contents of the Meeting Rules are deemed to be an integral part of the Conditions of the Covered Bonds of each Series issued by the Issuer.
- (d) The Meeting Rules shall remain in full force and effect until full repayment or cancellation of all the Covered Bonds of whatever Series.
- (e) Each Covered Bondholder is a member of the meeting of Covered Bondholders held in accordance with these Meeting Rules.
- (f) Article 7:161 to 7:176 of the Belgian Code of Companies and Associations shall not apply in relation to the meetings of Covered Bondholders.

2. DEFINITIONS

2.1. Definitions

In these Meeting Rules the following expressions have the following meanings:

Block Voting Instruction shall mean a document in Dutch or French (with a translation in English) issued by the Recognised Accountholder or Securities Settlement System and dated in which:

- (a) it is certified that Dematerialised Covered Bonds (not being Dematerialised Covered Bonds in respect of which a Voting Certificate has been issued and is outstanding in respect of the meeting specified in such Block Voting Instruction and any such adjourned meeting) of a specified principal amount outstanding were (to the satisfaction of such Recognised Accountholder or Securities Settlement System) held to its order or under its control and blocked by it and that no such Dematerialised Covered Bonds will cease to be so held and blocked until the first to occur of:
 - (i) the conclusion of the meeting specified in such document or, if applicable, any such adjourned meeting; and
 - (ii) the giving of notice by the Recognised Accountholder or the Securities Settlement System to the Issuer in accordance with Clause 8.5 hereof, stating that certain of such Dematerialised Covered Bonds cease to be held with it or under its control and blocked by it and setting out the necessary amendment to the Block Voting Instruction;
- (b) it is certified that each holder of such Dematerialised Covered Bonds has instructed such Recognised Accountholder or Securities Settlement System, that the vote(s) attributable to the Dematerialised Covered Bond(s) so held and blocked should be cast in a particular way in relation to the resolution or resolutions to be put to such meeting

or any such adjourned meeting and that all such instructions are during the period commencing three (3) Business Days prior to the time for which such meeting or any such adjourned meeting is convened and ending at the conclusion or adjournment thereof neither revocable nor capable of amendment;

- (c) the nominal amount of the Dematerialised Covered Bonds so held and blocked is stated, distinguishing with regard to each resolution between those in respect of which instructions have been given as aforesaid that the votes attributable thereto should be cast in favour of the resolution and those in respect of which instructions have been so given that the votes attributable thereto should be cast against the resolution; and
- (d) one or more persons named in such document (each hereinafter called a proxy) is or are authorised and instructed by such Recognised Accountholder or Securities Settlement System to cast the votes attributable to the Dematerialised Covered Bonds so listed in accordance with the instructions referred to in subparagraph (a)(ii) above as set out in such document.

Conditions means the Terms and Conditions of the Covered Bonds of the relevant Series or Tranche issued by the Issuer.

Extraordinary Resolution means a resolution passed at a meeting duly convened and held in accordance with these Meeting Rules with respect to the matters set out in Clause 6.1.

Ordinary Resolution means any resolution passed at a meeting duly convened and held in accordance with these Meeting Rules with respect to the matters set out in Clause 6.2 by a simple majority of at least 50% of the aggregate Principal Amount Outstanding of the Series of Covered Bonds for which votes have been cast plus one vote.

Programme Common Terms means Clauses 3 up to and including 12 of the Programme Common Terms Agreement, as may be amended from time to time in accordance with the provisions of the Programme Common Terms Agreement and the Meeting Rules.

Programme Resolution means any resolution passed at a meeting duly convened and held in accordance with these Meeting Rules with respect to the matters set out in Clause 6.3.

Recognised Accountholder means, in relation to one or more Dematerialised Covered Bonds, the recognised accountholder (*erkende rekeninghouder/teneur de compte agréé*) within the meaning of the Belgian Code of Companies and Associations with which a Covered Bondholder holds such Dematerialised Covered Bonds on a securities account.

Resolution means an Ordinary Resolution, an Extraordinary Resolution or a Programme Resolution.

Series Reserved Matters means the matters referred to under Clause 6.1(f) to 6.1(i).

Voting Certificate shall mean a certificate in Dutch or French (with a translation in English) issued by the Recognised Accountholder or the Securities Settlement System and dated in which it is stated:

- (a) that on the date thereof Dematerialised Covered Bonds (not being Dematerialised Covered Bonds in respect of which a Block Voting Instruction has been issued and is outstanding in respect of the meeting specified in such Voting Certificate and any such adjourned meeting) of a specified Principal Amount Outstanding were (to the satisfaction of such Recognised Accountholder or Securities Settlement System) held

to its order or under its control and blocked by it and that no such Dematerialised Covered Bonds will cease to be so held and blocked until the first to occur of:

- (i) the conclusion of the meeting specified in such certification or, if applicable, any adjourned such meeting; and
 - (ii) the surrender of the certificate to the Recognised Accountholder or Securities Settlement System who issued the same; and
- (b) that until the release of the Dematerialised Covered Bonds represented thereby the bearer thereof is entitled to attend and vote at such meeting and any such adjourned meeting in respect of the Dematerialised Covered Bonds represented by such certificate.

Capitalised words used in these Meeting Rules and not otherwise defined herein, shall have the meaning and the construction ascribed to them in the Conditions.

2.2. Interpretation

All references in these Meeting Rules to:

- (a) **Covered Bonds** are, unless the context otherwise requires, to the Covered Bonds of the relevant Series;
- (b) a **Clause** shall, except where expressly provided to the contrary, be a reference to a Clause of these Meeting Rules; and
- (c) a **meeting** are to a meeting of Covered Bondholders of a single Series of Covered Bonds (except in the case of a meeting to pass a Programme Resolution, in which case the Covered Bonds of all Series are taken together as a single Series) and include, unless the context otherwise requires, any adjournment.

3. CALLING OF THE GENERAL MEETING

- 3.1. The meeting of Covered Bondholders may be convened by the Issuer, and/or upon its appointment the Cover Pool Administrator, or the Representative and shall be convened by the Issuer, or upon its appointment the Cover Pool Administrator, as applicable, or the Representative upon the request in writing signed by Covered Bondholders holding not less than one fifth of the aggregate of the Series Principal Amount Outstanding of the Covered Bonds of the relevant Series.
- 3.2. The Issuer or upon its appointment the Cover Pool Administrator or the Representative can convene a single meeting of Covered Bondholders of more than one Series if in its opinion the subject matter of the meeting is relevant to the Covered Bondholders of each of those Series, in which case these Meeting Rules shall apply *mutatis mutandis*.
- 3.3. Every meeting of the Covered Bondholders shall be held at a time and place approved by the Representative.
- 3.4. At least 15 calendar days' notice (exclusive of the day on which the notice is given and the day on which the general meeting is held) specifying the day, time and place of meeting shall be given to the Covered Bondholders in the manner provided by Condition 18 (*Notices*). Such notice shall include the agenda of the meeting. The agenda shall state the nature of the business to be transacted at the meeting thereby convened and specify the terms of any resolution to be proposed. Such notice shall include a statement to the effect that Dematerialised Covered Bonds must be held with or under the control of and blocked by, (a) a Recognised Accountholder,

and/or (b) as the case may be, the Securities Settlement System for the purpose of obtaining Voting Certificates or appointing proxies until three Business Days before the time fixed for the meeting but not thereafter.

4. ACCESS TO THE GENERAL MEETING

- 4.1. With respect to Dematerialised Covered Bonds, save as expressly provided otherwise herein, no person shall be entitled to attend or vote at any general meeting of the Covered Bondholders unless he produces a Voting Certificate or is a proxy.
- 4.2. With respect to Registered Covered Bonds, save as expressly provided otherwise herein, no person shall be entitled to attend or vote at any general meeting of the Covered Bondholders unless, (a) it appears from the register held in accordance with the Belgian Code of Companies and Associations that the relevant person is registered as a holder of Registered Covered Bonds, or (b) is authorised and instructed, by means of a power of attorney that is duly dated and signed, by the person that is registered as a holder of Registered Covered Bonds to cast the votes attributable to such Covered Bondholder. The Issuer or the Cover Pool Administrator, as applicable, may determine the form of the power of attorney.
- 4.3. The Issuer, the Cover Pool Administrator, upon its appointment, the Representative and the Dealer(s) (through their respective officers, employees, advisers, agents or other representatives) and their financial and legal advisers as well as the chairman of the meeting of Covered Bondholders shall be entitled to attend and speak at any meeting of the Covered Bondholders.
- 4.4. Proxies need not to be Covered Bondholders.

5. QUORUM

- 5.1. The quorum at any meeting the purpose of which is to pass an Ordinary Resolution, an Extraordinary Resolution concerning matters referred to under Clause 6.1(a) to 6.1(e) or a Programme Resolution concerning matters referred to under Clause 6.3(a) to 6.3(d), will be one or more persons holding or representing at least 50% of the aggregate Principal Amount Outstanding of the Covered Bonds of the relevant Series (with the Covered Bonds of all Series taken together as a single Series in case of a Programme Resolution), or, at an adjourned meeting, one or more persons being or representing Covered Bondholders of the relevant Series for the time being outstanding, whatever the Principal Amount Outstanding of the Covered Bonds so held or represented.
- 5.2. At any meeting the purpose of which is to pass an Extraordinary Resolution concerning Series Reserved Matters, the quorum will be one or more persons holding or representing not less than two thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series or, at any adjourned meeting, one or more persons being or representing not less than one third of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding.
- 5.3. At any meeting the purpose of which is to pass a Programme Resolution concerning matters referred to under Clause 6.3(e) the quorum will be one or more persons holding or representing not less than two thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series taken together as a single Series, including at an adjourned meeting.
- 5.4. No business (except choosing a chairman) shall be transacted at a meeting unless a quorum is present at the commencement of business. If a quorum is not present within 15 minutes from the time initially fixed for the meeting, it shall, if convened on the request of the Covered Bondholders, be dissolved. In any other case it shall be adjourned until such date, not less than

14 nor more than forty-two (42) calendar days later, and time and place as the chairman may decide.

- 5.5. Covered Bonds held by the Issuer shall not be taken into account for the calculation of the required quorum.
- 5.6. For the avoidance of doubt, any modification (regardless of whether such modification is a Series Reserved Matter or not), shall require the consent of the Issuer or upon the initiation of Winding-up Proceedings against the Issuer, the Cover Pool Administrator on behalf of the Special Estate, except that no such consent shall be required in relation to a Programme Resolution referred to under Clause 6.3(b) to 6.3(e).

6. POWERS OF THE MEETING OF COVERED BONDHOLDERS

6.1. Extraordinary Resolution

A meeting of Covered Bondholders shall, subject to the Conditions and only with the consent of the Issuer and/or upon the initiation of Winding-up Proceedings against the Issuer, the Cover Pool Administrator on behalf of the Special Estate and without prejudice to any powers conferred on other persons by these Meeting Rules, have power by Extraordinary Resolution:

- (a) to approve any modification, abrogation, variation or compromise in respect of, (i) the rights of the Representative, the Issuer, the Covered Bondholders or any of them, whether such rights arise under the Programme Documents or otherwise, and (ii) these Meeting Rules, the Conditions, any Programme Document or any arrangement in respect of the obligations of the Issuer under or in respect of the Covered Bonds, other than a Series Reserved Matter;
- (b) to discharge or exonerate, whether retrospectively or otherwise, the Representative from any liability in relation to any act or omission for which the Representative has or may become liable pursuant or in relation to these Meeting Rules, the Conditions or any Programme Document;
- (c) to give any authority or approval which under these Meeting Rules or the Conditions is required to be given by Extraordinary Resolution;
- (d) to authorise the Representative (subject to it being indemnified and/or secured to its satisfaction) or any other person to execute all documents and do all things necessary to give effect to any Extraordinary Resolution;
- (e) to waive any breach or authorise any proposed breach by the Issuer of its obligations in respect of the Covered Bonds or to waive the occurrence of an Event of Default;
- (f) to reduce or cancel the amount payable or, where applicable, modify the method of calculating the amount payable or modify the date of payment or, where applicable, modify the method of calculating the date of payment in respect of any principal or interest in respect of the Covered Bonds other than in accordance with the terms thereof;
- (g) to alter the currency in which payments under the Covered Bonds are to be made;
- (h) to alter the quorum or majority required to pass an Extraordinary Resolution; and
- (i) to sanction any scheme or proposal for the exchange or sale of the Covered Bonds for or the conversion of the Covered Bonds into, or the cancellation of the Covered Bonds in consideration of, shares, stock, covered bonds, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any other company formed or

to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, bonds, covered bonds, debentures, debenture stock and/or other obligations.

6.2. Ordinary Resolution

A meeting shall, subject to the Conditions and only with the consent of the Issuer or upon the initiation of Winding-up Proceedings against the Issuer, the Cover Pool Administrator on behalf of the Special Estate, and without prejudice to any powers conferred on other persons by these Meeting Rules, have power to decide by Ordinary Resolution on any business which is not listed under Clause 6.1 (*Extraordinary Resolution*) or under Clause 6.3 (*Programme Resolution*).

6.3. Programme Resolution

A meeting shall, subject to the Conditions, and without prejudice to any powers conferred on other persons by these Meeting Rules, have power by Programme Resolution:

- (a) with the consent of the Issuer and/or upon the initiation of Winding-up Proceedings against the Issuer, the Cover Pool Administrator on behalf of the Special Estate, to amend the Programme Common Terms;
- (b) to direct the Representative to serve a Notice of Default on the Issuer pursuant to Condition 8.1;
- (c) to appoint, remove or replace, (i) the Representative, or (ii) the managing director of the Representative in accordance with Clause 6 of Part 2 of the Meeting Rules;
- (d) to consider the decision or proposal of the Cover Pool Administrator to proceed with the liquidation of the Special Estate and with the early redemption of the Covered Bonds pursuant to Article 11, 6° of Annex III to the Banking Law; and
- (e) to direct the Cover Pool Administrator to proceed with the liquidation of the Special Estate and with the early redemption of the Covered Bonds pursuant to Article 11, 7° of Annex III to the Banking Law.

7. MANAGEMENT OF THE GENERAL MEETINGS

- 7.1. The Issuer may appoint a chairman (who may, but need not be, a Covered Bondholder). Failing such choice the Representative may appoint a chairman in writing, but if no such appointment is made or if the person appointed is not present within 15 minutes after the time fixed for the meeting of the Covered Bondholders, the meeting shall be chaired by the person elected by the majority of the voters present, failing which, the Representative shall appoint a chairman. The chairman of an adjourned meeting need not to be the same person as was chairman at the original meeting.
- 7.2. The chairman may with the consent of (and shall if directed by) the meeting, adjourn the same from time to time and from place to place but no business shall be transacted at any adjourned meeting except business which could have been transacted at the meeting from which the adjournment took place.
- 7.3. Notice of any adjourned general meeting shall be given in the same manner as for an original general meeting, and such notice shall state the quorum required at the adjourned general meeting. Subject as aforesaid, it shall not be necessary to give any other notice of an adjourned meeting.

8. VOTING

- 8.1. Every question submitted to a meeting shall be decided in the first instance by a show of hands, then (subject to Clause 8.2) by a poll.
- 8.2. At any meeting, unless a poll is (before or on the declaration of the result of the show of hands) demanded by the chairman, the Issuer or the Cover Pool Administrator, as applicable, one or more persons holding Voting Certificates in respect of the Dematerialised Covered Bonds or proxies holding or representing in the aggregate not less than 2% of the relevant Series of the aggregate Principal Amount Outstanding of the Covered Bonds, a declaration by the chairman that a resolution has passed or not passed shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.
- 8.3. If at any meeting a poll is so demanded, it shall be taken in such manner and (subject as hereinafter provided) either at once or after such an adjournment as the chairman directs. The result of such poll shall be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. The demand for a poll shall not prevent the continuance of the meeting for the transaction of any business other than the question on which the poll has been demanded.
- 8.4. Any poll demanded at any meeting on the election of a chairman or on any question of adjournment shall be taken at the meeting without adjournment.
- 8.5. Any vote given in accordance with the terms of a Block Voting Instruction shall be valid notwithstanding the previous revocation or amendment of the Block Voting Instruction or of any Covered Bondholder's instructions pursuant to which it was executed, provided that no confirmation in writing of such revocation or amendment shall have been received from the Securities Settlement System or Recognised Accountholder by the Issuer at its headquarters (Havenlaan 2, 1080 Brussels, Belgium or such other address as notified to the Covered Bondholders in accordance with the Conditions) by the time being 24 hours before the commencement of the meeting or adjourned meeting at which the Block Voting Instruction is intended to be used.
- 8.6. In case Covered Bonds are held by the Issuer, the Issuer shall not have any voting rights with respect to such Covered Bonds.
- 8.7. In the case of an equality of votes the chairman shall have a casting vote in addition to any other votes which he may have.
- 8.8. An Extraordinary Resolution shall be validly passed by a voting majority of at least two thirds of the aggregate Series Principal Amount Outstanding of the Series of Covered Bonds for which votes have been cast. An Ordinary Resolution shall be validly passed by a simple majority of at least 50% of the aggregate Series Principal Amount Outstanding of the Series of Covered Bonds for which votes have been cast plus one vote. A Programme Resolution shall be validly passed by a simple majority of at least 50% of the aggregate Series Principal Amount Outstanding of the Covered Bonds of all Series for which votes have been cast plus one vote.
- 8.9. The formalities and procedures to validly cast a vote at a meeting in respect of Registered Covered Bonds shall be such formalities and procedures as described by the Representative.

9. VOTING CERTIFICATES AND BLOCK VOTING INSTRUCTIONS REGARDING DEMATERIALISED COVERED BONDS

- 9.1. Voting Certificates and Block Voting Instructions will only be issued in respect of Dematerialised Covered Bonds (to the satisfaction of such Recognised Accountholder or Securities Settlement System) held to the order or under the control and blocked by a

Recognised Accountholder or Securities Settlement System not less than three (3) Business Days before the time for which the meeting or the poll to which the same relate has been convened or called and shall be valid for so long as the relevant Dematerialised Covered Bonds continue to be so held and blocked and during the validity thereof the holder of any such Voting Certificate or (as the case may be) the proxies named in any such Block Voting Instruction shall, for all purposes in connection with the relevant meeting of the Covered Bondholders, be deemed to be the holder of the Dematerialised Covered Bonds to which such Voting Certificate or Block Voting Instruction relates and the Recognised Accountholder or Securities Settlement System with which such Dematerialised Covered Bonds have been deposited or to whose order or under whose control they are held or the person holding them blocked as aforesaid shall be deemed for such purpose not to be the holder of those Dematerialised Covered Bonds.

- 9.2. Each Voting Certificate and each Block Voting Instruction shall be deposited at the registered office of the Issuer not less than three Business Days before the time appointed for holding the meeting or adjourned meeting at which the holder of the Voting Certificate or the proxies named in the Block Voting Instruction propose to vote and in default of such deposit the Voting Certificate or Block Voting Instruction shall not be treated as valid unless the chairman of the general meeting decides otherwise before such meeting or adjourned meeting proceeds to business.

10. MINUTES

Minutes of all resolutions and proceedings at every such meeting as aforesaid shall be made and duly entered in books to be from time to time provided for that purpose by the Issuer and signed by the chairman and any such minutes as aforesaid shall be conclusive evidence of the matters therein contained, and until the contrary is proved each such meeting in respect of the proceedings of which minutes have been made and signed as aforesaid shall be deemed to have been duly held and convened and all resolutions passed or proceedings transacted thereat to have been duly passed or transacted. An attendance list will be attached to the minutes. Certified copies or extracts of the minutes shall be signed by two directors of the Issuer or the Cover Pool Administrator (as the case may be).

11. BINDING RESOLUTIONS

Any Extraordinary or Ordinary Resolution passed at a meeting of the Covered Bondholders duly convened and held in accordance with these Meeting Rules shall be binding on all the Covered Bondholders of the relevant Series, whether or not they are present at the meeting and whether or not they vote in favour of such resolution.

Any Programme Resolution passed at a meeting of the Covered Bondholders of all Series duly convened and held in accordance with these Meeting Rules shall be binding on all Covered Bondholders of all Series, whether or not they are present at the meeting and whether or not they vote in favour of such resolution.

Save as the Representative may otherwise agree, the Issuer or the Cover Pool Administrator (as the case may be) shall give notice of the passing of a Resolution to the Covered Bondholders in accordance with Condition 18 (*Notices*) within 14 calendar days of the conclusion of the meeting, but failure to do so shall not invalidate the Resolution.

12. WRITTEN RESOLUTIONS

Except in relation to a Programme Resolution to direct the Cover Pool Administrator to proceed with the liquidation of the Special Estate and with the early redemption of the Covered Bonds pursuant to Article 11, 7° of Annex III to the Banking Law, a resolution in writing signed by or

on behalf of holders of 50% of the Series Principal Amount Outstanding of the Covered Bonds of all Series then outstanding shall take effect as a Programme Resolution.

A resolution in writing signed by or on behalf of holders of two thirds of the Series Principal Amount Outstanding of the relevant Series of Covered Bonds outstanding shall take effect as an Extraordinary Resolution.

A written resolution signed by the holders of 50% of the Series Principal Amount Outstanding of the relevant Series of the Covered Bonds outstanding shall take effect as if it were an Ordinary Resolution.

Such resolutions in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Covered Bondholders.

13. FURTHER REGULATIONS

Subject to all other provisions contained in these Meeting Rules and with the consent of the Issuer or upon the initiation of Winding-up Proceedings against the Issuer or the Cover Pool Administrator on behalf of the Special Estate, the Representative may prescribe such further regulations regarding the holding of meetings of Covered Bondholders and attendance and voting as the Representative may determine in its sole discretion.

PART 2 – REPRESENTATIVE

1. APPOINTMENT

The Representative has been appointed by the Issuer as representative of the Covered Bondholders in accordance with Article 14, §2 of Annex III to the Banking Law and Article 7:63 of the Belgian Code of Companies and Associations upon the terms and conditions set out in the Representative Appointment Agreement and herein.

A resolution to appoint the managing director of the Representative is made by Programme Resolution of the Covered Bondholders, except for the appointment of the first managing director of the Representative which will be Amsterdamsch Trustee's Kantoor B.V.

As long as the Covered Bonds are outstanding, there shall at all times be a representative of the Covered Bondholders in accordance with Article 14, §2 of Annex III to the Banking Law and Article 7:63 of the Belgian Code of Companies and Associations, which has the power to exercise the rights conferred on it by these Conditions, the Meeting Rules of Covered Bondholders, the Representative Appointment Agreement and the law in order to protect the interests of the Covered Bondholders.

By reason of holding Covered Bonds, each Covered Bondholder:

- (a) recognises the Representative as its representative and (to the fullest extent permitted by law) agrees to be bound by any agreement entered into from time to time by the Representative in such capacity as if such Covered Bondholder were a signatory thereto; and
- (b) acknowledges and accepts that the Issuer shall not be liable, except in case of fraud, in respect of any loss, liability, claim, expenses or damage suffered or incurred by any of the Covered Bondholders as a result of the performance by the Representative of its duties or the exercise of any of its rights under the Conditions (including the Meeting Rules).

The Issuer shall pay to the Representative a remuneration for its services as Representative as agreed in the Representative Appointment Agreement.

2. POWERS, AUTHORITIES AND DUTIES

2.1. Powers and representation

The Representative, acting in its own name and on behalf of the Covered Bondholders shall have the power:

- (a) to represent the Covered Bondholders as provided for in Article 14, §2 of Annex III to the Banking Law;
- (b) to exercise all other powers and rights and perform all duties given to the Representative under the Conditions, including the Meeting Rules of Covered Bondholders, the Programme Documents and the Belgian Covered Bonds Legislation;
- (c) upon service of a Notice of Default, to proceed against the Issuer to enforce the performance of the Programme Documents and the Conditions on behalf of the Covered Bondholders and the Other Cover Pool Creditors represented by it;
- (d) to collect all proceeds in the course of enforcing the rights of the Covered Bondholders and the Other Cover Pool Creditors represented by it;
- (e) to apply or to direct the application of the proceeds of enforcement in accordance with the Conditions; and
- (f) generally, to do all things necessary in connection with the performance of such powers and duties.

The Representative may also be appointed to represent Other Cover Pool Creditors provided that such Other Cover Pool Creditors agree with such representation. In relation to any duties, obligations and responsibilities of the Representative to these Other Cover Pool Creditors in its capacity as agent of these Other Cover Pool Creditors, the Representative and these Other Cover Pool Creditors will agree and the Issuer will concur, that the Representative shall discharge these duties, obligations and responsibilities by performing and observing its duties, obligations and responsibilities as representative of the Covered Bondholders in accordance with the provisions of the Representative Appointment Agreement, the Programme Documents and the Conditions.

The Representative may act in court and represent the Covered Bondholders in any bankruptcy or similar insolvency proceedings, without having to reveal the identity of the Covered Bondholders it represents.

2.2. Delegation

The Representative may delegate the performance of any of the foregoing powers to any persons (including any legal entity) whom it may designate. Notwithstanding any sub-contracting or delegation of the performance of its obligations hereunder or under the Representative Appointment Agreement, the Representative shall not thereby be released or discharged from any liability hereunder and shall remain responsible for the performance of the obligations of the Representative and shall be jointly and severally liable for the performance or non-performance or the manner of performance of any sub-contractor, agent or delegate and such sub-contracting or delegation shall not affect the Representative's obligations hereunder or under the Representative Appointment Agreement.

2.3. Meetings and resolutions of the Covered Bondholders

Unless the relevant Resolution provides to the contrary, the Representative is responsible for implementing all Resolutions of the Covered Bondholders. The Representative has the right to convene and attend meetings of Covered Bondholders to propose any course of action which it considers from time to time necessary or desirable provided that it shall convene a meeting, (a) upon the request in writing of Covered Bondholders holding not less than one fifth of the aggregate Series Principal Amount Outstanding of the relevant Series of the Covered Bonds, or (b) in the case of a proposed liquidation of the Special Estate in accordance with Article 11, 6° or 7° of Annex III to the Banking Law.

2.4. Consents given by the Representative

Any consent or approval given by the Representative in accordance with these Meeting Rules may be given on such terms as the Representative deems appropriate and, notwithstanding anything to the contrary contained in these Meeting Rules, such consent or approval may be given retrospectively.

The Representative may give any consent or approval, exercise any power, authority or discretion or take any similar action if it is satisfied that the interests of the Covered Bondholders will not be materially prejudiced thereby.

2.5. Discretions

Save as expressly otherwise provided herein, the Representative shall have absolute discretion as to the exercise or non-exercise of any right, power and discretion vested in the Representative by these Meeting Rules or by operation of law.

2.6. Instructions

In connection with matters in respect of which the Representative is entitled to exercise its discretion hereunder (including but not limited to forming any opinion in connection with the exercise or non-exercise of any discretion) the Representative has the right (but not the obligation) to convene a meeting of Covered Bondholders in order to obtain the Covered Bondholders' instructions as to how it should act. Prior to undertaking any action, the Representative shall be entitled to request that the Covered Bondholders indemnify it, prefund it and/or provide it with security to its satisfaction.

3. AMENDMENTS

The Representative may upon the request of the Issuer on behalf of the Covered Bondholders and without the consent or sanction of any of the Covered Bondholders of any Series or the Other Cover Pool Creditors it represents at any time and from time to time, concur with the Issuer or any other person in making:

- (a) any modification (other than in respect of a Series Reserved Matter) of the terms and conditions applying to the Covered Bonds of one or more Series (including the Conditions and including the Programme Common Terms) or any Programme Document provided that in the sole opinion of the Representative such modification is not materially prejudicial to the interests of the Covered Bondholders of any such Series; or
- (b) any modification of the terms and conditions applying to Covered Bonds of any one or more Series (including the Conditions and including the Programme Common Terms) or any Programme Document which is in the sole opinion of the Representative of a formal, minor or technical nature or is to correct a manifest error or to comply with the

mandatory provisions of law such as for example and without limitation the provisions implementing Directive (EU) 2019/2162 of the European Parliament and of the Council of 27 November 2019 on the issue of covered bonds and covered bond public supervision and amending Directives 2009/65/EC and 2014/59/EU.

Any such modification shall be binding on the Covered Bondholders.

In no event may such modification be a Series Reserved Matter. The Representative shall not be bound to give notice to Covered Bondholders of any modifications to the Programme Documents agreed pursuant to this Clause. The Issuer or the Cover Pool Administrator, as applicable, shall cause notice of any such modification to be given to the Rating Agencies and the Paying Agent.

If, in the Representative's opinion, it is not sufficiently established that the proposed amendment or variation can be approved by it in accordance with this Clause, it will determine in its full discretion whether to submit the proposal to a duly convened meeting of Covered Bondholders or to refuse the proposed amendment or variation.

The Representative shall be bound to concur with the Issuer and any other party in making any of the above-mentioned modifications if it is so directed by a Resolution taken in accordance with the Meeting Rules and if it is indemnified and/or secured and/or pre-funded to its satisfaction against all liabilities to which it may thereby render itself liable or which it may incur by so doing.

Upon the Issuer's request, the Representative shall, without the consent or sanction of any of the Covered Bondholders, concur with the Issuer in making any modifications to the Conditions, to these Meeting Rules or to the Programme Common Terms that the Issuer may decide in its discretion in order to comply with mandatory provisions of law or with any criteria of a Rating Agency which may be published after the signing of the initial agreement(s) for the issuance of and subscription for the Covered Bonds and which the Issuer certifies to the Representative in writing are necessary to avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to any Series of Covered Bonds, provided that the Representative shall not be obliged to agree to any modification which, in the sole opinion of the Representative, would have the effect of, (i) exposing the Representative to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction, or (ii) increasing the obligations or duties, or decreasing the protections, of the Representative in these Meeting Rules or the Conditions. For the avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

Notwithstanding the foregoing, upon the Issuer's request, the Representative shall, without the consent or sanction of any of the Covered Bondholders, concur with the Issuer in making any modifications to the Programme Common Terms set out in Clause 5 (*Issuer Undertaking*), Clause 8 (*Priorities of Payments*) and Clause 9 (*Covered Bonds Provisions*) of the Programme Common Terms Agreement that the Issuer may decide in its own discretion in relation to future issues of Covered Bonds under the Programme provided that, (A) such modifications will not affect the then current ratings assigned by a Rating Agency to any Series of Covered Bonds issued under the Programme, and (B) the Issuer certifies to the Representative in writing that these modifications will not affect the rights of Covered Bonds already issued under the Programme, provided that the Representative shall not be obliged to agree to any modification which, in the sole opinion of the Representative would have the effect of, (1) exposing the Representative to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction, or (2) increasing the obligations or duties, or decreasing the protections, of the Representative, in the Meeting Rules of Covered Bondholders. For the

avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

4. WAIVERS

4.1. Waivers

The Representative may in its sole discretion, without the consent of the Covered Bondholders and without prejudice to its rights in respect of any further or other breach, condition, event or act from time to time and at any time, but only if and in so far as in its opinion the interests of the Covered Bondholders will not be materially prejudiced thereby, (a) authorise or waive, on such terms and conditions (if any) as shall seem expedient to it, any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to the Representative Appointment Agreement, the Covered Bonds or any of the Programme Documents, or (b) determine that any breach shall not, or shall not be subject to specified conditions, be treated as such. Any such authorisation, waiver or determination pursuant to this Clause shall be binding on the Covered Bondholders and if, but only if, the Representative shall so require, notice thereof shall be given to the Covered Bondholders and the Rating Agencies.

4.2. Reliance

In determining whether or not any power, trust, authority, duty or discretion or any change, event or occurrence under or in relation to the Conditions or any of the Programme Documents will be materially prejudicial to the interests of Covered Bondholders, the Representative shall be able to rely on, and act on any advice or opinion of or any certificate obtained from a valuer, accountant, banker, broker, securities company or other company other than the Rating Agencies whether obtained by itself or the Issuer and it shall not be liable for any loss occasioned by such action, save where such loss is due to its gross negligence, wilful misconduct or fraud.

5. CONFLICTS OF INTEREST

In connection with the exercise of its powers, authorities and discretions, the Representative shall have regard to the overall interests of the Covered Bondholders and of the Other Cover Pool Creditors that have agreed to be represented by the Representative. The Representative shall not be obliged to have regard to any interests arising from circumstances particular to individual Covered Bondholders or such Other Cover Pool Creditors.

The Representative shall, as regards the powers, authorities and discretions vested in it, except where expressly provided otherwise, have regard to the interests of both the Covered Bondholders and the Other Cover Pool Creditors that have agreed to be represented by the Representative but if, in the opinion of the Representative, there is a conflict between the interests the Covered Bondholders and those Other Cover Pool Creditors, the Representative will have regard solely to the interest of the Covered Bondholders.

6. REPLACEMENT OF THE REPRESENTATIVE OR OF THE MANAGING DIRECTOR OF THE REPRESENTATIVE

6.1. Replacement of the Representative

The Covered Bondholders shall be entitled to terminate the appointment of the Representative by means of a Programme Resolution, provided that in the same resolution a substitute Representative is appointed.

Such substitute Representative must meet all legal requirements to act as Representative and accept to be bound by the terms of the Conditions and the Programme Documents in the same way as its predecessor.

Neither the managing director of the Representative nor the Representative so removed shall be responsible for any costs or expenses arising from any such removal.

Upon such appointment being made all rights and powers granted to the company then acting as Representative shall terminate and shall automatically be vested in the substitute Representative so selected. All references to the Representative in the Programme Documents shall where and when appropriate be read as references to the substitute Representative as selected and upon vesting of rights and powers pursuant to this Clause.

Such termination shall also terminate the appointment and power of attorney by the Other Cover Pool Creditors.

The Representative shall not be discharged from its responsibilities under the Representative Appointment Agreement until a suitable substitute Representative is appointed.

6.2. Replacement and resignation of the managing director of the Representative

The Covered Bondholders shall be entitled to terminate the appointment of the managing director of the Representative by means of a Programme Resolution, provided that in the same resolution a substitute managing director of the Representative is appointed.

Such substitute managing director of the Representative must meet all legal requirements to act as managing director of the Representative and accept to be bound by the terms of the Conditions and the Programme Documents in the same way as its predecessor.

Neither the managing director of the Representative nor the Representative so removed shall be responsible for any costs or expenses arising from any such removal.

Pursuant to the Representative's articles of association, its managing director ceases to hold office in the following cases:

- (a) upon voluntary resignation, provided that a successor managing director is appointed;
- (b) in the case of a legal entity, upon the ceasing to exist as legal entity, or, in the case of an individual, upon his/her death;
- (c) upon the managing director being declared bankrupt, applying for a suspension of payments or petitioning for application of the debt restructuring provision referred to in the Dutch bankruptcy act in respect of the managing director, provided that a successor managing director is appointed;
- (d) upon removal from office by the court in cases provided for by the laws of the Netherlands;
- (e) upon removal from office by the board of the Representative, provided that a successor managing director is appointed; and
- (f) upon removal from office by a Programme Resolution of the Covered Bondholders in accordance with Clause 6.2.

If the managing director has ceased to hold office without a successor managing director having been appointed by the board of the Representative, a successor managing director may be appointed by the Covered Bondholders by means of a Programme Resolution.

Unless the managing director is removed or resigns in accordance with this Clause, it shall remain in office until the date on which all Series of Covered Bonds have been cancelled or redeemed and on which all claims of the Other Cover Pool Creditors (to the extent represented by the Representative) against the Issuer and the Special Estate have been settled.

6.3. Representation of Other Cover Pool Creditors

Any resolution to appoint or to remove the Representative and any appointment, removal or resignation of its managing director shall also be binding upon the Other Cover Pool Creditors that have chosen to be represented by the Representative. The Other Cover Pool Creditors (to the extent represented by the Representative) must be notified of the replacement or resignation of the Representative and of the managing director of the Representative.

7. ACCOUNTABILITY, INDEMNIFICATION AND EXONERATION OF THE REPRESENTATIVE

If so requested in advance by the Issuer or the Cover Pool Administrator, as applicable, the Representative shall report to the meeting of Covered Bondholders on the performance of its duties under the Representative Appointment Agreement and the Programme Documents provided such request is notified by registered mail no later than ten (10) Business Days prior to the relevant meeting of Covered Bondholders. The Issuer or the Cover Pool Administrator, as applicable, shall require such report if so requested by those Covered Bondholders who have requested that such meeting be convened.

The Representative Appointment Agreement contains provisions governing the responsibility (and relief from responsibility) of the Representative and providing for its indemnification in certain circumstances, including provisions relieving the Representative from taking enforcement proceedings unless indemnified to its satisfaction.

The Representative shall not be liable to the Issuer or any of the Covered Bondholders or the Other Cover Pool Creditors represented by it in respect of any loss or damage which arises out of the exercise, or the attempted exercise of, or the failure to exercise any of its powers or any loss resulting therefrom, except that the Representative shall be liable for such loss or damage that is caused by its gross negligence, wilful misconduct or fraud.

The Representative shall not be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Cover Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by or to the order of the Issuer or any agent or related company of the Issuer or by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons.

The Representative shall have no liability for any breach of or default under its obligations under the Representative Appointment Agreement if and to the extent that such breach is caused by any failure on the part of the Issuer or any of the Other Cover Pool Creditors (other than the Representative) to duly perform any of their material obligations under any of the Programme Documents. In the event that the Representative is rendered unable to duly perform its obligations under the Representative Appointment Agreement by any circumstances beyond its control (*overmacht/force majeure*), the Representative shall not be liable for any failure to carry out its obligations under the Representative Appointment Agreement and, for so long as such circumstances continue, its obligations under the Representative Appointment Agreement which are thus affected will be suspended without liability for the Representative.

The Representative shall not be responsible for monitoring the compliance by any of the other parties (including the Issuer and the Cover Pool Monitor) with their obligations under the Programme Documents. The Representative may, until it has actual knowledge or express

notice to the contrary, assume the Issuer and the Cover Pool Monitor are observing and performing all their obligations under any of the Programme Documents and in any notices or acknowledgements delivered in connection with any such Programme Documents.

The Representative shall not be responsible for ensuring that the Issuer complies with the obligations applicable to it under the Belgian Covered Bonds Legislation or that any asset is duly registered in the Register of Cover Assets and that the Register of Cover Assets is duly maintained.

Except if such meeting is convened by the Representative, but only to the extent that any defect has arisen directly from the Representative's gross negligence, wilful misconduct or fraud, the Representative shall not be liable for acting upon any resolution purporting to have been passed at any meeting of the Covered Bondholders in respect whereof minutes have been made and signed even though subsequent to its acting it may be found that there was some defect in the constitution of the meeting or passing of the resolution or that for any reason the resolution was not valid or binding upon such Covered Bondholders.

If the Representative has acted upon such resolution, each Covered Bondholder shall forthwith on demand indemnify the Representative for its pro rata share in any liability, loss or expense incurred or expected to be incurred by the Representative in any way relating to or arising out of its acting as Representative in respect of that resolution, except to the extent that the liability or loss arises directly from the Representative's gross negligence, wilful misconduct or fraud. The liability shall be divided between the Covered Bondholders pro rata according to the respective Principal Amount Outstanding of the Covered Bonds held by each of them respectively.

8. INSTRUCTIONS AND INDEMNITY

The Representative shall not be bound to take any action under its powers or duties unless:

- (a) it shall have been directed to do so by an Extraordinary Resolution of the Covered Bondholders or in relation to the service of a Notice of Default pursuant to Condition 8.1 (*Events of Default*) it shall have been requested to do so by a request in writing by the holders of not less than 25% of the aggregate of the Series Principal Amount Outstanding of the Covered Bonds of all Series then outstanding but excluding the Covered Bonds held by the Issuer for the calculation of the percentage or if so directed by a Programme Resolution; and
- (b) it shall in all cases have been indemnified to its satisfaction against all liability, proceedings, claims and demands to which it may be or become liable and all costs, charges and expenses which may be incurred by it in connection therewith, save where these are due to its own gross negligence, wilful misconduct or fraud.

Whenever the interests of the Covered Bondholders are or can be affected in the opinion of the Representative, the Representative may – if indemnified to its satisfaction – take legal action on behalf of the Covered Bondholders and represent the Covered Bondholders in any insolvency proceedings and any other legal proceedings initiated against the Issuer or any other party to a Programme Document.

The Representative can under no circumstances, including the situation wherein Covered Bondholders' instruction or approval cannot be obtained for whatever reason, be required to act without it being remunerated and indemnified or secured to its satisfaction.

The Representative shall be indemnified by the Issuer and held harmless in respect of any and all liabilities and expenses incurred by it or by anyone appointed by it or to whom any of its functions may be delegated by it in carrying out its functions.

FORM OF FINAL TERMS

Set out below is the form of Final Terms which will be completed for each Tranche of Covered Bonds issued under the Programme. Text in this section appearing in italics does not form part of the Final Terms but provides directions for completing the Final Terms.

Final terms dated [_____]

KBC Bank NV

Issue of

[Aggregate Nominal Amount of Tranche] [Title of Covered Bonds]

under the

EUR 17,500,000,000 Residential Mortgage Covered Bonds Programme

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES (ECP) ONLY TARGET MARKET - Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Covered Bonds has led to the conclusion that: (i) the target market for the Covered Bonds is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Covered Bonds to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. The manufacturers (i.e. [*insert relevant Dealers*]) are solely responsible for this target market assessment, and this target market assessment is subject to change. Any person subsequently offering, selling or recommending the Covered Bonds (a "distributor") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS AND UK RETAIL INVESTORS -

The Covered Bonds are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA) or in the United Kingdom (UK). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of the Insurance Mediation Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by the PRIIPs Regulation for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

NOTIFICATION UNDER SECTION 309B(1)(C) OF THE SECURITIES AND FUTURES ACT

(CHAPTER 289) OF SINGAPORE – The Covered Bonds are capital markets products other than prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

PROHIBITION OF SALES TO CONSUMERS - Covered Bonds issued under the Programme are not intended to be offered, sold to or otherwise made available to and will not be offered, sold or otherwise made available by any Dealer to any "consumer" (*consument/consommateur*) within the meaning of the Belgian Code of Economic Law (*Wetboek economisch recht/Code de droit économique*).

Any person making or intending to make an offer of the Covered Bonds may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Covered Bonds in any other circumstances.

PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated 27 October 2020 [and the supplement(s) to it dated [date]] which [together] constitute[s] a base prospectus for the purposes of the Prospectus Regulation (the **Base Prospectus**). This document constitutes the Final Terms of the Covered Bonds described herein for the purposes of the Prospectus Regulation and must be read in conjunction with the Base Prospectus in order to obtain all the relevant information. The Base Prospectus has been published on the Issuer’s website [●]⁷.

The following alternative language applies if the first tranche of an issue which is being increased was issued under a base prospectus with an earlier date:

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the **Conditions**) set forth in the Base Prospectus dated [original date] [and the supplement(s) to it dated ●] which are incorporated by reference in the Base Prospectus dated [●] 2020. This document constitutes the Final Terms of the Covered Bonds described herein for the purposes of the Prospectus Regulation and must be read in conjunction with the Prospectus dated [●] 2020 [and the supplement(s) to it dated ●], which [together] constitute[s] a base prospectus for the purposes of the Prospectus Regulation (the **Base Prospectus**) in order to obtain all the relevant information, save in respect of the Conditions which are extracted from the Base Prospectus dated [original date] [and the supplement(s) to it dated ●]. The Base Prospectus (together with the Conditions extracted from the Base Prospectus dated [original date] [and the supplement(s) to it dated ●]) has been published on the Issuer’s website [<https://www.kbc.com/en/euro-10000000000-residential-mortgage-covered-bonds-programme-issued-kbc-bank-nv>].⁸

Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs (in which case the sub-paragraphs of the paragraphs which are not applicable can be deleted).

- | | | |
|----|---|--|
| 1. | (a) Series Number: | [●] |

(NB Only relevant where executive board (or similar) authorisation is required for the particular tranche of Covered Bonds)

PROVISIONS RELATING TO INTEREST (IF ANY) PAYABLE

12. Fixed Rate Covered Bond Provisions
- (a) To Final Maturity Date: [Applicable/Not Applicable]
- (b) From Final Maturity Date to Extended Final Maturity Date: [Applicable/Not Applicable]
(If (a) and (b) are not applicable, delete the remaining subparagraphs of this paragraph)
- (c) Rate[(s)] of Interest:
- (i) To Final Maturity Date: [Not Applicable] / [●]% per annum [payable [annually/semi-annually/quarterly/monthly/other (specify)] in arrear]
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] / [●]% per annum [payable [annually/semi-annually/quarterly/monthly/other (specify)] in arrear]
- (d) Interest Period End Date(s):
- (i) To Final Maturity Date: [Not Applicable] / [●] in each year, starting on [●], up to and including the [●]
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] / [●] in each [year] [month], starting on [●], up to and including [●]
(NB This will need to be amended in the case of long or short coupons)
- (e) Business Day Convention for Interest Period End Dates:
- (i) To Final Maturity Date: [Following Business Day Convention/ Preceding Business Day Convention/Not Applicable]
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] [Following Business Day Convention/ Preceding Business Day Convention/Not Applicable]

- (f) Interest Payment Date(s):
- (i) To Final Maturity Date: [Not Applicable] / [] in each year up to and including the Final Maturity Date][Interest Payment Dates will correspond to Interest Period End Dates]
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] / [] in each [year] [month] up to and including the Extended Final Maturity Date, if applicable][Interest Payment Dates will correspond to Interest Period End Dates] (provided however that after the Final Maturity Date, the Interest Payment Date shall be monthly)
- (g) Business Day Convention for Interest Payment Dates:
- (i) To Final Maturity Date: [Following Business Day Convention/ Preceding Business Day Convention/Not Applicable]
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Following Business Day Convention/ Preceding Business Day Convention/Not Applicable]
- (h) Additional Business Centre(s):
- (i) To Final Maturity Date: [Not Applicable] / [] (*please specify other financial centres required for the Business Day definition*)
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] / [] (*please specify other financial centres required for the Business Day definition*)
- (i) Day Count Fraction:
- (i) To Final Maturity Date: (*Specify one of the options listed below*)
 [Actual/Actual (ICMA)]
 [Actual/Actual] or [Actual/Actual (ISDA)]
 [Actual/365 (Fixed)]
 [Actual/360]
 [30/360] or [360/360] or [Bond Basis]
 [30E/360] or [Eurobond Basis]
 [30E/360 (ISDA)]
 [1/1]
- (ii) From Final Maturity Date to Extended Final Maturity Date: (*Specify one of the options listed below*)
 [Actual/Actual (ICMA)]
 [Actual/Actual] or [Actual/Actual (ISDA)]
 [Actual/365 (Fixed)]
 [Actual/360]
 [30/360] or [360/360] or [Bond Basis]
 [30E/360] or [Eurobond Basis]

[30E/360 (ISDA)]
[1/1]
(See Condition 4.1 for alternatives)

- (j) Determination Date:
- (vi) To Final Maturity Date: [Not Applicable] / [[●] in each year]
- (vii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] / [[●] in each year]
[Insert regular Interest Period End Dates, ignoring issue date or maturity date in the case of a long or short first or last coupon]

(This will need to be amended in the case of regular Interest Period End Dates which are not of equal durations)

(NB Only relevant where Day Count Fraction is Actual/Actual (ICMA))

13. Floating Rate Covered Bond Provisions

- (a) To Final Maturity Date: [Applicable/Not Applicable]
- (b) From Final Maturity Date to Extended Final Maturity Date: [Applicable/Not Applicable]
(If (a) and (b) are not applicable, delete the remaining sub paragraphs of this paragraph)
- (c) Interest Period End Dates:
- (i) To Final Maturity Date: [Not Applicable] / [[●] in each year, starting on [●], up to and including the [●]]
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] / [[●] in each [month] [year], starting on [●], up to and including [●]]
(NB This will need to be amended in the case of long or short coupons)
- (d) Business Day Convention for Interest Period End Dates:
- (i) To Final Maturity Date: [Floating Rate Convention/Following Business Day Convention/ Preceding Business Day Convention/Not Applicable]
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Floating Rate Convention/Following Business Day Convention/ Preceding Business Day Convention/Not Applicable]
- (e) Interest Payment Dates:
- (i) To Final Maturity Date: [Not Applicable] [[●] in each year, starting on [●], up to and including the Final Maturity Date] [Interest Payment Dates will correspond to Interest Period End Dates]

- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] [] in each year, starting on [], up to and including the Extended Final Maturity Date] [Interest Payment Dates will correspond to Interest Period End Dates] (provided however that after the Final Maturity Date, the Interest Payment Date shall be monthly)
- (f) Business Day Convention for Interest Payment Dates:
- (i) To Final Maturity Date: [Floating Rate Convention/Following Business Day Convention/ Preceding Business Day Convention/Not Applicable]
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Floating Rate Convention/Following Business Day Convention/ Preceding Business Day Convention/Not Applicable]
- (g) Additional Business Centre(s):
- (i) To Final Maturity Date: [Not Applicable] / [] (*please specify other financial centres required for the Business Day definition*)
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] / [] (*please specify other financial centres required for the Business Day definition*)
- (h) Manner in which the Rate(s) of Interest is/are to be determined:
- (i) To Final Maturity Date: [Not Applicable] / [Screen Rate Determination/ISDA Determination]
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] / [Screen Rate Determination/ISDA Determination]
- (i) Party responsible for calculating the Rate of Interest and Interest Amount:
- (i) To Final Maturity Date: [Not Applicable] / [] (*Give name and address*)
- (ii) From Final Maturity Date to Extended Final Maturity Date: [Not Applicable] / [] (*Give name and address*)
- (j) Screen Rate Determination:
- (i) To Final Maturity Date: [Applicable] / [Not Applicable]
- (If (i) is not applicable, delete the remaining subparagraphs of this paragraph)*

- 1.2. Estimate of total expenses related to admission to trading: [●] / [Not Applicable]

2. RATINGS

Ratings:

The Covered Bonds to be issued have been rated:

[Moody's: [●]]

[Fitch: [●]]

[[Other]: [●]]

(The above disclosure should reflect the rating allocated to Covered Bonds of the type being issued under the Programme generally or, where the issue has been specifically rated, that rating.)

[Moody's/Fitch] [is/are] established in the European Union and [is/are] registered for the purposes of the EU Regulation on credit rating agencies (Regulation (EC) No.1060/2009 (the **CRA Regulation**), as amended from time to time). As such [Moody's/Fitch] [is/are] included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation.]

(If applicable) [[Other] is established in the European Union and [has made an application to be (but as at the date hereof is not)]/[is] registered for the purposes of the EU Regulation on credit rating agencies (Regulation (EC) No.1060/2009 (the **CRA**

Regulation), as amended from time to time). As such [Other] [is/will be] included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation.]

3. **HEDGING AGREEMENT**

[Applicable] / [Not Applicable]

(If not applicable, delete the remaining sub paragraphs of this paragraph)

Hedging Agreement Provider:

Nature of Hedging Agreement:

4. **[INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER]**

(Include a description of any interest, including any conflicting interest, that is material to the issue/offer, detailing the persons involved and the nature of the interest. This requirement may be satisfied by the inclusion of the following statement:)

[Save as discussed in [Subscription and Sale], so far as the Issuer is aware, no person involved in the offer of the Covered Bonds has an interest material to the offer.] *(Amend as appropriate if there are other interests.)*

(When adding any other description, consideration should be given as to whether such matters described constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus under Article 23 of the Prospectus Regulation.)

5. **REASONS FOR THE OFFER**

Reasons for the offer: *(See "Use of Proceed" wording in Base Prospectus – if reasons for offer different from general corporate purposes of the Issuer, will need to include those reasons here, including if the Issuer intends to allocate the net proceeds in such manner that the Covered Bonds qualify as Green Bonds. In case net proceeds are to be allocated for the Covered Bonds to qualify as Green Bonds, specify herein the relevant criteria (e.g. definition of Eligible Green Projects, Eligibility Criteria (or equivalent terms) and whether a Compliance Opinion has been obtained)*

[Estimated net proceeds:

6. **YIELD**

[Indication of yield: *(Include only for Fixed Rate Covered Bonds only)*

The yield is calculated at the Issue Date on the basis of the Issue Price. It is not an indication of future yield.]

Intended to be held in a manner which would allow Eurosystem eligibility: [Yes][No] [Note that the designation "yes" simply means that the Covered Bonds to be held in a manner which would allow Eurosystem eligibility and does not necessarily mean that the Covered Bonds will be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the

ECB being satisfied that Eurosystem eligibility criteria have been met.]

FORM OF THE COVERED BONDS

Form

The Covered Bonds can be issued in dematerialised form (**Dematerialised Covered Bonds**) or in registered form (**Registered Covered Bonds**).

Registered Covered Bonds will be registered in a register maintained by the Issuer or by a registrar on behalf of the Issuer (the **Registrar**) in accordance with the Belgian Code of Companies and Associations. Holders of Registered Covered Bonds can obtain a certificate demonstrating the registration of the Registered Covered Bonds in the register.

The Dematerialised Covered Bonds will be issued in dematerialised form in accordance with the Belgian Code of Companies and Associations.

The Dematerialised Covered Bonds will be represented by a book entry in the records of the securities settlement system operated by the National Bank of Belgium with its registered office at de Berlaimontlaan 14, 1000 Brussels (the **NBB**) or any successor thereto (the **Securities Settlement System**). The Dematerialised Covered Bonds can be held by their holders through the participants in the Securities Settlement System, including Euroclear Bank SA/NV, having its registered office at Koning Albert II Laan 1, 1210 Brussels, Belgium (**Euroclear**), Clearstream Banking Frankfurt, , having its registered office at Mergenthalerallee 61, 65760 Eschborn, Germany (**Clearstream**), SIX SIS Ltd, Switzerland, having its registered office at Baslerstrasse 100, 4601 Olten, Switzerland (**SIX SIS, Switzerland**), Monte Titoli S.p.A., Italy, having its registered office at Piazza degli Affari, 6, 20123 Milano, Italy (**Monte Titoli, Italy**) and any other national or international NBB investors central securities depository (**NBB investor (I)CSDs**)⁹, and through other financial intermediaries which in turn hold the Dematerialised Covered Bonds through Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs or other participants in the Securities Settlement System.

The Dematerialised Covered Bonds will be accepted for clearance (settlement) through the Securities Settlement System and will accordingly be subject to the Settlement System Regulations. Holders of Dematerialised Covered Bonds are entitled to exercise the rights they have, including exercising their voting rights and other associative rights (as defined for the purposes of Article 7:41 of the Belgian Code of Companies and Associations) against the Issuer in accordance with the Conditions and without prejudice to the powers of the Representative upon submission of an affidavit drawn up by the NBB, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs or any other participant duly licensed in Belgium to keep dematerialised securities accounts showing their position in the Dematerialised Covered Bonds (or the position held by the financial institution through which their Covered Bonds are held with the NBB, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs in which case an affidavit drawn up by that financial institution will also be required).

References to the Securities Settlement System, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer and the Paying Agent.

⁹ The official list of participants as amended, supplemented and/or replaced from time to time can be consulted on the website of the NBB: <https://www.nbb.be/nl/list-nbb-investor-icsds>. The information contained on the website of the National Bank of Belgium (www.nbb.be) does not form part of this Base Prospectus and has not been scrutinised or approved by the FSMA.

The Issuer and the Paying Agent will not have any responsibility for the proper performance by the Securities Settlement System or its Participants of their obligations under their respective rules and operating procedures.

The Dematerialised Covered Bonds and the Registered Covered Bonds may not be exchanged for Covered Bonds in bearer form. Registered Covered Bonds may not be exchanged for Dematerialised Covered Bonds.

Title and transfer

Title to and transfer of Dematerialised Covered Bonds will be evidenced only by records maintained by the Securities Settlement System, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy or other Securities Settlement System participants and in accordance with the applicable rules and procedures for the time being of the Securities Settlement System, Euroclear, Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs or other Securities Settlement System participants, as the case may be.

Title to and transfer of Registered Covered Bonds shall pass by registration of the transfer by the Issuer or by the Registrar in a register in accordance with the Belgian Code of Companies and Associations. Upon a sale or transfer of Registered Covered Bonds, the seller thereof will be required to complete the relevant transfer documents and certificates. Those can be found, in case of issuance of any registered bonds, on the website at www.kbc.com or can be obtained from the Registrar. The transfer documents and any other information on www.kbc.com are not incorporated in and do not form part of this Base Prospectus and they have not been and will not be scrutinised or approved by the FSMA.

Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Covered Bond shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

Payments

All payments of principal or interest owing under the Dematerialised Covered Bonds shall be made through the Paying Agent and the Securities Settlement System in accordance with the Settlement System Regulations and the Clearing Services Agreement. The Issuer will validly discharge its payment obligations towards the Dematerialised Covered Bondholders by payment to the Securities Settlement System through the intervention of the Paying Agent.

Payments of principal and interest in respect of Registered Covered Bonds shall be paid to the person shown on the register of the Registered Covered Bonds at the close of business on the fifteenth calendar day before the due date for payment thereof.

AMOUNTS PAYABLE BY REFERENCE TO REFERENCE RATES

Amounts payable under the Covered Bonds may be calculated by reference to certain reference rates such as EURIBOR.

Benchmark Regulation

Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the **Benchmark Regulation**). Not every reference rate will fall within the scope of the Benchmark Regulation.

The Benchmarks Regulation was published in the Official Journal of the EU on 29 June 2016 and applied from 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU. Among other things it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities (such as the Issuer) of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

If amounts payable under the Covered Bonds are calculated by reference to a benchmark, the applicable Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (**ESMA**) pursuant to article 36 of the Benchmark Regulation. The register can be consulted on the website https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_bench_entities. This website is not incorporated by reference and does not form part of this Base Prospectus, and has not been scrutinised or approved by the FSMA.

Transitional provisions in the Benchmark Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Final Terms (or, if located outside the European Union, recognition, endorsement or equivalence).

The registration status of any administrator under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms or supplement this Base Prospectus to reflect any change in the registration status of the relevant administrator.

Benchmark replacement

The Terms and Conditions of the Covered Bonds contain fall-back provisions in case the relevant reference rate ceases to be published for a certain period or another Benchmark Event (as defined therein) occurs. See Condition 4.2(h) (*Benchmark replacement*) on page 120. Below is a brief summary of these fallback provisions, but investors should note that only the Conditions are binding.

The Issuer may, after appointing and consulting with an Independent Adviser, determine a Successor Rate or Alternative Reference Rate to be used in place of the relevant Benchmark where that relevant Benchmark has been selected as the Reference Rate or Mid-Swap Rate (as applicable) to determine the Rate of Interest. The use of any such Successor Rate or Alternative Reference Rate to determine the Rate of Interest may result in Covered Bonds linked to or referencing the relevant Benchmark performing differently (including paying a lower Rate of Interest) than they would do if the relevant Benchmark were to continue to apply in its current form.

Furthermore, if a Successor Rate or Alternative Reference Rate for the relevant Benchmark is determined by the Issuer, the Conditions provide that the Issuer may vary the Conditions, as necessary, to ensure the proper operation of such Successor Rate or Alternative Reference Rate, without any requirement for consent or approval of the Covered Bondholders.

If a Successor Rate or Alternative Reference Rate is determined by the Issuer, the Conditions also provide that an Adjustment Spread may be determined by the Issuer to be applied to such Successor Rate or Alternative Reference Rate. The aim of the Adjustment Spread is to reduce or eliminate, as far as is practicable, any economic prejudice or benefit (as the case may be) to Covered Bondholders as a result of the replacement of the relevant Benchmark with the Successor Rate or the Alternative Reference Rate. However, there is no guarantee that such an Adjustment Spread will be determined or applied, or that the application of an Adjustment Spread will either reduce or eliminate economic prejudice to Covered Bondholders. If no Adjustment Spread is determined, a Successor Rate or Alternative Reference Rate may nonetheless be used to determine the Rate of Interest.

STABILISATION

In connection with the issue of any Tranche of Covered Bonds, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Covered Bonds or effect transactions with a view to supporting the market price of the Covered Bonds at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager(s)) will undertake any stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Series of Covered Bonds is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Series of Covered Bonds and 60 days after the date of the allotment of the relevant Tranche of Covered Bonds. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

USE OF PROCEEDS

The net proceeds from the Covered Bonds to be issued under the Programme will be used for general corporate purposes of the KBC Group. If in respect of any particular issue there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

Additionally, the Issuer may issue such Covered Bonds where the applicable Final Terms specify that an amount equivalent to the net proceeds from the offer of Covered Bonds will specifically be applied for loans, assets, projects and activities of the Group that promote climate-friendly and other environmental or sustainable purposes (**Green Bond Eligible Assets**).

GREEN BONDS

The Issuer may issue Covered Bonds under the Programme where the use of proceeds is specified in such Final Terms to be for the financing and/or refinancing of specified “green” or “sustainability” projects of the Group, in accordance with certain prescribed eligibility criteria (see “*Use of proceeds*” on page 176) (any Covered Bonds which have such a specified use of proceeds are referred to as **Green Bonds**).

The Issuer has established a green bond framework (the **Green Bonds Framework**) under which it can issue Green Bonds and that is available on the Issuer’s website (<https://www.kbc.com/en/investor-relations/debt-issuance/kbc-green-bond.html>)¹⁰. The Green Bonds Framework is currently in line with the International Capital Market Association (**ICMA**) Green Bond Principles (2017). As of the date of this Base Prospectus, the Issuer does not comply with the ICMA Green Bond Principles (2018). The Issuer intends to align its Green Bonds Framework with emerging good practices such as a potential European Green Bond Standard (“EU GBS”) or other forthcoming regulatory requirements and guidelines.

The ICMA Green Bond Principles are a set of voluntary guidelines that recommend transparency and disclosure and promote integrity in the development of the green bond market. There is currently no market consensus on what precise attributes are required for a particular project to be defined as “green” or “sustainable”, and therefore no assurance can be provided to potential investors that the green or sustainable projects to be specified in the relevant Final Terms will meet all investors’ expectations regarding sustainability performance or continue to meet the relevant eligibility criteria. Although applicable green projects are expected to be selected in accordance with the categories recognised by the ICMA Green Bond Principles, and are expected to be developed in accordance with applicable legislation and standards, there can be no guarantee that adverse environmental and/or social impacts will not occur during the design, construction, commissioning and/or operation of any such green or sustainable projects. Where any negative impacts are insufficiently mitigated, green or sustainable projects may become controversial, and/or may be criticised by activist groups or other stakeholders.

In connection with an issue of Green Bonds, the Issuer has the intention to provide investors with information on both the allocation of proceeds and the non-financial impact of the underlying eligible assets of the Green Bonds, which shall be made available on its website. The Issuer has also requested that Sustainalytics issue an independent opinion (a **Compliance Opinion**) confirming that any Green Bonds are in compliance with the ICMA Green Bond Principles. Such Compliance Opinion has been delivered and is available on the Issuer’s website (<https://www.kbc.com/en/investor-relations/debt-issuance/kbc-green-bond.html>)¹¹. Potential investors should be aware that any Compliance Opinion will not be incorporated into, and will not form part of, this Base Prospectus or the relevant Final Terms. Any such Compliance Opinion may not reflect the potential impact of all risks related to the structure of the relevant Series of Green Bonds, their marketability, trading price or liquidity or any other factors that may affect the price or value of the Green Bonds. Any such Compliance Opinion is not a recommendation to buy, sell or hold securities and is only current as of its date of issue.

¹⁰ This website is not incorporated by reference and does not form part of this Base Prospectus, and has not been scrutinised or approved by the FSMA.

¹¹ This website is not incorporated by reference and does not form part of this Base Prospectus, and has not been scrutinised or approved by the FSMA.

TAXATION OF THE COVERED BONDS IN BELGIUM

The following summary describes the principal Belgian tax considerations of acquiring, holding and selling the Covered Bonds. This information is of a general nature based on the Issuer's understanding of current law and practice and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold or to dispose of the Covered Bonds. In some cases, different rules can be applicable. In particular, investors should take into account that the tax laws of the investor's EU Member State and of the issuer's EU Member State of incorporation might have an impact on the income received from the Covered Bonds. This summary does not describe the tax consequences for a holder of Covered Bonds that are redeemable in exchange for, or convertible into assets, of the exercise, settlement or redemption of such Covered Bonds or any tax consequences after the moment of exercise, settlement or redemption. The summary is based on laws, treaties and regulatory interpretations in effect in Belgium on the date of this Base Prospectus, all of which can be amended in the future, possibly implemented with retroactive effect. Furthermore, the interpretation of the tax rules may change. Investors should appreciate that, as a result of evolutions in law or practice, the eventual tax consequences may be different from what is stated below.

Each prospective holder of Covered Bonds should consult a professional adviser with respect to the tax consequences of an investment in the Covered Bonds, taking into account their own particular circumstances and the influence of each regional, local or national law.

For purposes of this summary, a Belgian resident is an individual subject to Belgian personal income tax (that is, an individual who is domiciled in Belgium or has his seat of wealth in Belgium or a person assimilated to a resident for purposes of Belgian tax law), a company subject to Belgian corporate income tax (that is, a corporate entity that has its main establishment, its administrative seat or seat of management in Belgium taking into account that a company having its statutory seat in Belgium is presumed, subject to evidence to the contrary, to have its main establishment, its administrative seat or seat of management in Belgium and counterproof is only accepted if it is also demonstrated that the company has its tax residence in another state according to the legislation of that other state), an Organisation for Financing Pensions subject to Belgian corporate income tax (i.e., a Belgian pension fund incorporated under the form of an Organisation for Financing Pensions), or a legal entity subject to Belgian income tax on legal entities (that is, a legal entity other than a company subject to Belgian corporate income tax, that has its main establishment, its administrative seat or seat of management in Belgium). A Belgian non-resident is any person that is not a Belgian resident.

General

For Belgian income tax purposes, interest includes (i) periodic interest income, (ii) any amounts paid by the Issuer in excess of the issue price (upon full or partial redemption whether or not at maturity, or upon purchase by the Issuer), and (iii) if the Covered Bonds qualify as “fixed income securities” (in the meaning of Article 2, §1, 8° Belgian Income Tax Code), in case of a realisation of the Covered Bonds between interest payment dates, the pro rata of accrued interest corresponding to the detention period. “Fixed income securities” are defined as bonds, specific debt certificates issued by banks (*kasbon/bon de caisse*) and other similar securities, including securities where income is capitalised or securities which do not generate a periodic payment of income but are issued with a discount corresponding to the capitalised interest up to the maturity date of the security.

The interest component of payments on the Covered Bonds made by or on behalf of the Issuer is as a rule subject to Belgian withholding tax, currently at a rate of 30% on the gross amount of such interest. Both Belgian domestic tax law and applicable tax treaties may provide for a lower or zero rate subject to certain conditions.

Belgian interest withholding tax exemption for certain holders of Dematerialised Covered Bonds (X/N securities settlement system of the NBB)

The holding of the Dematerialised Covered Bonds in the X/N securities settlement system of the NBB (the **Securities Settlement System**) permits investors to collect interest on their Dematerialised Covered Bonds free of Belgian withholding tax if and as long as at the moment of payment or attribution of interest the Dematerialised Covered Bonds are held by certain investors (the **Eligible Investors**, see below) in an exempt securities account (**X-account**) that has been opened with a financial institution that is a direct or indirect participant (a **Participant**) in the Securities Settlement System of the NBB. Euroclear Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy and any other NBB investor (I)CSDs are directly or indirectly Participants for this purpose.

Holding the Dematerialised Covered Bonds through the Securities Settlement System enables Eligible Investors to receive the gross interest income on their Dematerialised Covered Bonds and to transfer the Dematerialised Covered Bonds on a gross basis.

Participants to the Securities Settlement System must keep the Dematerialised Covered Bonds which they hold on behalf of Eligible Investors on an X-account, and those which they hold on behalf of non-Eligible Investors in a non-exempt securities account (**N-account**). Payments of interest made through X-accounts are free of withholding tax; payments of interest made through N-accounts are subject to withholding tax, currently at a rate of 30%, which is withheld by the NBB from the interest payment and paid by the NBB to the tax authorities.

Eligible Investors are those entities referred to in Article 4 of the Belgian Royal Decree of 26 May 1994 on the deduction of withholding tax (*koninklijk besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing/arrêté royal du 26 mai 1994 relatif à la perception et à la bonification du précompte mobilier*), which includes *inter alia*:

- (a) Belgian resident companies referred to in Article 2, §1, 5°, b) of the Belgian Income Tax Code of 1992 (*wetboek van inkomstenbelastingen 1992/code des impôts sur les revenus 1992*) (**BITC**);
- (b) without prejudice to Article 262, 1° and 5° of the BITC, the institutions, associations or companies referred to in Article 2, §3 of the law of 9 July 1975 with respect to the control of insurance companies other than those referred to in (a) and (c);
- (c) semi-governmental institutions (*institutions parastatales/parastatalen*) for social security or institutions assimilated therewith referred to in Article 105, 2° of the Royal Decree of 27 August 1993 implementing the BITC (*koninklijk besluit tot uitvoering van het wetboek inkomstenbelastingen 1992/arrêté royal d'exécution du code des impôts sur les revenus 1992*) (**RD/BITC**);
- (d) non-resident investors referred to in Article 105, 5° of the RD/BITC whose holding of the Dematerialised Covered Bonds is not connected to a professional activity in Belgium;
- (e) investment funds referred to in Article 115 of the RD/BITC;
- (f) investors referred to in Article 227, 2° of the BITC that are subject to non-resident income tax (*belasting van niet inwoners/impôt des non-résidents*) in accordance with Article 233 of the BITC and which have used the Covered Bonds for the exercise of their professional activities in Belgium;
- (g) the Belgian State, in respect of investments which are exempt from withholding tax in accordance with Article 265 of the BITC;

- (h) investment funds governed by foreign law (such as *beleggingsfondsen/fonds de placement*) that are an undivided estate managed by a management company for the account of the participants, provided the funds' units are not publicly issued in Belgium or traded in Belgium; and
- (i) Belgian resident companies, not referred to under (a), whose activity exclusively or principally exists of granting credits and loans.

Eligible Investors do not include, *inter alia*, Belgian resident individuals and Belgian non-profit organisations, other than those mentioned under (b) and (c) above.

Transfers of Dematerialised Covered Bonds between an X-account and an N-account give rise to certain adjustment payments on account of withholding tax:

- (i) a transfer from an N-account (to an X-account or N-account) gives rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date;
- (ii) a transfer from an X-account (or N-account) to an N-account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date; and
- (iii) transfers of Dematerialised Covered Bonds between two X-accounts do not give rise to any adjustment on account of withholding tax.

When opening an X-account for the holding of Dematerialised Covered Bonds, an Eligible Investor will be required to certify its eligible status on a standard form approved by the Belgian Minister of Finance and send it to the participant to the Securities Settlement System where this account is kept. This statement needs not be periodically reissued (although Eligible Investors must update their certification should their eligible status change). Participants to the Securities Settlement System are however required to annually make declarations to the NBB as to the eligible status of each investor for whom they hold Dematerialised Covered Bonds in an X-account during the preceding calendar year.

An X-Account may be opened with a Participant by an intermediary (an **Intermediary**) in respect of Dematerialised Covered Bonds that the Intermediary holds for the account of its clients (the **Beneficial Owners**), provided that each Beneficial Owner is an Eligible Investor. In such case, the Intermediary must deliver to the Participant a statement on a form approved by the Minister of Finance confirming that (i) the Intermediary is itself an Eligible Investor and (ii) the Beneficial Owners holding their Dematerialised Covered Bonds through it are also Eligible Investors. A Beneficial Owner is also required to deliver a statement of its eligible status to the Intermediary.

These identification requirements do not apply to central securities depositaries, as defined by Article 2, §1, 1) of Regulation (EU) n° 909/2014 of the European Parliament and of the Council of 23 July 2014 on improving securities settlement in the European Union and on central securities depositaries and amending Directives 98/26/EC and 2014/65/EU and Regulation (EU) No 236/2012, acting as Participants to the Securities Settlement System provided that (i) they only hold X-accounts, (ii) they are able to identify the holders for whom they hold Dematerialised Covered Bonds in such account and (iii) the contractual rules agreed upon by these central securities depositaries acting as Participants include the contractual undertaking that their clients and account owners are all Eligible Investors.

Hence, these identification requirements do not apply to Dematerialised Covered Bonds held in Euroclear Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy or any other central securities depository as Participants to the Securities Settlement System, provided that (i) Euroclear Clearstream, SIX SIS, Switzerland, Monte Titoli, Italy, only hold X Accounts, (ii) they are able to identify the holders for whom they hold Dematerialised Covered Bonds in such account and (iii) the contractual rules agreed

upon by these central securities depositories include the contractual undertaking that their clients and account owners are all Eligible Investors.

Belgian interest withholding tax exemption for certain holders of Registered Covered Bonds

Payments of interest and principal by the Issuer under the Registered Covered Bonds (other than Zero Coupon Covered Bonds and other Registered Covered Bonds which provide for the capitalisation of interest) may be made without deduction of withholding tax if the following conditions provided for in either Articles 107, §2, 5°, b) and 118, §1, 1° of the RD/BITC or in Articles 107, §2, 8° and 118, §1, 2° of the RD/BITC, are cumulatively met:

- (a) the Registered Covered Bonds are registered in the name of the holder of the Registered Covered Bonds with the Issuer during the entire relevant interest period;
- (b) the holder of the Registered Covered Bonds is the legal owner (*eigenaar/propriétaire*) or usufructuary (*vruchtgebruiker/usufrutter*) of the Registered Covered Bonds during the entire relevant interest period;
- (c) the holder of the Registered Covered Bonds is either, (i) not resident for tax purposes in Belgium and does not use the income producing assets to exercise a business or professional activity in Belgium, or (ii) a financial institution or institution which is assimilated therewith, provided for in Article 105, 1° of the RD/BITC, or (iii) a state regulated institution (*parastatale instelling/institution parastatale*) for social security, or institution which is assimilated therewith, provided for in Article 105, 2° of the RD/BITC; and
- (d) upon each interest payment, the holder of the Registered Covered Bonds must provide the Issuer with an affidavit in which it is certified that the conditions mentioned in points (b) and (c) are complied with.

If Belgian withholding tax was levied by the Issuer further to the non-compliance of condition (b) above, then the transferor and/or the transferee have the right, subject to certain time limitations and provided conditions (a) and (c) are fulfilled, to file a claim with the Belgian tax authorities to request a refund of the Belgian withholding tax on the pro rata amount of interest attributable to them.

Each holder of Registered Covered Bonds that wishes to receive interest on the Registered Covered Bonds without deduction of Belgian withholding tax pursuant to Article 107, §2, 5°, b) or Article 107, §2, 8° of the RD/BITC must deliver to the Issuer the validly executed affidavit mentioned under (d) above. Each such holder further undertakes to inform the Issuer about any change that could affect the correctness of the affidavit. The Issuer shall be entitled to conclusively rely on the affidavit, it being understood that by signing and returning such affidavit, such holder of the Registered Covered Bonds shall have attested to the accuracy of the information set forth therein.

Belgian income tax and capital gains

Belgian resident individuals

For individuals who are Belgian residents for tax purposes, *i.e.*, who are subject to the Belgian personal income tax (*personenbelasting/impôt des personnes physiques*) and who hold the Covered Bonds as a private investment, payment of the 30% withholding tax fully discharges them from their personal income tax liability with respect to these interest payments (*bevrijdende roerende voorheffing/précompte mobilier libératoire*). This means that they do not have to declare the interest obtained on the Covered Bonds in their personal income tax return, provided that the Belgian withholding tax of 30% was levied on these interest payments.

Belgian resident individuals may nevertheless elect to declare the interest (as defined above in the Section “*Belgian resident individuals*”) in their personal income tax return. Where the beneficiary opts

to declare them, interest payments will normally be taxed at the interest withholding tax rate of 30% or at the progressive personal tax rate taking into account the taxpayer's other declared income, whichever is lower. No local taxes will be due. If the interest payment is declared, the Belgian withholding tax retained is creditable in accordance with the applicable legal provisions.

Capital gains realised on the transfer of the Covered Bonds are in principle tax exempt, unless the capital gains are realised outside the scope of the normal management of one's private estate (in which case the capital gain will be taxed at 33% plus local taxes) or unless and to the extent the capital gains qualify as interest (as defined in the Section "*Taxation of the Covered Bonds in Belgium*"). Capital losses realised upon the disposal of the Covered Bonds held as non-professional investment are in principle not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Covered Bonds as a private investment.

Belgian resident companies

Corporate Covered Bondholders who are Belgian residents for tax purposes, i.e. who are subject to Belgian Corporate Income Tax (*vennootschapsbelasting/impôt des sociétés*) are subject to the following tax treatment in Belgium with respect to the Covered Bonds.

Interest derived by Belgian corporate investors on the Covered Bonds and capital gains realised on the Covered Bonds are taxable at the ordinary corporate income tax rate of 25% as of 2020 (i.e., for financial years starting on or after 1 January 2020). Subject to certain conditions, a reduced corporate income tax rate of 20% applies as of 2020 (i.e., for financial years starting on or after 1 January 2020) for qualifying small enterprises (as defined by Article 1:24, §1 to §6 of the Belgian Companies and Associations Code) on the first tranche of EUR 100,000 of taxable profits.

Any Belgian interest withholding tax retained will generally, subject to certain conditions, be creditable against any corporate income tax due and the excess amount will be refundable. Capital losses realised upon the transfer of the Covered Bonds are in principle tax deductible. Other tax rules apply to investment companies within the meaning of Article 185bis BITC.

Belgian legal entities

Belgian legal entities subject to the Belgian legal entities tax (*rechtspersonenbelasting/impôt des personnes morales*) which do not qualify as Eligible Investors (as defined in the Section "*Taxation of the Covered Bonds in Belgium*") and/or which do not hold the Covered Bonds through an X-account in the Securities Settlement System are subject to a withholding tax of 30% on any interest payments received under the Covered Bonds. Such withholding tax then generally constitutes the final taxation in the hands of the relevant beneficiaries.

Belgian legal entities which qualify as Eligible Investors (as defined in the Section "*Taxation of the Covered Bonds in Belgium*") and which hold the Covered Bonds through an X-account in the Securities Settlement System, and which consequently have received gross interest income on the Covered Bonds are required to report and to pay the 30% withholding tax to the Belgian tax authorities themselves. Capital gains realised on the transfer of the Covered Bonds are in principle tax exempt, unless and to the extent the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

Organisation for Financing Pensions

Interest and capital gains derived by Organisations for Financing Pensions in the meaning of the Law of 27 October 2006 on the activities and supervision of institutions for occupational retirement provision are in principle not subject to Belgian corporate income tax. Capital losses are in principle not tax deductible.

Subject to certain conditions, any Belgian withholding tax that has been levied on interest income received by an Organisation for Financing Pensions can be credited against any corporate income tax due by it, and any excess amount is in principle refundable.

Belgian non-residents

Dematerialised Covered Bonds

Covered Bondholders who are non-residents of Belgium for Belgian tax purposes and are not holding the Dematerialised Covered Bonds through a Belgian establishment, do not invest the Dematerialised Covered Bonds in the course of their Belgian professional activity and do not carry out any other activities in Belgium that exceed the normal management of one's private estate will not incur or become liable for any Belgian tax on income or capital gains by reason only of the acquisition, ownership or disposal of the Dematerialised Covered Bonds, provided that they qualify as Eligible Investors and hold their Covered Bonds in an X-account.

If the Dematerialised Covered Bonds are not entered into an X-account by the Eligible Investor, withholding tax on the interest is in principle applicable at the current rate of 30%, possibly reduced pursuant to a tax treaty, on the gross amount of the interest.

Registered Covered Bonds

Covered Bondholders who are non-residents of Belgium for Belgian tax purposes and are not holding the Registered Covered Bonds through a Belgian establishment, do not invest the Registered Covered Bonds in the course of their Belgian professional activity and do not carry out any other activities in Belgium that exceed the normal management of one's private estate will not incur or become liable for any Belgian tax on income or capital gains by reason only of the acquisition, ownership or disposal of the Registered Covered Bonds, save, as the case may be, in the form of withholding tax.

Pursuant to the Law of 16 December 2015 implementing into Belgian national law the provisions of the Directive 2014/107/EU on administrative cooperation in direct taxation (see the Section "*Exchange of Information – Common Reporting Standard (CRS)*"), Belgian financial institutions are required to report, according to a due diligence standard, financial information with respect to reportable accounts, which includes interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals and entities with fiscal residence in another EU Member State.

In addition to the aforementioned Belgian withholding tax of 30%, profits derived from the Covered Bonds may therefore be subject to a system of automatic exchange of information between the relevant tax authorities.

Exchange of Information – Common Reporting Standard (CRS)

The exchange of information is governed by the Common Reporting Standard (CRS). On 24 December 2019, 108 jurisdictions signed the MCAA, which is a multilateral framework agreement to automatically exchange financial and personal information, with the subsequent bilateral exchanges coming into effect between those signatories that file the subsequent notifications.

Currently, more than 100 jurisdictions exchange information under the MCAA.

Under CRS, financial institutions resident in a CRS country are required to report, according to a due diligence standard, financial information with respect to reportable accounts, which includes interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals and entities

(which includes trusts and foundations) with fiscal residence in another CRS country. The standard includes a requirement to look through passive entities to report on the relevant controlling persons.

On 9 December 2014, EU Member States adopted Directive 2014/107/EU on administrative cooperation in direct taxation (**DAC2**), which provides for mandatory automatic exchange of financial information between EU Member States as foreseen in CRS. DAC2 amends the previous Directive on administrative cooperation in direct taxation, Directive 2011/16/EU.

The Belgian government has implemented DAC2, respectively the CRS, per the Law of 16 December 2015.

As a result of the Law of 16 December 2015, the mandatory automatic exchange of information applies in Belgium (i) as of income year 2016 (first information exchange in 2017) towards the EU Member States (including Austria, irrespective the fact that the automatic exchange of information by Austria towards other EU Member States is only foreseen as of income year 2017), (ii) as of income year 2014 (first information exchange in 2016) towards the US and (iii), with respect to any other jurisdictions that have signed the MCAA, as of a date to be further determined by Royal Decree. In a Royal Decree of 14 June 2017, it was determined that the automatic provision of information has to be provided as from 2017 (for the 2016 financial year) for a first list of 18 jurisdictions, and as from 2018 (for the 2017 financial year) for a second list of 44 jurisdictions. For Nigeria, information will be exchanged as of income year 2018 (first information exchange in 2019).

The Covered Bonds are subject to DAC2. Therefore, Belgian financial institutions holding Covered Bonds for tax residents in another CRS contracting state shall report financial information regarding the Covered Bonds (income, gross proceeds, etc.) to the Belgian competent authority, who shall communicate the information to the competent authority of the state of the tax residence of the beneficial owner.

Investors who are in any doubt as to their position should consult their professional advisers.

Tax on stock exchange transactions

A tax on stock exchange transactions (*taks op de beursverrichtingen/taxe sur les opérations de bourse*) is due on the purchase and sale (and any other transaction for consideration) of the Covered Bonds on a secondary market if such transaction is either (i) concluded or carried out in Belgium through a professional intermediary, or (ii) deemed to be carried out in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals with habitual residence (*gewone verblijfplaats/résidence habituelle*) in Belgium, or legal entities for the account of their seat or establishment in Belgium (both referred to as a Belgian Investor).

The rate applicable for secondary sales and purchases of Covered Bonds in Belgium through a professional intermediary is 0.12%. with a maximum amount of EUR 1,300 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary. The acquisition of Covered Bonds upon their issuance (primary market) is not subject to the tax on stock exchange transactions.

If the intermediary is established outside of Belgium, the tax on stock exchange transactions is due by the Belgian Investor, unless the Belgian Investor can demonstrate that the tax on stock exchange transactions due has already been paid by the professional intermediary established outside Belgium. In such a case, the foreign professional intermediary also has to provide each client (which gives such intermediary an order) with a qualifying order statement (*borderel/bordereau*), at the latest on the business day after the day the transaction concerned was realised. The qualifying order statements must be numbered in series and a duplicate must be retained by the financial intermediary. The duplicate can be replaced by a qualifying day-to-day listing, numbered in series. Alternatively, professional

intermediaries established outside Belgium could appoint a stock exchange tax representative in Belgium, subject to certain conditions and formalities (**Stock Exchange Tax Representative**). Such Stock Exchange Tax Representative will then be liable toward the Belgian Treasury for the tax on stock exchange transactions due and for complying with the reporting obligations and the obligations relating to the order statement (*borderel/bordereau*) in that respect. If such a Stock Exchange Tax Representative would have paid the tax on stock exchange transactions due, the Belgian Investor will, as per the above, no longer be the debtor of the tax on stock exchange transactions.

A tax on repurchase transactions (*taks op de reportverrichtingen/taxe sur les reports*) at the rate of 0.085% is due from each party to any such transaction entered into or settled in Belgium in which a stockbroker acts for either party (with a maximum amount of Euro 1,300 per transaction and per party).

However, neither the tax on stock exchange transactions nor the tax on repurchase transactions is payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors as defined in Article 126.1 2° of the Code of miscellaneous taxes and duties (*Code des droits et taxes divers/Wetboek diverse rechten en taksen*) for the tax on stock exchange transactions and Article 139, second paragraph, of the same code for the tax on repurchase transactions.

As stated below, the European Commission has published a proposal for a Directive for a common financial transactions tax (**FTT**). The Draft Directive currently stipulates that once the FTT enters into force, the Participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished if and once the FTT enters into force. The Draft Directive is still subject to negotiation between the Participating Member States and therefore may be changed at any time. The Draft Directive is further described below (see the section entitled "*Financial Transaction Tax (FTT)*").

Financial Transaction Tax (FTT)

The European Commission has published on 14 February 2013 a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and the Slovak Republic (the **participating Member States**). On 8 December 2015, Estonia however expressed its intention not to introduce the FTT.

The proposed FTT has a very broad scope and could, if introduced in its current form, apply to certain dealings in the Covered Bonds (including secondary market transactions) in certain circumstances. The issuance and subscription of Covered Bonds (primary market transaction) should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Covered Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The rates of the FTT shall be fixed by each participating Member State but for transactions involving financial instruments other than derivatives the rates shall amount to at least 0.1% of the taxable amount. The taxable amount for such transactions shall in general be determined by reference to the consideration paid or owed in return for the transfer. The FTT shall be payable by each financial institution established or deemed established in a participating Member State if it is either a party to the financial transaction, or acting in the name of a party to the transaction or if the transaction has been carried out on its account. Where the FTT due has not been paid within the applicable time limits, each

party to a financial transaction, including persons other than financial institutions, may become jointly and severally liable for the payment of the FTT due.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. The proposed FTT may still be abandoned or repealed. Additional EU Member States may decide to participate. Prospective holders of the Covered Bonds are advised to seek their own professional advice in relation to the FTT.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including Belgium) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Covered Bonds, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Covered Bonds, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Covered Bonds, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Covered Bonds characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date. However, if additional Covered Bonds (as described under “*Terms and Conditions of the Covered Bonds—Further Issues*”) that are not distinguishable from previously issued Covered Bonds are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Covered Bonds, including the Covered Bonds offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Covered Bonds. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Covered Bonds, no person will be required to pay additional amounts as a result of the withholding.

FATCA is particularly complex. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Covered Bonds

SUBSCRIPTION AND SALE

Dealer Programme Agreement

In the Dealer Programme Agreement, the Dealer has agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Covered Bonds. Any such agreement will extend to those matters stated under *Form of the Covered Bonds* and *Terms and Conditions of the Covered Bonds* above. In the Dealer Programme Agreement, the Issuer has agreed to reimburse the Dealer(s) for certain of their expenses in connection with the establishment of the Programme and the issue of Covered Bonds under the Programme and to indemnify the Dealer(s) against certain liabilities incurred by them in connection therewith.

Selling Restrictions

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive.

No representation is made that any action has been taken in any jurisdiction that would permit a public offering of any of the Covered Bonds, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Neither the Issuer nor any Dealer represents that Covered Bonds may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it shall, to the best of its knowledge and belief, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Covered Bonds or has in its possession or distributes this Base Prospectus, any other offering material or any Final Terms and, that it will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Covered Bonds under the laws, regulations and directives in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries, and neither the Issuer nor any Dealer shall have any responsibility therefor.

Prohibition of Sales to EEA Retail Investors and UK Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area or in the United Kingdom. For the purposes of this provision:

- (a) the expression “retail investor” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II;
 - (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and

- (b) the expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe for the Covered Bonds.

Prohibition of Sales to Consumers in Belgium

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and it will not offer or sell the Covered Bonds to, any consumer (*consument/consommateur*) within the meaning of the Belgian Code of Economic Law (*Wetboek van economisch recht/Code de droit économique*) in Belgium.

United States

The Covered Bonds have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to the registration requirements of the Securities Act and that would not result in the Issuer or the Special Estate becoming subject to registration under the Investment Company Act of 1940, as amended, or to regulation under the Commodity Exchange Act, as amended. The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Covered Bonds, (a) as part of their distribution at any time, or (b) otherwise until 40 days after the completion of the distribution as determined and certified by the relevant Dealer or, in the case of an issue of Covered Bonds on a syndicated basis, the relevant lead manager, of all Covered Bonds of the Tranche of which such Covered Bonds are a part, within the United States or to, or for the account or benefit of, U.S. persons. The Dealer has further agreed and each further Dealer appointed under the Programme will be required to agree that it will send to each dealer to which it sells any Covered Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Covered Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act, as amended.

Until 40 days after the commencement of the offering of any Series of Covered Bonds, an offer or sale of such Covered Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each issuance of Fixed Rate Covered Bonds or Floating Rate Covered Bonds shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer or Dealers may agree as a term of the issuance and purchase of such Covered Bonds, which additional selling restrictions shall be set out in the applicable Final Terms.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) in relation to any Covered Bonds which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Covered Bonds other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Covered Bonds would otherwise constitute a contravention of Section 19 of the UK Financial Services and Markets Act 2000 (as amended) by the Issuer;

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the UK Financial Services and Markets Act) received by it in connection with the issue or sale of any Covered Bonds in circumstances in which Section 21(1) of the UK Financial Services and Markets Act 2000 (as amended) would not, if it was not an authorised person, apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the UK Financial Services and Markets Act 2000 (as amended) with respect to anything done by it in relation to any Covered Bonds in, from or otherwise involving the United Kingdom.

Japan

The Covered Bonds have not been and will not be registered under the Financial Instruments and Exchange Act of Japan, as amended (Act No 25 of 1948; the **Financial Instruments and Exchange Act**) and the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered and sold and will not offer or sell any Covered Bonds, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the Financial Instruments and Exchange Act and any other applicable laws, regulations and ministerial guidelines of Japan.

Hong Kong

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Covered Bonds (except for Covered Bonds which are a "structured product" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong) (the **SFO**) other than (i) to persons whose ordinary business is to buy or sell shares or debentures (whether as principal or agent); or (ii) to "professional investors" as defined in the SFO and any rules made under the SFO; or (iii) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the **CWUMPO**) or which do not constitute an offer to the public within the meaning of the CWUMPO; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Covered Bonds, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Covered Bonds which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

Republic of Singapore

Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Covered Bonds or caused the Covered Bonds to be made the subject of an invitation for subscription or purchase and will not offer or sell any Covered Bonds or cause the

Covered Bonds to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Covered Bonds, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the **SFA**)) pursuant to Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Covered Bonds are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- (a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities or securities-based derivatives contracts (each term as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Covered Bonds pursuant to an offer made under Section 275 of the SFA except:

- (1) to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- (2) where no consideration is or will be given for the transfer;
- (3) where the transfer is by operation of law;
- (4) as specified in Section 276(7) of the SFA; or
- (5) as specified in Regulation 37A of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018.

Korea

The Covered Bonds have not been and will not be registered under the Financial Investment Services and Capital Markets Act and its subordinate decrees and regulations (collectively, the **FSCMA**). Accordingly, the Dealer has represented and agreed, and each new Dealer further appointed under the Programme will be required to represent and agree, on a several and not joint basis, that it has not offered, sold or delivered, and will not offer, sell or deliver, the Covered Bonds, directly or indirectly, in Korea or to or for the account or benefit of any Korean resident (as such term is defined in the Foreign Exchange Transaction Law and its subordinate decrees and regulations, as amended (collectively, **FETL**)) or to others for reoffering or resale, directly or indirectly in Korea or to or for the account or benefit of any Korean resident, except as otherwise permitted under applicable Korean laws and regulations, including the FSCMA and FETL. In addition, within one year following the issuance of the Covered Bonds, the Covered Bonds may not be transferred to any Korean resident other than a qualified institutional buyer (or a "**Korean QIB**", as defined in the regulation on Issuance, Public Disclosure, Etc. of Securities of Korea) registered with the Korea Financial Investment Association as a Korean QIB, provided that the amount of the Covered Bonds acquired by such Korean QIBs in the primary market is limited to no more than 20% of the aggregate issue amount of the Covered Bonds.

People's Republic of China

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that this Base Prospectus may not be circulated or distributed in the People's Republic of China (**PRC**) (for the purpose of this Base Prospectus, excluding Hong Kong Special Administrative Region, Macau Special Administrative Region and Taiwan), and it has not offered or sold and will not offer or sell any of the Covered Bonds in the PRC, or to residents of the PRC directly or indirectly unless such offer or sale is made in compliance with all applicable laws and regulations of the PRC.

For the avoidance of doubt, no other part of the Issuer’s base prospectuses relating to the Programme dated 18 November 2014, 10 November 2015, 8 November 2016, 15 November 2017, 27 November 2018 and 12 November 2019 is incorporated by reference into this Base Prospectus. The terms and conditions of such previous base prospectuses are solely incorporated for purposes of allowing the Issuer to issue further Tranches of Series of Covered Bonds that have been previously issued, and that will be fungible with such previously issued Tranches, as set out in the “*Form of Final Terms*” on page 156.

See “*Where more information can be found*” on page 196 below for information on where copies of the documents containing the information incorporated by reference can be obtained.

The documents incorporated by reference into this Base Prospectus may contain further references or hyperlinks to other documents or websites. Such further references or hyperlinks are not incorporated by reference and do not form part of this Base Prospectus, and have not been scrutinised or approved by the FSMA. In case there is only reference to certain parts of a document in the above mentioned documents, the non-incorporated parts, to the extent they are not explained elsewhere in the Base Prospectus, are not relevant for investors.

SUPPLEMENTS TO THIS BASE PROSPECTUS

Obligation to publish a supplement

Every significant new factor, material mistake or material inaccuracy relating to the information included in this Base Prospectus which may affect the assessment of the Covered Bonds and which arises or is noted between the time when this Base Prospectus is approved and the closing of the offer period or the time when trading on a regulated market begins, whichever occurs later, shall be mentioned in a supplement to this Base Prospectus without undue delay, in accordance with Article 23 of the Prospectus Regulation.

The obligation to supplement this Base Prospectus shall no longer apply after the expiry of the validity period of this Base Prospectus as specified on the front cover of this Base Prospectus.

Where the supplement will be published

Following approval by the FSMA, the supplement shall be published in accordance with at least the same arrangements as were applied when this Base Prospectus was published. See “*Where more information can be found*” on page 196 below for information on where copies of any supplements can be obtained.

WHERE MORE INFORMATION CAN BE FOUND

The website of the Issuer

The following documents and information can be obtained from the website <https://www.kbc.com/en/euro-1000000000-residential-mortgage-covered-bonds-programme-issued-kbc-bank-nv> for a period of ten years after their publication on that website:

1. This Base Prospectus.
2. All documents containing information incorporated by reference into this Base Prospectus as set out in “*Documents incorporated by reference*” on page 192 above.
3. Any supplements to this Base Prospectus published from time to time by the Issuer after approval by the FSMA, as set out in “*Supplements to this Base Prospectus*” on page 195 above (including any documents containing information that may be incorporated by reference into those supplements).
4. The Final Terms for each Tranche of Covered Bonds that is admitted to trading on a regulated market in the European Economic Area.
5. The up to date articles of association of the Issuer.²¹
6. The deed of incorporation of the Issuer.²²
7. Quarterly Investor Reports.²³

The website of Euronext Brussels

The information referred to in paragraphs 1 to 5 above (as applicable) will also be published on the website of Euronext Brussels (www.euronext.com) in relation to Covered Bonds that are admitted to trading on the regulated market of Euronext Brussels. The information contained on the website of Euronext Brussels (www.euronext.com) does not form part of this Base Prospectus and has not been scrutinised or approved by the FSMA.

Copies of the Base Prospectus on a durable medium on request

Any potential investor in Covered Bonds admitted to trading on a regulated market in the European Economic Area, can request a copy of the Base Prospectus on a durable medium (including an electronic copy by e-mail or a copy printed on paper) to be delivered free of charge to that potential investor. Delivery shall be limited to jurisdictions in which the offer of the Covered Bonds to the public is made or where admission to trading on a regulated market is taking place. Such requests can be made by e-mail to IR4U@kbc.be.

Post-issuance information

The Issuer will publish quarterly Investor Reports, which will contain information regarding the Covered Bonds and the Cover Assets, including statistics relating to the financial performance of the Cover Assets. Such reports will be available to the prospective investors in the Covered Bonds and to

²¹ This document does not form part of this Base Prospectus, is not incorporated by reference and has not been scrutinised or approved by the FSMA.

²² This document does not form part of this Base Prospectus, is not incorporated by reference and has not been scrutinised or approved by the FSMA.

²³ These documents do not form part of this Base Prospectus, are not incorporated by reference and have not been scrutinised or approved by the FSMA.

the Covered Bondholders on Bloomberg and on the website <https://www.kbc.com/en/euro-10000000000-residential-mortgage-covered-bonds-programme-issued-kbc-bank-nv>. This website and the information contained thereon does not form part of this Base Prospectus and has not been scrutinised or approved by the FSMA. The Investor Reports are not incorporated in and do not form part of this Base Prospectus and they have not been and will not be scrutinised or approved by the FSMA.

Other information

No person is or has been authorised to give any information or to make any representation other than those contained in the documents referred to in paragraphs 1 to 6 above in connection with the issue or sale of the Covered Bonds and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger.

RESPONSIBILITY STATEMENT

The Issuer

The Issuer is responsible for the information in this Base Prospectus and the Final Terms for each Tranche of Covered Bonds issued under the Programme. To the best of the Issuer's knowledge, the information contained in this Base Prospectus is in accordance with the facts and this Base Prospectus makes no omission likely to affect its import.

Third party information

Where information in this Base Prospectus has been sourced from third parties, this information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from the information published by such third parties no facts have been omitted which would render the reproduced information inaccurate or misleading. The source of third party information is identified where used.

The Dealers and the Arranger

To the fullest extent permitted by law, none of the Dealers or the Arranger accept any responsibility for the contents of this Base Prospectus or for any other statement made or purported to be made by the Arranger or a Dealer or on its behalf in connection with the Issuer or the issue and offering of the Covered Bonds. The Arranger and each Dealer accordingly disclaim all and any liability whether arising in tort or contract or otherwise (save as referred to above) which they might otherwise have in respect of this Base Prospectus or any such statement. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase Covered Bonds. Each potential purchaser of Covered Bonds should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Covered Bonds should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Covered Bonds of any information coming to the attention of any of the Dealers or the Arranger.

KBC Group NV

KBC Group NV nor any other member of the KBC Group (other than the Issuer) has approved or authorised this Base Prospectus, or accepts any responsibility in connection with this Base Prospectus. The Issuer is solely responsible for the information in this Base Prospectus relating to KBC Group NV as set out above.
